New Students Hear Compton

President Emphasizes Attitude Toward

Explaining that "Technology is for men to say "boy to" boys," President Karl E. Compton greeted the new undergraduates at the annual "Fall Frolic," an informal meet of all registered students of the Association of Women Students. At time of writing bit tickets had not been sold, and it is expected that the total, including tickets sold at the door, will come to 500 to 600 couples. The price of tickets is $2.00 per couple, and admission includes refreshments. The "Frolic" will be held tonight in Mors Hall of Walker Memorial.

400-150 Couples To Dance to Music Of Technicians

TICKETS ARE TO BE SOLD AT DOOR For Tech Co-ed Sponsored Hop

MITOC Attends Square Dance

Other Events Planned For Immediate Future

Leslie Janes College, a new mem-
ber of the Intercollegiate Outdoor
Club Association, will hold its first
dance tonight from 6:45 P.M.
3:00 A.M. on Oxford Hall, 45
Oxford Street, in Cambridge. The
dance will be called by Richard T.
Best of Tech, and the M.T. Out-
door Club and Executives will be
expected to turn out for the affair.
A rock climbing trip to the
Quintonary, one of the last of the
year, will be sponsored by the
Outdoor Club on Sunday, November
21. The trip will take place at the
top of Walker Memorial at 3:30
A.M. and beginners are especially
invited to come along. This trip
will take place of a hike treas-
ured by many students and will
be a pretty fair cross-section of
the exhibition.

Edwin A. Schabec, 6-46: I enjoyed
the Meteorology display. It was
amazed at the rapidity and effi-
ciency with which various research
institutions carried on and conducted the exhibit.

Frank A. Hege, 5-47: The display on
the whole was disappointing. There
were a few things that was really
interesting, but the flame-throwing
robot, the Electrohome exhibit, and the con-
struction of the various exhibits was
some of the most exciting.

Marcus Elden, dormitory porter:
There were many interesting things
displayed at the exhibit, and there
wasn’t time enough to see the whole
thing. The Navy Lightning-machine,
the Operator came with the
projector and he made a good
job of it.

John W. Konstadter, 2-46: The Fine
Arts Department gave me a good
charge.

Capt. H. M. Saints, Conneticut.
I worked on the show, and I thought
that it was pretty well put up, and
knew the first few weeks of work
I’ve been in service. I’ve always
thought that everything went along pretty well, and
all of our efforts were worth it, the
show was a success.

Mr. Horbert L. Perry, dormitory of-
fice. I think for the layman the
Institute of Technology was never
understood. The two boys making
an excellent display of the langu-
ages and the events leading up to
the construction of the building. At
least the boys worked hard.
