Dorm Officers Get Approval Of Inst. Comm.

Maxson To Represent Dorms At Institute Committee Meetings

At last evening's regular weekly meeting of the Institute Committee, the election of the officers of the various sub-committees was approved. In addition, the committee heads were approved for the coming year. Mr. Maxson had been approved for the new Institute Committee book fund.

The new officers of the Dormitory Committee are: Robert B. Memel chairman; L. William Maxson, '44, Instructor in the Arts; John E. Burke, '45, secretary. Appointed to the various sub-committees were Karl Stier, dormitory committee, John H. Morehouse, '44, chairman of the Information Committee; Malcolm O. Kidd, secretary; John W. Hull, '44, chairman of the Finance Committee; James S. Bunt, '44, chairman of the Dinner Committee; and Robert B. Memel, '44, chairman of the Freshman Committee.

Army Now Open to Men Seventeen

By New Regulation

E.E.C. Students Face Call Unless They Are Registered Next Term

The members of the Armed Services Representative of the Institute announced that important information could be obtained at that office for seventeen-year-old men who may be enrolled in the Army. The office has recently opened its regular hours.

One of the most important of these, said the statement, would definitely remain in an office. It was announced that the Army would open for the fall of this year, which would be in August.

The Army Air Forces is the only branch of the service that has so far investigated this plan, but they have also been interested in the idea of forming a draft for the few who do not want to go into the regular Army. The statement said that the Air Forces would only be interested in enrolling the other branches at a later date.

Professor Mabie also suggested that men follow Doctor Conover's advice in his recent letter published in The Tech, and register for the service. He said that no calls have been issued nor any orders sent for the calling of men.

The E.E.C. men who do not register for the second term will have to be liable to the draft at the conclusion of the present term. The E.E.C. has not had any new developments, but only the arrangement which was made some time ago.

Walker Dining Service Staff Needs Many More Students

"At the commencement of the fall semester the Walker Dining Service Student Staff had 113 members, but Mr. Carlisle further stated that a number of these students were not from the student body.

The Walker Dining Service is now the only department on the campus which is not in the service of the Institute. The staff has so far been able to hire only 75 students, but it is hoped to hire 105 in the near future.

T.C.A. To Help In Book Campaign

Cooperating with Mrs. Horace H. Ford, director of the 1943 Victory Books, the T.C.A. is accepting as the receiving agent for the Institute of Technology books for the benefit of the Technical Pantheons.

The T.C.A. is accepting as the receiving agent for the Institute of Technology books for the benefit of the Technical Pantheons.

Books that are turned in should be in good physical condition. It is requested that all books be placed in a neat and attractive condition, and the transportation difficulties, if any, be noted and arranged to pick up the books will be made.

75 Copies Of Technique May Still Be Obtained

Last night the Managing Board of the Technique announced that there are still about seventy-five copies of the May 24 issue which have not been reordered. This results from the fact that a number of the Technique copies which have not yet been reordered.

The Technique Office, on the top floor of Walker Memorial, will be open for the following hours during which all Technique copies of the May 24 issue will be at the office. The Technique copies of the May 24 issue will be at the office. The Technique copies of the May 24 issue will be at the office.

Words are effective, true enough, but actions are far more potent, for actions are our religion, and we are what we do. If we are underlining the President's words, have their served to nullify them completely.

But the Russians continue to kill Fascists.

SELECTIVE SERVICE HEAD SPEAKS

The Office of The Tech

A select number of our students, and students from other colleges in the Boston area, have been called to active duty.

NOTHING NEW ON HOME FRONT

With this issue of The Tech, public service will be suspended until Sunday, February 9th, at which time we earnestly trust that The Tech will be able to present to the students the full details of the Army conflict, no matter what our status.

As we enter our examination period, however, the situation remains unchanged. No final date has been named for the induction of freshmen and Sophomores in the E.R.C. although the original date was set for the end of the current semester.

For further information concerning the present evacuation, please refer to the E.R.C. bulletin.

No Selectees To Go During Till Next Month

Marine Corps, Coast Guard Also Awaiting Combined-Call Plans

The Selective Service System, as it is being administered at this time, is in the process of preparing for the next demand for manpower when the National Guard, which is now on duty, is due to be inactivated. The House of Representatives has determined that other branches of the service shall receive the next demand.

Pending establishment of procedures to issue calls for inductees, all training centers are expected to be kept ready to accept potential recruits. As the date approaches, the number of these centers is expected to be doubled.

Incidentally, the induction of self-drafts, those who have voluntarily enlisted into the Navy, Marine Corps, or Coast Guard, will be handled by the local Selective Service boards. Such an arrangement will be the first time any of these services had recruit training other than by enlistments alone.

After World War I, the previous method of calling up eligible men, including the provision for late registration for those who did not wish to volunteer, has now been reorganized.

The Selective Service Act, as amended, extends the duration of the present draft from March 1948, to February 1949, unless the Congress has provided otherwise. It is reprinted here for the benefit of those who may wish to obtain a copy.

THE TECH

Monday, January 21, 1948

The Effectiveness of Selective Service, measured in the Russian victory, is a significant factor in the determination of the future for all plans of post-war reconstruction. What the Russians have discovered the 'secret' of how to scale, and thus are bringing the world to an end of the cold war that began in 1947.

In the past, our attitude must be completely baffling. We could not understand the actions of our political opponents, the actions of the Nazis towards the Jews, the actions of the political prisoners, the Nazi race laws and show the conquered peoples that we have their best interest at heart and that real policy, in the long run, is the most effective. But the war has shown that the Russians have discovered the 'secret' of how to scale, and thus are bringing the world to an end of the cold war that began in 1947.

Hockey Banquet To Be At Smith House Jan. 29

According to Fran Casey, manager of the team, the hockey team will hold its annual banquet at the Smith House on Friday, January 29, at 6:00 P.M. An election will be held for a new captain and to choose the player to receive the Varsity Club Award. Coach George Owen, who was at one time a member of the Boston Bruins, plans to be a member of that team there as a guest speaker.

The meeting will be attended by both freshmen and varsity letterwinners. Those attending the dinner will have a choice of menu from the following:

Main Courses
- Beef in Lentil Sauce
- Parmesan Turkey
- Roast Leg of Lamb
- Beef Wellington
- Beef Stroganoff

Sides
- Mashed Potatoes
- Rice
- Green Beans
- Mixed Vegetables

Desserts
- Apple Pie
- Chocolate Cake
- Cheesecake
- Ice Cream

McDonough Named Eta Kappa Nu Head

At the last Business meeting of the fall term, the Beta Theta chapter of Eta Kappa Nu, honorary electrical engineering society, elected James O. McDonough, '43, president of the chapter for the coming semester. Assisting him will be John L. Lassonde, '43, corresponding secretary; William H. Greer, '44, recording secretary; John J. Leblanc, '44, treasurer; John S. Linville, '43, bridge correspondent.

For the first time since the organization of the Technology chapter of Eta Kappa Nu, all of its active members are to be in attendance at the Institute this semester. In previous years this membership was usually divided, a considerable portion of which was out on work terms in connection with the cooperative work, V.I.A.

Senior Weekend Has Full Program

E.R.C. Plans for 17 Year Old Students

Modern Language Enrollments Drop Twenty Percent

The following general trend in all colleges and universities throughout the country, modern language enrollments at Technology for the fall term have decreased more than twenty percent over last year's figures. This is a greater drop than in most colleges and universities over the country being vastly estimated at from two to fifteen percent.

Report from five hundred and nine colleges and universities indicates that the total modern language enrollment this fall was dropped a show of eleven and one-fourth percent. The average drop in foreign language throughout the country was sixty-five percent, ranging from five to fifty-eight percent of the full time students.

At the Institute, enrollment in English dropped from 160 in 1941 to 141 in 1942 and in International German from 91 to 79, making a total drop of 28 in 177. This amount to almost 30 percent, showing that mass enrollments all over the country was 115 percent.

-04

L. James, chairman, suggested the formation of a new committee in Russian given for afternoon. The committee, announced his appointment of the Stewards Committee, was present.

A motion appearing in the agenda X

In spite of 31 enrollments in a new course in Russian given for the first time this term, total Modern Language enrollments dropped from 399 to 260. This is due partly to the fact that some of the courses were increased in the number of students and partly to a decrease in the number of students in some courses.

Types Of Victory Books Wanted in Campaign

small print auction edition of recent popular titles. The drive is being co-operated with get racist books for the soldiers and is most interest in section, published since 1910, and others published since 1910. The Technology Association last month announced that they would aid in the campaign by supplying a depot at which books can be dropped. The books are to be dropped at the Information Office. They will be received from some of the books and others by booksellers, to arrive in Russia, in order to prevent the destruction by selective service regulations.
