Tech Crews To Race Sat.
Navy Upsets Tech, And Harvard Crews

The second college crew event of the eastern season will take place on the Charles on the morning of Cornell, Harvard, and MIT. In two races over the mile and a quarter course, the Navy will mark the first appearance of the Cornell crew, which both the other crews raced on Saturday and were beaten by a long time lead.

This week as last, the fast Varsity crews race at 5:00 P.M. Earlier in the season at 3:30, the Tech third and fourth boats race the Harvard third boat.

The Harvard race will end the Henley course which ends the first fall season.

The other contest finishes a short of Longfellow Bridge.

Navy Crews Victors

Last Saturday, the Navy crews claimed the advantage of adequate preparation as they won both the eastern season's first and second college crew events.

The controversy of compulsory military training will be examined in every aspect when President Karl T. Compton and President William C. Greene, of the English Department, address the student body and faculty at 5:00 P.M., Monday, May 7, in Room 10-250. President Compton, who is in favor of military training with certain restrictions, will speak to the Institute at large for the first time in over two and a half years. The other side of the proposition will be expounded by Professor Greene, who has done so on several previous occasions.

After the talks there will be an open discussion during which members of the audience will be invited to air their questions and opinions.

The Technology Christian Association's object in sponsoring this discussion is to acquaint the student body with the controversial question of the fairness of compulsory military training.

Dramashop Players Give "Biography"

Tickets for the Dramashop production of "Biography," a modern comedy by S. N. Behrman, are now available at the T.C.A. Information Office, and from members of the Dramashop. The play will be presented at 8:00 P.M. this Friday and Saturday night, May 4 and 5, at the Peabody Playhouse in Boston. "Biography" traces the path of a "career woman." The peculiar entanglements in which the leading character, a woman artist, finds herself, should prove excellent material for the Dramashop to work with.

Special liberty has been obtained for all V-12's for Friday night, May 4, so that they may attend the first performance.

Official Notice

The attention of students who are to graduate in June, 1945, is called to the statement of policy of the Office of Defense Transportation in regard to graduation orders. Such events may not be held without a permit unless the number of out-of-town attenders, speakers, and honored participants is less than 50.

However, the number of participants from local districts, in this case the "suburban area" of Boston, is not limited. The Institute wishes to abide by the policy of limiting the number of attenders from distant places, and hopes that students may not invite guests from outside the local area if it involves use of public transportation or hotel rooms.

Newly Initiated Pt. System Is To Be Investigated

Class elections for the Classes of 4-45, 2-46, and 10-46 have been approved by the Institute Committee for Wednesday, May 30. After a lengthy discussion at yesterday's meeting, the solons also decided to hold elections for Junior Prom Committee representatives for the Class of 4-47 on the same date. This latter provision means that the Classes of 10-46 and 2-47 will hold a joint Junior Prom during the full term of 1945, when the former will be upper and the latter lower Juniors.

A committee was appointed to investigate the newly reorganized point system, since during the past few weeks there has been some question of the fairness of some of the point allocations. The members of the special committee are: S. James Goldstein, 2-46; George A. Ley, Jr., 2-46; Clinton H. Springer, 6-45; John S. Howkins, Jr., 6-45; and Stephen W. Moulton, 6-45.

The revised constitution of Agenda, the dormitory Sophomore honorary, was discussed, but action was postponed until the next meeting to allow the members to compare the old and revised constitutions of the society.

Faculty Changes Are Announced For Next Year

Five Men Promoted To Full Professorship; Eight Plan To Retire

The advancement of five Technology Faculty members to full professorship at the beginning of the next academic year and the retirement of eight men who have served the Institute for a total of 300 man-years were among the staff changes announced last night. The new professors are Robley D. Evans, department of Physics; Henry G. Houghton, Jr., and Hurd C. Willett, department of Meteorology; John R. Loofbourouw, department of Biology; and B. Alden Thresher, department of Economics and Social Science. Professor Houghton was

Dudley Appointed Editor Of "Review"

Fassett Leaves Journal To Take Carnegie Post

Appointment of Beverly Dudley of Chicago, western editor of Electronics magazine, as editor of The Technology Review was announced yesterday by Dean Harold E. Lobdell, publisher of the magazine, official journal of the Alumni Association of the Institute. Mr. Dudley, on June 30, will succeed Prof. Frederick G. Fassett, Jr., who has served as editor of the Review since January, 1939. Professor Fassett has been named director of the office of publications and public relations of the Carnegie Institute of Washington.

A graduate of Technology in 1935, Mr. Dudley has been associated with the McGraw-Hill Publishing Company for the past nine years, having served since 1936 as assistant and associate editor, managing editor, and western editor of Electronics. During the past five years, he has been technical consultant on book manuscripts for the McGraw-Hill Book Company, and will continue
AT LAST

It is indeed gratifying to learn that the Combined Professional Societies have at last taken advantage of the opportunity to reorganize offered them so many months ago by the Institute Committee. Obviously some men with a little drive and initiative have gotten behind the organization to revitalize it and to start it once again as an active society. They deserve credit for their efforts, as late as they may be.

When the Institute Committee gave the organization provisional Class A status and a seat on the Committee it was assumed that the Combined Professional Societies were reorganized and would assume their seat immediately. Months passed, no representative appeared, and nothing was done to reorganize the society. It was claimed that first one and then another of the individual professional societies was obstructing the reorganization of the combined organization.

In typical fashion the Institute Committee did nothing to investigate the delay. They had conferred recognition on the organization and, as far as they were concerned, that would be the extent of their interest in the matter until the group's year-long probation period was over. No move was made to withdraw the recognition when it became evident that attempts to get the society going reached a standstill. The blame for the long delay must be placed in part on the Institute Committee for its lack of interest in the matter. The group should not have been given even probationary status until its reorganization was completely finished, but, even after giving the group premature recognition, the Institute Committee should have and could have kept it from lapsing into inactivity by showing a little interest and by lending a helping hand in getting it going. The affair of the Combined Professional Societies serves to illustrate the lackadaisical attitude which must be eliminated if we are to have a student government worthy of the responsibilities vested in it.

Every unit ties in by telephone to report on contact between companies, and to discuss the next move.

That means combat telephone wires must be laid down with every forward push. And communications crews must work continuously repairing the breaks in lines torn by tanks and amphibians and blasted by artillery and mortars.

Our Armed Forces still have urgent need for huge quantities of communications equipment of all kinds. That's why there is a wait for home telephone service.

"Service to the Nation in Peace and War"
Tech Track Team Owes To Andover
Touts Here Tomorrow
For Third Meet Of Year

The varsity track team yielded three thirds in the lows. Crimmin, Chap-ian and 200. In the hurdles M.I.T. tied for first in the broad jumps and thirds won by Andover as they beat the Harvard third crew and Kent School over the rough, windswept Henley.

Tech predominated in the distances because of a pulled muscle. Thus took only thirds in the 200 and 400. In the hurdles M.I.T. scored about evenly. Kornreich, Pear, and Dickinson gave the home field once more when it was they, who was confined to the lines because of a pulled muscle.

Tech Track Team
headed. Harvard again nipped the Tech boat by several feet to take second. Earlier in the afternoon, the Tech fourth boat supplied the only Engineer victory of the day as they beat the Harvard third crew and Kent School over the rough, windswept Henley.

Tech Varsity Improves

This week, has shown a marked improvement in the Tech varsity. The boat although having rowed as a unit only two weeks has indicated that it is capable of much better results than it showed last Saturday. Wednesday in a time trial over the course, the crew turned in their best time of the season as they finished many lengths in front of the other shells.

The lineups of the three varsity and Tech V. E. eight follows:

B. K. Volleyball Tournament Starts

This past week the first round of the Beaver Key volleyball tournament was run off. Half of the games scheduled were won by forfeit, while one game was not played. The results so far are as follows:

Delta Tau Delta forfeited to the Turkish Students; Dorm 4 forfeited to Sigma Nu; Chinese Students forfeited to Wood Dorm; Sigma Alpha Mu whipped the Deks, 24; the Lenox Club took the 5:15 Club, 2-1; Phi Kappa topped Phi Beta Epsilon, 20; the Filis defeated Sigma Chi; Theta Delta Chi defaulted to Delta Upsilon; Theta Chi was won by forfeit from Theta Xi; and Phi Kappa Sigma beat Munroe, 2-0.

The second round will be played off next week according to the following schedule: the Turkish Students will meet Sigma Nu, May 7; Wood Dorm will play the winner of the coming Chi Phi-Sigma Phi Kappa match, May 7; the Latin American Club meets the Sammies, May 7; the Lenox Club meets Phi Kappa, May 9; Phi Gamma Delta meets Delta Upsilon, May 9; Theta Chi meets Phi Kappa Sigma, May 9.

There are several other first round games to be played this Saturday. S.A.E. meets Phi Mu Delta; A.T.O. meets Hayden Dorm; Kappa Sigma plays Delta Psi; and Phi Delta Theta will play Pi Lambda Phi at a time as yet undetermined.

Lacrosse Team Loses Two, Plays Cadets Tomorrow

The lacrosse team met defeat twice during the past week, falling last Saturday before Exeter, 12-7, and sinking before Tufts by the score of 18-7. Tech's standing in the five games played thus far this season is now two wins, two losses and a tie. Tomorrow the team faces West Point on the cadets' field.

Tech Tars Bow To Coast Guard

Sharpe Trophy Meet
At Brown Sunday

After defeating the sailors from the Naval Academy on the Charles, last Saturday the Tech dinghymen were edged by a strong Coast Guard Academy team in the George Owen Trophy Regatta, held on the Cadets home waters. Although there were nine colleges entered in the race, it was apparent from the start that the trophy would fall to Coast Guard, M.I.T., or Navy. Chuck Bloomer, Leigh Britz, and Al LaFountain skipped for Tech.

This Sunday, the team will compete at Brown for the Sharpe Memorial Trophy. Eight colleges are slated to race with Coast Guard and M.I.T. again the leading contenders. Tech's skippers are out to avenge the defeat handed them in last Sunday's regatta.

A practice meet was held with the dinghymen from Phillip's Academy of Andover, this last week. All of Tech's skippers saw action, thereby themselves for the big race this Sunday.

Professional Soc.
Elects Officers

Last Monday, April 30, the Combined Student Professional Societies met to renovate this student function by means of a complete reorganisation and selection of offices. The personnel of the society is composed of the chairman and vice-chairman of each member society at M.I.T. The express purpose of the organization is to foster cooperation between the student societies and act as liaison with the Institute and the Walker Memorial Committee.

Senior Week Plans Disclosed
Traditional Banquet, Festival, Will Be Held

The program of Senior Week activities for the Institute's 79th graduating class was announced this week by member of the Senior Week Committee. The program will extend over 5 days starting on Thursday, June 21 at 6:30 P.M. with the Senior Banquet which will be held in the Empire Room of the Hotel Vendome. The Senior Ball is scheduled for 8:00 P.M. Friday, June 22 on the Parker House Roof. Class Day Festivities will begin on Saturday at 2:00 P.M. in the Hall of the New England Mutual Bldg., and will be followed up at 4:00 P.M. by a Faculty Tea in the Charter Room of the same building. Later that evening at 7:00 P.M. an Alumni Banquet will be held at Hotel Statler. Pictures of the Senior Class will be taken on the Great Court on Sunday, June 24 at 2:15 P.M. In case of rain these pictures will be taken in the Walker Memorial Gymnasium.

Morrus Hall will be the scene of the Baccalaureate Exercises, not Mount Vernon Church as was implied in last year's issue of The Tech. The Baccalaureate Exercises will begin at 3:00 P.M. with Reverend Carl Heath Kopf, Minister of the Mount Vernon Church, conducting the services. On Monday, June 25 at 10:30 A.M. Seniors will form for the graduation ceremonies at New England Mutual Hall. At 11:00 A.M. the graduation exercises will begin; Captain Dushell L. Madelina, Director of Training for the Bureau of Naval Personnel in Washington, will deliver the Commencement Address.

Prof. Guillemin To Speak
At A.I.E.E. Dinner Meeting

On May 11, at 6:00 p.m. the M.I.T. branch of the A.I.E.E. is holding a faculty-student dinner meeting. Pittchard Hall has been reserved for the occasion.

Prof. Ernst A. Guillemin of the Electrical Engineering department is to be the after-dinner speaker at this meeting which is designed to bring faculty and students into a closer relationship than that provided by regular classroom work. Further information can be obtained from the Branch Office (Room 19-206) or the Electrical Engineering Headquarters.

ELECTION INFORMATION

Nomination blanks for the May 20 class elections must be turned in at the Information Office, Room 7-111, between 9:00 A.M. on Wednesday, May 23, and 1:00 P.M. on Thursday, May 34. Blanks, which are obtainable now at the Information Office, require 25 signatures. They must be accompanied by a 200 word statement of policies and plans, an M.I.T. activity record in tabular form, a cumulative rating, and a 4x5 full-face photograph (optional). The officers to be elected are as follows: For the Class of 64-65, permanent President, permanent Secretary, and 3 Marshals; for the Class of 2-66, President, Vice President, Secretary-Treasurer; and 10 Senior Week Committee Members; for the Class of 19-66, President, Vice-President, Secretary-Treasurer, and 5 Junior Prom Committee Members; and for the Class of 2-67, 5 Junior Prom Committee Members.

The Elections Committee has also announced that a meeting of Sophomore who wish to try out for the committee will be held on Thursday, May 10, at 5:00 P.M. in the Litchfield Lounge.

International Clubs To Sponsor Festival
Program To Feature United Nations Theme

A combination of internationally minded groups from Technology and other Boston area college groups are sponsoring the “Cosmopolitan Festival” this Saturday evening in Morris Hall of the Walker Memorial.

The purpose of the festival is to promote good feeling between American and foreign students and to get these groups together socially. The program is being supported by Boston area students from over 25 foreign countries.

From 4:00 P.M. to 8:00 P.M. the program will consist of music by a Latin-American orchestra and entertainment by students of various national groups, including India, Turkey, and the United States.

Tech Night At The Pops, Tickets Going Fast

About 80 per cent of the tickets to Tech Night at the Pops, which will be held Saturday, June 2, has been sold. A few tables and seats are still available, however. All table seats and first box seats will be reserved for students at Institute. Tables and the first box of the balcony cost $1.75 per person. The remaining balcony seats cost $1.25 and 85c. Arrangements for the Tech Night were made by the Institute Committee.

Those who have already reservations should pick up the tickets next Tuesday evening, between 11 A.M. and 1 P.M. in the lobby of Building 10, and tickets not picked up by that time will be re-sold.

When he received his doctorate from Harvard, he is the author of many papers on mathematics, meteorology, and analysis. Professor Kurre who received his doctorate from Johns Hopkins, will now be teaching in the department of Modern Languages, on the staff of which he has served since his joining the Institute faculty. Professor Page has been a member of the staff physics since his graduation from Brown University in 1902. Professor Page is an alumnus of Brown and a member of the faculty of the Institute since 1904. He is a long-time member of the staff in the department of Physics and has been professor of Physics and member of the Institute faculty. Professors Smith, and Page are members of the staff in the department of Aeronautical Engineering.

Eight Professors To Retire

Reverting with the title of professor emeritus at the end of the present school year are the following long-time members of the staff: Professors Frank L. Hitchcock, Herman R. Kurrleumeyer, Newell C. Page, Charles H. Porter, Jesse J. Sanborn C. Brown, Martin Deutsch, James V. Eppes and Robert Flunkett, department of Mechanical Engineering; Metcalf K. Ku and Robert C. Seamans, Jr., department of Aeronautical Engineering; Ernest E. Lockhart, department of Biology; and Walter W. Robertson, department of Naval Architecture and Marine Engineering.

Newly appointed assistant professors who will join the Institute faculty are Dorwin Cartwright, department of Economics and Social Science; Nicholas J. Grant, department of Metallurgy; Roland B. Greeley, School of Architecture and Planning; and Alfred F. Kip, department of Physics.

Advanced to the rank of instructors are Hendrik Bruynes and Cyril M. Harris, department of Physics; Cyrus H. Kano, department of Aeronautical Engineering; and Raymond C. Stackle, department of Meteorology. Newly named instructors are Victor Howes, section of Graphics; and John F. Hutzenlaub, department of Aeronautical Engineering.
