

Holland Accepted As New Budget Com. Chairman

Solons Approve Dorm. Comm., Musical Clubs, Nautical A. Elections

Norman N. Holland, 2-47, was approved as Chairman of the Budget Committee at the Institute Committee meeting of Thursday, November 15. Approval of other elections constituted the major portion of the business.

Edwin T. Bean, 2-46, was elected to the Executive Committee of the Institute Committee. David G. Black, Jr., 2-46, was approved as Chairman of the Dormitory Committee, while David McK. Denzer, 2-46, and Claude W. Brenner, 2-47, were accepted as Secretary and Treasurer, respectively.

The election of Peter L. Richman as Business Manager of Voo Doo was okayed. The following officers of the Nautical Association were also approved: Daniel W. Greenbaum, 2-47, as Commodore; Stephen B. Hunt, 2-47, as Vice-Commodore; Watt W. Webb, 2-47, as Secretary; and Charles M. Hunt, 10-46, as Treasurer.

Donald DeWitt was accepted as Institute Committee Representative for the Class of 2-47; and Richmond was approved in the same capacity for the Class of 10-46 until an election can be held.

The motion to make the M.I.T. Outing Club a Class A activity was automatically tabled. The election committee motion which causes anyone signing his name twice on the same nomination blank to lose his vote was passed.

Charles Dobony, 2-46, was approved as President of the M.I.T. Musical Clubs, Robert P. Fried, 2-46, as Secretary, and Richard J. Steele as Treasurer.

The Institute Committee Representatives for the Classes of 2-47 and 2-48 are to be elected by the Executive Committees of their classes.

The change in the Constitution of the American Association of General Contractors which allows any student who is taking a Course XVII subject to become a member of the association, was approved. Formerly only a student enrolled in Course XVII was eligible for membership.

The activities will give their reports in the following order: Class A activities; Musical Clubs, Inter-Fraternity Conference, Dormitory Committee, and Technique; Class B activities; Drama Shop, Association of Women Students, Agenda.

The roll call showed Edward S. Hill, 2-46, William C. Cahill, 2-46, and Willard J. Boston, 2-48, absent.

The Tech Engineering News report was given by Sydney S. Smith, 2-47. A rapid expansion was shown in staff numbers. In June the staff was down to seven members; at present there are thirty-six.

Tau Beta Pi Holds Junior, Senior Initiation Smoker

Tau Beta Pi, national honorary engineering fraternity, will invite eligible members of the Senior and Junior classes to their smoker, which will be held on Monday, November 26, at 5:00 P.M. in the 5:15 Club Room. Marshall J. Corbett, 2-46, who was elected president of the fraternity at the last meeting of last term, will preside.

Initiations are held near the beginning of each term. To be eligible for Tau Beta Pi it is necessary to be either a senior ranking scholastically in the class's upper fifth or a junior in the upper eighth.

New Students Hear Compton

President Emphasizes Attitude Toward Work

Emphasizing that Technology is "a place for men to work, and not for boys to play," President Karl T. Compton greeted the new undergraduates at the Institute in a special meeting held Wednesday at 5:00 P.M. in Huntington Hall.

Dr. Compton mentioned several of the contributions to war research and development projects which were made at and by the Institute. Despite the detrimental effects of crowded conditions, Technology carried on extremely well during wartime.

The new men were told something of "the Tech on Boylston Street" and were given other insights on the history and growth of the Institute since the days of William Barton Rogers, its first president, in the eighteen sixties.

Black Is Chairman Of Dorm Committee

Denzer, Brenner Made Secretary, Treasurer

In an all-dormitory election held at the end of last term, David G. Black, Jr., 2-46, was chosen Chairman of the Dormitory Committee to fill the vacancy left by Theodore R. Blakeslee, 2nd, who graduated. The post of Secretary was also left empty by the graduation of Alan R. Gruber, 10-45, and the Committee selected David M. Denzer, 2-46, to fill the position. The newly elected Treasurer is Claude W. Brenner, 2-47. At its meeting yesterday the Institute Committee approved these elections.

Openings in various sub-committees of the Dormitory Committee were filled at the Tuesday meeting. William L. Hatton, 10-45, was chosen to replace James B. Pickel, 10-45, who resigned as Dining Service Chairman. Robert G. Marcey, 10-47, became Dance Chairman after the resignation of Norman N. Holland, 2-47; and Jay S. Salz, 2-47, is the new Dinner Chairman.

Glee Club To Hold Concert Sat. Night

Sings With Bradford College Choral Society

For its first concert of the fall term, the Glee Club will act as host to the choral society of Bradford Junior College, tomorrow evening at 8:00 P.M. at the Longwood Towers in Brookline.

The Club will be under the baton of Mr. Henry Jackson Warren for the first time in three-and-a-half years. Mr. Warren who became the Glee Club director in 1937, left in June of 1942 for war work, and has been on leave of absence ever since. During the interim Mr. George Sawyer Dunham took over the directing chores.

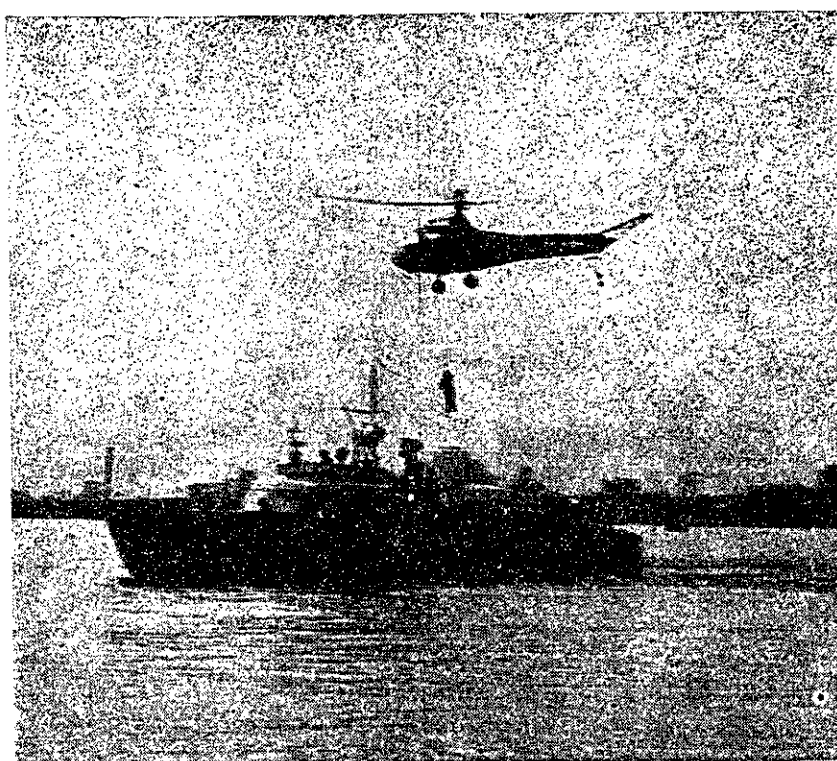

The two groups will open the program tomorrow with "Now Let Every Tongue" and "Jesu, Joy Of Man's Desiring." The M.I.T. repertoire includes such pieces as "Here Comes The Band" by Oscar Strauss, and three liting sea chanties besides two Latin pieces in heavier vein.

Concert Open To All

The concert is open to all who wish to attend, and there is no admission price. Following the concert a dance will be held for members of two clubs only and music will be provided by the Tectonians.

Morss Hall Scene Of Fall Frolic; Tickets Are To Be Sold At Door For Tech Co-ed Sponsored Hop

AIR-SEA RESCUE

Shown above is the air-sea rescue which was staged in the Charles River Basin during the recent "Victory in Science" exhibition. Despite inclement weather, the show attracted over 80,000 persons, according to an estimate made by Institute officials. Close to 100 members of the professional societies acted as guides during the three day show.

400-450 Couples To Dance to Music Of Tectonians

Tickets are still available, and will be sold at the door for the first annual "Fall Frolic," an informal all-Tech dance sponsored by the Association of Women Students. At time of writing 350 tickets have been sold, and it is expected that the total, including tickets sold at the door, will come to 400 to 450 couples. The price of tickets is \$2.40 per couple, and the price of admission includes refreshments. The "Frolic" will be held tonight in Morss Hall of Walker Memorial from 9:00 P.M. to 1:00 A.M., and music will be supplied by Tech's own Tectonians.

The list of chaperones for the affair includes Mrs. Karl T. Compton, Dean and Mrs. Harrison, Dr. and Mrs. G. G. Marvin, Mrs. Margaret Alvord, and Mr. Gerald Putnam.

The all co-ed Dance Committee is composed of Dorothy C. Fisher, 6-45, Chairman; Eleanor P. Collins, 2-46, refreshments; Mary F. Penney, 2-47, finances; Elaine M. Bickford, 6-45, decorations; Hester M. Stickle, 2-47, chaperones; Margaret I. Backer, 2-48, orchestra; Geraldine R. Sapolsky, 2-48, tickets; Betty L. Bunte, 2-46, posters; and Constance M. Jahn, G, entertainment.

Morss Hall has been decorated in the spirit of fall, and an entertainment program has been planned for the intermission.

Vets Association Holds Organization Meeting On Wed.

Dean Lobdell To Speak On Institute's Efforts In Giving Aid To Vets

The M.I.T. Veterans Association is holding its first meeting of the term Wednesday, November 21, at 5:00 P.M. in Room 6-120. Dean Harold E. Lobdell will be the featured speaker.

The main purpose of the meeting is that of organization; it will also, however, provide a chance for newly entered veterans to become fully acquainted with the association. Dean Lobdell will discuss the Institute's efforts to aid returning veterans, including the veteran's housing project, and proposed loans and scholarships for veterans.

At the next meeting sometime in the near future, the M.I.T.V.A. plans to have as guest speaker Mr. J. F. Welch of the Boston Veterans Administration, who is in charge of the rehabilitation of Veterans at Technology. He is to discuss the government's efforts to aid veterans who are returning to college, and will be able to answer questions on pensions, loans, and the G.I. Bill.

The Veterans Association was organized at the end of last term at which time it functioned actively with forty members. Its activity and plans for this term depend on the response given by the new veterans at this first meeting. At present the organization has an office in Room 3-432 (inside Room 3-440) where some member is on duty from 2:00 to 4:00 P.M. Monday through Friday to give veterans information, and aid with their problems.

J. P. Options Again On Sale Next Week

Free Redemptions Will Be Drawn In Two Weeks

The drawing for the three free Junior Prom redemptions, as announced in last week's issue of *The Tech*, has been postponed until the week of November 26 so that all those who purchase options by Wednesday, November 21, will be eligible for the drawing.

Options will again be on sale Monday, November 19, through Wednesday, November 21, from 10:00 A.M. to 2:00 P.M. On Wednesday those who purchased options through the Bursar's office may pick them up at the Junior Prom sales desk in the Lobby of Building 10.

Due to limited space, this will probably be the last chance to buy options.

The Junior Prom will be held on Friday night, January 18, in the Imperial Ballroom of the Hotel Statler. Fraternity parties are scheduled for the following night. According to Richard J. O'Donnell, 2-47, chairman of the Junior Prom Committee, it is to be stressed that all events of the J. P. week-end are open to the Institute's entire student body.

Admiral L. Combs To Deliver Speech On Seabees Today

The talk on Seabees is to be delivered in Huntington Hall, Room 10-250, this afternoon at 4:00 P.M. by Rear Admiral Lewis B. Combs, Assistant Chief of the Bureau of Yards and Docks of the United States Navy, and not on November 9, as specified in the last issue of *The Tech*.

This address is being presented under the auspices of the students of the Department of Building Engineering and Construction who are members of the student chapter of the Associated General Contractors of America.

Admiral Combs is expected to describe the organization of the Seabees and to reveal some of their hitherto unknown exploits. The Admiral's talk is to be supplemented by motion pictures of the Seabees in action during the Aleutian Campaign.

This meeting is to be open to all members of organizations comprising divisions of the building industry,—architects, engineers, and contractors.

Cosmopolitan Festival to be Held On December 1 in Walker Mem.

Exhibitions, folk dancing, and music of various foreign countries, and a dance in the evening, will highlight this year's Cosmopolitan Festival, which is to be held in Walker Memorial on Saturday, December 1, between 4:00 P.M. and midnight.

The Festival is divided into three parts: variety entertainment from 4:00 to 6:30 P.M., dinner in Pritchett Hall from 6:30 to 8:00 P.M., and dancing in Morss Hall from 8:00 P.M. until midnight.

Another feature of this part of the program will be a number of foreign costumes worn by designated persons. Any guests who wish to follow suit in this respect are encouraged to do so.

Dinner is to be served in Pritchett

Hall at 6:30 P.M. at a cost of 95 cents per person.

The dance will be held in Morss Hall from 8:00 P.M. until midnight, with Ken Reeves and his orchestra playing. Both stags and couples are to be admitted. Girls from Wellesley, Pine Manor, Radcliffe, Wheaton and Emerson colleges have been invited.

Tickets, which are to go on sale Monday in the lobby of Building 10, cost \$2.20 per couple, or \$1.40 per person. This does not include the price of dinner. For the convenience of dormitory residents, tickets may also be purchased from Rama Chatopadhyaya, Atkinson 401; Moha S. Kirpalani, Munroe 206; Victor deMello, Walcott 504, and Chandra B. Saran, Walcott 211.

MITOC Attends Square Dance

Other Events Planned For Immediate Future

A year and a half ago, we discovered that no one would listen to *The Lounger's* comments, and even *The Tech* had no time for us in its war-time issues, so in a great sulk we hiked himself over to his favorite haunt, the Lounge Bar, and fell asleep over his Moxie. Last week end, however, we awoke just in time to see the great M.I.T. "Victory In Science" show, and also just in time to have our comments ready for the first large-size issue of *The Tech* since last June but one.

The first thing we would like to bring to his reader's attention is the great compliment paid *Tech* by General Eisenhower in his Monday night radio address. General "Ike" commended Dr. Compton and M.I.T. on the remarkable job of war research conducted here, and said that he wanted to help the Institute in its Bond Drive. We immediately went over to Charlie-The-Tech Tailor and had our vest buttons resewn.

After seeing the fine "Victory in Science" display, we decided to turn inquiring reporter, and find out if others of the "Tech family" agreed with him that the show was well-done and worth while. So now we present some of the answers to his questions in what is considered to be a pretty fair cross-section of campus opinion.

Edwin A. Schlang, 6-46: I enjoyed the show, but I was particularly amazed at the rapidity and efficiency with which the Quartermaster Corps erected and conducted the exhibit.

Frank J. Heger, 2-47: The display on the whole was disappointing. There was little that was really new or exciting, though the flame-throwing tank was something I hadn't seen before.

John W. Kunstadter, 2-48: The Van de Graaff generator gave me a large charge.

Cpl. H. M. Stange, Connellsville, Pa.: I worked on the show, and I thought that it went up pretty fast and had the best bunch of workers I've seen in such an exhibit yet. Outside of the weather everything went along pretty well, and all of us concerned with the show enjoyed Boston very much. This has been the best time I've had since I joined the Army.

Mr. Herbert L. Perry, dormitory office: I think for the layman the Miracle Harbor tent was most easily understood. The two British majors gave an excellent description of the invasion, and the events leading up to the construction of the harbor. **Anthony D. Filardi, 10-45:** I disliked two things. One was the

Leslie Junior College, a new member of the Intercollegiate Outing Club Association, will hold its first square dance tonight from 8:00 P.M. to 11:00 P.M. at Oxford Hall, 45 Oxford Street, in Cambridge. The dance will be called by Richard L. Best of Tech, and the M.I.T. Outing Club is expecting at least thirty-five to turn out for the affair.

A rock climbing trip to the Quincy Quarries, one of the last of the year, will be sponsored by the Outing Club on Sunday, November 18. The trip will start from the steps of Walker Memorial at 9:30 A.M. and beginners are especially invited to come along. This trip will take the place of a bike treasure hunt to Wellesley which has been canceled.

weather, and the other was the ruining of what little campus we have.

Marcus Elder, dormitory porter: There were many interesting things to observe at the exhibit, and there wasn't time enough to see everything, but I found the helicopter operation, the Navy fire-fighting demonstration, and the aeroplanes on exhibit most noteworthy.

Professor William C. Green, Department of English and History: The best thing at the display was the movie of how a plane is landed by radar. The scenic effect of the quartermaster section was a little out of scale for what they had to

Agenda Conducts Survey Of Frosh

Honorary Dorm. Society Elects Seven New Members

The Agenda, a Dormitory Sophomore Honorary Society, has elected the following students into its organization: J. David Cist and Frank Hellebrand of class 10-47; Robert Crane, R. Clark DuBois, Andrew Pfeiffenberger, Eugene Skolnikoff and Joseph Yamron, all of class 2-48. The initiation of these new members will take place sometime in the near future.

A canvass has been made of all the first and second term freshmen in the dormitories and they have been requested to print their name, home town, and course on a green card to be placed on their respective doors. A future canvass of these same freshmen is planned to determine their interests in the various Institute activities and organizations. The information gained from this survey is to be placed at the disposal of the interested organizations.

demonstrate. In general, however, I am not impressed by machines.

Norman N. Holland, 2-47: The show was good except for that blankety-blank jet engine and those Army trucks with racing engines outside my window which kept me from sleeping the whole week end.

Hester M. Stickley, 2-47: I observed the air-sea rescue from the roof and it was most exciting to view it from this quarter.

The other day we noticed that there were copies of *The Wreck*

Station WIMX To Operate On 2 And 10 Meter Bands

With the announcement by the Federal Communications Commission that new amateur bands at five and 10 meters would be open starting yesterday, members of the Radio Society voted at the last meeting to establish a transmitter for WIMX on the 10-meter band, and to continue to operate at two meters. The meeting was one of the regular Tuesday meetings held in room 10-26 at 5:00 P.M.

Elections will be held next Tuesday. Principal business is to elect a president to succeed Leigh A. Brite, 2-46, who is retiring, however, elections for all positions will be held.

The society is currently sponsoring code classes on Monday, Wednesday, and Friday afternoons at 5:00 P.M. in 10-267. About six persons are attending. These classes are open to all interested.

being sold around the Institute. Upon investigation, we learned that this rag is put out every once in a while, sometimes by *The Tech*, sometimes by another publication, the name of which we shall not mention, but whose initials are V.D. However, we must give credit for this issue to the latter publisher. In spite of what the General Manager thinks, we think it was a good issue.

And while we are giving credit, where credit is due, we would like to credit to the publication referred to above, whose initials are V.D., with selling (or should we say 'being able to sell') some back issues of *The Tech*—issues of 1944, to be exact.

Annual Dance Held On Dec. 1 At Wheaton

The fourth annual acquaintance dance with Wheaton College will be held on Saturday night, December 1, between 8:30 P.M. and 11:15 P.M. at the Student Activities Building at Wheaton. All Technology students are invited, and about 125 Wheaton freshmen will be present.

The signup list will be posted in the T.C.A. office on Monday. Only expenses \$1.66 are for train and bus fare. The train leaves South Station at 7:30 P.M., Back Bay at 7:34 and arrives at Mansfield where it connects with the bus at 8:11 P.M. The return train leaves Mansfield at 12:09 A.M. and arrives at South Station at 12:45 P.M.

A smoker for all freshmen and others interested either in the T. C. A. or Boys' Work is to be held in the T. C. A. office on Friday, November 23.

Of the \$1100 pledged in the recent T. C. A. Drive, over \$300 remains unpaid. The T. C. A. requests that these pledges, which were payable on or before November 10, be paid as soon as possible either in the T. C. A. office or in the cashier's office.

The Wellesley College Christian Association and the Wellesley College Forum are jointly sponsoring an intercollegiate conference at Wellesley on Saturday, December 1. The subject will be "Reevaluation of World Organization in an Atomic Age."

The First Church of Christ, Scientist

Falmouth, Norway and St. Paul Sts. Boston, Massachusetts

Sunday Services 10:45 a.m. and 7:30 p.m.; Sunday School 10:45 a.m.; Wednesday evening meetings at 7:30, which include testimonies of Christian Science healing.

Reading Rooms—Free to the Public, 8 Milk St.; 14 Boylston St., Little Building, Street Floor; 1316 Beacon Street, Coolidge Corner. Authorized and approved literature on Christian Science may be read or obtained.
