Dear Sir,

Since the reputation of the Institute educators is of primary interest to me, I feel that it is my duty to make known the true facts to the readers of your column. There is no substitute for a good education, but what is the real purpose of the education that the Institute is offering?.

I refer to the course of study that is being offered to the students. The course of study is divided into three main categories: technical, professional, and general. The technical category includes courses in engineering, mathematics, and physics. The professional category includes courses in business management, economics, and law. The general category includes courses in the humanities, social sciences, and arts.

The Institute has been accused of offering only technical courses and ignoring the humanities. This is not true. The Institute offers a wide range of courses in all categories, and the students are free to choose the courses that they wish to take. The Institute has also been accused of being too technical and not offering enough practical experience. This is also not true. The Institute provides ample opportunities for practical experience, such as internships, co-op programs, and design projects.

I hope that you will consider these facts when you write your next article. It is important to present an accurate picture of the Institute, so that people can make informed decisions about their education.

Sincerely,

Tech Harriers Seek Second Straight Win

Tech's cross country team will go out after its second straight win tomorrow afternoon against the University of Massachusetts. The Beavers, who have been running the same team which easily outdistanced Tufts College last week, 21-36, with Captain Bill Kuhn leading the way.

Soph Footballers Tangle Tomorrow

Marc Pearlman's soph gridiron to to the pool for the second time, this season tomorrow afternoon when they tussle with the3adors from Newport Naval Academy on Briggs Field.

In their last outing, two weeks ago, the Irens lost a 34-0 decision at the Northeastern Frosh, but gave the Huskies quite a scare in the second half, when they were on the offense most of the time. The ships have also met other opposition since that time, scrummaging informally with Wentworth Academy on October 11, and again with Francee yesterday afternoon.

Beaver Booters Edge Jumbos 2-1 In Two Overtime Periods; Frosh Also Win; By 7-1 Count

Austen Gets Winning Goal With Only Seconds Left In Overtime Frame

In a game which was also a two overtime periods the Beaver soccer 마련 succeeded in edging the Tufts squad 3-1 on Tufts home field last Wednesday.

Neither team was able to score during the first fourteen minutes of play but a few seconds after this the Tufts attack was able to penetrate and Bennett hit the nets to put the Beavers in the lead by a one point margin. Both teams remained scoreless for the rest of the period.

Tech wanted very little time remaining when Ditchixo scored the goal past the Tufts goalie before five seconds of the extra second period had passed. This tied the game up and ended the scoring for the remainder of the regulation game since neither squad could find the nets during the entire second half.

When the game had ended in a score to one tie, a five minute overtime was decided upon. However, as was the case throughout the second half, the defenses proved themselves too strong and neither team scored.

Austen Saves Winning Goal

Another five minute overtime was begun and it began to appear as though neither team would score again. As minutes ran out and only seconds were left on the game timer, Jackerry Austen was able to put the ball in the net for the Engineers, winning the game.

Tomorrow the squad will travel to R.V. where they will play for their second win of the season.

Frosh Also Win

Also last Wednesday the freshman squad made it a double victory as they triumphed the fresh Tufts six nil before recording one coast on Briggs Field. The young Beavers were able to score twice without any trouble from then on.

Neither team countered during the first period but in the second both Essays and Essays hit one for one point the first time was decided upon. However, when the game had ended in one to one tie, a five minute overtime was decided upon. Fund Drive

(Continued from Page 1)

the next few months we expect to make a personal appeal to all of you...in the remaining Tech men and friends who have not been seen, to give them the opportunity to have a part in this great undertaking which means so much to MIT and which, when translated into buildings and equipment across the river, will be such a source of pride to all of us.

The material progress of the campaign is no less spectacular. More than $10,000,000 has been received in cash and pledges. More than 6,000 contributors have contributed $6,000,000 from 215 corporations. Nearly $6,000,000 has been contributed by foundations. Nearly $3,000,000 was received in individual contributions.

More than $16,000,000 has been received in cash and pledges. This is a mark of your faith which I am sure you and your friends will be happy to continue and support as the need arises. This is our battle for finishing any job they start and this will be no exception.
