Some of the best things in life are the unexpected and the unconventional. That is certainly true of the last two parties of this past weekend.

The first party, a two-storied Tech Show ticket sales party in the basement of the Engineering School, featured both Delta Tau Delta, found that a majority of its membrane fences were from Beta Theta Pi. What could be more natural than that the two parties would be held in the same place? Even better was the fact that the two parties would be held in the same time zone.

The second party was held at the South End, and it was a rumored $200 per term charge (by no means any inside information). Many students have expressed unwillingness to pay that much for the new accommodations. In discussing the matter with the students, it was found that many feel that they can afford to pay. To show that the interest is how much the students can afford to pay. In discussing the matter with the students, it was found that many feel that they can afford to pay. Riflemen Win North NE Crown; Meet Southern Winners On Sat.

Defeating their nearest competitor by a comfortable 24-point margin, the riflemen won the Northern championship of the New England Intercollegiate League last Saturday afternoon. The victory not only locked up the final spot Saturday but arranged their lone league defeat inflicted by Vermonters earlier in the season.

Pelletier and Conlin Break Tech Records
Joe Verdenur of LeBlanc and the Yale teams were the standout performers in last Saturday's Eastern Intercollegiate championships meeting held at Princeton. Verdenur won the 22-yard breaststroke and the individual 50-yard medley, setting a new world record in the latter event, while the Yale team broke records by a wide margin.

Tech's Bob Pelletier qualified for the finals in the breaststroke and took a third-place slot in the qualifying race. Pelletier broke the M.I.T. record for the event with a time of 2:32.1. Frank Conlin also broke a Tech record in the 440, but did too well for the finals.

Rutgers, Walker, Wood
In Dorm Bowling Playoffs
Senior House, Walker and Wood will be the participants in the playoffs. They are the winners of the championship which begins tomorrow evening. The seniors and staffmen clinched their league championship last week by scoring easy 4-0 victories over Goodels and Bents, while Wood had already qualified for the playoffs.

Final scoring recapitulation shows New World's Senior House with the highest overall average, 131.80. Second was Hackman's House with a 119.80 average. The three weapons, the ball, singles, and doubles, contributed to the final figures. The Hackman's House won the ball, 334; New World's, 325;refreshman House, 323. The doubles figures were 126, 115, and 108, respectively. The senior House won the open singles, 165, 138, and 134; the Hackman's House came up second, 163, 158, and 130; and theRefreshman House won the third, 170, 147, and 141.

Fencers Finish 8th in Easterns
As N.Y.U. Wins
Epeemen Best For Tech; Schieldi Wins 8 of 12
Travelling to the first of two post-season tournaments, the fencing team met with disappointing results at the Eastern Intercollegiate Championships in New York. The team, led by Harvard for eighth place out of a field of thirteen colleges, the team showed clearly its lack of experience caused by the depleted schedule during the regular season.

The brightest spot of the weekend was the shooting of the epee team. Whereas the men's disappointing of the three weapons, the epee-men led with sixteen victories scored to the foil and sabre-men's fifteen each. Fred Rayfield's very fast win in the last 1200 yards of the day earned him a 4-6 record for the men's men, while Charlie Klee and Al Zesiger each came through with 7-7 records.

How Smooth can a swing song be?

Nee Sam Donahue playing

And you'll know!

Sam Donahue's new waxing is a real something! Yes, it's smooth, it's swingy, it's something sweet for a fast time. It's smooth, it's swingy, it's that what-do-you-do? in music. Sam knows that whether you dance it fast or slow—well, you'll want it. And when it comes to cigarettes, Sam himself wants a cool, smooth-smoking cig- arette. That's why Sam Says, "Camels are my T-Zone" in a T. Camels are the milder cigarette I've ever smoked—and they taste great, too!

How Mild can a cigarette be?

Smoke CAMELS for 30 DAYS
—and you'll know!

In a recent coast-to-coast test of hundreds of men and women who smoke for 30 days—average of three each—two packs a day—cured throat specialists, after making weekly examinations, report

NOT ONE SINGLE CASE OF TROAT IRRITATION DUE TO SMOKING

Not convinced that Camels are the mildest cigarette you ever smoked? Try Camel's and test them as you ever smoked, the mildest cigarette you ever smoked. (Since)

At Math Meeting

Professor Dirk J. Struik of the Mathematics Department spoke last Thursday to the Greater Boston Intercollegiate Mathematicians Club Association. The topic was "Factions of Zeno." Zeno was a Greek about 450 B.C.3

Sponsored by the Technology Mathematicians Club, the recent meeting was the second meeting of the association since the war. Members of the association include Harvard, Boston University, Tufts, Wellesley, and others.

Charles W. Bostick, '50, president of the Technology Math Club, announced that the club is looking for new members, and as one inducement, the club has recently started publishing the M.I.T. Math Bulletin. The third issue has just been printed.

Though you have been reminded
before, let me again mention that
the Metropolitan Opera will be in
town in less than two weeks.
Though the company has innumera-

arily only too eager to point out, it
also has its assets. You would do
to visit and see them; they are
playing their old war-horses such
as "Carmen," "La Traviata" and
"Aida," but also for once they will
play "Salome," "Peter Grimes" and "The Marriage of
Carlo." Movies
