

Field Day Dance Tickets Going

Dance Planned Aug. 26; All Students Welcome

With only a few tickets left, it is now apparent that the Field Day Dance will be a success. It is to be held Saturday, August 26, from 10:00 P.M. to midnight, in Morss Hall, Walker Memorial.

Refreshments will be served, and music will be provided by Ruby Newman's Orchestra. Tickets are \$2.40 per couple, tax included, and will be sold in the Lobby of Building 10 as long as they last. For the benefit of the V-12 students, tickets also are available in Room 222 of the Graduate House. Upperclassmen as well as freshmen and sophomores may attend the dance. Freshmen may obtain tickets from their section leaders.

This dance provides an excellent opportunity for freshmen to become acquainted with the upperclassmen. The freshmen and sophomores could be present in large numbers, enough to pack Morss Hall.

Senior Week Date October 26 to 31

Plan Events; Details To Be Announced Soon

The Senior Week Committee has announced that Senior Week this year will be held from October 26 through October 31.

The complete plans for the week are not now available, but the Senior Week Committee, which has been at work for the past several months, has decided upon the events which will be held during the week. These will include Class Day, an informal brawl, a formal Ball, a Baccalaureate Service, Senior Stag Banquet, Graduation, the President's luncheon, and a tea dance.

Gabe E. DeRoeth, 10-44, is the newly elected chairman of the committee, while Harold Thorkilsen, 6-45, was chosen as a member of the Committee from the Junior Class. DeRoeth was the Junior member from last year.

Socks To Be Used Instead Of Gloves In Field Day Fight

Leave it to a bunch of resourceful Tech men to figure out a way to beat a wartime shortage! The Field Day Committee discovered a couple of weeks ago that cotton gloves for the Glove Fight are next to unobtainable, but that wasn't enough to call off the traditional melee. The mad geniuses of the committee put their heads together and hit on a solution: the frosh and Sophs will wear socks instead of gloves. The battle will still be called the Glove Fight, for the committee states that the contestants

Institute Comm. Approves Motion On Dance Budgets

Solons Also Approve Election Of Balsam As Dorm. Comm. Head

A motion that all dance budgets be submitted to the Executive Committee before being brought before the Institute Committee was passed at yesterday afternoon's regular bi-weekly meeting of the Institute Committee. The motion, brought up at the previous meeting when the Agenda was moved and the Junior Prom budget submitted for approval, had been tabled.

Kenneth G. Scheid, 10-44, proposed an amendment to the dance budget motion providing that dance committees submit regular reports on their finances to the Institute Committee. The amendment was defeated. The original was at first defeated when the three-fourths vote needed for a by-law change was not obtained. A revote was held, however, and the motion was passed.

Balsam Election Approved

The election of L. Lloyd Balsam, 10-44, as Chairman of the reorganized Dormitory Committee, was approved. By this action the dormitory group automatically regained its representation on the Institute Committee.

L. Lloyd Balsam Elected And Approved Chairman Of Dormitory Committee

Walker Basement Goes Under Water Following Deluge

Extra Heavy Rainfall Plus Inefficient Drains Fought By The Tech

Last night, during the heavy rain-storm, the basement of Walker Memorial was flooded to the depth of several inches. The newsroom of The Tech was completely awash but despite the inundation, the reporters carried on as usual while other members of the staff strove vainly to halt the onrushing waters.

The flood started about 5:15 P. M. when the drains of the two stairwells at either end of the basement packed up. The failure of the drains was due to faulty design which placed the openings about a foot below mean high water. The water flowed into the basement and flooded offices right and left. Sawdust, kept for the purpose was used in vain attempts to prevent the flooding of the offices, but failure crowned every attempt to stem the tide. During this time members of The Tech laid down boards so traffic could still pass through the flooded area.

About 6:15 P. M. the waters subsided and the Walker service forces, under the inspired leadership of Ed Pung and Mr. Carlisle commenced the assault on the flooded region. With broom and mop they drove the waters back and down the now opened drains. Finally the floor was reasonably clear and normal traffic through the basement resumed.

But the victory was short-lived. At approximately 7:30 P. M. the water began to rise again, great geysers spouting up through the drains. Again the defenders went into action, this time greatly depleted as the Walker forces had

(Continued on Page 2)

Ing, Berlage Chosen Treasurer, Secretary; Other Officers Named

The Chairman of the newly formed Dormitory Committee is L. Lloyd Balsam, 10-44, it was announced in the Institute Committee meeting yesterday. Balsam had been elected at the second meeting of the Dormitory Committee held last Monday.

At the same time committee heads and other officers were approved as follows: Sheridan C. Ing, 6-45, Treasurer; T. Nicolas Berlage, Jr., 6-45, Secretary; John J. Vozella, 6-45, Chairman, Athletic Committee; John S. Standish, 6-45, Dormitory Budget Committee Chairman; William F. DiZenzo, 10-44,

(Continued on Page 4)

Freshman Rally Set On Monday; Soph's Tuesday

Lack Of Sophomores For Tug-Of-War Team Becoming Quite Critical

Field Day rallies for the freshman and sophomore classes will be held next week. The rallies will be held at 5:00 P. M. in Room 10-250. The freshman rally will be held on Monday and the Sophomore rally on Tuesday. At these rallies freshman and Sophomore co-eds are expected to be made cheerleaders.

The freshman rally is in charge of a committee headed by Richard S. Mooney, 6-45, and consists of Frank A. Jones, John Thomas, William F. Cassidy, Carl H. Boll, and George Brown, all of the class of 2-47. The committee has planned a program which will include a short play, original class songs, and a newly formed small band known as the "48 Cornslingers." John L. Hull, 10-44, will furnish the meeting

TO THE SOPHOMORE AND FRESHMAN CLASSES

Although things have been relatively quiet around school up to now along the lines of freshman-Sophomore fights, this coming week is the one during which they ordinarily hit their peak. The Institute ruling concerning mass demonstrations is still in effect and is doubly important during the present wartime. The ruling has always provided for the immediate expulsion from the Institute of anyone participating in a demonstration off the school grounds.

In times like these any demonstration off the campus would probably be greeted with an especially heartless attitude by the Boston or Cambridge police. This feeling would probably be not only reflected in the police, but also in the rest of the population, as the general feeling at the present time requires a serious attitude from everyone whether directly or indirectly connected with the war. In fact, since those at Technology are connected only indirectly, this attitude is even more important.

Next week rallies are to be held in order to stir up spirit in the freshman and Sophomore classes, but this spirit is not that of the violent sort. Both of the classes can well afford to show much more spirit on the teams for Field Day without having to go away from the Institute to vent their feelings.

The destruction of property which has often been a part of the riots even around the school is another part of the expression of spirit which can very well be avoided. The Dormitory Committee has already expressed itself on this subject so that the situation there will doubtless be better, but it is something which must be borne in mind by all freshmen and Sophomores. Even such a small thing as a broken lock is practically irreplaceable today.

In The Spotlight

Robert Homer Horsburgh, 10-44, is an important fellow around school who does his Institute chores in a quiet sort of way. As the present secretary of the Institute Committee and as chairman of the active Student-Faculty Committee, Bob holds two top jobs, but activities are nothing new to him for he has been around Walker Memorial for about four years now.

Horsburgh hails from Lakewood, Ohio, and on the records the year of his birth is A. D. 1923; that makes him only twenty-one in spite of the fact that a freshman might mistake him for about twenty-five by his face. University School in Cleveland, Ohio, was the site of Bob's earlier studies, where he was president of his Senior class.

He matriculated to Technology in the fall of 1941 and settled down at 28 The Fenway after he pledged Phi Gamma Delta. In his freshman year Bob was elected to the Freshman Council and in his Sophomore year to the Institute Committee.

He has also been quite active in fraternity activities as a regular member of the executive committee of the Interfraternity Conference, chairman of the I.F.C. dance in September, 1943, as well as a member of several other I.F.C. dance committees. Right now he is working as a member of the 1945 Senior Week Committee.

Bob isn't a brownbagger; he believes very strongly in a balanced schedule of work and play. When he puts the books away, he really enjoys himself. For the past three years he has presided at the famous Phi Gam "Cowboy Party" and is always around when there's a party in town.

Flood

(Continued from Page 1)

been withdrawn for service elsewhere. But the staff of **The Tech**, aided by two of Mr. Carlisle's men, entered the fray. By judicious use of piles of old copies of the paper, the water was stopped before it entered the basement. This time the flood level rose several inches above the floor but was held back by the impromptu paper dams.

No report on the extent of the damage has yet been received but it is known that several storerooms were badly flooded as well as all the activity offices. At the present time it is not known whether the waters will rise again but from all indications it looks as if the floods are over.

ROBERT H. HORSBURGH

Incidentally Bob is registered Course VIII; he has been shaving since he was 12; he drives around school in a gray Pontiac convertible. As his plans are now, he is to receive his S.B. in Physics in October.

Glove Fight

(Continued from Page 1)

must wear their socks as mittens. A thorough search of local purveyors, made before the decision to use socks, revealed that cotton work gloves are practically a priority item. The gloves could be found only at Sears & Roebuck but Sears, using a self-imposed rationing plan, wouldn't sell more than three pairs to a customer. The committee needed six hundred pairs, though, and thoughts of sending two hundred men over to Sears & Roebuck to get three pairs of gloves each seemed, to say the least, absurd.

The committee finally managed to obtain fifty dozen pairs of socks which will be dyed in colors which won't be disclosed until the fight takes place. The Glove or Sock Fight, nearly a wartime casualty, will again be an important part of Field Day. Socks on hands, freshmen will go forth next Saturday to try and get a just measure of revenge for the humiliation they have been subjected to by the Sophomores.

Frosh Ballmen Down Chemists

Alert Defense Joins With Offensive Power

The frosh Field Day softball team mopped the Chemistry Department team in a seven inning practice game on Wednesday evening with a score of 10-0. Walters, the frosh pitcher, held the Chemists to only six hits, while the frosh collected 13 singles and a double.

Chick Street, the frosh coach, put on the field a team that the Sophs will have to go far to beat, especially since the Sophs just managed to eke out a 6-5 win over the same Chemistry Department team in an extra inning game a few weeks ago. The frosh showed plenty of pep and spirit and this combined with their strong defensive play and their fourteen hits accounts for the beating that they gave the Chemists.

The big sticks of the frosh team were Walters, Fabiszewski, and Hendershott, each of whom collected two hits while Bouzoucos smashed at two singles and a double. The frosh got the hits when they were needed and this with the big seven in fourth inning rally made way for the 10 run victory. Impressive was the fact that every member of the team got at least one hit.

Good On Defense

Starring on defensive play was Fabiszewski, the captain and pitcher, and Hendershott, the center fielder. Hendershott covered centerfield well making four or five catches, while Fabiszewski was the park plug of the team and managed to pick two runners off first base with his fast throws.

Lack of Hitting

The Chemists also fielded a good team but a lack of hitting in the match and the defensive play of the frosh managed to hold them scoreless. They may have scored if it were not for some poor baserunning on their part and some adverse decisions by the umpire.

The box score by innings was:

Frosh	0	0	2	7	1	0	0	—	10
Chemists	0	0	0	0	0	0	0	—	0

The frosh team and their positions were: Pitcher, Walters; catcher, Fabiszewski; 1st, O'Donnell; Handpeter; 2nd, Somma; 3rd, Brennan; Fier; shortstop, Nesbitt; center field, Kozakiewski; center field, Hendershott, Wiehl; right field, Schuch; short field, Bouzoucos, Condon.

Beaver Courtmen Vanquish Bowdoin

Techmen Sweep Match Decisively In 9-0 Win

Action is again being seen on the M.I.T. Tennis Courts, as the Beaver Netmen swing into action after several months of practice. The Techmen closed their season last Spring, with a record of four wins and two losses, and Tennis was disbanded for a short time. Then members of the Team revived interest, whipped a squad together, and last Saturday, August 12, met the Bowdoin Tennismen, in a match played here at M.I.T.

In their first summer match, the Techmen showed up well, as they overwhelmed the Bowdoin Tennis Team by a 9-0 count, every match going decisively Tech's way. No set went higher than 6-3, and M.I.T. didn't lose a single set to their opponents.

M.I.T.	Bowdoin		
1. Chun	1. Curtis	6-3,	6-0
2. Mayer	2. Hanson	6-1,	6-0
3. Hugus	3. Marsh	6-2,	6-2
4. Haddox	4. Curran	6-2,	6-0
5. Cummings	5. Eells	6-0,	6-2
6. Towles	6. Thomas	6-3,	6-0
1. Chun-Hugus—Curtis-Hanson, 6-0, 6-3.			
2. Mayer - Lebel—Curran - Thomas, Forfeit.			
3. Cummings-Towles — Eells-Marsh 6-0, 6-2.			

T.C.A. Sponsors N. H. Farm Trips

Program Starts Aug. 26 All Students Are Eligible

College men and women will travel to Hollis, N. H., farms for work during the weekends from August 26 through October 8 sponsored again this year by the Unitarian Ministry to Students. Signup cards are now available at the T.C.A. office in Walker Memorial.

The weekend trips have been planned to aid farmers in the harvesting of their crops. With larger production than ever before, 25 college men and 25 college women from greater Boston are needed. Opportunities are open for farm or kitchen work any weekend during the seven weeks when the camp is planned.

Workers will be paid at the flat rate of \$.40 an hour. Work has been promised for the entire weekend, no matter what the weekend.

The schedule will be as follows: leave North Station at 8:45 P.M.

Notre Dame-Dartmouth Tickets Are Available

Tickets for the Notre Dame vs. Dartmouth football game, to be played on October 14 at Fenway Park in Boston, may be obtained at the T.C.A. office in Walker.

Applications for the tickets, which sell at \$3.60, must be made before September 1.

Crewmen Readying For Autumn Season

Up at the boathouse, preparations are being made to meet Cornell and Harvard in a late September race here in Boston. At the moment it appears that the contest will be held September 23, although this date is by no means definite.

A major change this week has been the shift of Doug Russell from port to starboard. Russell, a varsity rower for the past several seasons and a wearer of the straight "T," looks very promising in his new position. Also, Winkler, shifted from the "lights," moved up to stroke of the Jayvees.

Saturday Turnout

The season's first Saturday turnout is being held this Saturday for the first three boats. At these meetings the crewmen get their first really tough workouts as they row in the neighborhood of ten miles up and down the Charles.

As the varsity crews prepare for their races, the Field Day boats are rapidly approaching racing form. The lineups of the shells have just about been determined by now and the Freshman and Sophomore crews are striving to perfect their rougher spots. The Frosh boat, stroked by Feist, looks very encouraging and undoubtedly will give a good account of itself August 26.

Friday night for Nashua, N. H. Trucks will provide transportation from there to Hollis. Bedtime at 10:45 P. M. Arise Saturday morning at 6:45 A.M. Breakfast will be served at 7:15 A.M. and work will begin at 8:00 A.M. Dinner will be served at 6:00 P.M. after eight hours of work, and country dancing will follow the meal. Bedtime will be at 10:30 P.M. Arise Sunday morning at 6:30 A.M., breakfast at 7:00 A.M., followed by chapel. The rest of Sunday will be like Saturday except that the return trip will leave on the 9:37 P.M. train from Nashua and will arrive in Boston at 10:45 P.M.

Those students who sign up for the camps will live in the Hollis

Soph And Frosh Teams Ready For Relay Race

Sophs Have Fastest Tracksters On Record For Past Ten Years

Coach Hedlund has selected the Soph and Frosh relay teams for the forty-fourth annual Field Day games. During the early part of the week time trials were held to determine the twelve runners and three spares for each team.

The Soph runners and their times are as follows: Chapman, 24.0; Troy, 24.4; Casey, 24.6; Sas, 24.6; Grant, 24.6; Brylawski, 24.8; Serrie, 24.8; Morgan, 25.0; Westcott, 25.0; Schultz, 25.0; Jackson, 25.2; Spoerl, 25.2; Whitehill, 25.2; Dickinson, 25.2; Bello, 25.2.

Frosh Runners and Times

The Frosh runners with their times are as follows: Jenkins, 24.2; Ingraham, 24.2; Robertson, 24.2; Behr, 24.6; Campbell, 24.8; Prigoff, 25.0; Kincaide, 25.0; Murphy, 25.2; Conger, 25.2; Boyle, 25.4; Marx, 25.6; Smith, 26.0; Wagner, 26.2; Scherer, 26.2; Turner, 26.2.

In the past forty Field Days the Sophs have had 29 wins and the Frosh 11. The Sophs have shut out the Frosh 11 times, while the lower classmen have never turned this trick on the Sophs.

Soph Team Is Fast

This year's Sophomore relay team has one of the fastest time trials of both classes since 1930, doing 24.8 as an average against the class of 1934, who did 24.5. The class of '34 had such men as Dick Bell, Lou Holliday, Walter Wrigley, Ted Rimback, Cick Schwaetz, Billy Ball, Mal Sousa, Dick Swenson and Earl Lockhart. This team set a record of 4.47.6 made as Sophs in 1931. To break this record, the class of '47 individual times must all be better than 24.0 for the 220. This is very fast time, but the flying start gives all but the first man a chance to travel this speed if they can pass the baton.

Town Hall and eat in the Parish Hall of the Hollis Church. Rev. and Mrs. Zoerheide will act as hosts at the work camps. Mr. Zoerheide is coming East to join the Ministry of Students and will act as Unitarian Minister to students in Boston next year.

Alpha Chi Sigma Holds Initiation Of New Pledges

Alpha Chi Sigma, the honorary chemical society, will hold its initiation ceremonies on August 19. Twenty-eight men will be initiated into the fraternity. They include members of the faculty, graduates and undergraduates. Two professors from other universities are also to be made members of the society.

On August 23, the society will hold its initiation banquet in the Fox and Hounds Club. Dean John W. M. Burke of the Graduate School Administration is to address the gathering. The Junior award of Alpha Chi Sigma will be given to James Gurney, 2-46. The award consists of \$100, a gold key, and a certificate.

The prize is given for outstanding scholastic ability and for professional promise in chemistry.

The list of pledges is as follows: Graduates: Jose M. Corbella; Gonzalo C. Docal; Mahlon P. Etheredge; Edward C. Hermann; James B. Weaver; Seniors 10-44: George A. Butter, Jr.; James M. W. Field; John W. Matthews; Gilman T. Murray; Charles L. Sollenberger; Henry C. Tillson; Juniors: Walter E. Borden; Arthur L. Hall; Shaler G. Smith; Sophomores: Robert E. Chandler; Hewitt G. Fletcher; Gunther S. Fonken; Peter F. Hagerty; William F. Herberg; Robert H. Johnston; Frank L. King; James H. Loweree; Henry M. Morgan; Robert J. O'Donnell; Karl F. Peterson; Donald W. Sabeau; Robert G. Wilson.

Work On Latest Dramashop Play In Full Swing

Rehearsals were started this week for Dramashop's summer term production, "Dr. Jekyll and Mr. Hyde." The play will be given in New England Mutual Hall on September 16; tickets will sell for \$1.00. They will go on sale soon and can be obtained from any member of the Dramashop.

Last Wednesday a meeting of the business and production staffs was held to acquaint the members with their duties. Definite assignments were given out.

The officers of Dramashop for this term are: Robert W. Connor, 2-46, General Manager; Mary E. Sullivan, 6-45, Secretary-Treasurer; George R. Dvorak, 6-45, Production Manager; Jesse H. Haines, 2-46, Business Manager; and Carolyn D. Cross, 2-46, Stage Manager.

Boyce And Beck Resign From T.E.N. Institute Committee Approves Appointments

At a meeting yesterday afternoon the Institute Committee approved the appointments of John S. Howkins, 6-45, as General Manager of the Tech Engineering News, and of Richard B. Marsten, 6-45, as Editor-in-Chief of the magazine. Howkins was nominated by the Executive Committee of the Institute Committee at a meeting Wednesday upon receipt of a letter from Carroll W. Boyce.

Marsten was elected to fill the vacancy made by the resignation of Curt B. Beck, 6-45, a few weeks ago. However both Boyce and Beck will be retained as contributing editors.

Marsten was elected to fill the vacancy made by the resignation of Curt B. Beck, 6-45, a few weeks ago. However both Boyce and Beck will be retained as contributing editors.

Jones Institutes T. C. A. Service

Frank A. Jones, 10-46, Director of the Information Department of the T.C.A. Cabinet, has started a list of students which is being compiled for the use of the Institute activities.

The innovation is an attempt to facilitate the recruiting of new members. The names were taken from the T.C.A. Information Department cards, which were filed prior to registration. They are being organized according to activities and will be sent to the activities concerned.

Freshman Cabinet to Hold Meeting

The T.C.A. Freshman Cabinet will have its first meeting of the term at 5:00 P.M. next Wednesday, in the Litchfield Lounge.

The meeting will be presided over by Gilbert K. Krulee, 10-44, President of the T.C.A. The Cabinet is composed of Boys' Work volunteers and T.C.A. office assistants.

Dr. Compton, Prof. Bowles Are Speakers At Smoker

The annual All-Tech Smoker had, as its guest on Monday, August 14, at 6:30 P.M., Prof. Edward L. Bowles, expert consultant to Secretary of War Stimson. Mr. Bowles was introduced by Prof. Albert A. Schaefer following the complimentary dinner served in Morss Hall. He discussed his work with Secretary Stimson in a talk that was most enlightening. Dr. Compton said a few words too.

The M.I.T. Glee Club provided the after-dinner entertainment.

Freshman Council Holds 2nd Meeting

Tuesday afternoon at the second meeting of the freshman council, Donald A. Sillers of section fifteen was elected Secretary-Treasurer of the freshman class. Frank A. Jones of section sixteen and Lewis H. Buttler of section two were chosen as freshman representatives on the Institute Committee.

After the elections were over one of the section leaders brought up the fact that there were still too few freshman practicing for field day. Twenty-five men are needed for a tug-of-war team and only seven freshman have come out for practice. Each section leader was asked to talk to the members of his section and urge more of them to participate in the field day activities.

Jr. Prom Options Ceased Selling

Sales of options for the Junior Prom, which is reported to be a sellout, stopped Monday. Several New York organizations that have been contacted have offered the orchestras of Charlie Spivak, Stan Kenton, Bob Chester, Hal MacIntyre and Les Brown to play for the dance. The head usher has not yet been announced; however, his name and a complete list of ushers will be published soon.

Inst. Comm.

(Continued from Page 1)

A motion was made to approve the freshman council elections, but the motion was tabled pending a decision on the definite status of the classes of 10-46 and 2-47. The election of Henry B. Moore, 10-44, as Student Leader of the Glee Club was approved.

The Agenda was moved for the approval of several new men on the T.E.N. Managing Board. They are: Herbert R. Kaewert, 2-46, Business Manager; Russell K. Dostal, 2-46, Advertising Manager; and Richard B. Marsten, 6-45, Editor-in-Chief.

New Technology Band Is Directed By Mr. Chick

The newly organized Tech Band has gotten under way. Two rehearsals have already been held in Tyle Lounge in Walker Memorial. A band leader, Mr. Arnold L. Chick, who is known for his work as Watertown Legion Post band leader and as former Technology R.O.T.C. band leader, is working hard to get the Tech Band in good form.

Many new members are still needed to make a complete full-size band. Any men who play band instruments are urged by Mr. Chick to attend the rehearsals held on Tuesdays and Thursdays at 4:30 P.M.

Frosh, Soph Rallies

(Continued from Page 1)

with a talk on strategy for the gl fight.

It was also learned yesterday that not many Sophomores have shown up for the Tug-of-War team Field Day. If the Sophomores do not get enough men they may have to default for the event.

Dorm. Comm.

(Continued from Page 1)

Freshman Hazing Committee Chairman; Shersing J. Lalva, 10-44, Dormitory Dance Committee Chairman; Theodore R. Blake, 10-44, Chairman, Dormitory Information Committee; Robert L. Bant, 6-45, Burton Room Chairman; Walter H. Levy, 6-45, Chairman, Open House and Tea Committee; and Edwin J. Bielecki, 10-44, Dormitory Dinner Chairman.

The purpose of electing these officers and the functions of the committee, as restated by P. Leicester F. Hamilton, the committee's advisor, are to maintain peace and order in the undergraduate dormitories and to plan activities for the residents.
