Softball Game, Dinghy Races Are New Events

Field Day, the annual struggle between upper and lower undergraduate classes, has been one of the most important events of every year since its introduction on November 19, 1901. Through it, organized athletics have replaced the former dangerous free-for-all. Field Day was not definitely scheduled at the beginning of the term, but popular demand kept this tradition intact.

Prior to Field Day was held late in October, the contest being a football game, a basketball game, a航运 game, a relay race, a tug-of-war, and the all-important glove fight. This year we will see the evolution of the out-of-season sports, as it is football and the addition of a softball game, a crew race, and a dinghy race.

“arfield Day” was originally a race to the top of the Main Tower, then it became a more serious event that included tug-of-war, sack races, and a host of other activities. In 1910, Field Day officially became a structured event with a focus on athletic competition.

There will be a meeting of the Institute on Wednesday, Sept. 19, in the Litchfield Lounge, at 5:30 P.M. Notice is hereby given to delegates, as submitted at the Walker Memorial Committee office not later than 5:00 P.M. on Tuesday, August 31.

Institute Committee

For September 11

Tickets for the Dramashop's Production of "Romeo and Juliet" will be on sale at the Walker Memorial Committee office not later than 5:00 P.M. on Tuesday, August 31.

"Our Town" Tickets Are Now On Sale

Production is Set For September 11

Tickets for the Dramashop's Production of "Romeo and Juliet" will be on sale at the Walker Memorial Committee office not later than 5:00 P.M. on Tuesday, August 31.

Dramashop is putting on this play to help alleviate the lack of social activities during the summer," said Grauber. B. Haldaford, 1-44, General Manager of Dramashop. He also said that he was planning to have an open house on September 11, in the New England Mutual Building.

Catholic Club Hears Father Flannagan

Father Francis J. Flannagan, spoken at the Catholic Club meeting yesterday afternoon from 6:00 P.M. in Room 19-75. His subject was the Primacy of the Pope.

In his talk, Father Flannagan showed that the Pope has primary jurisdiction in the Church, as the Church's spiritual head, and as such, he should have a say in the Church's affairs.

Catholic Club Hears Father Flannagan

Next week the Catholic Club meet- ing will be held in the usual place, Room 14-29, at the same time, Wednesday at 5:00 P.M.
Institute Turns To Agriculture; Tomatoes Thrive

Several of us, who gravitate toward Walker Memorial nearly every year, have at last done some preliminary work. At one time we estimated some time ago to find a tiny region of opportunity; by a triangular plot behind the tennis court, where we know that the garden is made more often latter. When it became at last, I am astonished to find that it has been growing, revealed: that the crop was initiated.

Although the vegetable culture offers to course in Horticultural Engineering, it is too bulky and an autobiography of the secret of the garden is more than the study of the technical. We had planned the project early in the spring when we were caring for it faithfully during the last months. As a result, we have a good crop which will help

Dr. Sprool Praises Country's Papers

tells Newspaper the "Bible of Democracy"

(Ed note—The following defense of the "newspaper as a moral weapon" or "Bible of Democracy" was written by Dr. Robert Gordon Bower, principal, University of California.)

Despite the popular adage, I tend to believe what I read in the newspapers. I find that they are a surprisingly accurate current history of the world. If I do not have some knowledge, and I am only familiar with what I see in them in fields where my ignorance is more profound.

I read and ponder the news

Navy Freshmen Will Not Escape Rules; Quadrangle Club Active in Grad House

In accordance with tradition, Freshman Day will be the first day of the academic year. The Freshman Day will be somewhat changed, however, for this year the V-12 unit will add weight and interest to the occasion. In every event there will be a substantial representation from the Navy group tomorrow afternoon, and the second Sunday in September the Freshman Day. The Freshman Day will be bound to be a signal event, it is the only serious book the profit to be gathered from the newsmen's papers. Whether the public service is betrayed. Not only is the profit measured up to this high standard. Human nature being what it is, there are still some newspapers whose insatiable appetite for circulation, and still others who desire to please the people by their paper. Because I know that newspaper can be made to do anything; they may be the difficulties or dangers of this difficult and dangerous task.

Newspapers today are more than a community than its traditions, which he has performed much render the popular adage, I tend to believe what I read in the newspapers. I find that they are a surprisingly accurate current history of the world. If I do not have some knowledge, and I am only familiar with what I see in them in fields where my ignorance is more profound. I read and ponder the news

East-West Association Hears Van Nise On Istanbul

Mr. Robert L. Van Nite, '39, ad

...are regarded by those who know of them. work; their praise will be only in the hearts of those whom they serve so well. Their reward will be a better America.

The mark of distinction during their college days has already been recognized. This week the man of Boy's Work—the gratitude with which their aid has been received by the directors of the Settlement Houses, and the high esteem with which their records are regarded by those who serve from Technology, is more profound.

Each of the twenty-three men who are engaged in this work serves as adviser to a Boy's Club in a Benton Settlement House. They divide among themselves the social activities, and take part in the athletic competitions of these clubs. A bulletin is published by the Boy's Work Division of the T.C.A. inviting all students interested in the work of the Boy's Work Division and examining candidate boys who are not only among those who serve from Technology, but also among other colleges. Through cooperative work of this sort, similar groups have been developed at other colleges.

All this work, and more, is carried out on the basis of a tiny yearly fund amounting to $150. $150 more is allotted from the T.C.A. Drive proceeds for direct donation to Settlement Houses. This $150 sends fifty boys to summer camp—boys who have had few of such privileges. For the splendid service which the men of the Boy's Work Division are so usefully rendering toward better citizens for a greater America, we can voice no sentiment strong enough to express our sincere appreciation. We can only hope that the next T.C.A. Drive will contribute to the welfare of less fortunate Americans in this country; the citizens of them any indication, the Sophomores might do well to provide additional entertainment for the freshmen who have been credited with the exception. The freshmen, who will not wear the white jumpsers to be distinguished from the Navy group tomorrow afternoon, will be all the more ready to enjoy the activities of the freshmen in the dormitories.

Navy Freshmen will Not Escape Rules; Quadrangle Club Active in Grad House

In accordance with tradition, Freshman Day will be the first day of the academic year. The Freshman Day will be somewhat changed, however, for this year the V-12 unit will add weight and interest to the occasion. In every event there will be a substantial representation from the Navy group tomorrow afternoon, and the second Sunday in September the Freshman Day. Ted's Dinghies

Win Close Meet

Now Out Harvard and Holy Cross Sunday

On last Sunday, August 28, the Leonard M. Fowle Summer Dinghy Championship Races were held under the auspices of the M.T. Nat'l Association, on the Charles River Basin, in Cambridge, Boston College, Boston University, Arts and Letters, Harvard, Holy Cross, M.I.T., New Hampshire, Northeastern, Rhode Island, S.R., S.U.L., Tufts, Williams, Worcester Polytechnic, Yale and others took part.

On the water that was Walter Wingate, lot. Holliday, Ben Schlichting, Phil Wilson, Dick Clarke (S), Billy Ball, Ted Rim- cement, and Art Allen.

To capture, the class of '38 ('37) should break the record or come very close to the mark of 4:57.5, pro- vided by Ben Schlichting, falling to the cinders. This has occurred many times because new class lacks the necessary ex- perimentation. Yet, the crew in a start against the individual lap of 2:18 is the key to victory.

"This year's crews bring many new faces because of the effects of the war. The A.A. has let down the bars on trans- port for A.O.A."

"Four boys from last year's relay team are back in the line-up. These are Carl Goetz, Bob Holmes, John Eichalski, Cris Carlisle (C), Billy Hall, Ted Emi- slon, and Art Allen."
