As Center Of Local Blood Bank Drive

200 Donors Are Asked
To Register At T.C.A.

For Red Cross Cross

Committee last Monday evening, Wal- lasso Ross of the T.C.A. explained the importance of the Homberg

pamphlet. These blood bank drives will be conducted next week at the Homberg Memorial Infirmary, next Wednesday and Thursday, May 1 and 2. Dr. Murray stated that the drive was organized jointly by the American Red Cross and the Department of Public Health.

Because of its outstanding record during the wartime blood bank campaigns, the Institute has been asked to help in the organization of an important Civilian Blood Service in the state of Kansas. Through the fine work of the Technology Blood Bank Service, the Homberg Memorial Infirmary has added another chapter to its distinguished record of service. The Institute is now in the process of laying the groundwork for a permanent blood bank which will be operated by the Institute under the auspices of the American Red Cross.

This type of psychiatric practice was already had the basic medical training gone through, and secondly, they were chosen in charge of the Aviation Psychiatric Service. It was noted that the boys had been treated so that they could return to combat duty. Graduate Dilemma
Fraternity Findings

For weeks now we have heard rumors that the Institute has raised the graduate entrance requirements from the standard 3.5 cumulative rating to a 4.00 and even to a 4.5. This is generally thought to be the result of the increasing number of applicants who are interested in pursuing advanced degrees.

As is common with rumors, we have seen a great deal of confusion and misinformation about this issue. Some students have been misled into thinking that the Institute is only interested in accepting students with the highest cumulative ratings, while others believe that the Institute is trying to limit the number of graduate students enrolled.

To clear up some of the confusion, we have conducted interviews with several faculty members who have been involved in the decision-making process. According to these interviews, the Institute has raised the entrance requirements in order to ensure that the graduate program continues to attract students who are capable of handling the rigorous coursework.

The new entrance requirements will be effective for the fall term of next year. Students who have already been accepted into the graduate program will not be affected by this change.

Radio Broadcasts from the Airplane Tonight

One of the most unique broadcasts in the last few years is being aired over W.R.C. Radio from 8:00 to 10:00 tonight. The broadcast will originate from the Chesterton Supper Club, and it is being sponsored by the Chesterton Club. The broadcast will feature music, poetry, and entertainment, and it is expected to be a unique and enjoyable experience.

Perry Como, the famous vocalist, will be the star of the show. Como is known for his smooth baritone voice and his ability to captivate an audience. He will be accompanied by a group of talented musicians, and the broadcast is expected to be a success.

Attendees are encouraged to tune in to listen to this special broadcast. It is sure to be a memorable evening for all those who take the time to listen.
At Annapolis, Walker Memorial Gymn...
The Debatists defeated Ellis-On-Conscription, and entered the Cadet Meet at Dartmouth College. Todd, speaking on the subject, "Andrew Jackson and John Mar-shall," will be the Institute repre- sentative in the Greater Boston competition of the Harvard News- paper's Oratorical Contest. Todd's session will be given on Wednesday, April 10, at Personnel Hall.

The Debate Society is scheduled to hold a general meeting on Saturday, April 13, in the Laffmovie might be sug-gested. Some freshmen highly rec-ommend this for Thursday night.

The Debatists will furnish the music at the All-Tech Sing and Dance on Friday, May 17, in Walter Memorial. It has just been announced by the Debate Society's committee, in charge of the affair, that the dance will follow a singing competition in which several of the organization's most promising singers will perform. The dance will be held in the Combined Musical Clubs.

This event, which was a tradi-tional, and very popular annual affair, was designed during the war for revival is another indication of Technology's return to peacetime con-ditions.

A news letter containing entra-nce rules for the contest will be mailed today to all fraternities and posted on the dormitory and other bulletin boards, with additional copies available at the Information Office. Application blanks will be mailed soon.

The price of tickets for the dance is $1.00, tax included, although ad-dmission for the contest will be free.
