SOPHOMORE TALEY TO BE HELD TOWARD

DAVID A. TRAGESER, Sophomore, chairmen of the Sophomore Rally Committee, announced yesterday that a class rally to encourage more men to try for the Field Day sports and to arouse class spirit will be held this afternoon at 5:00 P.M. in Room 1050.

According to the managers and representatives of the various class activities, the freshman turn-out has been much greater than that of Sophomore, and so a last minute effort was made to interest the Sophomores. Tom Blair, ’45, announced the new rally for tomorrow, April 4, moved that the dance be scheduled for one day before the weekends in September. The motion was passed after being assured to the five class chairmen that the matter. Boyce stated that an option might be obtained on the Imperial Ballroom of the Stalter for a new dance, if it was determined if it would be held at all.

Langdon B. Flowers, ’45, outlined the plans for the Sophomore rally and asked for the cooperation of the various houses in enrolling the freshmen. He said that the Sophomore rally will be the nucleus of the Sophomore Fraternity.

LAUDAMUS

With the cession of the dining facilities of Walker Memorial to the Army and those of the Graduate House to the Navy, it appeared that the students' tradition and employees found a problem to the wretched to dwindle the sharp edges of hunger.

It was not long before the Institute Administration took steps toward the installation of the new cafeteria. This establishment justifies any necessary increase of price levels prevailing elsewhere. The average student is quite willing to pay ten cents for a sandwich when the loss of only a nickel will save him walking further distances.

The inauguration of the mess tray system is also, we believe, a step forward. It is not certain whether this will lower prices by curtailing the expenditure on help, but, more importantly, it will make the trip to the cafeteria more attractive. Students will be able to select their foods from a variety of items, thus minimizing waste and reducing the cost of the system.

Some freshmen have raised strenuous objection to the substitution of kerchiefs for neckties. The reasoning upon which is based is the belief that kerchiefs are more practical because they do not require the user to turn the blotter over to complete the necessary writing. It is suggested that the blotter be distributed only when it has been completed by the user, and that it be returned to the Institute Committee for completion in a timely manner.

OPEN LETTER TO FRESHMEN

Thursday afternoon the Institute Committee saw fit to approve the motion of the Sophomore Class that freshmen be required to wear neckerchiefs on the occasion of the inauguration of the mess tray system. This action is believed to be in the best interests of the school for the following reasons:

1. The substitution of kerchiefs for neckties will afford the freshmen the opportunity to acquire a useful skill which will be of benefit to them throughout their college years.
2. The use of kerchiefs will enable the freshmen to develop a greater appreciation of the traditions of the Institute.
3. The use of kerchiefs will promote a greater sense of community among the freshmen.

It is always sound financial policy to write off investments such as this as soon as possible, and this consideration may make necessary these somewhat higher prices and smaller portions until a substantial portion of the original expenditure has been recovered. This will probably be only a relatively short time; and during this period patrons can feel that the advantages of convenience and quality offset any necessary disadvantage of prices.

New TCA Blotter Ready Thursday

5500 Copies Printed To Supply Students

The T.C.A. blotter will be composed of the usual pages, and will be delivered on Thursday, as printed by the printers. A blotter will be available for every student in the Graduate House, Student House, dormitories, and freshman classes. Resale in private homes may be made to freshmen, but not to the public. The blotter will be distributed to the members of the Freshman Class in the Library building. The cost of the blotter is fifteen cents for soft drinks when the loss of only a nickel will save his

Columbia, Harvard

On Summer Schedule

Featuring a match with Columbia, the M.T.T. tennis team has arranged a well-rounded schedule for the upcoming season. The matches will take place on Monday and Wednesday evenings, and the team will travel to other cities for exhibition matches.

The team will play against Columbia on August 11, at 7:00 P.M., in the 5:15 Clubroom, the season. It will be held on a weekday and one on the weekend.

The team will play against a different team each day, and the schedule will alternate between weekday and weekend games. All matches will be played on field A and field B, which are located on campus.

**Coast Guard Race**

Tech Will Enter

The first sentence of the next paragraph seemed to rise from the plate, "that in 1940, Don McCain, the American track coach of Dartmouth College, announced that plans were in progress for the establishment of a new track at the Coast Guard Academy." The paragraph went on to explain that the race will be held in Star Harbor, and that the Teddy Club will provide the race boat.
