Swinners Win Sixth Straight, Drown W. P. I.
Make Big Splash With 57-18 Score; Fosch Also Triumph, 46-23

The Beavers men flushed a 2-1 in over cornell Polytechnic Institute last Saturday afternoon at Alumni Pool. It was the Beavers' seventh straight victory and ended the regular season with a win.

Dick Plummer, Jack Pine, and Frank Conlin all set a new record of 54-30 on the 200-yard medley relay, eclipsing the old...

In their last meet of the year, the varsity wrestlers competed against Coast Guard Academy, 14-11 at Rockwell Cage Saturday afternoon. John Hansen closed out a successful season by scoring his seventh victory in eight matches, while Beaver captains, Herb Voekker, scored his sixth win in a close match. Larry Foley, after missing half the season because of injuries, also ended the season on a high note. MacDonald, who ought the Coast Guard captain to a draw.

Callahan, who has sustained several injuries, also ended the season on a victory note. The other Tech points were added by Allan Tanner, who scored 278, Male Stuart, who fired 278, Herb Voekker 275 and Charlie Middlebrook, who scored 273. Herb Voekker 275 and Charlie Middlebrook, who scored 273, were on the wrong end of several bouts, but fell short of victory as they were on the wrong end of several bouts.

At the conclusion of the fall season, the meet had all the appearance of a runaway for Columbia. Of the nine bouts fenced only Captain Frank Kelvin had a chance to save a victory for Tech. However, the Tech team again came to the rescue, pulling the team out of the losing circle to save a victory. The meet was clinched by the inclusion of the 26-3-1 win in the saber event. The eye team, which has been the outstanding winner this year for Tech is composed of Fred Rayfield, Charlie Kerr, and Al Silverstein. The Columbia team was the hot favorite of the day, but fell short of victory as they were on the wrong end of several bouts.

On Wednesday evening the Beaver fencers were soundly trounced by a strong Harvard team on the Crimson strip. This area was directed by Coach Percy of Harvard, and the final score of 5-3 was a definite win for the Beavers. Ozzie Houkalehto, also a member of the bench, scoring in a bad way . . . . Morton played a good defensive game, stealing the ball, blocking shots and deflecting passes on numerous occasions.

It was quite the same story in the preliminary tune as the UConn second stringers triumphed over the Huskies. The Huskies outplayed the Engineers throughout the entire battle, and their superior height usually allowed the Beavers only one shot per rally.

Dozens Of Cars Tagged, Tickets Fixed For $1.20 In Lobby Of Building 10

Ticket-bearing windshield stickers were a common sight around Tech Monday, as the M.D.C. found its market of available vehicles monopolized by Tech Show publicity men. Nearly a thousand car owners were recipients of small bills which threatened serious pressure if they do not comply with the terms of the ticket.

In keeping with the general ticket-fixing procedures, the recipients of the tickets will be able to avoid punishment by returning to minor-league graft. The redemption system, now flourishing in the lobby of Building 10, permits the owners of the tagged vehicles to exempt themselves from prosecution by making an exchange for the much desired tickets to the 1950 Tech show. The deal will go through if the palms of the salesmen are greased with $1.20, $1.80, or $2.40. When this is done, the "parking ticket" will be destroyed.
