With a victory in the glove fight which proved to be the deciding event, the class of '94 knocked over the class of '24 on the fifty annual Field Day held last Saturday by a 14-7 count. It was the thirteenth time in the history of this annual competition that the class of '94 had won.

Heady members of the freshmen tug-of-war team on their way to winning in the lightweight fight even added three points to the Field Day winners score.

After the team was victorious in the tug-of-war fight, a showdown between the Sophomores and the Frosh that a freshman class has been victorious.

Going into the glove fight, the final event of the day, the Frosh were leading by a 9-7 score which was compiled by freshmen wins in the swimming meet, cross country, and tug-of-war and Frosh victories in the relay and the football game. A win for either class in the glove fight would have given them a victory in the Field Day and after the dust and debris was cleared it was found that the Frosh had managed to extract 802 gloves from the Sophs while only giving up 74 hand coverings. The five points awarded for this event went to the Frosh and along with it Field Day. The class of '24 will no longer be required to wear their freshman ties as a result of their victory.

Sophs Take Grid Game

The Sophs did salvage one part of the day's festivities, the class of '24, for the sake of their Information Office is notified of the student's change of address.

All students who think they are in the upper half of their class and are looking for a job should make themselves known to the Placement Office. It may be that the Placement Office holds the key to the student's future.

For 40 Years

Organization Boasts Of Numerous Activities

"With apologies to the 'imaginary invalid' at a salary, no less. And these were the days when T.C.A. was fully in tune with the times."

Several other activities of the old T.C.A. have been replaced by services more in tune with the times. Among the more colorful of these was the "Jail Work Department," when there was the 'brief "Coat Prom, at a salary, no less. And these were the days when T.C.A. was fully in tune with the times."

The T.C.A. got freshmen eager to take the easy victory.

The Calendar of Events

November 1 to November 7, 1950

Wednesday, November 1

Mathematics Society. Chess and Math. Harry F. Davis, E. Room 4-376, 5:00 p.m.

Perkins Alumni. Member and Candidate Maneuver Orientation. Room 24-140, 5:00 p.m.

Technology Catholic Club. Our Lady of Fatima. Reverend Anthony Flaherty, Room 1-190, 5:00 p.m.

Tech Model Aeroworks. Discussion of Control-line Flying. du Pont Room, Building 23, 5:00 p.m.

Inter-Varsity Christian Fellowship. The Need and Purpose of the Abrahamic. Reverend Hary Nolol, Professor of Theology, Gordon College of Theology and Missions, Boston, Room 5-106, 5:00 p.m.

Chemistry Department. Harvard-MIT Physical Chemistry Colloquium: Liquid-Gas Critical Phenomena. Professor Bruno H. Emsm, University of California, Room 6-130, 8:00 p.m.

Thursday, November 2

Civil and Sanitary Engineering Department. Seminar: The Sanitary Engineer in Consulting Engineering Practice. Mr. N. K. Keanon, Choate and Eddy, Consulting Engineers, Boston, Room 3-306, 4:00 p.m.

Physics Department. Colloquium: The Phonon Normal Fluid in Liquid Helium Below 1°K. Dr. Melvin A. Herlin, Room 6-120, 4:15 p.m.

American Institute of Electrical Engineers-Institution of Radio Engineers. Engineer in Consulting Engineering Practice. Mr. E. Sherman Chase, E. Inmarson and Eddy, Consulting Engineers, Boston, Room 1-390, 4:00 p.m.

Dramashop. Moliere's "Imaginary Invalid." Peabody Playhouse, 8:30 p.m.

Saturday, November 4

Freshman Soccer Game. With University at Connecticut at Storrs, Connecticut, 12:30 p.m.

Nautical Association. Erwin H. Schell Trophy Regatta. Sailing Pavilion, 1:00 p.m.

Cross Country. New England Amateur Athletic Union Championship at Harvard Stadium, 2:00 p.m.

Varsity Soccer Team. Match with University at New Hampshire, Connecticut, 3:30 p.m.

Rugby Club. Match with Harvard Rugby Club, Briggs Field, 5:00 p.m.

Dramashop. Molieres's " Imaginary Invalid." Peabody Playhouse, 8:30 p.m.

Sunday, November 5

Nautical Association. Erwin H. Schell Trophy Regatta. Sailing Pavilion, 10:00 a.m.

Monday, November 6

Outing Club. Lakotstan—halfbacks and full songs. Music Lounge, Charles Hayden Memorial Library, 8:30 p.m.

Tuesday, November 7

Placement Bureau. "The M.I.T. Placement Bureau and What It Does for Students and Alumni." Mr. Nathaniel Mc. Sears, Professor Carlton E. Tucker, and Mr. James A. Yates, Room 18-315, 11:00 a.m. For June 1951 Class.

Placement Bureau. "The M.I.T. Placement Bureau and What It Does for Students and Alumni." Mr. Nathaniel Mc. Sears, Professor Carlton E. Tucker, and Mr. James A. Yates, Room 18-315, 1:30 p.m. For June 1951 Class.

Academic Advisory Seminar. "Recent Aspects of Recent Research in Fluid Mechanics." Professor K. G. Hibberdson, King's College, University of Durham, England, Room 4-376, 4:15 p.m.

Technology Christian Association

The Technology Christian Association is sponsoring an Annual Financial Drive among students at the T. C. A. Office, Second Floor, Walker Memorial, Wednesday through Friday, November 1-3.

There will also be a T. C. A. Boston Area Conference on the Student Christian Movement, Walker Memorial, Friday through Sunday, November 1-3.

Exhibitions

Photographic Salon. Emphasis this year on J. B. Armstrong of Detroit, Michigan, will be on display in the Photographic Service Gallery, Basement of Building 11, from November 1 to November 18.

Calendar of Events

The Calendar of Events is published weekly on Tuesday in THE TECH, and contains announcements for the following week. A separate listing of the Calendar of Events can be obtained for one dollar a year, payable in advance at Room 7-204.

By Stan Benjamin

Another Field Day comes and goes, and another vignette from the Globe Fight. Gloves have, from time to time, been hidden in various parts of the apparel, the bump disguised in acid, etc., and most of these methods of disfigure have been made illegal. Nonetheless, two sophomores, bent on keeping their gloves intact, slipped them into a bag in the lining of a jacket and then looked for a safe place to leave same. And they found it. While the F.A. system showed the illegality of spectators holding gloves, the two miscreants were considerably bent the jacket to a shivering, unsuspecting Globe Fight Marshell, who took good care of jacket and gloves throughout the fight, and has been none the wiser.

Korea

(Continued from Page 1)

At the Cairo Conference in December, 1943, between President Roosevelt, Prime Minister Churchill, and Generalissimo Chiang, the famous Cairo Declaration was issued. It stated that the three powers "united in the enunciation of the rights of the people of Korea, are determined that in due course Korea shall become free and independent."

This promise was reaffirmed at the Potsdam Conference attended by President Truman, Prime Minister Attlee, and Marshall Stimson when the three agreed that "the terms of the Cairo Declaration shall be carried out.

Following this the Russians stated in their declaration of war against Japan, 8 August 1945, that, "Due to the obligations as an Ally, the Soviet Government has accepted the proposal of the Allies and has joined in the declaration of the Allied Powers of July 26 (the Potsdam Declaration)."

It was this another way of saying that the Soviet was committed to favoring independence for Korea.

Japan's collapse now proved swift. Her offer of surrender came two days later on 10 August making it imperative that the United States, which had borne the brunt of the Pacific fighting, and its Allies make speedy arrangements to accept the surrender of Japanese forces in the Pacific and Asiatic theatres, including Korea. As regards the latter country, the surrender arrangements embodied in the celebrated General Order No. 1 provided that Japanese forces north of 36 degrees north latitude should surrender to the Russians whereas those to the south of this line were to capitulate to the Americans. It should be noted that the first Russian forces entered Korea on 15 August at a time when the Japanese available Americans were on Odawaru, 600 miles away, and in the Philippines, over 1,500 miles distant.

With this in mind as well as the fact that the Korean capital, Seoul, would fall into the American zone of receiving surrendered Japanese, General Order No. 1 was approved by President Truman and issued by General MacArthur on 2 September.

Soph Gridmen Maul Frost, Win Field Day Clash 20-0

The class of '51 trounced the sophomores 20-0 on Field Day, as they garnered four points for a losing cause on the greensward of Briggs Field last Saturday afternoon.

Though the sophomores had driven up and down the field in the first quarter, penalties and last ditch stands by the fieldmen held off a score.

Early in the second quarter, the team pushed out of trouble. Bresse was back for the frost but loosed with the leather as it rolled around in front of him in the end zone. It just managed to grab it and pull it out to the one-yard line before theSophis pounced on him. On the second play of this series, Wilson rushed as he was hit hard going for right tackle, and it was first and ten for '51 on the third-yard line.

The fieldmen held for three downs but a quarterback sneak on fourth down was back for the troffers but toyed with the leather as it rolled around the end zone. The Troffers halted the 'freshmen but toyed with the leather as it rolled around the end zone. The Troffers halted the 'freshmen but toyed with the leather as it rolled around the end zone. Tech Cross Country

After winning the 27-28, Frost Lose 23-36

The Tech Cross-Country team ran its undefeated record to three meets last Friday afternoon by edging the University of New Hampshire, 27-28, at Durham. The Beaver football team bowed to the new Hampshire frosh in the preliminaries meet, their first defeat of the season. The score was 25-36.

In the variety meet, Captain Bill MacGowan of the Freshmen scored through to take first place for the third time in a row, winning easily from Captain Bob Borelli of New Hampshire. Carl Leinward of Tech continued to improve by coming in the number three position.

Brockhampton Gridmen

The New Hampshire team won easily into the Engineers' lead when R. W. Webber and Tom Kohl took the first two places, but Jimmy Tiersich of Tech won the third place position and Chuck Vickers edged out Dick Pratt of New Hampshire, winning seventh position by a scant few yards. This proved to be the turning point, for Carl Leinward of Tech took tenth, just to give Oscar Hedlund's squad their narrow margin of victory. Wintertime for the 4.2-mile race was 22:22.

The order of finish:

In the varsity race, Chuck Vickers of Tech took a comfortable lead and held it all the way at the end of the week.

Tech & Brown tied for second behind the freshmen oarsmen took the first place in the varsity eight, 6:16-1/2, while Dartmouth took third place. Tech's second boat came in for second place, 6:24, and Sigma Alpha Epsilon 12-Delta Kappa 0. Riverside 6--Alpha Tau Omega 0

It took only two pulls for the Sophis to come over to Tech's left, causing the race to be a bit one-sided.

Low Temperatures Help Harden Steel in Metallurgy Labs

Dr. James R. Killian, Jr., president of the Institute, told an audience of alumni at Cleveland, Ohio, last night, of recent studies here in the field of steel tempering. "This research," Dr. Killian said, "has gone a long way toward a solution of the age-old problem of how steel hardens.

Directed by Dr. Morris Cohen, professor of metallurgy, the project has shown that the atoms in steel can rearrange themselves in the process which makes steel hard. The new studies indicate that steel hardening is a cooperative "sliding" in which many steel atoms actually harden in the form.

St. Ilyany Moderates Discussion On Ethics, "What Is A Good Life?"

"What is a Good Life?" will be discussed by the Lecture Series Committee meeting forum this coming Thursday in Room 610-210 at 7:30 p.m. WMTS is carrying the discussion.

Professor Edward Aschrafin of Boston University, Joseph P. Fletcher of the Episcopal Theological Seminary in Cambridge, and Clyde M. Elschnik of Harvard University will present three points of view on the problem of ethics in the contemporary world. The panel of speakers will be moderated by Alexander St. Ivanyi, lecturer at Technology, former Deputy Bishop of the Unitarian Church in Hungary, and President of the Liberal Party in Hungary.

Professor Aschrafin, although Professor of Christian Missions and Christian International Relations at Boston University's School of Theology, is going to defend the Bhuddha in the forum.

The Christians will be represented in the symposium by Professor Fletcher, a graduate of Western University, Berkeley Divinity School, and London School of Economics.

Professor Elschnik, who is to give a scientist's account on the subject, is the Director of the Russian Research Center at Harvard. He is the former Chief of the Department of Joint Israeli Survey in the War Department and President of the American Anthropological Association.

Meet "MUSCLES" MAGEE "Varsity" "Find" of the year!

Whether you're a new affiliate like "Muscles" Magee, or just a plain, unassuming student with no particular aptitudes, you'll love the Fife & Drum Room. Don't miss nightly by Jimmy Magafo and his orchestra.

Low Temperatures Help Harden Steel in Metallurgy Labs

The process which makes steel hard was found to increase to nearly 100 percent at 453 degrees below zero.

In some types of steel, the amount of hardening was found to increase the process which makes steel hard.

Steel can rearrange themselves in the process of hardening. The new studies indicate that steel hardening is a cooperative "sliding" in which many steel atoms actually harden in the form.
