Dramashop Presents
"Busman's Honeymoon," Audience vs. Detective

Tickets In Building 10
All Seats Priced $1.50
Fri. & Sat. Evenings
Tonight and tomorrow night,
shows will be left lingering in the memory chamber by the thrilling murder mystery "Busman's Honeymoon," which will be presented in the Dramashop, one of the freshest
and most dynamic activities in which students are increasingly self-supporting. Exploring a novel publicity technique, the Dramashop will "throw away" about 200 yellow
cards in the show on Friday afternoon, confident in the ability of a tech man to bag a good thing when he sees one. The programs will include, besides the usual list
of curtains, an analysis of the author's and his style of mystery writing as
complement to the play.

"Busman's Honeymoon," by Dory
Boyce and Marcy Byrne, is being directed by Mr. John L. Bass,
department of Rahall at the
Pic. The play concerns the
scene of a distinctly English detec-
tive, Lord Peter Wimsey, whose
mysterious is interpreted by the
inopportune discovery of the corpse of the former owner of the cottage
in which he and his wife are stay-
ing. The murder weapon, a blunt
object, is shown to the audience
to discover the murder. The criminologist
and his style of mystery writing as
complement to the play.

The murder weapon, a blunt

A WORTHY PROJECT
Beginning next Monday and continuing until the program is completed, the medical department is endeavoring to obtain the cooperation of every member of the Institute. The program is being carried out in cooperation with the American Medical Association and with the American Public Health Association, which is sending several representatives to serve on the advisory council of the Institute.

The program is designed to create an impression of the importance of medical care at Sports. It is no secret that medical care at Sports is a problem that has been largely ignored in recent years. In fact, many athletes and coaches have expressed concern about the lack of proper medical care at Sports events.

The program will include talks by medical experts on the importance of medical care at Sports events. It is hoped that these talks will help to raise awareness about the importance of medical care at Sports, and that they will encourage athletes and coaches to take steps to improve medical care at Sports events.

The program will also include workshops on how to provide medical care at Sports events. These workshops will be led by medical experts and will be open to anyone who is interested in learning more about the topic.

The program is expected to last for four weeks, with the meetings held at least once a week. It is hoped that this program will help to improve medical care at Sports events and that it will lead to positive changes in the way that medical care is provided at Sports events.

CONGRATULATIONS
We feel it is important to recognize the contributions of the Sophomore Class, '50, to the Institute. The Sophomore Class has been a valuable asset to the Institute and has contributed significantly to its success.

The Sophomore Class has been active in a variety of ways, including organizing events, contributing to the Institute's publications, and participating in community service projects. The Sophomore Class has also been a strong supporter of the Institute's mission and has worked to ensure that the Institute remains true to its founding principles.

The Sophomore Class has shown a commitment to excellence and has demonstrated a strong sense of responsibility and leadership. The Sophomore Class has been an inspiration to all of us and has set a high standard for future classes.

We extend our congratulations to the Sophomore Class, '50, on its many achievements and on its contributions to the Institute. We wish the Sophomore Class all the best in its future endeavors and look forward to seeing what it will accomplish in the years to come.
I.F.C. Dance Plans Include Sat. Parties

Four Afternoon Parties To Follow Friday Dance

Highlighted by several Saturday afternoon cocktail parties, plans for the I.F.C. Weekend, May 9 and 10, are rapidly taking shape. The big formal dance will be Friday evening, May 9, in the Hotel Statler with Boyd Haskins and his popular new band supplying the music.

At least four fraternities will give I.F.C.-sponsored cocktail parties according to present plans. No official parties are being planned for Friday evening because, as committee chairman, Stuart G. Farnum, '48, explains, it is too far on a weekend. In that way each house may have its own private or bid party on Saturday night.

Because of the anticipated student interest and the increased fraternity enrollment, admission to the dance will be limited to fraternity men. Farnum pointed out that, while it is not the intention of the I.F.C. to bar non-fraternity men, the number that may attend is limited and the preference should go to fraternity men.

The tickets, which are $2.50 per couple, will be distributed through the houses within the next few days. Each senior, it is possible, each junior will get one ticket. Any remaining tickets then will be distributed proportionately among the houses.

Student Societies

Sponsor Lectures

Math Society: The Wednesday evening series of lectures in Room 4:02 at 5 p.m. is to be continued indefinitely. Next Wednesday, April 8, Professor Struik will give a lecture on Tese's paradoxes. Among future talks will be one on topology by A. V. Martin, another on combinatorial problems by Raymond M. Rediker, and still another on applications of Boolean algebra to electrical circuit theory, to be given by Albert Perry.

A.S.M.E.: Charles A. Balma, member of the Corporation's Division of the Civil Engineer, will give a talk on the utilization of Chiles at 5 p.m. this Monday, April 7, in 90:420.

Metallurgical Society: Monday, April 7, the date of the annual spring social party, which will be held in Building 53 at 6:15 p.m. John Defant will speak on "Metallurgy in India." Prices will range from $1 to 40c.

Rocket Society: Professor W. M. Tubbsome will address the group at 7:30 p.m. on Thursday, April 8, and give a lecture on the principles of heat transfer. 8:00 p.m. Membership applications for the spring term will be accepted then.

Swill Team: Regular meetings, which convene in front of the rifles store, are held every Thursday from 4 to 6 p.m. Promote non-coms are especially urged to attend these meetings, for specialized instruction in the manual of arms for the M1 rifle will be given.

Physiology Society: Professor Bidence will speak on the electronics research laboratory next Friday, April 11, in 9:12 from 5 to 6 p.m.

Physiology Society: Professor Bidence will speak on the electronics research laboratory next Friday, April 11, in 9:12 from 5 to 6 p.m.

Army Will Grant

Commissions To Former Officers

Requirements Include

Honorable Discharge And Degree By July 15, 1947

Details of a plan whereby former commissioned lieutenants or cadets who have received commis- sions in the Regular Army were announced this week by the Miller Defense Department.

Veterans applying for commissions in the Air Corps, the Judge Advocate General's Department, Medical Corps, Dental Corps, Veterinary Corps and Chaplains' Corps, to qualify, must have been commis- sioned in the Army between December 7, 1941, and December 31, 1944, have received an honorable discharge and must have received a college degree or completed gradu- ate work before July 15, 1947.

Veterans applying for commis- sions in the Coast Artillery Corps, Cavalry, Field Artillery, Infantry, Corps of Engineers, Financial De- partment, Ordnance Department, Quartermaster Corps, Transportation Corps, Signal Corps, Chemical Corps, and Corps of the Military Police must have been commis- sioned in the A.E.F. or any of its components prior to January 15, 1944, must have less than 30 years of age at 2016.1 8, 1947, must have received an honorable discharge, and must have received a degree or completed graduate work by July 15, 1947.

The Adjutant General's Office upon request will forward applica- tions to an Evaluation Re- port Unit which the veteran will turn over to the member of the faculty most familiar with his work. Re- quests for applications should be received by April 18.

Further information may be ob- tained from the Professor of Mil- itary Science and Tactics. It is ex- pected that a rating for the student will be set up as early as possible for purposes of selection.

Women's Glee Club

Calls For Singers

The Women's Glee Club is in need of more voices to fill out its ranks.

Any women students or secre- tary-treasurer who would like to be considered for one of the two week's a week with the group are urged to come to the group on Tuesday, when the club will hold its weekly meetings.

This year is the first time that the Women's Glee Club has been invited to join the newly organized "Tech Night" at Symphony Hall, with the Boston Symphony Orchestra participating.

Parker "51"

The fame of the Parker "51" has broad dimensions. Every language, every country in the world, is familiar with this fine pen. Pride in its smooth line- smooth and with pressureless touch. See the "51" today. Colors: Black, Blue Black, Blue, Green, Red, Blue and Black, Royal Blue, Black and Gold. The Parker Pen Company, Janesville, Wisconsin, Canada.

Veterans Must Return
Form 1963 Immediately

Veterans students who have received Form 1963, which is a statement of compensation for previously served time, should mail it as soon as possible to the Veterans Administration Office in Boston or take it to the VA Office, Room 20-222, at M.I.T. This office is open each Monday, Thursday, from 9:00 a.m. to 5:00 p.m., and on Friday from 9:00 a.m. to 1:00 p.m. Every veteran in training under provisions of Form 1963 should report to this office twice each term.

Struik
(Continued from Page 1)

If repetition is not speeded up, it is eliminated. Secondly, constructing Professor Struik's claim that Communists in countries outside Russia are galvanized to those countries and not to Russia, he pointed out that Maoist China, party secretary and boss of the French Communists, is the war out in China. Thirdly, Dr. Martin asserted that Russia objected to the Berlin Plan in order that they might make long enough to "plug up weapons in the meantime." Therefore, concluded Dr. Martin, "we must declare war on Russia!"

Professor Struik is known to Dr. Martin: "If there had not escaped to Russia, Daliinor would have been worked by the Walla whose bosses for the People's Plan would admit American big businessmen into Russia and this would upset Russia's plan.

Struik, a member of the audience who had recently lived in Greece and who had been a member of the People's Plan, answered Professor Struik as follows: "I believe that Greece is not a part of the main line of the European war. I also believe that the New York Times objective of the Greek Communist movement is to make long enough in the Greek Communist movement to the end of the war."

Dr. Martin asserted that Russia has made no attempt to upset Russia's plan.

Another member of the audience objected to the absence of a Greek representative in Greece. Answered Professor Struik: "As far as I know, Holland does not have a Greek organization, either." And also he pointed out that Russia was a very democratic country.

In addition, Struik said that he had been a member of the People's Plan and that he had been a member of the People's Plan in Russia.

Tracksters Close Indoor Season; Mile Relay Sets Best Record

By JAN MORGUELT

The recently completed indoor track season can be considered a success when viewed in an overall perspective. Coach Oscar Mefrund, head of the track and field team, had only two weeks to build his team from a group of his most promising boys. Harol Ingham and Hippo. Worrall and Corman. Worrall and Crane looked like a sure thing, but he de-

ferred them as much as could. As good quarter milers for both the half and full mile. Coach Mefrund developed two hard-bat, James Pfeiffer and Robert Maloney, into quarter milers.

The caliber of interest during the February 20-24 meet was rather unusual, the one-mile relay. With the teams of the different colleges being entered in the February 28th meet at the Boston and Madison Square Gardens.

In this respect a stringent measure of the season's completed was the number of times the Beaver quartet raced against the Tufta relay squad and defeated them.

Three Wives over Tufts

The first time that the Tufts and Tech mile relay teams met was at the Boston Knights of Columbus meet held in the Boston Garden on January 16th. In a hard-fought race, the Tufts team, led by Phil-

to, edged out a victory over the Tech mile relay team in 3:54.4. The next meeting of the two teams was down at the 40th Mile Game in that a race of 24 miles. Tech lost a stiff battle to the Penn team, but left the Tufta

Wood And Hayden Win

In The Season Openers Of Dorm Softball League

Westgate, 5-15

Barracks D And

Seniors Victors

Baseball blow in from the south on the tail of a high wind last Saturday afternoon, as the Dorms engaged in the first outdoor ath-

letic event of the spring. Despite the cool weather and high winds, the Dorm softball league managed to play most of the games scheduled. Se-

veral teams have already evidenced great strength, but as things shape up now, there should be a close battle for the league leadership. Led by their star pitcher Leon Mark, their hard-hitting third baseman John Goldstein, the Wood team took an 8-5 win over Tech. Through Mark was wild, walking 7 men and allowing 4 hits, Wem only three hits—the only solid out, as Tech, trying to make home run into Karl Goldstein. Goldstein led off his 2nd at bat, and with a home-run in the first to put his team off to a quick 2-0 lead. The lead changed hands twice before the Craftsman came around to walk a rally in the fifth, and the final score was 12-9. With single tallies in the last two innings, the Craftsman overcame the Penn team to move closer to the lead, but Tech, with a mighty two-run home run in the 8th, clinched victory by a 9-7 score. Hayden had the easiest game of the day as they subdued Barracks D 9-0. Hayden led 4-0 going into the 5th inning, they poured across most of their 13 hits count for 11 runs, as the Dorms took an 8-5 win over Bemis. The athletic association's budget does not allow very much money for posters to announce coming events. The struggle for posters has been an endless one, with the Public Relations Committee having tried with three different budgets, but always comes out second best in the medium's surroundings.

The Athletic Association's budget does not allow very much money for posters to announce coming events. The struggle for posters has been an endless one, with the Public Relations Committee having tried with three different budgets, but always comes out second best in the medium's surroundings. The struggle for poster space has reached such proportions that sev-

eral weeks ago the separate groups put up their own posters. (Continued on Page 6)
The minds of Techmen themselves.

For the sooner the whole plan is put into operation, the better. For the sooner the whole plan is put into operation, the better.

Groups that intend to enter teams must send in their notification to Peter H. Spitz, 48, not later than tomorrow. The details of the tournament will be announced in the next issue.

Tom Hudson, new publicity manager of the A.A., has been trying to place a "Hash" board, of the type used by cafeterias to advertise their menus, in some conspicuous place in Building 7 or 10. With the movable type and with the board in a good position, the A.A. could easily get cheap and efficient publicity.

The A.A. has undertaken steps to provide the additional coverage which is now lacking under the present Public Relations Committee setup. Under the proposed system there will be men or managerial status attached to each sport. These men will send to chief publicity manager Tom Hudson a preview of each sports event several days before it takes place, and a resume of that event after it takes place. Hudson will send copies of each to the P.R.C. and to THE TECH. In this way the P.R.C. will be able to give almost daily coverage of sports in morning papers, and THE TECH will be able to materially extend its coverage of sports. The practice of having a manager contribute to the writing of a sports story has been very successful, especially in that it provides more colorful, intimate and accurate reporting.

These men who cover publicity for each sport will not have the advantages of being in a managerial position on the various squads, but will also be in the position of being a reporter and having stories appear in both print. This being so, it should be assumed that there are numerous people who would wish to fulfill these positions. Profound experience in either the sport or in newspaper writing is not necessary, the only requirement being interest.

It is hoped that any men interested in this new plan will come up to the A.A. office any afternoon and give their names to the secretary of the AS. Institute, and the Council will announce the results of the election of representatives from Westgate West to the Council in the near future.

Westgate Group To Hold Meeting

The seventh meeting of the Council of the Westgate Organization will be held in Room 8-112 at 7:30 p.m., Wednesday, April 9. The formation of the Westgate Organization was begun last November when a group of interested students planned to organize Westgate for social functions, athletic events, representation in the Institute, and for consideration of community problems.

Since its conception, the Westgate organization has sponsored many community activities and at present they have as an objective the cooperative buying of food and services for Westgate. The Westgate organization plans to include Westgate West in its scope, and the election of representatives from Westgate West to the Council is expected in the near future.
