

## Crew Coach Resigns; Moch Ends 5-Year Stay With Sweeping Victory

### Tech Boats Triumph In All Three Races; Thorkilson New Captain

As his crews overwhelmed those of Harvard and Cornell, Coach Robert Moch tendered M.I.T. his resignation effective November 1. He plans to return to his home state of Washington. Bob Moch, as a student at the University of Washington, was coxswain of the crew which won the Olympics in 1936. Prior to his arrival at Tech, he was freshman coach at the University of Washington.

The superiority of his racing crews over those of Cornell and Harvard was proven beyond the shadow of doubt when the Technology shells swept all three races last Saturday.

### J. V. Race Thrilling

The J. V. race provided the only real thriller of the day, as the M.I.T. lightweight just nipped the Cornell crew by about two yards.

The varsity race provided the day with an anticlimax as the excellent M.I.T. aggregation swept over the finish line a good two lengths ahead of the Big Red crew from Ithaca, New York, and Harvard finished a distant last.

### Thorkilson New Captain

Activity at the boathouse ended this week with the election of next year's captain. Hal Thorkilson was chosen to succeed Bill Kalb who graduates in October.

## TOUGH ONE TO LOSE

For the first time in many years a big Technology dance will stop the music and close its doors at 1:00 A.M. tomorrow morning instead of an hour later. The reason for this is that the Hotel Statler management has received too many complaints from clients in the past about noise in the upper floors after an Institute dance. The management does not like to do this and has indicated that the school might obtain the later closing hour again if the noise were found to slacken or cease at future dances.

They do not complain about the noise from the band and in the ballroom. It is only that caused by the very small portion of the Technology students who insisted upon being too jubilant in the upper floors and corridors after the dance proper had finished. Perhaps the majority of those who attend the next big dance will not have to suffer because of the thoughtless conduct of a small but conspicuous minority this time.

## HELP YOURSELF

The school's leading service organization is starting its annual drive for operating funds Monday night. This organization, the Technology Christian Association, gives freely of its services during the entire year and for only a one-week period annually requests that the student body donates what it can in the only authorized undergraduate drive.

All of the money collected goes directly back to aid the students in innumerable ways. Why not do your part to help their continued full operation?

## In The Spotlight

Among those at Technology who live neither in a fraternity nor in the dorms, but who make their daily pilgrimage here by way of the three t's (trains, trolleys and thumbs), is Joseph Amrhein, president of the Commuters Association of M.I.T. Joe qualifies for membership in this organization, which is commonly known as the 5:15 Club, by virtue of the fact that he makes the daily trek from Brookline.

Born in 1921 and a member of the Class of 10-44, Joe attended Huntington Preparatory School before entering Technology. Although officially registered in Course XV, Joe admits that he would rather have enrolled in "Course XXV, with all its options."

### Varied Interests

Besides being the 14th president of the 5:15 Club, where he may usually be found at lunch time "bulling with the fellows," Joe is also a member of the Institute Committee, the Senior Week Committee and the A.I.C.H.E. When asked what Joe's chief interests were, several fellow members of the 5:15 Club responded simultaneously, "Women."

Joe has also taken an interest in the T.C.A., having been a Freshman Camp Councilor, a Freshman Adviser, and, at present, a "pan-handler" in the T.C.A. drive. He won his Frosh track numerals and this year was a marshal at Field Day.

### Wants to Retire

His stated ambition is to "retire immediately after graduation," although he admits that he has been tempted by an offer to "take Kelley's place" when Kelley, who is a well-known figure around Walker, "is promoted to a full professorship." Joe's last comment on Tech was, "Glad to escape!"

Nunes, 2-46, Vice-President, John F. Marr Jr., 2-46, Secretary and John T. Harvell, 2-46, Treasurer. The elections were necessitated by the graduation of the present President and Vice-President. At the close of the meeting Dick McManis led the Club in an expression of appreciation for the earnest efforts of the graduating officers.

As one of the last functions of the term the Club is sponsoring a dance at Wellesley, Saturday, October 7.

### Phi Kappa Sigma Ties Theta Chi, 3-3; Game Remains Uncompleted

Each week, the Beaver Key Softball Tournament comes nearer to completion. Two games were played during the last week, as Theta Chi and Phi Kappa Sigma met in a tight game to decide the third member of the round-robin playoff, and Phi Sigma Kappa and Phi Gamma Delta tangled in a ten-inning thriller, that marked the first match of the playoff.

The Phi Sigma Kappa and Phi Gamma Delta tilt was one of evenly matched teams, in which the Phi Gamms poured on the pressure to win by a 5-4 margin.

The game was a pitcher's battle throughout, with Dave Trageser and Ned Bowman as opposing moundsmen. The Phi Gam keystone combination of Greg Walsh and Jim Craig, again starred on the defense.

The other game played last week was the Theta Chi versus Phi Kappa Sigma tilt, which would have determined the third play-off team, if the result had not been a deadlock.

It was another seventh inning 3-3 tie, but the sinking sun put an end to the playing time, before another inning could be started. Both teams were evenly matched, and the game was close all the way through.

...or a way to relax in camp

To soldiers in camp, from the Gulf Coast to the north woods, Coca-Cola is a reminder of what they left behind. On "Company Street" as on Main Street, Coca-Cola stands for the pause that refreshes. Ice-cold Coca-Cola in your icebox at home is a symbol of a friendly way of living.
