The Interfraternity Conference, sponsors of the All-Tech Formal, announced further plans for the dance. As was previously stated the dance will be held on Tuesday, September 13, at 8:30 P.M. The announcement concerns the fraternity parties being given on the following weekend.

At least two halls will host tea dances, at which punch and light refreshments will be served, on Saturday afternoon. The same evening, four of the fraternities will host various dances at various fraternities. These are the Beta Theta Pi, Alpha Chi Omega, Kappa Sigma and Phi Delta Theta.

Bobby Sherwood, J.F.C. Maestro
Made Coca-Cola Spotlight Band

The twenty-first annual exhibition of the "Fifty Books of the Year" is now on display in the Library of Congress. It is sponsored by the American Institute of Graphic Arts and will be on exhibit through September twenty-sixth.

The aim of the jury consisting of Kingsley Porter, Associate Librarian in the Graphic Arts at Princeton University, George Macy, Director of the Houghton Library, Harvard, Inc., and Ray Nath Ann, Professor of Art and Printing Adviser at Dartmouth, was to choose those fifty books which "rationalize the highest standards of design and craftsmanship, and demonstrate the beauty of the book, as a "Spotlight Band" in their series of radio programs of the past year.

Mr. Raney Elected Math Society Head

Mr. Raney delivered his talk on "On Curves Of Pursuit" last night, at the weekly meeting of the M.I.T. Aero Eng. Club.

Mr. Raney concluded his talk on "The Algebra of Pursuit" with a discussion of the practical application of these curves. He discussed the problem of the pursuit of a plane by another plane and, more specifically, the pursuit of an airplane by a single engine plane. The problem was divided into two parts: the case of the airplane being faster than the single engine plane and the case of the single engine plane being faster than the airplane.

The former case was solved by the method of homocentric circles. The latter case was solved by the method of homocentric lines.

BEAVER KEY SCHEDULE

GAMES TODAY
Phi Kappa vs. Sigma Epsilon XI, Field "B", 3:00 P.M.
Lambda Chi Alpha vs. Theta Lambda, Field "B", 4:00 P.M.
M.I.T. Association vs. Chi Phi, Field "B", 5:00 P.M.

GAMES TOMORROW
Sigma Nu vs. Sigma Alpha Mu, Field "A", 1:00 P.M.
Phi Gamma Delta vs. Lambda Chi Alpha, Field "B", 2:00 P.M.
Phi Kappa vs. Sigma Kappa, Field "C", 3:00 P.M.

GAMES SUNDAY
Phi Chi vs. Theta Lambda, Field "A", 10:00 A.M.
P. Lambda Phi vs. Student House, Field "B", 10:00 A.M.
Phi Kappa vs. Sigma Delta Tau Delta, Field "C", 10:00 A.M.
Phi Delta vs. Phi Kappa, Field "D", 11:00 A.M.
Delta Kappa Epsilon vs. Phi Kappa, Field "C", 2:00 P.M.

GAMES MONDAY
Phi Delta Theta vs. Sigma Epsilon XI, Field "A", 10:00 A.M.
Phi Beta vs. Little Golden Lion, Field "B", 12:00 P.M.

GAMES WEDNESDAY
Cincinnati vs. Theta Lambda, Field "A", 1:00 P.M.

Cross-Country Meets Friday
V-12 Students Invited To Attend Meeting
The fall cross-country season will be in full motion at the meeting of the Cross-Country Club scheduled today at 3:30 P.M. in the Briggs Field House. Those interested in participating this season should be on hand for the meeting today at the Briggs Field House.

There is probably a feeling among the V-12 boys, that they are not included in such activities as this, and so forth. If such a feeling exists, it is entirely erroneous. The Navy does, in fact, urge its units to have athletic clubs in all the Institute's sports. A special invitation is extended to interested students to attend the meeting and elect the officers on their own behalf.

Field Day Results

New Air Raid Shelter Areas
Located by Safety Committee
Professor Karl B. Millard of the Department of Chemistry, Chief of the Safety Engineering Unit, announced yesterday that the committee has designated several new areas on campus plus other areas on the installations for air raid protection. The list of areas includes the following:

- Room 2300 and 2300A
- The center area of the fourth floor of the freshman hall
- The area of the first floor of the freshman hall
- The area of the second floor of the freshman hall
- The area of the third floor of the freshman hall
- The area of the fourth floor of the freshman hall
- The area of the fifth floor of the freshman hall
- The area of the sixth floor of the freshman hall
- The area of the seventh floor of the freshman hall

The committee feels that there are many other shelter areas that may be found in the building and that anyone who finds additional areas should be notified.

More Shelters Wanted

Crew Preparing for October 9
Harvard Races
Six Boats At Present In Water; Moch Says "Harvard Pretty Good"
In a statement released last night, Bob Moch, Coach, announced that preparations for the October 9 Harvard-Cambridge races are progressing favorably. Three light and three heavy boats are practicing every afternoon on the Charles.

According to the coach, the complete and final makeup of each boat is at present unknown. Trials for the best combinations are still going on. As present none of the crews has reached a speed anywhere near racing speed, but this is expected to be rectified by the time of the tri-city week next Saturday.

The freshman candidates, says Bob Moch, have proved to be quite promising in practice so far. They have been urged to maintain themselves proficient enough to be included in the Junior Varsity crew.

When pressed for information about the boys from up the Charles, Coach Moch repeated the results of his unofficial observation from last Saturday. "The Harvard boats look pretty good," he declared to comment further on the subject.

Draw On Friday For Golf Tourney
The draw for partnerships in the Tourney will be held in the M.I.T. Association office Friday at 5:00 P.M. This tournament, sponsored by the M.I.T. Golf Club, is open to all students, regardless of their class or unit. Army and Navy students, as well as civilians, are invited to participate.

There is to be a team fee, and the contestants must take care of their own expenses. The matches will be strung out in order of their own convenience. However, the results will be available as possible after the match has been played.

A trophy will be awarded to the team with the most points at the end of the day.

Play To Be Staged Tomorrow Night
Paul Harney Takes Leading Dramatic Role

which, according to Professor Fuller, has a very good reputation for its actresses.

Playwright Prize Winner
Which is presented by Norton Wilder, was first pro-
duced on Broadway in 1920, it is observed with much
by players and critics. It was awarded the Playwright Prize for the best
play presented in New York in the season of 1942.

The "Town" is a story of the early
life of the famous writer of essays
and Emily Webb and their parents see;
against the background of a small
New Hampshire town. There is
very little scenery, and the
settings and time intervals are
expounded by the stage manager
who gives a running commentary throughout
the play. The first act shows an ordinary day in the
Town, Greeked, and it is observed that
gets to know George and Emily, who
are both in high school, and their
families and friends. In the
second act they are about to get
married, and as usual in the
monologues, the play backtracks to
show their courtship and see, as
the Stage Manager says, "what leads them to decide to be
a lifetime together." In the final
act, Emily has died, but comes back
from the grave to live over a day
of her past life.

The Cast

The part of the stage manager is being taken by Robert W. Gard-
ner, 2-46. Emily Webb is portrayed by Geoffrey Robillard,
who is the part of her father, Editor Webb, while the part of
Mrs. Soames is taken by Eleanor B. Edwardson, 6-45,
and her mother by Eleanor C.
Harold L. Humes, 2-46, and Stan-
ley Symmes, 2-46, T. Nicolas Berlage,
to Captain; 2-46, John Kieth, 2-46, and Horace T. Schwartz, 2-46, and Harold Lang, 2-46. The-
band extends an open invi-
tation to all members of the band for the arrangements for her.

Bobby Sherwood
Bobby Sherwood, the popular young composer and conductor of the Towne Club orchestra to the LFC, formal on Sep-
tember 23 is widely known in music circles, and he is a
principal instrumental on the orchestra, and is knows for his
ability to generate and keep the audience interested.

The orchestra is a group of fifty panels depicting
the famous Glen Island Casino, is one of the youngest in the
world being an organized group of
youthful enthusiasm, spectators, who
are interested in the orchestra and the
background of the music of a lot of young American students, and
the Band has been doing a great deal
for the Band for over a year now.

The best Bet

The Sherwood orchestra, which
won the, of this Westchester,
less than one year ago to begin a
phenomenally successful eighteen week
play at the famous Glen Island Casino, is one of the youngest in the
world being an organized group of
youthful enthusiasm, spectators, who
are interested in the orchestra and the
background of the music of a lot of young American students, and
the Band has been doing a great deal
for the Band for over a year now.

Best Bet Exhibition

The selections were made from five hundred and seventy-five entries
from all over the country for the Towne Club orchestra, including
Pearl Harbor and Aligara. Thenu-
merical, however, is selected by
William Sherlock, 2-46, and the
mood of the orchestra and the
mood of the music of a lot of young American students, and
the Band has been doing a great deal
for the Band for over a year now.

Slide-Rock Club Heats Up Talk On Navigation

A talk by John C. Fisher, an in-
structor in the Department of
Project Development at Massachusetts Institute of Technology, was
given at the lecture on September 7, 1943, in the Faculty Lounge of Walker
Memorial.

In spite of all efforts to stream-
line the course of study, weather
officials at the Massachusetts In-
stitute of Technology, after a pe-
riod of schooling than men in any of theFlying Fortress Technical courses, the Air Force Technical Training Com-
mand. Monday's graduates began
their engagements on the 10th, with a
commission which he received in 1907.
