

## Prof. Magoun Speaks At '52 Schlitz Party

Stag Affair Friday Open To All Classes Except The Freshmen

Professor Magoun, Beer, and Sex are main events scheduled for the Sophomore Class "Schlitz Singers Swing" to be held this Friday in Rockwell Cage. The stag affair, to which all except freshmen are invited, will start at about 8:30 p.m.

Food, consisting of hotdogs and sandwiches, as well as beer and soft drinks are planned as refreshments. Sergeant Gordon, famed member of the M.S. department, will be on hand, but this time both Gordon and Magoun will be present. Some of the Techtets will add a musical note.

### Beer Door Prize

Wes Haywood, President of the Class of '52, announced that door prizes will be given; the first prize to be a case of Schlitz. Tickets to the affair are priced at \$1.25, and can be purchased in Building 10 any day this week, or from the committee men listed below.

The two sophomore committees responsible for the stag are the Social and the Publicity Committee. Co-chairmen of the Social Committee are Jim Stockard and Kerl Johnson. Co-chairmen of the Publicity Committee are Stan Buchin and Dave Delvalle.

### Magoun on Sex

Professor Magoun will speak on sex (what else), and since the affair is stag, it is not certain just what lines the lecture will take. This will be the first time Professor Magoun has been seen by any appreciable number of Techmen since last spring. (Barring the Gordon impersonation.)

Games may be attempted at the stag, it was announced; something to do with eggs included. The other possibilities for games, and the other door prizes were not announced.

## Combined Professional Societies Re-Formed, New Officers Elected

A reorganization meeting of the Combined Student Professional Societies of the Institute was held Thursday, October 13, in Litchfield Lounge with Gerald G. Fisch '50, president of the Institute Chapter of the American Institute of Chemical Engineers as acting chairman. Last year the organization passed into oblivion and thereby lost its Institute Committee seat.

### Officers Elected

The main purposes of the meeting was to elect the officers for this term and to discuss the purposes and policies of the organization. The election of officers was preceded by the reading of the constitution by the secretary pro tem.

The new officers are as follows: president, Frank E. Parisi '50, vice-chairman of the Combined American Institute of Electrical Engineers and Institute of Radio Engineers; vice-president, Eugene B. Skolnikoff, '49, president of Eta Kappa Nu, honorary Electrical Engineering fraternity; secretary, Donald G. Aronson '51, president of the Institute Mathematical Society; treasurer, Jack Pines '50, secretary of the American Institute of Chemical Engineers.

Following the elections the sub-

## BUILDING TEN SHOW

Photo by Astrachan

D. Jerry Beushausen, '52, demonstrates what the Tech Show will have to use for female parts if they can't get girls. Interested girls are asked to apply at the Show's building 18 office.

## "Coop" Dividends Amount To Near \$300 Thousand

The Harvard Cooperative Society is paying \$285,000 in dividends for the period covering the last school year. This sum is based on a 12% refund on cash purchases and a 10% checking account refund.

Approximately 25,000 checks ranging from 5 cents to \$400 are being distributed to the members at Harvard and Technology; the average check amounting to about 10 or 12 dollars. Over 7,000 checks will be given to Technology students and faculty. The percentage of the receipts to be returned was determined by vote of the stockholders of the corporation.

Dividend checks may be picked up at the Coop. They will not be mailed to members this year.

ject of organizational representation was discussed. It was decided by the group that all the elected officers of the individual societies, namely, the president, vice-president, secretary, and treasurer, or any four men appointed by the president of that society, would attend the meetings.

The organization is planning to set up working committees in the following fields: professional ethics, professional societies administration (coordination of activities), and plant trips.

## Shapley and Bok To Address Group

The Boston-Cambridge branch of the American Association of Scientific Workers and the Cambridge Association of Scientists plan a public meeting on "Plans for International Research Laboratories" for Tuesday, October 18, at 8:00 p.m. in Room 4-370.

Speakers will be Dr. Bart J. Bok, speaking on "UNESCO's Participation," and Dr. Harlow Shapley, whose topic will be "Paris Conference, 1949."

## Faculty Advisors Offer Freshmen Helpful Guidance

Student Organizations And Upper Classmen Come Under Program

Through the efforts of the faculty, the students of Technology have open to them a unique means of procuring advice on anything from finances to personal problems. Under a newly-instituted system, any student in the school has the opportunity to form a personal acquaintance with a member of the faculty. To do this one has only to call, write, or phone Mr. Thomas Hilton, assistant to the dean, who will gladly make the necessary arrangements.

Forty per cent of the freshman class have already taken advantage of this system, through invitations sent to them by the Dean's office. Mr. Hilton emphasizes, however, that the system is equally applicable to upperclassmen.

### Program Under Way

Many of the students have already been invited to lunches, social gatherings, picnics, etc., by their advisors. By making these acquaintances, the students have a friend with whom they can discuss problems in connection with their school work, or just talk.

According to Mr. Hilton, the members of the faculty are extremely anxious to make acquaintances with the students. Some of them are even hurt that more of their students do not come and ask their advice and friendship. Mr. Hilton contends that some of the students do not seek to establish a relationship with a professor because they think that the professors are too busy to see them. It is true that they are busy, but a great many are always willing to spend time with their students.

### Activities Advised

In the same vein, student organizations also may have advisory services, if they so desire. Some of them have a faculty advisor, others have advisory councils, and still others have the advice of a Corporation Committee.

The Alumni Association has selected five committees, available to the following groups: Musical Clubs, Undergraduate Government, Undergraduate Publications, Tech Show, and Walker Memorial. The Corporation Committee on Student Activities is designed to further the interests of extracurricular activities at Technology.

### Fraternities Included

Still not mentioned is the Fraternity Alumni Association, composed of Alumni who were formerly prominent members of Technology fraternities.

As with student advisors, the Office of the Dean will gladly assist any student organization in arranging teas, or dinners or other types of meetings with advisors.

## LSC SMOKER

The Lecture Series Committee smoker will be held in Litchfield Lounge Wednesday, October 19, at 5:00 p.m. Professor F. Alexander Magoun will be the speaker, and everyone interested in the Committee is invited to attend.

## Hayakawa To Lecture: Semanticist's Topic Is "Task Of The Listener"

## Dinghymen Win Brown Regatta

Score Over 6 Teams; Frosh Win Elimination

While the frosh sailors romped home in their division of the freshman eliminations, Tech's varsity defeated favored Yale and five other squads to win Brown's Invitational regatta last Sunday.

With Engineers as high scorers in both divisions, the varsity scored 74 points, to down a field which included Brown, R. I. State, Harvard, Dartmouth, Coast Guard, and Yale, in that order.

Skipper Bob Nickerson was high point man for the whole regatta and for Class A as well, with 38 points. Howard Fawcett placed first in the B Division with 35 points, tying with Foster of Brown in the over-all standings.

Although the meet was scheduled to begin at 9:00 a.m., high winds postponed the start until noon. Several boats were capsized during the day, but none of the Tech craft were among the unfortunate.

Meanwhile, at Tufts, the Engineer frosh were winning the Freshman Dinghy Eliminations, with an eleven-point margin over second-place Tufts. Dartmouth was third. Tech thus qualified, along with Tufts and Dartmouth, for the finals to be held here on October 30.

Waters and Michele represented Tech in the eliminations. Other participants were Worcester Tech, New Hampshire, Middlebury, B.U., and B.C.

Next Sunday the varsity sailors will journey to New London once more, to participate in a regatta for the Jack Wood Trophy. Coast Guard will be the host.

## Faculty Committee Prepares Report; Ends 2 Yrs. Work

Extensive evaluation of Institute educational policies and programs will culminate shortly with presentation to the faculty of a report prepared by the Faculty Committee on the Educational Survey. This body was created about two years ago to make such a study and suggest possible revisions which would result in a sounder education for engineers and scientists in the modern world.

Professor Warren K. Lewis is chairman of the Committee and Professor John R. Loofbourow, secretary. The group is at present publishing its report through the Technology Press in order to facilitate its presentation at the November or December meeting of the faculty. Revisions, additions, and omissions are expected to be added by that body. In its final form, the report will constitute recommendations to the administration by the faculty.

Emphasis has been placed throughout the survey on the broad aspects of the problem under consideration. Accordingly, very few specific changes in curricula may be expected immediately after general release of the survey report.

## Committee Plans Lecture Series For Coming Year

The Lecture Series Committee will present as its first lecture of the year a talk by S. I. Hayakawa, editor of ETC., a review of General Semantics, and author of *Language in Action*. Dr. Hayakawa, speaking on "The Task of the Listener," will examine some of the problems of the communication of ideas from the point of view of the interpretation of the symbols used.

Among the other lecturers the Committee has scheduled are Dr. Harlow Shapley, Senator Ralph Flanders, General Frank L. Howley, Paul Hoffman, J. Strom Thurmond, and Rockwell Kent.

### Disciple of Korzybski

Like many other leading students of semantics today, Hayakawa has been greatly influenced by Alfred Korzybski, first through *Science and Sanity* and later through personal contact at Korzybski's seminars and at meetings of the International Society for General Semantics and other organizations. His book, *Language in Action*, an introduction to general semantics, has sold over 300,000 copies.

*Language in Action* was written while he was an Assistant Professor of English at the Illinois Institute of Technology. He was the sort of instructor who took most of the pain out of the subject, being qualified to lecture not only on "Aspects of Modern Poetry," but also on "35th and Dearborn: The History of Boogie Woogie and the Blues (with records)".

The lecture will be held in Room 1-190 on Wednesday, October 19, at 5:00 p.m.

Although the Committee has not yet completed its program schedule for the coming year, most of this term's plans have been made and the dates set.

### Shapley Speaks November 8

The speaker for November 8 will be the noted Harvard astronomer Harlow Shapley, who has recently returned from abroad. His topic will be "Progress in International Science," in which he will refer particularly to developments in the Belgian Congo, India, and Latin America. The lecture will be held at 5:00 p.m. in Room 10-250.

On the program for November 18 will be United States Senator Ralph Flanders of Vermont, to be followed on November 29 by General Frank L. Howley, former commander of U. S. occupational forces in Berlin.

### Next Term's Tentative Schedule

For next term, a tentative schedule has been set up, possibly including Paul Hoffman, United States E.C.A. administrator; South Carolina Governor J. Strom Thurmond, last election's Dixiecrat candidate for President, and Rockwell Kent, noted artist.

The officers of the Committee are: Melvin Siegel '50, chairman; Ralph Johnston '50, vice-chairman; Marvin Boker '51, publicity director; and Bill Tobocman '50, secretary-treasurer. Because of a small and rapidly dwindling budget, it is becoming increasingly difficult to present these lectures free of charge. Admission will be charged for several of them.

# The Tech

VOL. LXIX TUESDAY, OCTOBER 18, 1949 NO. 39

Mail Subscription \$3.00 per year, \$5.00 for two years. Published every Tuesday and Friday during college year, except during college vacation. Entered as second class matter December 9, 1944, at the Post Office at Boston, Mass., under the Act of March 31, 1879. Represented for national advertising by National Advertising Service, Inc., College Publishers Representative, 420 Madison Ave., New York, N. Y.

Night Editor: Fred Vanderschmidt, '51  
Assistant Night Editor: C. Beaudette, '52

## WEDNESDAY, OCTOBER 19

**Electrical Engineering Department.** "Applications of Electronic Methods to Precision Measurement in Quantitative Emission Spectrometry." Donald Williamson of Baird Associates. A specific example, which has proven very useful in the rapid chemical analysis of stainless steel, will be described. Room 12-182, 11:00 a.m.

**Technology Dames.** White Elephant sale. Emma Rogers Room, 11:30 a.m. to 3:30 p.m.

**Faculty Meeting.** Huntington Hall, Room 10-250, 3:15 p.m.

**Electrical Engineering Department.** Staff Colloquium: "Appraising Engineering Teachers." Dr. Harold L. Hazen. Room 10-275, 4:00 p.m.

**Aeronautical Engineering Society and Model Aircrafters.** Professor Otto C. Koppen will discuss the development of the Helioplane. Moving pictures will be shown. All interested invited. Room 3-270, 5:00 p.m.

**Catholic Club.** Business meeting. Room 6-120, 5:00 p.m.

**Lecture Series Committee.** "The Task of the Listener." A problem in communication of ideas. Dr. S. I. Hayakawa, Professor at University of Chicago. Room 1-190, 5:00 p.m.

**Pershing Rifles.** Membership and candidate drill. Drill Field, 4:00 p.m.

**Formal initiation.** Crafts Lounge, Dormitories, 5:00 p.m.

**Intervarsity Christian Fellowship.** Bible study and discussion group. Room 5-204, 5:05 p.m.

**American Foundryman's Society.** "Melting and Materials Handling Equipment." A. W. Gregg. Dinner, 5:30 p.m.; lecture, 6:30 p.m., Building 35.

**Chemistry Department.** Harvard-M.I.T. Physical Chemistry Colloquium: "X-Ray Measurement of Order-Disorder in Alloys." Dr. Bertram E. Warren. Mallinckrodt B-23, Harvard University, 8:00 p.m.

**Institute of Food Technologists.** Dr. Ernest E. Lockhart will speak on his expedition to the South Pole with Admiral Byrd. Refreshments will be served. Room 6-231, 8:00 p.m.

## THURSDAY, OCTOBER 20

**Technology Matrons.** Get-Acquainted Party. Emma Rogers Room, 3:00 to 5:00 p.m.

**Civil and Sanitary Engineering Department.** Seminar: "Accelerated Highway Program - Massachusetts Department of Public Works." Edgar F. Copell of the Massachusetts Department of Public Works. Room 1-390, 4:00 p.m.

**Physics Department.** Colloquium: "Report on the M.I.T. Conference on the Physics of Very Low Temperatures." Dr. Laszlo Tisza. Room 6-120, 4:30 p.m.

**Mathematics Society.** "Four Partial Proofs of Fermat's Last Theorem." R. B. Davis. Room 4-370, 5:00 p.m.

**Faculty Pistol Club.** Range practice. Rifle Range, 5:15 p.m.

**Student-Faculty Committee.** Monthly dinner meeting. Silver Room, Walker Memorial, 6:00 p.m.

## FRIDAY, OCTOBER 21

**Mechanical Engineering Department.** Seminar: "High-Speed Pressure Indicators." Dr. Yao-Tzu Li. Room 3-470, 4:00 p.m. Coffee will be served in Headquarters from 3:30 to 4:00 p.m.

**Economics and Social Science Department.** "Collective Bargaining in a Competitive Society." Professor E. Wight Bakke, Yale University. Moore Room, 4:00 to 5:00 p.m. For graduates and upperclassmen of Course XIV.

**Economics and Social Science Department.** Graduate Economics Seminar: "Adaptive Human Behavior." Professor E. Wight Bakke. Litchfield Lounge, Walker Memorial, 8:00 p.m.

## SUNDAY, OCTOBER 23

**Nautical Association.** Georgetown University vs. M.I.T. "B" Team. Sailing Pavilion, 10:00 a.m.

## MONDAY, OCTOBER 24

**Technology Matrons.** The Book Club. Professor John B. Rae will review "The United States in World History," of which he and Professor Thomas H. B. Mahoney are co-authors. Emma Rogers Room, 2:45 p.m.

**Aeronautical Engineering Department.** Seminar: "Activities at the College of Aeronautics." Professor R. L. Lickley, Head of Department of Aircraft Design, College of Aeronautics, Cranfield, England. Room 33-319, 4:00 p.m. Tea and coffee will be served in Room 33-207, 3:30 p.m.

**Pershing Rifles.** Membership and candidate drill. Drill Field, 4:00 p.m.

**American Society of Mechanical Engineers.** Professor C. Richard Soderberg will talk on M.I.T.'s mechanical engineering graduates in industry. Interested students and Faculty members are cordially invited. Room 3-270, 5:00 p.m.

**Young Republican Club.** Special meeting on plans for the year. Room 1-288, 5:00 p.m.

**Alumni Council.** Dinner meeting. Speakers: Dr. James R. Killian, Jr., '26; and Harold B. Richmond, '14. Dinner: Campus Room, Graduate House, 6 p.m.; meeting, 7:15 p.m.

## TUESDAY, OCTOBER 25

**Physics Society.** Lecture by Dr. Kurt S. Lion. Topic to be announced. Room 6-120, 5:00 p.m.

**Faculty Pistol Club.** Range practice. Rifle Range, 5:15 p.m.

## EXHIBITION

"An Architect Sets the Stage," by Claude Bragdon, consisting of water colors and sketches of stage designs, props, and costumes, is the current exhibition in Lobby of Building 7, where it will remain through October 31.

## CALENDAR OF EVENTS

The Calendar of Events is published weekly on Tuesday in THE TECH, and contains announcements for the following week. It is sent without charge to all members of the staff, heads of D.I.C. projects, as well as to the leaders of various organizations. A separate listing of the Calendar of Events will be mailed to others for one dollar a year, payable in advance at Room 7-204.

Announcements, typewritten and signed, must be in the Office of the Editor, Room 7-204, not later than noon on Thursday, prior to publication date. Material for the Calendar, October 26-November 2, is due October 20.

## AFTER HOURS

### DANCES

#### THURSDAY, OCTOBER 20

**Y.M.C.A.—316 Huntington Ave., Boston.** 8:30. Senior group over 21—price 90c to non-members, 65c to members—dances every Thursday—Art Brickley orchestra.

#### FRIDAY, OCTOBER 21

**Y.M.C.U.—48 Boylston St., Boston.** every Friday—ballroom dancing 8:30 to 11 price 74c (incl. tax).

#### SATURDAY, OCTOBER 22

**Y.W.C.A.—140 Clarendon St., Boston.** every Saturday, 8 p.m.—price 90c.

**Y.M.C.A.—316 Huntington Ave., Boston.** 8:30. Youth group, age 17 to 21—price 90c to non-members, 65c to members—dances every Saturday—Art Brickley orchestra.

### AROUND TECH

#### FRIDAY, OCTOBER 21

**SCHLITZ SINGERS' SING—Rockwell Hall.** All invited, except freshmen. Door prize—case of Schlitz. Tickets available in Lobby of Building 10—\$1.25.

#### SATURDAY, OCTOBER 22

**5:15 CLUB—Halloween Ball, Morse Hall.** 8:30 to 12—informal—\$2.40 a couple—music by Ernie Lawrence.

### SPORTS

#### WEDNESDAY, OCTOBER 19

**SOCCER—M.I.T. vs Tufts.** Briggs Field—2:30 p.m.

#### SATURDAY, OCTOBER 22

**FOOTBALL—Harvard vs Dartmouth.** Soldiers Field. Tickets at T.C.A.—2:00 p.m.

**FOOTBALL—Boston University vs N.Y.U.—Fenway Park.**

### ON STAGE

**ANNE OF THE THOUSAND DAYS—Rex Harrison and Joyce Redman** act with terrific polish and vigor in a limited two-week visit at the Shubert in this confirmed Broadway hit by Maxwell Anderson. It is a dynamic, turbulent play, reporting with racy vigor the entertaining drama of Henry VIII and battling Anne Boleyn. An entirely enjoyable play worth seeing; closes this Thursday night.

**REGINA—A genuine American opera** with music by composer Marc Blitzstein and based on Lillian Hellman's Broadway hit, *The Little Foxes*. The play, which almost approaches the level of grand opera, suffers from too much emphasis on drama and too little on music. It passes, but it's better to pass it up. Final week at the Colonial.

**I KNOW MY LOVE—Alfred Lunt and Lynn Fontanne** give a wonderful performance in a truly satisfying comedy-drama, described as a "chronicle of marriage." Two weeks more at the Plymouth.

**THE SEA GULL—Miss Luise Rainer,** distinguished star of stage and screen, and twice winner of the Academy Award, stars in Chekov's famous play opening Wednesday, October 19, at the Brattle Theatre for a two-weeks' run. Reservations—TR 6-4226.

**THE STUDENT PRINCE—Now appearing** at Boston Opera House with excellent music, superb lyrics, and fine production, starring Walter Cartwright, Everett Marshall, and Tom Corley. Unforgettable melodies by Sigmund Romberg.

### MOVIES

**QUARTET—Majestic Theatre, Boston.** The motion picture adaptation of four of Somerset Maugham's outstanding short stories including *The Alien Corn, The Colonel's Lady, The Kite, and The Facts of Life.* A superior British import by J. Arthur Rank. Special price to Tech students—65c. Here for indefinite stay.

**HENRY V—Esquire Theatre, Boston.** Colorful film version of Shakespeare's historical drama, *Henry V*, with Laurence Olivier. Shows start 1:30, 6:30, 9 p.m. Prices to Tech students all shows 40c.

**MAJOR BARBARA—Exeter Theatre, Boston.** George Bernard Shaw's brilliant comedy. Final week.

**THE LAST STOP—Kenmore Theatre, Boston.** Stark drama in this Polish picture of the Auschwitz Concentration Camp.

## MINUSA DRAWING SET FOR SALE

Contact: A. C. Volpe  
26 Hillside Ave., Medford  
Telephone: MY 6-4039

## STUDENT FURNITURE

To buy, or to sell, visit the HARVARD FURNITURE CO., INC., 872 Mass. Ave., Cambridge.

## NEW & USED

Sturdy couches, easy chairs, desks, end tables, lamps, fire equipment, rugs, and bric-a-brac.  
Free delivery, serving students for 15 years at M.I.T., Harvard, B.U., and other colleges.

## Fraternity Findings

By Jim Stolley and Dave Bossem

Many of the fraternities here at Tech are performing a noteworthy service by aiding foreign students during their schooling. Although the students are neither members nor pledges of the fraternities, their living expenses are being covered by the houses. We take our hats off to the Alpha Club and Sigma Alpha Mu for participating in this program along with a large number of other houses who have provided similar accommodations for foreign students during the summer.

### Beta's Depict Night Spots

Back to the lighter side of life with a comment on last Saturday night's Hotel Party at the Beta House. About one hundred and fifty couples danced to the music of Stan Harris and his orchestra. Hank Quigley and Russ Pfisterer were the decorators who transformed various rooms in the house into the Starlight Roof of the Sheraton, the Oval Room of the Copley Plaza, and the Band Box.

Also, the Phi Kappa's held their annual pilgrimage to the Blue Hills last Sunday, playing softball, hiking and roasting hot dogs.

### I. F. C. Award

Most of you have probably noticed the large trophy in the lobby of Building 10. The National Interfraternity Conference awarded it to the IFC at Tech for having contributed the most toward the initiation and advancement of certain progressive programs. The National IFC will meet in late November and at that time will announce the award of the trophy for this year.

This coming week-end Sigma Alpha Mu is having their annual "Surrealist Party." The proper dress has been designated as "anything suggested by the subconscious mind." This should produce some really weird results!

## Boston Baedeker

What is this thing called "modern music"? What are the composers of today trying to say? How can I better understand the music of my time? If you find yourself asking these questions, you should certainly consider a wonderful opportunity at hand to bring yourself closer to contemporary music. Mr. Gregory Tucker, an instructor in the music appreciation course here, is offering a series of concert-lectures entitled "Music of Today." This projected course, which is to be held at the Longy School of Music, will consist of two series, eight meetings each given on alternate Thursday evenings. Emphasis during the first series will be placed upon Stravinsky, Schoenberg, Bartok, and Hindemith.

### Strings, Piano Featured

Mr. Tucker, a distinguished pianist himself, will be assisted by an imposing list of artists in presenting this course. During these informal meetings a brief discussion and analysis will take place before the actual performance of the works. "Music of Today" has selected an impressive list of compositions from the contemporary field.

A chance such as this to become better acquainted with the music of our time does not occur often. There will be a 50 per cent discount for Tech students desiring to take the course. The initial meeting of the first series will take place this Thursday evening, October 20.

### Munch Conducts Beethoven

The Boston Symphony Orchestra is going on tour and consequently there will be no programs this week. However, the orchestra will return to Boston to present two concerts the following weekend, October 28th and 29th. At that time Charles Munch will conduct Bach's *The Art of Fugue*, and the *Symphony No. 7* in A major of Beethoven.

The noted violinist Mischa Elman will play at Symphony Hall this Thursday evening, October 20th. His program includes: the *Handel-Gevaert Sonata in E Major*, *Faure's A Major Sonata*, the *Chaconne of Bach*, *Bruch's G Minor Concerto*, *Philip Lazar Trois Danses*, and the *Poisonaise Brillante in D Major* of Wieniawski.

—R. J. P.

# SPALDING SPORTS SHOW

Spalding sets the pace in sports

## Soph Football Team Scores 26-0 Victory Over Wentworth Eleven

In their first pre-Field Day practice game, the Sophomore gridders overwhelmed Wentworth Institute's freshmen, 26-0, on the latter's field last Thursday afternoon. Wentworth's squad was inexperienced and outweighed, and provided very little competition.

The Engineers' first touchdown came in the opening period as Joe Miller scampered around left end from about fifteen yards out for

the score. The try for the extra point was blocked.

Early in the second quarter quarterback Bob Frey picked up his own fumble and ran 20 yards for a touchdown. The extra-point try was wide. Tech scored again shortly before the end of the half when John Ten Eyck intercepted a pass and ran it back 40 yards for a t.d. This time the extra point was added

(Continued on Page 4)

## Soccer Team Bows To Trinity, 3-2, On Goal In Final Moments; Tufts To Play Here Tomorrow

In what will probably turn out to be the best game of the year, Tech's soccer team lost, in the closing minutes, to a big and strong Trinity eleven, 3-2. Though they lost, the Engineers showed a big improvement over their previous play.

The play was very rough and rugged throughout. After a fight between Tech's Harry Falcao and Trinity's Marshall, which resulted in the ejection of both from the game, the tension mounted to a fever-high pitch. In the thick of the battle Rahmatallah, of Tech, suffered a chest injury.

After the Falcao-Marshall incident, at the end of the third period, the Tech booters came back strong to score two goals within two and a half minutes in the fourth period. These goals tied up the game and kept it knotted until the last two minutes.

### Trinity Scores

Trinity drew first blood after a scoreless first period by means of a pass from the corner to Brainerd who scored. There was no more scoring until the fourth period when Trinity opened with a goal. Then things began to happen. Captain Dimitriou, who had been shifted to center forward, combined with Barcinsky enabling Barcinsky to score. Two and a half minutes later Dimi and Cornish charged through, with Cornish scoring.

At this point the game was really hot and the large crowd, which was definitely for Trinity, cheered their team on with all they had. Eight minutes later, with just two minutes remaining, Leo booted the ball past goalie Silveston to give Trinity their final score and the victory.

### Frosh Downed

In a frosh battle, the Trinity booters downed the Tech squad, 2-0. The young beavers had many good shots but they all seemed to miss.

Tomorrow afternoon at 2:30, the Beavers will open their home season by meeting Tufts' booters. After facing large alien crowds in its last encounters, the team is looking forward to playing before Tech rooters. Don't forget to come out and support your team.

## Shutouts Feature Gridiron Tourney

### S.A.E. Sigma Nu Win; Pegis Loses in Replay

Five 6-0 games and three forfeits featured the quarter-final round of Tech's intramural football tournament last weekend as close, hard-fought contests predominated.

In League I Sigma Nu beat Chi Phi 13-0, and Phi Kappa forfeited to Theta Delta Chi, while in League II Delta Psi forfeited to Kappa Sigma and the Lenox Club forfeited to the Pegis Club. Also in League II, Phi Delta Theta went seven minutes into overtime to edge Grad House B 6-0. In a replay of the previous week's protested game Phi Delta Theta rolled over the Pegis Club 26-6.

Sigma Alpha Epsilon beat New Dorms A 6-0, with Tom Killy passing to wingback Bill Meuser for the lone tally. Meuser was a stand-out all afternoon, as his pass catching provided the bulk of S.A.E.'s yardage. In other League III games, Phi Kappa Sigma scraped out a 6-0 decision over Delta Tau Delta in overtime, while New Dorms C was beating Alpha Tau Omega 12-7.

League IV provided the highest score of the day, as Delta Upsilon ran wild, crushing Theta Xi 29-0. New Dorms B beat Phi Beta Epsilon 6-0, while the Student House was outfighting the Dekes to win by a similar score.

## Harriers Win Opening Meet

### Top Tufts, 27-31; Frosh Win, 27-28

Tech's varsity and freshman cross country teams both got their seasons off to a good start last Saturday afternoon, coming through to win a pair of close victories over Tufts College at Franklin Park.

The Engineer varsity won by a score of 27-31, despite the fact that Shoiffer and O'Connell of Tufts took first and second places. Bud Simpson was the first Techman to finish, followed by Bill Nicholson

Photo by Astrachan

George Grenier of MIT is shown crossing the finish line to take first place in the freshman crosscountry meet at Franklin Park last Saturday.

and Carol Belton in fourth and fifth places. All three crossed the finish line almost simultaneously. Simpson's time for the 4 1/4-mile course was 24:13.15, against the winning time of 22:35.8.

Paced by George Grenier and Myles Towne, who finished 1-2, the Beaver frosh squeaked through to a 27-28 victory over the Jumbo yearlings. Grenier's winning time was 19:10 for the 3 1/4-mile course.

### Order of finish:

VARSAITY: 1. Shoiffer, Tufts; 2. O'Connell, Tufts; 3. Simpson, M.I.T.; 4. Nicholson, M.I.T.; 5. Belton, M.I.T.; 6. Senenza, Tufts; 7. Holland, M.I.T.; 8. Hunt, M.I.T.; 9. Olney, M.I.T.; 10. Nargeson, Tufts.

FRESHMEN: 1. Grenier, M.I.T.; 2. Towne, M.I.T.; 3. McCann, Tufts; 4. Blanchard, Tufts; 5. McArgle, Tufts; 6. Swanson, M.I.T.; 7. Largman, Tufts; 8. Tiermann, M.I.T.; 9. Toadbine, Tufts; 10. O'Donnell, M.I.T.

## Hockey Practice Under Way; 40 Candidates Report

With the temperature still summerlike, Tech's hockey team is beginning its workouts for this winter's season. Forty candidates, including 15 freshmen, reported for the first practice session at the Skating Club last Saturday.

Coach Ben Martin's squad will include most of last year's team, including Captain-elect Don Lea, All-League forward for the past two seasons. Two experienced transfer students, Bill Pinkham from Williams and Don Whittinghill from Middlebury should bolster the team.

Martin plans to divide the squad into varsity and junior varsity teams and each will have its own schedule. Practice will be held each Saturday morning in the near future.

# NO CIGARETTE HANGOVER

when you smoke PHILIP MORRIS!

In just a few seconds you can prove  
**PHILIP MORRIS**  
IS DEFINITELY LESS IRRITATING  
than the brand you're now smoking!

1... light up a **PHILIP MORRIS**  
THEN, just take a puff—DON'T INHALE—and s-l-o-w-l-y let the smoke come through your nose. Easy, isn't it? And NOW...

2... light up your present brand  
Do exactly the same thing—DON'T INHALE. Notice that bite, that sting? Quite a difference from PHILIP MORRIS!

NOW YOU KNOW WHY YOU SHOULD BE SMOKING PHILIP MORRIS!

Everybody talks about PLEASURE, but only ONE cigarette has really done something about it.  
That cigarette is PHILIP MORRIS!  
Remember: less irritation means more pleasure. And PHILIP MORRIS is the ONE cigarette proved definitely less irritating, definitely milder, than any other leading brand.  
NO OTHER CIGARETTE CAN MAKE THAT STATEMENT.

YOU'LL BE GLAD TOMORROW—  
YOU SMOKED PHILIP MORRIS TODAY!

# Dance Planned For Field Day

### Will Climax Events In Walker Memorial With Tectonian Music

The annual Field Day Dance, climaxing the activities of the day, will be held in Morss Hall, Walker Memorial at 8:00 p.m. on Saturday, October 29. The music will be provided by the Tectonians, and other entertainment is planned.

Admission is \$2.40 per couple; tickets for the classes of '52 and '53 may be purchased in Building 10 beginning Wednesday, October 19. All others may buy them after noon Thursday.

Decorations will include the traditional paraphernalia of Field Day sports competition, and refreshments will be served. A member of the Dorm Social Committee stated that an attempt will be made to make this dance "the biggest and best ever."

# Chinese Students To Receive Federal Educational Grants

The United States recently announced that an additional four million dollars has been made available for the emergency financial assistance of Chinese students for study in accredited American colleges and universities. Grants to an individual may cover tuition, maintenance, and travel, and will be restricted to the amount sufficient to enable him to achieve an approved educational objective and to obtain return passage to China when that is practicable.

The qualifications specified are: the student must be a citizen of China; he must have been "engaged in a course of academic study as of the academic year of 1948-1949," doing work on a full-time basis to meet academic requirements; he must be and remain in good academic standing; and he must be in need of financial assistance.

# 5:15 Club Sponsors Halloween Dance

The 5:15 Club is sponsoring a dance open to all in Walker Memorial's Morss Hall, Saturday, October 22, at 8:00 p.m.

Tickets are now on sale in the 5:15 Club Room in Walker Memorial and in the lobby of Building 10. The sale of tickets will continue until 3:30 p.m., Friday, October 21, and will also be sold at the door.

Ernie Lawrence and his orchestra will provide the dance music. There will be a door prize of a free Junior Prom ticket to the holder of a lucky number.

It was disclosed by the dance committee that fellows who may have trouble finding a female acquaintance for the evening can contact Albert Cohen '51, or Arthur Orenberg '51, heads of the 5:15 Club date bureau, and find a companion for the Halloween Dance.

Plenty of refreshments will be available all evening, with dancing permitted on two floors of Walker.

# Football

(Continued from Page 3)

on a pass from Frey to Lee, making the halftime score 19-0.

The only scoring in the second half took place in the fourth period, with Lou Lee taking a short pass from Frey and going over. Earl Snell converted the place kick which completed the scoring.

The game was not too indicative of the Sophs' abilities, since the opposition was so weak. The backfield showed good form at times, but the sloppy ballhandling, as evi-

denced by six fumbles, will have to be improved.

Like the freshmen, the Sophs operated out of the T formation, and possess a good quarterback in Bob Frey. Their next game, at Tabor Academy Saturday afternoon, should provide a stronger test.

Tech starting lineup:

LT—Robertson	RE—Lee
LE—Garthe	QB—Frey
LG—Dyke	LTB—Newcomer
CG—Erickson	RTB—Miller
RG—Lawlor	FB—Anderson
RT—Sames	
Score by periods:	
M.I.T. ....	6 13 0 7-26
Wentworth ....	0 0 0 0-0
