announces Next Friday to that an will be held at 8:00 P.M. to May 31. The prices are only; so don't be served at the at will be open for the reserving. First, or of the members of the spirit's sup- is being put to good use. Of course it spirit in both Sophomore rooms and in one that can never look the issue. mis- ing the student body. The Day Committee (Pellet) has undertaken the task of securing rooms for freshmen and Sophomo- bly at the Tech will be in Residence Life. The Student Employment Bureau has returned the rooming houses, which the T. C. A. has had previously business. The num- enous activities of the transition from high school to college. For the benefit of freshmen who wish information about jobs Mr. Pennell N. Aborn of the T. C. A. Office.

The program of orientation con- the various aspects of Institute life. Of course the traditional soft- ball game will be held between the freshmen and faculty. Prominent Beside of Deans and Presidents will also be on hand Saturday afternoon to witness the rivalry of the much- enjoyed softball game.

The Tech will feature several interesting people. The well- known "Obie" Dennis, '41, will lead the singing sessions as only he can do it. Professor Harold E. Edgerton, famed for his high speed photogra- phy will show some samples of his work, and Professor F. Alex- ander Abbot will speak on subject of the transition from high school to college. For the benefit of freshmen who wish information about jobs Mr. Pennell N. Aborn of the T. C. A. Office will be available.

All these activities will be held away from Tech for the first time since it was organized. Two sites are Camp Wonderland owned by the Salvation Army and which is prob- ably the largest and best-equipped camp in Massachusetts.

The Tech is the official weekly student newspaper of the Massachusetts Institute of Technology, Cambridge, Mass. It is owned and published by The Tech, Inc., a separate corporation, for whose benefit it is printed by The Tech, Inc., and is sold at cost. Subscriptions are taken only from students and alumni of the Institute, and from persons interested in the progress of the Institute. All subscriptions are for the year and are non-refundable. The contents of The Tech are not copyrighted, except as provided by the law of the United States. The Institute does not assume responsibility for the statements or opinions expressed in any article appearing therein. The views expressed are those of the writers and do not necessarily reflect the views of the Faculty or the Institute. The Tech is not responsible for the statements or opinions of advertisers. The Tech is a member of the Associated Collegiate Press and the National Advertising Service, Inc.

NEW RESPONSIBILITIES AHEAD

In accordance with an established custom, The Tech takes this opportunity to extend a hearty welcome to all freshmen, transfer students and new students.

With the ending of the war and the institution of the G. I. Bill of Rights, a new era for the American college has begun. Instead of a group of callow, impetuous youths dominating the college scene, we now have a preponderance of serious, hard-working veterans who are intent upon one goal—that of getting their education and finishing as soon as possible. This adds up to one important fact: the old "rah-rah" days of campus life have given away to a more fundamental need for education.

This apparently healthy change, however, has its drawback. Student life and activities will become totally defunct unless the student realizes that he has as much to gain from the activity as the activity from him. Participation in extracurricular activities is vitally necessary then, for it enables the student to carry on a far richer life while at school, and endows him with broader interests and that savoir faire in getting along with others—the factor so important in future life.

Dean Thomas P. Pitre once remarked that Freshman Camp is about the only time that anyone pays any attention to the newcomers. After that they are rapidly forgotten and are engulfed into the unsympathetic maw of the Institute, roaming the halls pitiful but insignificant in their misery. It goes without saying, therefore, that you freshmen should take every opportunity offered you during your brief sojourn at Camp, and make the most of the short three days.

While at Camp, you will have many organizations extend invitations for you to become a part of their staff. Think it over carefully, and then choose, keeping in mind that in addition to helping the activity and furthering the cause of college life, you will be helping yourself as well.

Two Tech Shells At Frosh Camp

Talks By Jim McMillin, Capt. Jim Robertson

An opportunity will be given to all frosh who aspire to join the Technology crew to try their hand at rowing at Freshman Camp. Two of the Institute's eight-man shells will be present at Lake Massapoag along with a coxswain and two veteran oarsmen per boat—thereby allowing six frosh to row each trip.

Jim McMillin, varsity crew coach, will be present at the Camp and will give a short talk, as will Jim Robertson, Captain of this year's crew. Also present will be Pat Manning, Coach of the 150-pound crew, and Fred Ehrich, Crew Manager.

Coach McMillin has announced that the first turnout for this year's crew will be held on Monday, October 7, at 5:15 P.M. at the boathouse, situated up-river from the main Institute buildings. All men, experienced and inexperienced alike, and especially freshmen are urged to attend. Positions are open on both the heavy and 150-pound crews, and also for coxswains and managers.

of Walker Memorial. It is published in two sections, one listing the rooms in Boston and Cambridge, and the other the available accommodations in nearby suburbs.

Further Attempt

A further attempt will be made this week and next to probe the possible accommodations available through the Institute personnel.

T. C. A. wishes it to be understood that while these facilities are open to all who wish to use them, it is preferred that they will be used only by those who have not been able to secure a place in either the Dorms or Barracks.

Soph President Will Try To Evade Dunking

It has been officially announced that the President of the Sophomore Class will be present at Frosh Camp, although he will be traveling with an alias to prevent identification. All freshmen are warned to be very watchful for him and upon identification to sound the alarm so that he may be thrown into the lake.

Faculty Announces Starting Lineup For Softball Game

In an announcement timed to strike fear into the hearts of the Freshman Camp counsellors whom they are scheduled to meet in a softball game on Saturday afternoon, the faculty yesterday lifted the veil of secrecy surrounding their starting lineup. With an air of confidence, the faculty has designated Dr. Karl T. Compton to pitch, and the erstwhile receiver to be Bursar Delbert Rhind. The remainder of the positions have as yet not been announced.

It is hinted that this is so either because they are afraid that the players may forget their positions by game time, or because with able Dr. Compton (alias Kurveball Karl) they feel no necessity of placing the remainder of the team-merely letting them rove to their hearts content.

As for Dr. Compton, he has built himself up an enviable reputation as a pitcher of quite some fame during his sixteen years at the Institute. Rumors around T.I. Memorial Drive have it that Kapable Karl has run up a record of 26 scoreless innings of ball. Other (Continued on Page 4)

news around town has it that Krathy Karl is dickering for his services with the Boston Red Sox who feel they might need some extra pitching support in the World series. A late dispatch from Fenway Park is that Kunning Karl is holding out for two series tickets as his price.

Behind the plate, the faculty will have an able receiver in Bursar Rhind. It must be said in passing that Mr. Rhind is a practiced hand at receiving things, especially around graduation time. His batting average being 300($), which is due for an increase soon to 350.

As for the rest of the team they include Roland Bevans and Prof. Nicolas J. Grant of the D. I. C.; Prof. Walter H. Stockmeyer of the Chemistry Dept.; Robert Kimball of the Administration; Louis F. Coffin, Jr., Prof. John E. Arnold, and Prof. John A. Hrones; and Prof. Morris Cohen of the Metallurgy Department.

For reasons best known to themselves, the counsellors have not as yet released their starting lineups. Our little rumorbird also reports that Virginia Ferguson, capable chairman of the Walker Memorial Committee may be the surprise pitcher.

Faculty beware of those curves!

Announcement

IMPORTANT to FRESHMEN

JOIN the Coop and SAVE Money on Your Purchase

By joining the COOP you become a storekeeper for yourself, just as if you rented a store, put in a stock of merchandise, and employed salespeople.

The Stockholders, all members of the Faculties of M.I.T., Harvard and Radcliffe, hold the capital stock in trust and receive no dividends upon it. The stockholders from M.I.T. are Dean Harold E. Lobdell and Professor Erwin H. Schell.

On the Board of Directors, the M. I. T. representatives are Ralph E. Freeman, Faculty Director, Carroll L. Wilson, Alumni Director, Walter Humphreys and Horace S. Ford, Secretary and Treasurer, respectively, of the M. I. T. Corporation.

The COOP prices are never higher than elsewhere, and in many cases for the same quality much lower. In addition, a Patronage Refund is credited to members on all purchases of 25¢ or more.

Checks not exceeding one hundred dollars are cashed for members between the hours 9:00 A.M. and 3:30 P.M.

Charge Accounts for members only.

Join before making a purchase, for Patronage Refunds cannot be credited on purchases made previous to taking out a membership.

The TECH-COOP is the official distributor of all your supplies. The material required for a freshman has been passed upon by the Faculty and approved by them.

Every TECH Man should become a member without delay. The Membership fee is a dollar.

Patronage refunds on all purchases made by members each fiscal year both on cash and charges, made to members’ personal accounts.

A Membership at the Technology Store Also Makes You a Member at the Harvard Square Store
