Rental Hiked $5, Service Slashed In Other Dorms

Beginning in the fall term of this year, the new Senior House on the campus, and all other and dormitories, may request to have a room at a flat rate of $180 for room and $170 for board per man, a reduction of $50 from the present rate. This reduction will be in effect for a period of two weeks, from September 14 to January 31.

Applications for occupancy in any of the Undergraduate dormitories may be made at the Dormitory Board as the "New Dormitory." This change will be open to all registered undergraduate students. The new house will be located in the same building as the old dormitory, but will be split into two separate units.

Rent Increased; Service Reduced
Due to increased costs, as well as a reduction in the number of Undergraduate accommodations, rent in all of the older dormitories has been increased by $50 per month. This increase will take effect on September 1, 1949, and rent in the new dormitory will be at a flat rate of $180 for room and $170 for board per man, a reduction of $50 from the present rate. This reduction will be in effect for a period of two weeks, from September 14 to January 31.

Applications for occupancy in the new dormitory will be made at the Dormitory Board, and any students who wish to occupy the new dormitory must do so before May 1. All applications will be granted to present occupants of the dormitories who desire to retain their present accommodations.

Street Will Speak On Atlantic Pact
Mr. Clarence Streit, editor of "Union News," and president of Federal Union, Inc., will speak at the Atlantic Pact and Union of the United Nations, at the House of Representatives, Wednesday, March 16, at 9:30 a.m. The Atlantic Pact is an association of countries intimately associated with the League of Nations throughout the world, and its purpose is to make proposals of action in the event of a future conflict.

Mr. Streit's proposal has been submitted by the "Atlantic Union Committee" which is on the Supreme Court. Justices O'Connor and Black, in the Supreme Court, are on the Supreme Court. Justices O'Connor and Black, in the Supreme Court, are on the Supreme Court.
FRATERNITY POWER

Six freshmen were approved by the Institute Committee to fill vacancies in the Walker Memorial Committee at the meeting of that body two weeks ago. One of the members took due care to explain that the living group affiliation of the proposed committee members and that five of them belonged to fraternities and the sixth was a commuter. The subject is, of course, a tough one, so, phrasing his words as diplomatically as possible, he stated that the committee members were evenly divided between W.M.C. and the Executive Committee were aware of the situation and whether they realized that, considering all the power W.M.C. wields in extracurricular activities, the proposed slate would not be very popular among political-minded Dormitory men. The Committee’s representatives replied that they were aware of the situation.

Apparently, there was nothing that could be done in this case. Most of the freshmen who responded to the Walker Memorial Committee’s announcement of its annual competition were fraternity men, and the members of that committee felt that those who were selected to fill the posts were clearly the most qualified contestants. Everyone regretted it, but that’s the way things turned out and it had to be. There was some talk about the plight of Dormitory men who aren’t in on the secrets of what goes on around here among the numerous committees in the undergraduate bureaucracy, but it was pointed out that the school newspaper, which all Dormitory men get a prepaid copy, carried the news of the committee meetings. Furthermore on further discussion at the meeting, here is our summary of the situation:

For the past two years freshmen coming to the Institute who are not pledged to a fraternity are divided into two groups, commuters and Barracks residents. Both of these suffer from the lack of access to upperclassmen who can give them the benefit of their experience in choosing activities. In addition, they are in many cases driven from the necessity of traveling some considerable distance to and from school, and the Barracks men do not enjoy an environment conducive to study so much as the commuters. We are in favor of the plan put on. We are in favor of this idea as it is very important to the Institute as a whole.

class, that it fulfilled, was the Liberty Revolution. But there was a corollary to that, with which the Liberals were just as much concerned. Of his fellow liberals, he was very/Editors’ Note: This is a time of year when the topic of the "Arms Race" is on everyone’s mind. We are in favor of this idea as it is very important to the Institute as a whole.

man about tech

by marrin o. greenman

there was an eclipse of the moon on the 1st of April and several of the fellows realized that here was an opportunity to play a good time on any of the gullible. The effect was nothing less than incredible. A couple of weeks later, we gathered in the court between the two underground dorm buildings, and an explosion of fireworks went forth. public address systems started, featuring phonograph records, important for the occasion, from the far reaches of lower man.

at one time the phenomenon progressed, it was decided that here was a fine time to get rain. after all, what could be more fun than an eclipse with rain, especially if a hundred or more people made their heads immediately turned towards the fading yellow moon in the sky, the rain makers on the roofs went about their drear task of attracting fire hoses to all available water faucets, paper bags and waste baskets were acquired and wind was given, the deluge started.

3 leading questions

Q. What is "Profound"?
A. Name of a Boston ball park . . . also one of Aren’s famous button-down exteriors.

Q. What is "Suscept"
A. Name of a British college that Aren’s famous button-down exteriors.

Q. What is "Brookly"
A. Broccoli is a vegetable, also Brookly is Aren’s regular collar asfot shirt.

THE TECH BASEBALL CONTEST
OFFICIAL ENTRY BLANK

Clipping address to Contest Editor, Room 206, Walker Memorial, and drop in your liaison mail slot.

CONTEST EDITOR: Here are my predictions for the final standings in the major leagues for 1949:

AMERICAN LEAGUE

1. Boston Red Sox
2. Detroit Tigers
3. New York Yankees
4. Chicago White Sox
5. St. Louis Browns

NATIONAL LEAGUE

1. Brooklyn Dodgers
2. New York Giants
3. Philadelphia Phillies
4. Pittsburgh Pirates
5. Chicago Cubs

1. Clip coupon at left, fill in your predictions, and mail to Contest Editor, Room 206, Walker Memorial.

2. Anyone is eligible to compete except members of the staff of The Tech.

3. Only one entry may be submitted by any one person.

4. First prize will be a ticket to a world series game played in Boston. If none of the series takes place in Boston, a substitute prize will be awarded.

5. In case of tie, duplicate prizes will be awarded.

6. Contest closes on April 30.

Basketball Team Elects Morton As ’49 Captain

Leo Morton, a junior, has been elected captain of the varsity basketball team for the ’49-’50 season. Leo who is 6'4" tall and weighs 196 pounds, has been first string center on the team for the past three years and has season scored 107 points, besides playing a stand-out defensive game.

Golf Team Awaits Opener on Apr. 20

With its first match of the season less than a week away, the Tech golf team has completed qualifying rounds for five men who will be on the squad. Positions seven and eight will be determined in a match to be held over the weekend.

The team thus far includes three veterans back from last year’s squad and three newcomers who make up last year’s freshman team. Playing in first position is Captain Neil Merrick, followed by Dave Schmelzle, Tim Childs, Jim Felder, all on last year’s freshman team, and Jack Currie and Bob Stabler, both of whom played part with the Varsity last season.

The first match is against Brown on Wednesday, April 20. It will be held on the Woodland Country Club links.

Engineers Drop Opener, 10-7 As Wesleyan Scores Heavily In Late Innings

Despising an early four run lead, the Crimson went on to lose to Wesleyan in its opening game of the season at Middletown last Wednesday afternoon. The final score was 10-7, with the Cardinals scoring three runs in the seventh and two in the eighth to edge out the Crimson. Tech jumped off in front in the first inning as John McMillen led off with a triple, and Cardinal pitcher starter walked Johnson, Byrne and Phillips to force in a run. Another tally came in on Johnson single.

Two Runs, No Hits

After Wesleyan had tied the score in the second on a walk, a single, a walk, a single, another walk, another single, and a fly to center, the Crimson had two runners on base looking for a squeeze play to score a run. But the bases were loaded with one out. Our best chance to score was when Jack Bartlett, who is expected to bat fourth in the order, drove in two runs with a big double. However, from here on in it was mostly Wesleyan, as the Cardinals proceeded to pound the offerings of pitcher Cotton Walker. A tie in the seventh brought over by four hits, a walk and an error put Wesleyan in front to stay, as Chappie Spencer drove in two runs with a key single.

Complete rules of baseball contest

1. Clip coupon at left, fill in your predictions, and mail to Contest Editor, Room 206, Walker Memorial.

2. Anyone is eligible to compete except members of the staff of The Tech.

3. Only one entry may be submitted by any one person.

4. First prize will be a ticket to a world series game played in Boston. If none of the series takes place in Boston, a substitute prize will be awarded.

5. In case of tie, duplicate prizes will be awarded.

6. Contest closes on April 30.
PLACEMENT INFORMATION

Since the number of companies coming is getting smaller all the time, the following is the complete list we have at present. If you care to have interviews with any of these companies, sign in Room 7-101.

National Carbon Co., Inc., Cleveland, Ohio, April 20; X, II, VI.

Experimtn, Inc., Richmond, Va., April 20; X, V, VIII.

Russell Steel Co., Cantonville, Pa., April 20; II, III.

Corning Glass Works, Coming, New York, April 20.

Kael-M-Frank Corp., Willow Run, Mich., April 20; XV.

International Telephone & Telegraph, Nutley, N.J., April 20; VI.

Carus-Wright Corp., Cattell, N.J., April 20; V, XI, XVI, III.

Notice to Tech Students, Faculty and Personnel who need or will need glasses.
