

Class Elections Wed. In Bldg. 10 Five Classes Voting; Polls Open 8:30 A.M.

Nominations of candidates for class offices in the classes of 2-48, 6-46, 10-46, and 2-46, as well as the Junior Prom Committee of the class of 10-47 were closed yesterday afternoon at 1:00 P.M. The election will be held in the Lobby of Building 10 next Wednesday, February 6. The polls will be open from 8:30 A.M. until 5:20 P.M.

The names of the nominees will be found elsewhere on this page. Due to their small size, the Classes of 6-46 and 10-46 are holding a combined election of officers.

All members of the voting classes are urged to vote, according to Roger Bart, 2-46, chairman of the Elections Committee. In past elections 60% of any class has been the maximum percentage voting, and this figure has gone as low as 30%.

Nominees' pictures and Institute records will be posted near the election booths on election day for the convenience of those voting. Each nominee's platform will also be posted for inspection.

The Elections Committee announced last night that one member of the Class of 2-46 lost his right to vote in the election by signing two nomination blanks for the same office.

Alumni Association Holds Dinner For 2-46, 6-46, 9-46

The Alumni Association is holding its annual "Stein on the Table" dinner as part of the Senior Week program at the Hotel Statler, Boston, on Saturday evening, February 23, for the members of the Classes of 2-46, 6-46 and 9-46.

It was announced by Professor Charles E. Locke, Secretary of the Alumni Association, that every effort has been made to include all students who are expecting to leave Technology at any time during the year prior to December 31 and who have not attended a former banquet. If any students of these classes fail to receive an invitation, they should call at the Alumni Office, Room 7-202.

International Club, East-West Merge

The Technology International Club and the East and West Association have merged and are now known as the M.I.T. International Association. The Association held their first meeting yesterday afternoon at 5:15 P.M. in Room 4-370 to elect the officers of the Executive Committee.

The officers comprising the executive committee are as follows: President, Lewis T. Mann, Jr., 6-46; Chairman of Cultural Activities, Bernard Chertow, G; Chairman of Social Activities, Donald E. MacNair, Jr., 2-48.

Paid-up members of both of the former clubs will be carried over as members of the new club, and their membership dues paid into either of the old clubs will be turned over to the new group.

Plans for the future activities include a dance to be held in Pritchett Hall, Walker Memorial, on March 9. This dance will be an acquaintance dance with girls from some of the local colleges.

WALKER DINING SERVICE REPORT

The following is a condensation of the report made by a sub-committee of the Institute Committee on the Walker Memorial Dining Service. The Managing Board feels that the report and the changes proposed by the Administration and the Dining Service, as outlined below, are of sufficient importance to the student body, staff and Faculty to warrant as comprehensive coverage as possible and to that purpose, we are curtailing Editorial space.

On November 29, 1945, a petition was placed before the Institute Committee asking for an investigation of the Walker Memorial Dining Service. Being the governing student body at M.I.T., this committee felt itself responsible to comply with such a request, and immediately formed a subcommittee whose purpose was to make a detailed study of this matter.

This subcommittee felt that the words "detailed study" meant more than merely an investigation of existing complaints, and has therefore attempted to present a complete picture of the overall situation as it now exists. The result is then an evaluation, not only of the Walker Facilities in themselves, but also of their relative standing when compared with similar establishments.

A comprehensive survey was made by means of a questionnaire, which yielded a response from approximately 300 persons. They show, first of all, that the students questioned ate an average of 5.2 breakfasts per week in Walker of the 7 served, 5.1 lunches of 7 served, and 3.9 dinners of 5 served. On the basis of the estimate by Mr. A. W. Bridges that approximately one million meals were eaten in Walker last year, these figures indicate that about one half of these were eaten by dormitory residents.

Representative questions and responses are as follows:

	Excellent	Good	Fair	Poor
Quality of food	3%	24%	47%	26%
Choices offered per meal	1%	18%	35%	46%
Prices charged per item	1%	10%	32%	57%
Cleanliness of food, utensils, etc.	42%	40%	16%	3%

The following questions were then asked: (1) Taking the above items into account, do you feel that conditions at Walker, in general, are satisfactory? Answers: Yes, 12%; No, 88%. (2) Would you consider Walker a satisfactory dining place for your parents, visiting friends, etc.? Yes, 11%; No, 89%. (3) Do you think that ample and convenient facilities exist for you to eat elsewhere if you so desire? Yes, 19%; No, 81%. (4) What is your opinion of the effort that is made to maintain general conditions at as satisfactory a level as is possible? Excellent, 3%; Good, 14%; Fair, 42%; Poor, 42%.

The second survey taken was of the opinions of members of the staff and faculty. This was accomplished through personal interviews, and therefore the scope of this survey was a great deal more limited than that of student opinion. However, 15 members of the faculty and staff, chosen at random, were interviewed. This survey gave the following results: (1) Frequency of patronage of Walker Memorial Dining Service: Frequently, 30%; Infrequently, 70%. (2) Opinion of preparation of food: Satisfactory, 55%; Unsatisfactory, 45%. Opinion of quality of food: Satisfactory, 50%; Unsatisfactory, 50%. Opinion of general conditions: Satisfactory, 45%; Unsatisfactory, 55%.

A third step taken by the committee was to interview administrative officials of establishments similar to the W. M. D. S. in the Boston area.

(Continued on Page 2)

DINING SERVICE ACTION

With the presentation of the Institute Committee's report on conditions in the Cafeteria of Walker Memorial, the management of the Walker Memorial Dining Service has instituted a plan to correct the situations pointed out in the report. Mr. Albert W. Bridges, Superintendent of the Dining Halls, and Mr. Delbert L. Rhind, Institute Bursar, have made public the improvements which are being anticipated in the very near future.

The wishes of the student body and the faculty will be given primary considerations. are under way for peacetime reconversion by March 1.

The price lists will be revised as of February 1. Special emphasis will be placed on complete low-priced dinners, in the 50 to 60-cent range, for the evening meal; attention will also be given to lowering the prices for breakfast and evening plates, and items on the sandwich counter at noon, with the introduction of a selection of 10-cent sandwiches.

As soon as the abnormal market conditions improve, special evening a la carte meals of steaks, chops and lobsters will be placed on the menu. The Dining Service will continue to trade with only the best national supply houses.

Wofsey, Lehmann Head M.I.T.A.A. During Next Year

Webb Becomes Secretary; McBride, Treasurer; Publicity Job Vacant

Robert A. Wofsey, 2-47, was elected president of the Athletic Association at a meeting held Monday evening, January 28.

Other newly elected officers are: vice-president, Jack B. Lehmann, 2-47; and secretary, Watt W. Webb, 2-47. Robert E. McBride, 2-47, was appointed to the position of treasurer, and George S. Ahmuty, 2-46, equipment manager. The elections have to be approved by the Institute Committee.

To fill in the vacancy of publicity manager, the M.I.T. A.A. will hold a competition for this office. All those who are interested in applying for the position are requested to be at the A. A. office, Room 310, Walker Memorial, at 5:00 P.M.

The publicity department has announced that a new bulletin board will be put up in the corridor of Building 10 opposite the lost and found board. The board will list all coming athletic events.

Prof. T. Sherwood New Deputy Dean

Assists Dean Moreland In School Of Engineering

Appointment of Professor Thomas Kilgore Sherwood as Deputy Dean of Engineering, effective February 1, was announced yesterday by President Karl T. Compton. Dr. Sherwood will share with Dean Edward L. Moreland the academic administration of the twelve departments included in the School of Engineering and of the research programs associated with these departments.

Dr. Edwin R. Gilliland who accepted appointment last July as Deputy Dean of Engineering for a temporary period only, returns now, in accordance with his plan, as a full-time professor in the department of chemical engineering at M.I.T.

Professor Sherwood is a native of Columbus, Ohio, and was educated at McGill University, from which he received the degree of bachelor of science in 1923, and at the Institute where he took postgraduate work leading to the degrees of master of science in 1924, and doctor of science in 1929, in the field of chemical engineering. He was an assistant in chemical engineering for two years beginning in 1929.

Gen. Doolittle To Be Speaker At Graduation

Buracker Administers Oath To V-12 Grads; Pres. Compton Speaks

Lieutenant General James H. Doolittle, '24, who led the first raid on Tokyo and later commanded the famous Eighth Air Force, will make the commencement address at the 80th graduation exercises of the Institute in Symphony Hall, Boston, at 11 o'clock Monday morning, February 25, Professor Ralph G. Hudson, chairman of the committee on commencement, announced yesterday.

A feature of the graduation exercises will be the administration of the oath of office to a large group of members of the V-12 Naval Unit. The oath will be administered by Captain William H. Buracker, commanding officer of the naval training schools at the Institute. Dr. Karl T. Compton, president of the Institute, will make the traditional address to the graduates. The invocation will be given by Captain A. E. Stone, district Chaplain of the First Naval District.

Following the graduation exercises, President Compton will have as his guests for luncheon at the Algonquin Club members of the Class of 1896, fifty years after their graduation, as well as members of the corporation and guests of honor. In the afternoon at 3 o'clock the president's reception to graduates and alumni will be held at Walker Memorial.

Dr. Stoke Speaks at Baccalaureate

The baccalaureate service for the graduating class will be held in Walker Memorial at 3 o'clock on Sunday afternoon, February 24, and the baccalaureate address will be given by Dr. Harold W. Stoke, president of the University of New Hampshire. The service will be conducted by the Reverend Gardner M. Day, Rector of Christ Church, Cambridge, and the scripture reading will be by President Compton.

The activities of senior week will begin on Thursday, February 21, with the senior banquet at the Hotel Commander, Cambridge. The senior ball will be held on the evening of Friday, February 22, at the Hotel Somerset.

The traditional class day exercises will take place at Walker Memorial on Saturday, February 23, when Mr. E. Arthur Baldwin of Charlottesville, Va., will be the speaker for the fifty year class, and the twenty-five year class will be represented by Mr. Raymond A. St. Laurent of Manchester, Conn. The alumni banquet will be held at the Hotel Statler at 7 o'clock on the same evening.

New French Club Holds Hop Tonight

An Inauguration Dance, sponsored by the new French club, Cercle Francais, will be held tonight in Pritchett Hall at 8:30. Girls from Wellesley, Radcliffe, Katherine Gibbs, Jackson, Emerson and other Boston schools have been invited. Music will be furnished by the Techtonians, refreshments will be served, and entertainment will be provided.

Admission will be \$1.20, but members of the club will be admitted free.

The first general meeting of the Cercle will take place Friday, February 8. Mr. R. Wiener, director of the French Press and Information Service in Boston, will speak, and movies about the liberation of Paris and the reconstruction program in France will be presented.

NOMINEES FOR CLASS OFFICERS

CLASS OF 2-46 (Permanent Officers)		
President:	Herbert J. Hansell	Glen V. Dorfinger
Secretary-Treasurer:	Roger Bart James S. Craig	John A. Gunnarson Theodore P. Heuchling
Class Day Marshal:	Russell K. Dostal John A. Gunnarson	William H. Peirce
CLASSES OF 6-46 AND 10-46		
President:	Alexander E. Halberstadt	David G. Black, Jr.
Secretary-Treasurer:	Gabriel M. Ciccone	
Institute Committee:	David R. Herwitz	
CLASS OF 10-47		
Junior Prom Committee:	D. Dennis Allegretti Edward R. Allen, Jr. Lewis B. Baldwin, Jr. Albert I. Brayman Benjamin J. Brettler	Donald R. Eaton Gilbert S. Parker Peter B. Piccoli John W. Weil
CLASS OF 2-48		
President:	Paul R. Krasner	Garland S. Sydnor, Jr.
Secretary-Treasurer:	John Levedahl	Gene Skolnikoff
Institute Committee:	Jeremy B. Lewi Robert B. Truitt	Joseph Yamron

Veterans Choose Krasner President

Paul R. Krasner 2-48 as President heads the new slate of officers of the M.I.T. Veterans Association at their meeting held last Wednesday, January 30, at 5:00 P.M. in Room 6-120.

Other officers elected include: James Leahy, Vice-President; Alan Micheals, Secretary; Phil Pragar, Treasurer.

The following men were chosen to a Standing Committee and, together with the officers of the Association will form its Executive Committee: Marvin Byer, Charles Butterfield, Herbert Kurinsky, William Maley, 2-48, and William W. Powell, G.

Pragar was featured speaker, addressing the association as a member of the American Veteran Committee.

REPORT (Continued from Page 1)

First of all, it was determined that under similar supply circumstances, the establishments investigated were able to provide better quality food in a great many respects than the W. M. D. S. This was determined by inspection of menus, by sampling of meals, and by ascertaining types and grades of meats, vegetables, and certain other foods offered at given price levels.

A second fact uncovered by these comparisons between the W. M. D. S. and other cafeterias was that lower prices were consistently available to patrons of the latter. This applied to both specific items and to complete meals, insofar as the committee was able to make fair comparisons.

The fourth major step taken by the committee was to confer with the manager of the W. M. D. S., Mr. A. W. Bridges. Information previously obtained, and questions of committee members were presented to Mr. Bridges and discussed with him by the entire committee. Mr. Bridges was extremely kind to the committee and gave it excellent cooperation in all matters.

Mr. Bridges also indicated that he felt the price structure was perhaps the major source of criticism and agreed that many of the complaints regarding prices might be justified. He stated that an attempt would be made to put more, complete, low-priced dinners on the menu. In the recent months, the price policy has been dictated to some extent by the fact that a large percentage of the patrons were persons working on war projects, like the Radiation Laboratory and were not actual members of the Institute family.

The first major conclusion reached by the committee is that the W. M. D. S. holds a monopolistic position with respect to dining facilities available to M.I.T. dormitory residents, and other Institute personnel who are unable to eat their noon meals in private homes or in fraternities. While other establishments do exist in the neighborhood surrounding the Institute, all of them fail to meet one or more of the necessary requirements to establish them as satisfactory dining places for the Institute personnel, the most important of these requirements being prices of food, quality of food, proximity to the Institute, and facilities to serve a group of real size.

Because it is the only eating place on the grounds of the Institute, and because it holds a monopolistic position, the W. M. D. S. has a very definite responsibility toward both Institute students and faculty. This is to make the best interests of those students and faculty members who eat in Walker the primary consideration in the determination of business policy.

In the opinion of the committee, this effort is lacking in the W. M. D. S. and there is little doubt that many, if not most, of the conditions which must in all fairness be labelled "unsatisfactory" could be greatly improved by the adoption of such a policy.

The second major conclusion reached was that price levels in the W. M. D. S. appear to be inconsistent with those of comparable establishments for similar meals or for food of a given apparent quality. It is, of course, impossible to separate price and quality to any great extent, and all comparisons must be made with both in mind.

Although mention has already been made of the quality of the food, this topic occupied such a prominent position in the results from the student and faculty surveys that it deserves a great deal more consideration. It is extremely difficult to set absolute standards for quality, but certain rather general conclusions could be reached.

The first conclusion regards the quality of the food is that the general level is only fair, even in consideration of available food supplies. The food offered covers a wide range of quality, from some items which are quite satisfactory down to certain items which were not even found on any other menus, but the average was felt to be lower than that which the committee believes is possible.

The final points given broad consideration were the preparation, and variety of the food. Again the conclusion was that considerable improvement should be made.

In conclusion, the committee has one final comment to make: This report has considered those conditions which are believed to be unsatisfactory, and has attributed a great part of the blame to management policy. However, a reasonable doubt exists in the minds of the committee members as to whether the W. M. D. S. is intended to fulfill all the obligations and responsibilities which this committee considers fundamental. Thus, it is not clear exactly where the fault or the responsibility should fall, and this is not for the committee to decide.

However, it is the sincere belief of each member that a very great need exists for the creation of a new policy that accepts as its basic purpose the serving of the best interests of the Institute students and faculty, and that the lack of such a policy is probably the underlying cause of the unsatisfactory conditions which exist.

Letters to the Editor

Editor,
The Tech
 Walker Memorial
 Dear Sir:

There is at present a subcommittee of the Athletic Association composed of captains of four of the various teams and headed by William J. Casey, track captain. The purpose of this committee is to investigate the possibility of changing the system of athletic awards to a more suitable one and to present motions before the A. A. and the Advisory Council on Athletics for these changes.

The investigation has been held and the following motions made:

1. That all letters and numerals be of chenille, the straight "T" being eight inches high, the "T" for the "aTa," etc. being seven inches high and the "a," etc. being three, and the numerals being four inches high.
2. That the M.I.T.A.A. adopt a standard white letter sweater to be purchased by recipients of minor awards ("aTa," etc.) and to be awarded with the first straight "T" an athlete wins.

3. That the award system be changed so that minor awards as they now exist be replaced by a minor "T" which embodies the insignia of the sport for which it is awarded. (This is preferable to the portion of motion 2 pertaining to minor letters.)

These motions passed the A. A., and are being considered by the Advisory Council, which apparently desires to consider present system as a tradition. To think that that system is the best possible is folly, especially in view of the fact that the felt minor letters and numerals now awarded are so skimpy that most of the winners of them are ashamed to wear them, even around school. During the war, few straight "T"s have been won by civilians, and consequently one doesn't see many of them. However, the few that are seen aren't particularly noticeable, because they are worn on any kind of sweater the winner may have. It follows that even if the present system of awards should be considered a tradition, it should be changed so that the letters would mean something around the Institute.

Granted that Tech isn't noted for athletics, as long as its teams compete with those of schools which at least make a decent show of spirit, it should at least respect its athletes, who, I might add, are quite worthy of it. In addition, this recognition of athletes would tend to increase school spirit by putting a greater emphasis on athletics. No one can deny that school spirit is very poor. And this change can certainly be considered a means toward the end of correcting that fault.

I cannot help but urge the Advisory Council to act favorably upon these motions.

Sincerely yours,
 Richard M. Adler, 2-46

The Editor
The Tech
 Walker Memorial
 Dear Sir:

The letters about the exhibition "People of India" in your issue of 25 January are thoughtful and warrant a reply.

The exhibition is admittedly propaganda in favor of one point of view. The philosophy of the Museum Committee as exemplified by its temporary exhibitions is that almost any subject of an exhibition, if it has any vitality at all, will be propaganda for one view or another. It is scarcely possible in this age to make an exhibition which does not further some point of view. For example, even an exhibition of modern painting would surely be construed by those who dislike it as propaganda for or against modern painters, depending upon how they chose to interpret the results.

Our policy then does not attempt to eliminate propaganda from the

(Continued on Page 4)

In The Spotlight

In its tour around the campus, The Spotlight this week falls on Edward S. Hill, 2-46, chairman of the Student Faculty Committee. Ed claims he has led a very uneventful life, but there seem to be some doubts to this statement if one examines his "inactive" existence.

Born in Cairo, Illinois, he was a very progressive child, having a keen interest in the deep South, bathing beauties, palm trees, bathing beauties, warm sunshine, and bathing beauties, and soon transferred his family to Miami, Fla., to continue his restful career. In high school he took things very easy but managed to play on the football and basketball teams, aside from being president of the student council and of his class for a year. He also became a member of the National Honor Society, Key Club, Discussion Group and a few other organizations whose names he has forgotten.

When asked for his reason for coming to Tech, Ed replied "To get away from home. They didn't like me there." He started as a civilian, and with an ambitious vision of Dr. Wiener in his mind, entered Course XVIII. During his sophomore year, however, along came the Navy, which seems to have a wonderful capacity for changing one's mind, and Ed suddenly found himself inducted into Course VI, where he is now finishing the Communications Option.

EDWARD S. HILL
 Freshman Fenaglings

As a freshman, Ed says he read **The Tech**, that all freshmen read **The Tech**. He also became a member of Phi Gamma Delta, as he put it, "of questionable standing." Being a lover of "the gay metropolis," Ed spent 10 out of his 14 week-ends of his first term in New York City. The other 4 week-ends he was either sick or broke. When asked if a woman had anything to do with these pilgrimages, Ed gave a long low laugh, approximately four parts wolf, one part hyena.

In his sophomore year, Ed became a member of the Quadrangle Club

What's behind this symbol?

This is the familiar symbol of the Bell Telephone System that provides nation-wide telephone service—the best in the world.

The American Telephone and Telegraph Company, through advice and assistance, coordinates all Bell System activities.

The 21 Associated Companies provide telephone service in their respective territories.

The Long Lines Department of A. T. & T. Company furnishes Long Distance and Overseas service.

The Bell Telephone Laboratories, through constant research, develops new and improved communications apparatus.

The Western Electric Company manufactures telephone equipment, purchases and distributes supplies, and installs central office apparatus for the Bell System.

Communication is the business of the Bell System—to transmit intelligence quickly, clearly and at the lowest possible cost.

BELL TELEPHONE SYSTEM

Sports Flashes

Three victories last Tuesday and Wednesday nights by Dormitory teams, makes the Beaver Key basketball Round Robin final almost a complete dormitory tourney. S.A.E., the only fraternity team to survive the preliminary elimination games, will enter the finals which start this weekend, with Hayden, Bemis, and Wood dorms. Both Wood and Bemis eked out close victories over favored fraternity teams, Wood breaking a 15 all deadlock with Theta Chi with a basket in the last five seconds of play and Bemis won over a strong Sigma Chi five by a single point. At the moment it looks like a close fight between Hayden and S.A.E. for the championship, although either of the other two contestants may spring another upset. The tournament so far has been smooth with no complaints—something new for basketball sports. Much credit should go to Alex Halberstadt who has handled the reins and to the volunteers who have refereed the game so expertly. It begins to look as if one Beaver Key sport will be completed on time. Let's hope it's only the beginning.

The M.I.T. swimming team is having one of its most successful seasons in recent years with four wins already to their credit. Only one meet has been dropped, that one to Brown, and in partial reconciliation the mermen beat their arch rival Wesleyan for the first time in twelve years. The team is paced by its captain and star, Ernie Buckman, who has won all of his races so far. Another highlight of the team is the crack medley relay team which is also undefeated.

Tech's second team in basketball really showed the varsity a few tricks in the Bates game. After the varsity had done a good job in subduing the pint sized speed demons from up North, the second team came tearing in in the last quarter to rack up 22 points and give Tech one of its highest scores in ages. The boys really ran circles around the opposition with two of them getting eight points a piece in the short period of time that they were in.

Dramashop To Perform Tonight For Red Cross

The Dramashop will present its production of "The Male Animal" at the Waltham Regional Hospital tonight at the request of and under the sponsorship of the Red Cross. The play, a James Thurber and Elliot Nugent comedy hit, stars Mary R. Gregory, 2-48; Claude W. Brenner, 2-47; and Robert Hoffman, 2-46; and was presented last Friday and Saturday at the Peabody Playhouse. A total of 420 people witnessed the production.

Track Team Bows To Northeastern And Defeats Brown

Farewell Banquet For V-12 To Be Held Monday Night In Prichett Hall

Last Saturday, in a triangular indoor track meet between Tech, Northeastern and Brown, the Huskies emerged victors by thirteen points, and Tech took second place, leading Brown University by 28 points. As a whole the meet went off as scheduled, with Tech taking four firsts, Northeastern taking four firsts, and Brown coming through with a lonely first. The event which promised to be the closest and was given the biggest buildup was the 600-yard run. Erny Mills of Northeastern was to run against Serrie of Tech, with Mills' fans thinking that he could easily take the 600-yards. At the last moment, however, he decided not to run, and wisely so. Had he run, he would have undoubtedly been beaten as Serrie ran a beautiful 600 in excellent time. The spectators who were present were fairly disappointed for they had counted heavily on seeing Mills and Serrie run together. Serrie also took first in the 1000-yard run, Chapman took first place in the 300-yard dash, beating Mills, and Casey of M.I.T. took first in the 50-yard dash.

Had the points been so arranged that only the actual track events counted, Tech would have won the meet, for they were leading Northeastern by three points before the weight throwing events. Northeastern took 19 out of 22 points in the weight throwing contests and Tech took the remaining three.

Visit Garden

Next Saturday the varsity one-mile team composed of Warren Chapman, John Serrie, Harold Ingram and H. Douglas Vitagliano will go to New York City, where they will run in the 39th Annual Melrose Athletic Association Meet, at Madison Square Garden. As yet, it is unknown who their competitors will be, since the list of the teams running has not yet been received.

Farewell Banquet

This coming Monday at 6:30 in Prichett Hall the Track Team will hold a farewell banquet for the V-12. Everyone associated with the Track Team will be present, including Oscar. The farewell banquet will take the place of the annual track banquet.

The summaries:

45-yard high hurdles—Won by Leeth (B); second, Anderson (MIT); third, Davis (B); fourth, Randolph (NE). Time—6.1s.
50-yard dash—Won by Casey (MIT); second, Davis (B); third, Flanagan (NE); fourth, Boudreau (NE). Time—5.05s.
300-yard dash—Won by Chapman (MIT); second, Mills (NE); third, Casey (MIT); fourth, Ingram (MIT). Time—33.05s.
600-yard run—Won by Serrie (MIT); second, Vitagliano (MIT); third, Flanagan (NE); fourth, Root (NE). Time—1 m. 18.4s.
1000-yard run—Won by Serrie (MIT); second, Calderaro (NE); third, Olsen (MIT); fourth, Kurriss (MIT). Time—2m. 25.7s.
Mile run—Won by Mills (NE); second, Hart (NE); third, Calderaro (NE); fourth, Kinnannon (MIT). Time—5m. 4s.
Two-mile run—Won by Welsh (NE); second, Hart (NE); third, Childs (MIT); fourth, Austin (NE). Time—10m. 43s.
35-pound weight—Won by Foster (NE); 42ft. 1 1/2 in.; second, Knowles (NE); 35ft. 2 1/2 in.; third, Boul (MIT); 34ft. 8 in.; fourth, Soderberg (MIT), 33ft. 4 1/2 in.
16-pound shot—Won by Knowles (NE); 38ft. 1 1/2 in.; second, Foster (NE); 37ft. 2 in.; third, Sells (NE); 36ft. 7 in.; fourth, Wallace (NE); 35ft. 4 in.

Tech Squash Team Defeats Williams In Season's Finale

In its final tune-up before the National Intercollegiate Championships, the M.I.T. squash team swamped Williams, 5-0. Both Roger Sonnabend and Glenn Dorfinger won their matches in three straight, with Pierce and Toperzer winning in four games, and Labov being forced to the five game limit. Incidentally in shutting out his opponent, Captain Sonnabend finished the season with the superb record of having lost not a single game in intercollegiate competition. On the basis of this performance he will undoubtedly be one of the top-seeded men in next week's tourney.

On the national scene, Army defeated Yale to retain its team ranking ahead of M.I.T. As a measure of the improvement of the Tech team, however, this same Army team was forced to go all out to down Williams 3-2. The engineers are therefore looking forward with considerable anticipation to the nationals, where they will have an opportunity to gain a measure of revenge for the early season defeat pinned on them by the cadets.

The four men who will represent Tech in the intercollegiate championships are Sonnabend, Pierce, Toperzer, and Dorfinger. All four have been consistent winners for the Beavers this season, and are expected to give a good account of themselves. It has been announced that the seeding and pairing of the individual players from the many schools represented will be available for publication in the next issue of *The Tech*.

TECH BLANKS WILLIAMS, 5-0

Squash at M.I.T.
Score—M.I.T. 5, Williams 0. R. Sonnabend defeated B. Rugg, 15-12, 15-10, 15-11; W. Pierce defeated E. Read 15-8, 15-8, 9-15, 15-10; R. Toperzer defeated H. McClellan 15-12, 17-15, 15-8, 17-18, 15-10; G. Dorfinger defeated W. Eames 15-13, 18-16, 15-10; J. Labov defeated D. Brigham 15-11, 13-15, 16-15, 14-18, 15-23.

B.U. Downs Tech Basketeers, 62-47

Before a large crowd the Boston University Terriers downed the Tech basketeers, 62-47, last Wednesday at the winner's gym in a high scoring game.

With Gaudreault and Daly scoring freely, the Terriers took an early lead. Tech rallied midway through the first half to tie the score at 19-19. The Terriers jumped right back into the lead again, and went on to hold a 34-22 edge at halftime. The two teams battled back and forth on even terms all through the second half.

High scorers for Tech were Wellard and Heuchling with 12 and 11 points respectively. Gaudreault, Terrier forward, was high scorer of the game with 23 points, while his teammate Daly poured 16 points through the hoop.

The Tech J-V's bowed to the Terrier J-V's, 41-29. Parker and Glein led the Terriers in scoring with 12 points each, while Ciccone was high scorer for Tech with 10.

Early in the week the Varsity swamped Bates, 69-35, at the Walker Gym for their third win of the season.

S.A.E., Bemis, Wood, Hayden In Finals

Teams Will Play Off In B.K. Round Robin

The eliminations of the basketball tournament have been completed with the S. A. E.'s, Wood, Bemis and Hayden entering the final round. The last three named are dorms, which shows how completely the dorms took control of the tournament.

In the top bracket, S. A. E. defeated S. A. M. 37-34, after leading 37-18. A spirited S. A. M. rally poured 16 points through the hoop in the last four minutes of the game against the S. A. E. second team. S. A. E. then went on to add Goodale to its list of victims by a 40-19 count, to earn a place in the round robin.

In the second bracket, Sigma Chi defeated A. T. O. and Chi Phi in good order. Bemis skipped by Phi Delta Theta 23-21, and then whipped Munroe 29-18. Bemis then eliminated second-seeded Sigma Chi in a 17-16 upset. The game ended as a Sigma Chi shot rolled around the hoop and out, taking with it Sigma Chi's last chance. Lewis played an outstanding floor game for Bemis.

Wood Beats Theta Chi

Theta Chi defeated Kappa Sigma 26-12 and the Student House 40-12 to enter the semi-final in the third bracket. Wood downed Phi Beta Epsilon easily, and Phi Gamma Delta won from Walcott in a well-played game. Wood then came from behind to defeat the Phi Gams in a minor upset. Wood then went on to spring a 17-15 surprise on Theta Chi to enter the final round.

In the fourth bracket Phi Kappa Sigma overwhelmed Phi Kappa and then defeated a good Sigma Nu team 22-17. The 5:15 Club took Delta Tau Delta's measure 30-10, but then lost to the crackerjack Hayden Club 41-18. Hayden then knocked off the rugged Phi Kappa Sigma to become the fourth team in the round robin.

Hayden Is Favorite

The round robin promises to furnish some really keen competition, with Hayden established as the favorite. They have played excellent ball throughout the tournament, holding their two opponents to 18 points per game, while they were sinking a high percentage of their shots. Bemis and Wood have fast, scrappy teams that could easily upset any opponent on a hot night. S. A. E. has played good ball at most times and sports a good defense, though they are somewhat weak on their shooting.

An interesting aspect of the tournament has been the strength shown by the dormitory entries. They have three out of the four round robin teams, and the other teams all gave good accounts of themselves before they were eliminated.

The schedule for the round robin is:

Saturday, Feb. 2	Wood vs. Hayden	at 2 p.m.
	Bemis vs. S.A.E.	at 3 p.m.
Monday, Feb. 4	S.A.E. vs. Wood	at 7:30 p.m.
	Hayden vs. Bemis	at 8:30 p.m.
Saturday, Feb. 9	Bemis vs. Wood	at 2 p.m.
	S.A.E. vs. Hayden	at 3 p.m.

Mermen Defeat Bowdoin Squad Sat. Jan. 18.

Intra-Varsity Meet Scheduled For Team; Even Match Expected

Winning their fourth meet in a row, the Tech varsity swimmers defeated Bowdoin 45-30 at the Alumni Pool Saturday, January 18.

The team got off to a flying start with Dann, Colton and Buckman winning the 300-yard medley relay. In the backstroke event Dann and Pittler finished first and second, and Trutman captured second place in the 100-yard free style. Ernie Buckman, team captain, finished out in front in the 200-yard breaststroke, timed at 2:45.9. M.I.T. swept the 440-yard free style to make the score 38-30. Freshmen Miskell and Cuming put the meet on ice by taking first and second, respectively, netting eight points. The winning time was 6:00.5. The final 400-yard free style relay was taken by Chabot, Kellom, Trutman and Colton and netted the final seven points.

Tomorrow at 2:00 P.M. the varsity team will be divided into two teams, the teams being picked on an average point basis. Team one will be headed by Captain Ernest Buckman, who has won the breaststroke in every meet this season and who was also on the medley relay team which has won in every meet of the season. Team two will be headed by Pete Trutman, who won all the sprint events he entered in except one, and who was on the victorious final relay team several times.

The teams are so evenly matched that the coach predicts the score will be 33-33. Coach Smith urges all to attend, for many thrills are in the offing and it will give the spectators an opportunity to see the whole team in action.

The team has now won four straight and will seek their fifth against Connecticut State on February 9, here.

Hayden Leads In Bowling, Breaks All Team Records

As the bowling tournament passed its midseason mark, Hayden remained as the only undefeated team in three of its starts. With its 4-0 whitewashing of Wood last Monday night Hayden broke all existing records. The team set the record by scoring 2305 points, and the single game total of 816, and also for bowling six consecutive games over 700.

In the game played Monday night, Walcott defeated Bemis, 4-0. In the play of last Wednesday night Munroe blanked Goodale, 4-0, and Wood turned back Walcott, 3-1, thereby making it a close fight for the second slot.

In the individual scores, Edward I. Newdale, 10-47, of Hayden, was the second kegger to break into the 200 bracket. Probably the outstanding feat of the tourney thus far was accomplished by Jay Whyte, Hayden, 2-48, in rolling over the most difficult of bowling shots, the seven-ten split. Whyte also holds the individual high average of 179.6.
