Atomic Scientists Envision
Horrors of World War III

World War III, its implications on our colleges and universities, will be the subject of a Lecture Series Committee presentation at 7:00 p.m. in Memorial Hall. A movie, lecture, and discussion period will comprise the evening.

"One World or None," a movie produced by the American Friends Service Committee and narrated by Dr. Anna Louise Strong, will be presented as the first film of the evening. The film, in 216 scenes, will illustrate conditions that will develop as the world moves toward a third conflict.

After the film, a discussion of the implications of the film and of Dr. Strong's statement will be held. A question-and-answer period will be open to all who wish to present their views on the matter.

The second section of the evening will be devoted to a lecture by Dr. John D. Trump, 43. Dr. Trump is a leading authority on the field of atomic energy. His lecture will deal with the development of atomic energy since World War II, the impact of the atomic age on the United States, and the implications of atomic energy for the future of our nation.

The final section of the evening will be devoted to a question-and-answer period. Anyone who wishes to present his views on the matter will be given an opportunity to do so.

The lecture series committee looks forward to an active discussion, and to the opportunity to present a broad perspective of the implications of atomic energy on our world.

The lecture series committee wishes to thank the American Friends Service Committee for its cooperation in presenting this program.
Beaver Nine Scores One Victory, One Tie in 5-Game Southern Trip

While the school was cut for the spring regatta, the varsity nine was building its already impressive record. Last Saturday the same nine represented M.I.T. in the mid-New England sectional championship of the National Intercollegiate, and set a new five-man team record. The Beavers first triumph came when they captured the New York Metropolitan League's Freshman Annual Invitational Match at 4:00 to take the field of 35 teams, defeating their nearest competitors, the Sidewinders, 190 to 109 by free teams, dominating three of the New England Championship teams.

The varsity nine has won its freshman year, Will has a highly successful season and went on to place second in the New England Championships. During his four years with the varsity and fourjouets of twenty-four matches that made up the season, he was a valuable member of the winning team.

Will hail from Zachary, Louisiana, but has been going to school in the North for the past eight years. (Continued on Page 4)

Fencing Team Takes Thirteenth Place In Field Of Thirty Three

The M.I.T. fencing team fought its way into the New England Championships in a field of thirty-three entries in the National Intercollegiate Fencing Championships at Dartmouth College. Captain Charles Kreuz, chairman John Lowry, and foilman Tony Smith were the three competitors at the meet, making up a very balanced team. The squad finished second in the league, but did not win the first place.

However, in the second day of fencing, the inside group and several minor injuries took their toll, and the Beaver fencers dropped several competitive matches. (Continued on Page 1)

Team Looks Good

Technology's baseball squad swung through the season on a conditioning trip last week, and also took part in the conclusion of an impressive record the Beavers collected many valuable experiences in their games and added some of the best wins in the South-East. The Beavers opened against the Southeastern Conference Champions, Alabama University and LSU, on Monday, March 26, dropping a hard-fought game by a score of 2-1. The Beavers had the better of the game for nine innings but allowed only three hits throughout the seven innings played.

Beefer Sailors Sink Brown In Dual Meet

On Charles, 257-166

Sailing under a heavy wind with three novices, the M.I.T. sailing team defeated Brown in a dual regatta Sunday by a score of 207 to 106. Skipper B. P. Smith of M.I.T. top handled his boat for an extra of 63 possible points. Following a scintillating battle for fourth, Brown scored with 86 points. Top Techmen of the Beavers were co-admirals of the Beavers. Lawson and Johnsten and skipper Bob Norgren, who tied for fourth place.

Brown's chances were seriously hurt early in the meet when their skipper "Knoxie" capsized the boat on the opening turn, putting brown out of the running.

On the return, a two-game series was added and gave M.I.T. a 4-0 sweep over Brown.

**Promotions For Faculty Revealed By Pres. Killian**

Promotions of Institute faculty members, effective July 1st, were announced today by President Killian. Among those named are: David I. Bernstein, section of graphics; and Arthur E. Johnson, department of English and history; Donald R. F. Harleman, department of mechanical engineering; and Dr. C. Conrad Wright, department of mechanical engineering; and David I. Bernstein, department of building engineering and construction.

Also advanced to full professorship are: Dr. Carl F. Flee, department of metallurgy; Professor Harold A. Wittry, department of economics and social science; Dr. Raphael Salem, department of mathematics; and Dr. Clair N. Hartley, department of civil and sanitary engineering.

New Associates Professors

Assistant professors who are promoted to the rank of associate professor are: Warren Ambrose and Dr. Francis B. Hildebrand of the department of mathematics; Professor John E. Arnold and Professor Myle J. Holley, Jr., of the department of mathematics; and Dr. Albert G. H. Dietz, department of electrical engineering.

Other new associate professors are: Robert J. Hansen and Professor Mykle J. Holley, Jr., of the department of civil and sanitary engineering; Dr. David N. Byrnes and Dr. John D. Roberts of the department of environmental engineering; and Dr. Barmabam Kelly, department of city and regional planning and director of the Bellowsfield Research Institute. In addition to his promotion to the rank of associate professor, Professor George B. Thomas, Jr., has been named executive officer of the department of mathematics.

**Assistant Professors**

Promoted from assistant professor to associate professor are: St. Adier and Alexander Kusburg of the department of electrical engineering; John L. Benton, H. Neil Harrylt and Dr. C. Conrad Wright of the department of English and history; Donald R. F. Harleman, department of civil and sanitary engineering; and Arthur B. Johnson, section of graphics.

**Instructors**

Promoted from instructor to assistant professor are: William C. Whinnich, department of building engineering and construction; William B. Ritchie, department of business and engineering administration; and Dr. Henry Sherman, department of mechanical engineering; and Howard T. MacFarland. Juniors elected were Edward Arthurs, Roger Sims, Paul G. Smith and Thomas Louis Stark and Russell S. Stott.

wild affair which concluded in a 5-4 tie. Wade Crossfield stressed for the Beavers, but Hogan relieved in the sixth with the score tied 3-2 in favor of the opposition. Andrew C. Sophmore Ron Thomas then shooed the Eagles in front 3-4 with a two-run double, but the Eagles tied it up, scoring on a ball by Hogan.

The next day the Beavers absorbed their worst defeat of the trip, in spite of a splendid two-ohne by Diller, who came back with only two hits. George Washington pulled out a 4-3 victory as a result of six fielding errors.
