## THE TECH SMOKER

THE TECH reminds all men interested in filling the many positions open on its staff, that a membership smoker will be held tonight in Litchfield Lounge at 5:00 p.m. Those who attend will hear Colonel Charles F. Baish and Major Thomas Lineham speak on the possible expansion of the R.O.T.C. program and Professor Erwin Schell talk on mass communications. Refreshments will conclude the gathering.

## "No Such Game As 'Karoso'" T.E.N., Many Students 'Taken'

By EDWARD F. LEONARD

Is there such a game as Karoso? Certain communications which have been brought to the attention of this writer indicate that there is a group at Technology whose principal object in publicizing Karoso is to pull a colossal hoax on the Institute Committee, the Tech Engineering News, and any other organization in a similarly susceptible position. Tech Engineering News and officers of the Karoso Club refute these accusations.

### Nothing to Play

"An officer of the Karoso Club has told me, 'There is no such game as Karoso,' a former student writes in a statement to this writer. 'Each of twenty students recruited at a Karoso Club smoker this term, feels he has almost learned the game, but none can play, since there is nothing to play,' our informant states.

"I know all about this because I was asked to become a fifth member of the team when they 'played.' I was shown the club's correspondence with Swartmore College, in which a meet was scheduled."

The informant continues, relating how the Karoso Club successfully petitioned the Walker Memorial Committee for provisional Class B activity status, allegedly presenting false information concerning the popularity of the game, and the membership of the Technology club.

### Doubt Surprises Club

Walker Memorial Committee could not be reached for comment at this time, but Andrew Browder, '53, of the Karoso Club stated, "There definitely is a game, Karoso, and its history is exactly as represented in my article published in the January, 1951, issue of The Tech Engineering News."

### Very Much Surprised

"We are very much surprised at this reaction to Karoso. We feel that the validity of a game is not measured by the number of references to it in the literature, or by the number of famous people who have mastered it. Rather do we feel that the worth of a game is measured by the enjoyment derived from playing it. . . . We are not only willing, but anxious to teach the game."

### T.E.N. Investigation

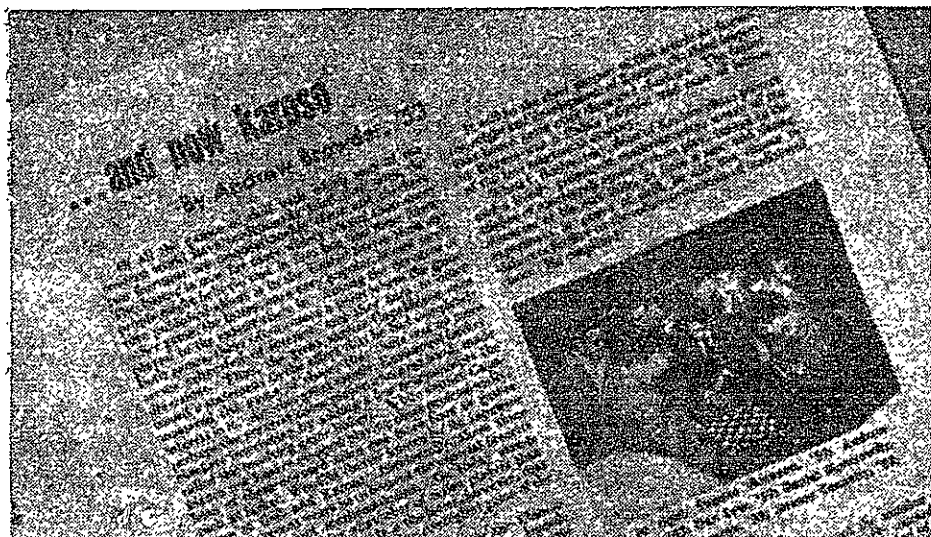

Kenneth D. Hoppie, '51, General Manager of T.E.N., stated that a preliminary investigation by his staff has not "uncovered any documentation for or against Karoso, although the investigation is being continued.

"We are, however, fairly confident that the game does exist, and we shall attempt to present a

## Speed Reading Course To Begin Thursday

First meeting of the Reading Techniques Course will be in Room 2-190 on Thursday, Feb. 15, at 8:00 a.m. Fee for the course, which is designed to develop both speed and comprehension in reading, will be \$15.00 payable at the Cashier's Office, Room 10-180 before Feb. 15.

Those who took the course last term, according to Professor Howard R. Bartlett of the English and History Department, increased their reading rate by 49% without any loss in comprehension.

## Atlantic Union Problem To Be Osborne's Topic

On Thursday, February 15th, the Lecture Series Committee will bring the Honorable Lithgow Osborne to the Institute to speak on the subject, "Atlantic Union—To Strengthen Freedom" in room 1-190 at 5:00 p.m.

The principle of Atlantic Union has many prominent advocates throughout the country including Karl Compton and Professor of Mechanical Engineering Joseph Keenan, both well-known figures on the M.I.T. campus.

Former justice of the Supreme Court Owen J. Roberts, who is president of the Atlantic Union Committee, has also crusaded for the united stand of the western democracies. "The United States above all nations must defend individual freedom everywhere. It must contrive that free men of other countries have the opportunity to form an organic union with our citizens for common defense and common welfare."

Lithgow Osborne, graduate of Harvard in 1915, is at present president of the American-Scandinavian Foundation. Through his experience in the embassies of Berlin, Havana, and Copenhagen, and as U. S. Ambassador to Norway from 1944 to 1946, he has garnered first-hand information on the countries about which he will be speaking.

## Dean Farnsworth Selects Sweethearts

Early in the year it was announced that Technique 1951 would have a section devoted to sweethearts. Option holders from the far corners of Boston, Cambridge, and surrounding areas promptly deluged the Technique office with photographs of wives, sweethearts, and friends. General Manager Sam Rubinovitz found himself faced with the task of selecting seven girls to appear in the book. Never one to let beautiful women get him down, Sam set up a judging committee under the able direction of Dean Farnsworth.

On January 16 the committee set up shop in Editor Seeley's Infirmary room. With shades drawn and door bolted, they began the job. Hours later, after many difficult decisions, Dean Farnsworth emerged and announced the following winners:

Miss Ann Baker, Miss Jean Byers, Miss Mary Ann Crowell, Miss Mary O'Reilly, Miss Anita Rossien, Miss Faye Vance, and Miss Jean Wibel.

## Scabbard & Blade Society Presents Annual Formal

The evening of Friday, March 2, will bring to Morss Hall the annual Military Ball presented by "G" Company, 5th Regiment of the National Society of Scabbard and Blade. The Ball will be a formal affair, with military or formal dress being worn.

A full bill of entertainment will be presented during the intermission period. The Pershing Rifles Drill Team will present a demonstration of precision and trick drill.

### LSC MOVIE

The Lecture Series Committee will present Douglas Fairbanks, Sr. in "The Three Musketeers" on Wednesday, February 14, at 5:00 p.m. in Room 10-250. Admission is \$3.00.

This will be followed by the traditional ceremony of presentation of sabres to the new members of the Society. Next in order will be the installation of the new Captain of the Company, William H. Ferguson, Jr. The intermission will be concluded by the Grand March, led by the retiring Captain, Byron F. Burch, Jr., and an arch of sabres for the new members.

Music for the occasion will be provided by Hal Reeves' Orchestra. The decoration motif has not yet been announced, but promises to be unique and interesting. The Dance Committee is under the over-all direction of Fred Lehmann. Newton Shanbrom is in charge of ticket sales, Daniel Maxfield is handling the decorations, and Samuel Mitchell, the publicity for the occasion.

## Fund For Stevens Institute Begun By THE TECH Staff

Photo by Herzfeld

Shown above are certain members of THE TECH Staff making the first contributions to the "MIT to SIT" Fund.

### By DAVID WEBER

Do you know what school is Technology's traditional rival? Chances are you don't. No, it's not Harvard, B.U., or Northeastern but S.I.T., Stevens Institute of Technology to the uninitiated, located in Hoboken, New Jersey.

As for the rivalry we play them in two sports, basketball and fencing, but their home basketball with us seems to be their most important of the year. They have in fact built a Winter Carnival Week-End around it, and that is where the present trouble started.

It seems that on the night of Friday, December 13, 1950, a trip was made to these hallowed halls in an attempt to inflame that so-

called rivalry. The State, the student newspaper of Stevens Institute of Technology, reports, "The trip was taken over a period of a night and the activity of painting limited to the sidewalks and the outside platform in all instances except one. In this instance, one of the party's members went into a dorm and painted on a head wall SIT SET MIT. This wall was tiled and the paint was undoubtedly removed easily. Approximately 1000 pamphlets were distributed about the college grounds. Stevens Institute of Technology was written out in full in front of the "A" building. These were the "damages." We hadn't heard about this

## Arsenal Of Engineers Recommended As Vital For Country's Security

The National Security Resources Board, a committee of cabinet rank, has received the strong recommendation from one of its advisory boards that qualified engineering students should be permitted and strongly urged to complete their education. Continuation of the present engineering staffs in the Army, Navy and industry . . . is not sufficient because an all-out struggle, which we now definitely face, will necessitate an expansion of effort of a highly technical character for which a continuous and growing supply of trained engineers is essential.

" . . . an increase of enrollment in the engineering colleges of the country is absolutely necessary, and the situation is especially serious because present student groups are much smaller than normal.

Speaking of industry the report

continued: "This implies as a first consideration . . . the skills now existing in the military and industrial groups, and the protection of the latter from less efficient use in the military forces as a result of haphazard application of the Selective Service now in effect. A fundamental factor in our consideration is the expectation that by 1954 there will be a cumulative shortage of over 40,000 engineering graduates." The consideration of the matter concluded, "Postponement of induction of students whose records are satisfactory, as well as of the necessary faculty personnel, should be expected."

### Specific Steps

The following is a list of specific steps recommended to the National Security Resources Board: (1) Registration of every man (up to the age of 70) with certain specific skills, or in training to enter such critical fields. (2) Establishment of a "National Engineering Personnel Board" to "advise the President as to critical needs, allocations, etc." (3) Creation of a "reserve" of registered specialists. (4) Initiation of a training program for replacement in the pool of engineers and scientists.

Action would come through enactment of new manpower legislation, either amending the current Selective Service Act or creating a new National Scientific Personnel Board.

## 2nd Jazz Concert Will Be Held Fri.

Norm Prescott, disc jockey on WORL, will be the master of ceremonies at the second annual Jazz concert Friday night, February 16, in Morss Hall.

The affair, starting at 8:00 p.m., will include Max Kaminsky, trumpet, Bob Wilbur, clarinet, the Technicians, the Dinner Music Society of Upper Beacon Street, and a four-piece progressive music combo.

Kaminsky, whose band is currently at the Savoy, played at the Benny Goodman Jazz Concert of 1938 in Carnegie Hall. Bob Wilbur, clarinet man, was a student of Sidney Bechet, the New Orleans clarinetist. Wilbur also plays the alto clarinet.

### Evening of Jazz

Bob Couillard, leader of the Technicians, will take them through his own arrangement of "Slaughter on Tenth Avenue." The Beacon Street Dixie Group will play the "South Rampart Street Parade," "Black and Blue," and "Muskcat Ramble."

The Progressive combo will play a medley of "Loverman" and "Just You, Just Me."

"We're going to give them a well-rounded evening of Jazz," said Nat Levine '52, sax player. "We're trying to please all fans—dixie, progressive, or what have you."

## CALENDAR OF EVENTS

### WEDNESDAY, FEBRUARY 14

Associated General Contractors of America. Meeting. Technicolor movies on "Construction Problems in Alaska." Our guest will be Colonel Charles F. Baish. Room 2-287, 4:00 p.m.  
 Chemistry Department. Special Lecture: "Protein Structure and Its Significance to Biology and Medicine." Dr. Linus Pauling. Room 2-190, 4:30 p.m.  
 Electrical Engineering Department. Colloquium: "Looking Ahead in Electrical Engineering." Dr. Karl B. McEachron, Transformer and Allied Product Division, General Electric Company. Room 6-120, 4:30 p.m. Tea served in Room 6-321 at 4:00 p.m.  
 Catholic Club. "American Foreign Policy." Professor Thomas H. D. Mahoney. Room 1-190, 5:00 p.m. Everyone cordially invited.  
 Gamma Alpha Rho. Meeting to plan Spring Program. Room 33-319, 5:00 p.m.  
 Institute Committee. Regular Meeting. Litchfield Lounge, 5:00 p.m.  
 Inter-Varsity Christian Fellowship. "Early Church History." Dr. Hudson T. Armerding, Gordon College of Theology and Missions. Room 5-104, 5:00 p.m.  
 Mathematics Society. Lecture: "Irrational Numbers." Mr. Harold S. Shapiro. Room 4-370, 5:00 p.m.  
 Varsity Squash Team. Match with Union Boat Club. M.I.T. Squash Courts, 5:00 p.m.

### THURSDAY, FEBRUARY 15

Catholic Club. Apologetics Class. Father Paul Murphy, S.J. Room 2-135, 12:00 to 1:00 p.m. and 1:00 to 2:00 p.m.  
 Physics Department. Colloquium: "Some Recent Results of Experiments on Nuclear Interactions of Cosmic Rays." Dr. Bruno Rossi. Room 6-120, 4:15 p.m.  
 Mechanical Engineering and Naval Architecture and Marine Engineering Departments. Guidance Talks for Class of 1954. Room 2-390, 5:00 p.m.

### FRIDAY, FEBRUARY 16

Mechanical Engineering Department. Seminar: "Thermo Storage in Cyclical Heating-Cooling Operations." Mr. Austin Whillier, Room 3-270, 4:00 p.m. Coffee served in Room 3-174, 3:30 p.m.  
 Fencing Team. Match with Boston University. Walker Gym. 7:30 p.m.  
 Musical Clubs. Jazz Concert. Morss Hall, 8:00 p.m.

### SATURDAY, FEBRUARY 17

Varsity Swimming Team. Meet with Rensselaer Polytechnic Institute, Alumni Pool, 1:30 p.m.  
 Freshman Swimming Team. Meet with Moses Brown School. Alumni Pool, 2:00 p.m.  
 Indoor Track Team. Meet with Northeastern University. Rockwell Cage, 2:00 p.m.  
 Nautical Association. Lecture on Yacht Design. Professor Emeritus George Owen. Room 6-120, 2:00 p.m.

### SUNDAY, FEBRUARY 18

Society of Arts. Lecture: "The Global Circulation of the Atmosphere." Dr. Victor P. Starr. Huntington Hall, Room 10-250, 4:00 p.m.  
 Lowell Institute Cooperative Broadcasting Council, SCIENCE ON TRIAL. "What is Mind? Part IV." Dr. George R. Harrison, M.I.T.; Dr. Edwin B. Newman, Dr. B. Frederick Skinner, and Dr. George Wald, Harvard University; Reverend Merrill F. Greene, S.J., Weston College; and Willard Carleton, Richard Rush, and Robert Mirak, students at Winchester High School. WHDH and WHDH-FM, 6:00-6:30 p.m.

### MONDAY, FEBRUARY 19

Mathematics Department. Lecture Series. Mr. André Weil, University of Chicago. Room 2-333, 4:00 p.m.  
 American Society of Mechanical Engineers. Moving Picture: "Electronics at Work." Room 1-190, 5:00 p.m.  
 Civil and Sanitary Engineering and Building Engineering and Construction Departments. Guidance Talks for Class of 1954. Room 2-390, 5:00 p.m.  
 School of Humanities and Social Studies and Lecture Series Committee. Subject: "Far Eastern Problems." Speaker: Professor John King Fairbank, Harvard University. Interlocutor: Dr. Robert K. Lamb, M.I.T. Huntington Hall, Room 10-250, 5:00 p.m.

### TUESDAY, FEBRUARY 20

Technology Matrons. The Bridge Group. Emma Rogers Room, Room 10-340, 1:00 p.m. Hostesses will be Mrs. John B. Wilbur and Mrs. Harold R. Jackson.  
 Mathematics Department. Lecture Series. Mr. André Weil, University of Chicago. Room 2-333, 4:00 p.m.  
 Alpha Phi Omega—Alpha Chi Chapter. Smoker for New Members. All interested Scouts and Scouters invited. Faculty Lounge, Walker Memorial, 5:00 p.m.  
 Lecture Series Committee. Subscription Series Lecture: "Of Shmoos and Men." Mr. Al Capp. Room 10-250, 5:00 p.m.  
 Christian Science Organization. Meeting. "Living Love." Tyler Lounge, Walker Memorial, 5:15 p.m.

## EXHIBITION

Photographic Salon prints by Boyden W. Hindman of DeWitt, New York. Photographic Service Gallery, Basement of Building 11, through March 4, 1951.

## CALENDAR OF EVENTS

The CALENDAR OF EVENTS, published weekly on Tuesday in THE TECH, contains announcements for the following week. Announcements, typewritten and signed, must be in the office of the Editor, Room 7-204, not later than noon on Thursday, prior to publication date. Material for the Calendar, February 21-27, is due Thursday, February 15.

## Letters to the Editor

Managing Board  
 The Tech

Dear Sirs:

I feel that your editorial on "The Baker House Acquaintance Dance," which appeared in The Tech on Friday, February 9, constitutes a somewhat grievous misrepresentation of the case in question. You have not, in my estimation, presented a complete or fair statement of the facts. The following items should, I think, be brought to your readers' attention:

(1) The statement that the Dormitory Social Chairman (Ralph Romano) was appointed without previous service on the Social Committee would seem to indicate that he had no previous experience whatsoever. This is hardly the case, inasmuch as Mr. Romano was a member of the committees for "The Devil's Roast," "It," "Swing Your Partner," the 1949 Sophomore Prom and the 1949 Junior Prom. At the time of his appointment, last spring, the Co-Chairman of last year's Dormitory Social Committee stated that he was the only man qualified for the job.

(2) The Dormitory Christmas Formal was budgeted to run at a deficit of \$150, whereas an acquaintance dance is expected to pay for itself. The formal, being a more expensive dance, was subsidized by the Dormitory Committee, in order that the admission price might be kept at a low value.

(3) Those members of Dormitory Committee who voted against the motion to allow Baker House to hold an acquaintance dance on February 9 are the ones who have

had the most experience in carrying out campus activities and handling student funds. They are the ones whose judgment should be most reliable in this case.

(4) No poll of Baker House residents or East Campus Hall Chairmen was presented by the proponents of the Baker House Acquaintance Dance for consideration of the Dormitory Committee.

(5) Ralph Romano made a motion before the Dormitory Committee that the Dormitory Acquaintance Dance be cancelled in favor of separate dances at each of the campus houses.

It is, of course, only right that you should question any matter of student interest which you deem unsatisfactory. However, you should recognize the effect of the omissions in your editorial. As printed, the editorial is nothing so much as an undeserved attack upon Ralph Romano.

I know of no student at Tech who has greater pride in the dormitories and who is more earnestly concerned with the interests of the dorm residents. A statement which tends to lessen the student body's faith in Mr. Romano's ability, diligence and sincerity is most regrettably misdirected.

It is my hope that you will take steps to correct the impression which must almost unavoidably have been derived by the readers of your editorial.

Robert S. Gooch '51

1. We did not infer that the Chairman of the Dormitory Social Committee had never had any experience in running a dance before his election to the chairmanship. We simply stated that he had never run an acquaintance dance. A dormitory acquaintance differs from the Sophomore and

**J. Paul Sheedy\* Switched to Wildroot Cream-Oil**  
**Because He Flunked The Finger-Nail Test**

POOR Paul was having a fowl time because his down was up. All the chicks made wise quacks about his upswept hairdo until his shellmate suggested he duck over to the drugstore. "Waddle I do?" he asked. "Get Wildroot Cream-Oil!" the druggist answered. "Non-alcoholic. Made with soothing lanolin. Grooms your hair neatly and naturally without that plastered-down look. Removes ugly ducklings—I mean ugly dandruff! Helps pass the fingernail test!" Now he's engaged—he's lovely—he uses ponds—to swim in! (Isn't he decoy one?) So water you waiting for? Get a tube or bottle of Wildroot Cream-Oil Hair Tonic at any drug or toilet goods counter today. Ask your barber for professional applications. And tell all your webfooted friends it's eggactly what the ducktor ordered!

\* of 327 Burroughs Dr., Snyder, N. Y.

Wildroot Company, Inc., Buffalo 11, N. Y.

Junior Proms in many respects and any decision as to its possible financial and social success should not have been made without the consultation of the Social Committee.

2. A formal dance by its very nature limits the number of dormitory residents who can attend; therefore we cannot agree with the Chairman of the Social Committee's unwillingness to insist that the Dormitory Committee subsidize the acquaintance dance by as little as one-third of the \$150 he favored subsidizing the formal by.

3. In those cases in which the members of the Dormitory Committee find themselves voting on the recommendation of a chairman of one of their special committees, we feel that the chairman should be held responsible for the decision of the Dormitory Committee.

4. While the polls were not presented for the consideration of the Dormitory Committee they still represent a fair measure of the student's opinion on the question.

5. The Chairman of the Social Committee did make a motion before the Dormitory Committee that the Dormitory Acquaintance Dance be cancelled in favor of separate dances at each of the campus houses but it should have been obvious to him that the suggestion was unworkable, as it was to the East Campus members of Dormitory Committee who maintained that they did not have adequate facilities for holding an acquaintance dance.

While we did not mean to infer that the Chairman of the Social Committee lacks ability, diligence, or sincerity, the omissions of which Mr. Gooch speaks do not, for the reasons given above, change our opinion that our criticism of him in this instance was justified.

## Engineer Rifle Team Sets West Point Range Record

On Saturday, February 10, the once-defeated M.I.T. varsity rifle team traveled to West Point to shoot against the rifle team that last year won the intercollegiate championship. The meeting was the second with the cadets, for the two teams had met two weeks previously at Maryland in a triangular match with the Terps. At that time, Tech defeated Army handily, but succumbed to the record-breaking Marylanders' 1440 team tally.

In this most recent contest, the Beaver riflemen fired a team score of 1431, which was only one point below the excellent total they turned in at Maryland. Army could only muster a 1412, which was considerably below the creditable score they fired in the first match.

### Voelcker Leads Scoring

Capt. Herb Voelcker headed the list of individual scorers with a

291, while Mel Bowers tagged closely behind with a 290. Gene McCoy, the "Arkansas Flash," took third place with a 286. Sark Zartarian and Manager Allan Tanner supplied the remaining individual scores of 283 and 281 respectively.

For Army, first-classman Edler led the cadets as he had at Maryland, but this time with a considerably lower score of 284. He was supported by Cadets Paterson (the team captain), Volker, Cortner, and Seebach. It is notable that Tech captured the range record at West Point, and now holds it as well as the records at Coast Guard, NYU, Rutgers, Duquesne, and many other schools.

### Norwich Tuesday

The Tech team is scheduled to fire against Norwich University at the Tech range on Tuesday, but no trouble is expected with this match. It should serve as an excellent "breather" between tough matches, and prime the Techmen for the coming District of Columbia Championship match on Feb. 24.

## Tech Wrestlers Bow To Boston University; Freshmen Also Lose

Last Saturday in Rockwell Cage the varsity and frosh wrestling squads met Boston University. The varsity squad bowed by a score of 19-11, while the frosh team came through with a 19-13 victory.

In the varsity encounter, Tech got off to a poor start, losing the first four matches to fall behind by 14-0. Then Hugh Robertson and Barton Conant came through with wins the next two matches for a total of six points. The 177 lb. match went to B.U., and with the score 19-6, Chuck Seymour came through with the only varsity pin of the afternoon in a neat 3:58. For Seymour it was his fifth win of the season against no defeats.

### Frosh Win

The frosh team got off to a flying start with Jack Graef and Paul Pollinger winning their matches by decisions to make the score 6-0. Then Jim Wolfe and Avrom Mintz pinned their opponents to add ten

(Continued on Page 4)

## Beaver Hoopsters Beat Worcester Poly Squad; Frosh Also Victorious

### Tech Relay Team Takes 2nd Place In N.Y.A.C. Meet

The Technology Mile Relay team placed second in their class relay event last Saturday night at the New York Athletic Club Games in Madison Square Garden. Boston College, with New England quarter-mile champion Irving Howe running the anchor leg, took first place with a time of 3:29.1. Holy Cross was third in the event.

Making the trip for Oscar Hedlund's squad were George Grenier, Ken Childs, Chuck Vickers, Ed Olney and Bob O'Donnell.

### Freshmen Swimmers Down Moses Brown Prep School

Taking 6 out of 9 firsts, the Tech freshman mermen downed Moses Brown prep school 48 to 21 Saturday afternoon in the Alumni pool. The victory was the 2nd in 3 meets for M.I.T. as they whipped Brookline High School 55-22, and fell to Exeter Academy 2-23 during vacation.

Individual winners for Tech in the Moses Brown meet were Hlnck in the 50 free style, Kalina in the 100 breast, Holmes in the 200 free-style, Colton in the 100 back, Costin in the 150 individual medley and Dwyer in the diving. In addition the 150-yard medley relay team of Smith, Kahne, and Lampke took their event.

Journeying to Worcester last Saturday night the Technology basketball team knocked over a Worcester Polytechnic Institute aggregation by a 60-47 count on the opponent's home court. The Beavers were never behind as they displayed a sharp offense in picking up their fifth win of the year while dropping six contests.

After a close first quarter, the Beavers took a comfortable lead in the second period via driving layups by Herb Glantz and some snappy outside shooting by Mike Nacey and Hank Hohorst. At half time M.I.T. was on top by a 33-25 score.

With the resumption of play in the second half, the Beavers continuously increased their lead which reached a sixteen point spread at one point. WPI made a slight rally in the closing minutes but were easily repulsed before the threat became serious.

### Glantz Leads Scoring

High man in the scoring, as he has been all season long for Tech, was Herb Glantz with 17 points. Herb has now collected 153 markers for a 14 point per game average. Mike Nacey is the only other Beaver that has scored more than 100 points, with 125 to his credit.

This weekend the boys journey up to Maine to take on Bowdoin on Friday and Colby on Saturday. A successful trip would put the Engineers over the 500 mark.

The Technology frosh also picked up a victory by squeezing past the Poly cubs by a 52-50 count. The Beavers had a 46-24 lead at one time and were just barely able to hold the game from slipping out of their hands. Jackson and Schultz led the Cambridge entry in scoring.

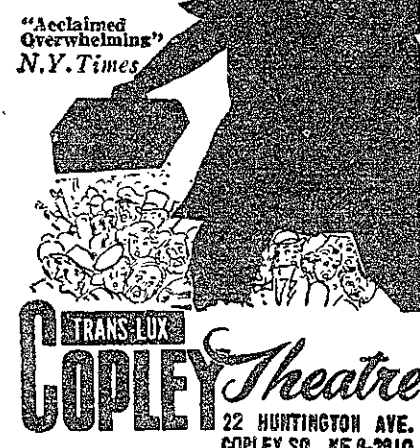

The varsity box score follows.

M.I.T.			Worcester Tech				
G	F	P	G	F	P		
Glantz	7	3	17	1	3	5	
Kidder	2	0	4	2	0	4	
Garthe	2	0	4	2	0	4	
Manderson	1	0	2	6	0	12	
Hohorst	5	2	12	1	1	3

### Events Reminder Student Service By Alpha Phi Omega

Alpha Phi Omega, Institute Chapter of the National Services Committee, has printed an events reminder for the Spring Term, 1951, as an experimental service project. Each activity was requested to submit a complete schedule of all its meetings and activities for this term. Almost 85% of the activities, including the Athletic Association, responded, and their programs are now compiled in this calendar.

The Alpha Phi Omega feels that the volume of sales will indicate whether this project is worth repeating.

### Wrestling

10:00 Concert Hall

### SIT

(Continued from Page 1)

escapade, and if we had we would have been unimpressed. After all compared to an attempt to blow up Harvard Stadium or the welding shut of Harvard Yard's gates, this was a paltry effort. We suggest that before the Stutemen plan any more such activity they call on us, and let us show them how it should be done.

This childish prank did not escape the eyes of Dean Pitre, however, for with a few quick slips of his slide rule he came up with a bill for \$47.87. This sum we imagine was to pay for the removal of the paint.

On the receipt of this invoice the men of Stevens acted with true spirit. First they brought the matter up before their Student Council, which decided that every student should contribute a nickel or a dime to defray the expense. The Student Council felt that "every Stuteman would be happy to have an investment in the little expedition which caused consternation in

the midst of State's traditional rivals."

Secondly, they sent "crying towels to the right people in Cambridge." The towel which we received consisted of a strip of bedsheets inscribed with the words TO MIT FROM SIT—wipe here X.

While we find the Stevens escapade worthy of a kindergarten class, the less said about Dean Pitre's action the better. In fact we are setting up an MIT to SIT Fund to raise that eighty-seven cents and help the boys out. So put your contribution, a penny will do nicely, in an envelope, address it to The Tech, Walker Memorial, and drop it in any Institute mailbox. We'll take over from there.

### Karoso

(Continued from Page 1)

description of the game in our April issue."

Not to be outdone by the T.E.N. the Alpha Phi Omega, "Events Reminder," has listed the convention of the United States Federation of University Koroso Clubs as taking place in New York the week of March 26.

This writer will continue to follow the investigation of Karoso, as Walker Memorial Committee and Tech Engineering News unfold what may be the most outstanding joke ever originated by Technology students at the expense of the M.I.T. family and the game-playing world at large.

## "EASIEST TEST IN THE BOOK"

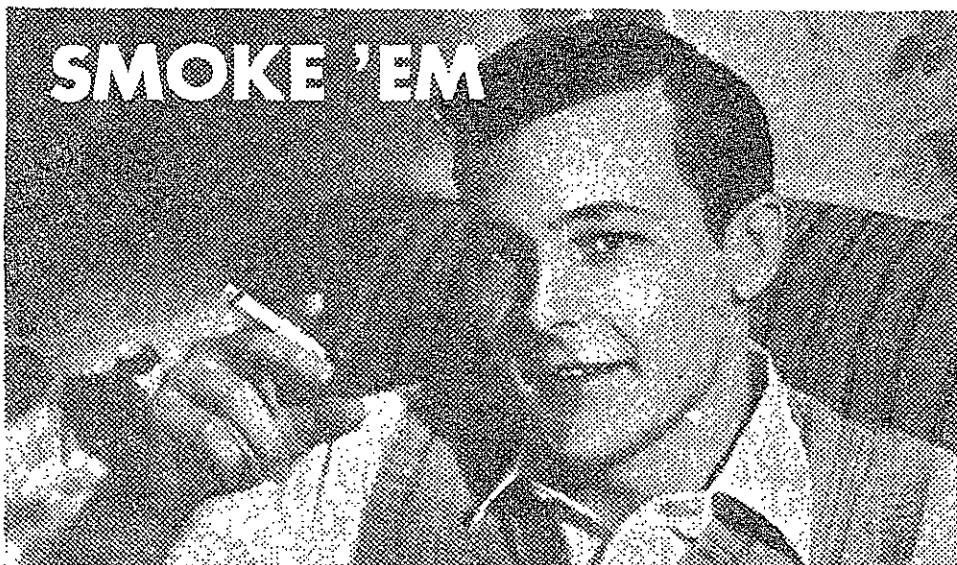

TULANE STUDENT JIM OWENS '52 MAKES TOBACCO GROWERS  
MILDNESS TEST, THE TEST YOU CAN MAKE YOURSELF

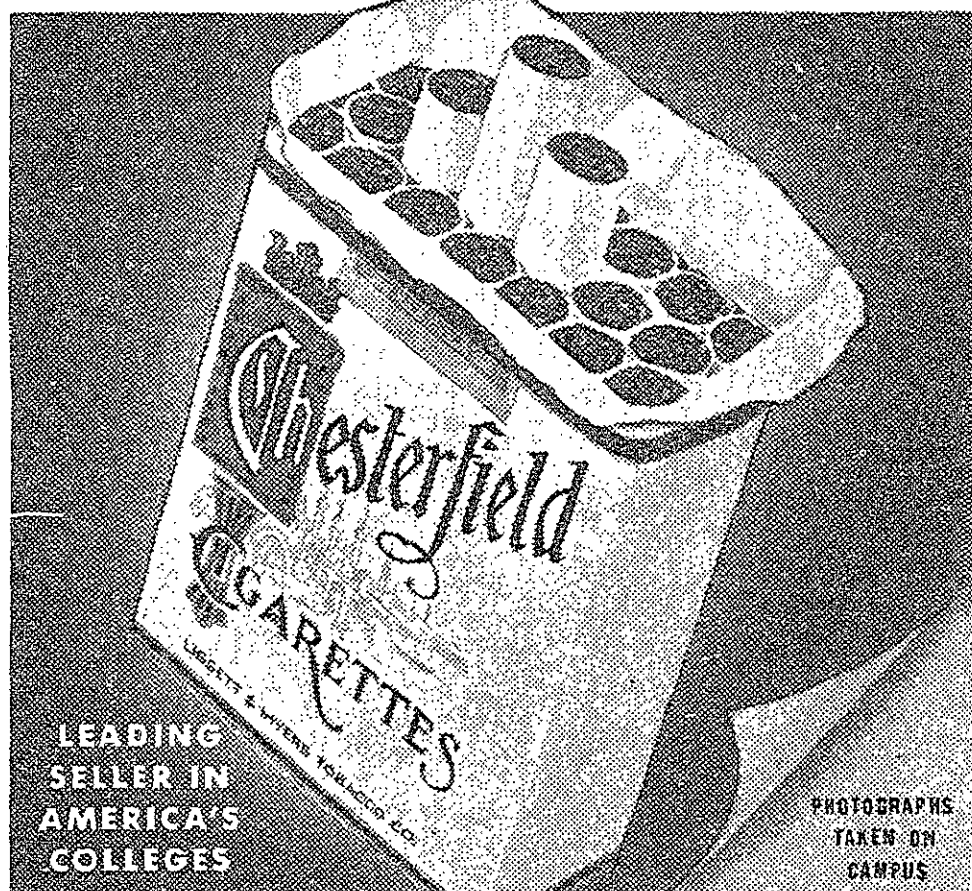

OPEN A PACK of Chesterfields. Compare them with the brand you've been smoking.

SMELL CHESTERFIELD'S milder aroma. Prove—tobaccos that smell milder, smoke milder.

SMOKE CHESTERFIELDS—they do smoke milder, and they leave NO UNPLEASANT AFTER-TASTE.
