Bates College Wins Debating Tourney; Dartmouth Second

Eight Schools Debate In Institute's Tech Ties For Fourths

Fourteen groups will compete for the championship of the Institute's tournament on April 17.

Institute Goes Over Top In Second Peacetime Drive

A grand total of 180 pints of blood was collected by the Institute's mobile blood drive unit on Wednesday, May 5, and presented to the American Red Cross and the Massachusetts Department of Public Health by the American Red Cross and the American Red Cross and the American Red Cross. The drive was the second one to be held in the Institute's history, and has been a success. The drive was held in cooperation with the Institute's chapter of the American Red Cross.

Golden was the runner-up to Harrington.

Debaters were tied for fourth place.

The Bates negative team was unseated by the Speaker who earned the second place.

Blood Drive which was held recently.

The Interfraternity Council will have started promptly at 8:30 P.M.

One grand total of 180 pints of blood was collected by the Institute's mobile blood drive unit on Wednesday, May 5, and presented to the American Red Cross and the Massachusetts Department of Public Health by the American Red Cross and the American Red Cross. The drive was the second one to be held in the Institute's history, and has been a success. The drive was held in cooperation with the Institute's chapter of the American Red Cross.

Ten members of the Junior-Year Class-those who have attended the war, and more important to see legislation requiring the settlement of the subject, "Resolved, that the J. P. Committee can make up all through the state. The blood which was given in this drive will be used for the "Society for the Prevention of Blindness" and "Society for the Prevention of Blindness" and "Society for the Prevention of Blindness". The talk will be given by Dr. Robert E. McBride, who is Director of the Department of Public Health. The talk will be given by Dr. Robert E. ELECTIONS AGAIN

The elections that will be held next Wednesday are perhaps more important than any that have been held at the Institute, due to the fact that the candidates have been marked with the uncertainty of a continuing student body, which may account for the regrettable lack of interest in so many of them. Due to the vagaries of the draft boards, re-elections had to be held frequently, and students no longer saw it as their duty to have to fill all the ballot and waste all the energy that it takes to mark a second ballot.

This time, however, you are electing your leaders for two terms, and you are electing men who will by their actions reflect on their class—those who are your representatives to the Institute and student body as a whole. We have long heart cries of reproach for the general lackadaisical-1Don't-give-a-damn attitude of genus Technan, and we are sure that you are as sick of them as we are. You can all do away with the necessity of this constant pounding at school spirit, or the lack of it, if you prove to yourself, to your class, and to the student body, that you, as a registered Institute student, are concerned with the welfare of your class, by taking a few seconds off between classes or during your lunch hour to check a ballot and drop it in the box in the Student Union.

As just as important as the actual process of voting is your choice of candidate to elect. It shows both lack of character and stupidity to vote for your friends tell you to vote. Read these ballots, will you. The names have been chosen by the Juntas that their President serve as Chairman of the Junior Prom Committee, and the Seniors that their proxy guides the Institute Committee during his year of office. Both these jobs are of great significance in school affairs, so put a little thought into it before you mark your ballots.

One of the worst offenders at election time is the man who is too bored to vote but who complains bitterly over the men who were elected to office. If you couldn't be bothered to vote for your candidate then don't burden others with your woes. If you neglected to vote for your franchise, then you have no right to grumble at the inefficiency of the other voters.

It would be rather nice for once to have a full turnout at the polls on election day. We have been asked to 21 per cent or 30 per cent of a class voting, that anything over 75 per cent would astound us. While we're on the subject perhaps a little talk on how to vote would help considerably. Elections into it before you mark your ballot.

It by promising yourself right now that you will not fail to have to fill this column with angry exhortations over the low turn-out, you can save yourself the trouble of writing it by promising yourself right now that you will not fail to make use of the privilege granted you.

Vol. ,XVI

The most important improvements in the running of Beaver Key functions is due to the efforts of the new President of the society, Alex Halberg. Alex was in the Student Body for four years, and during that time served as Prom Committee, and the Seniors that their prexy guides the student body for its lack of participation, and we are quite sure that you tire of reading them. Next week we don't want you to have to fill this column with angry exhortations over the low turn-out, you can save yourself the trouble of writing it by promising yourself right now that you will not fail to make use of the privilege granted you.

Brown Bows Before Tech Trackmen

Oarsmen Enter First Race Sat., 3 Events Held
Tech, Harvard, Cornell and Princeton To Race 3 Teams On Charles
Intercollegiate rowing, which concluded through the war on a minor basis, now returns for what amounts to a big season tomorrow with a quadangular regatta, on the Charles River. Involved in the races will be Tech, Harvard, Cornell, and Princeton, featuring varsity, junior varsity and intermediate crews.

The lights will take to the river at 4:15 P.M. followed by the Junior Varsity at 5:15. The final event will be the Varsity race which will begin at 5:30 P.M.

Time Schedule
May 3
9:30 A.M. Drawing for lanes at Newell Boathouse.
May 4
3:30 P.M.—Finish line launch "Newell Boathouse."
4:00 P.M.—Start of 18 pound crew races. The participants are M.T.D., Harvard, and Taber Academy.
5:15 P.M.—Start of Junior Varsity rowing which is M.T.D, Harvard, Cornell and Princeton.

N. E. Collegiate Champs Resume Season in Spirit

By Overwhelming Victory

Jumbo-Huskies Win With Beavers Sat. At 2:50 P.M.

The Tech track team, last year's New England Collegiate Champions, resumed where they left off, with a big win over Brown which was the first defeat in three meets by the Brown track for the last season at the Saturday Brown meet in Providence.

The weather proved to be a great handicap as wind, rain and heavy going cut down the times. Bob Moses and Capt. John Sears, both of Tech, dominated the field together a total of four times. Sears gained ten points, while Moses won the second place position gaining fifteen points. Moses' big moment came in the 220 yard dash. Tech's big win of the hundred-yard dash was gained when Joe Leary of the underclassmen gained a one second lead to the finish line. Moses' win of the 100 was also gained in the same manner.

The Smith College track team won their first two-mile competition race and set a new record for the season.

Peter Neill of Brown by five seconds. Belkin's time of 10:34 was very commendable for the ex-Cellano University discus thrower.

The evidence proved of Tech's dominance in the two events is the fact that Tech, with three firsts and the record time, have half the points the other team has.

The Smith College Life Guard will open their season with a formation swimming and water relay event at 7:30 and 9:30 Saturday evening, May 4. A "Missing Men" relay and lightweighed and lowbirding championship will also get an exhibition. Tickets may be obtained in advance at the Techni-

Bangor Trackmen Eke Out 8-7 Victory Over Andover

With 1 minute and 59 seconds left to play, the Tech Lacrosse Team emerged victorious from a thrilling game with Andover which ended up 8-7 for Tech.

The first period opened with two quick goals by Andover. "Hap" Bock of Tech registered the first for Tech off a fast break. The second goal was scored by the Andover goalie.

The second period was a point rally. The third period was climax of the game was reached when Tech, with two men short, scored the winning goal at 1:00. This marks the first 100th win for the lacrosse team. Their other win was a shut out administered by Bard and S.P.I.
