Continuing with its series of outstanding film presentations, the Tech Theology Committee will present Flesh and Fantasy, a 1945 production featuring Robert Beatty, Charles Boyer, Robert Cummings, Edward G. Robinson, and Miliza Korjus. The film is its contribution to the development of the science-fiction genre. Specifically, the film deals with man's struggle against superstition.

Personally directed, it makes its mark three times; each of three separate episodes, each characterized by a surprise climax, makes up the presentation.

Life, Death and Fantasy is the movie of the week, "shrouded in the enigma of ghostly pursuit, prophesies of disaster, and the nightmare of a circus high-wire performer. Flesh and Fantasy is an exciting departure from the Hollywood pattern.

The film will be presented on Wednesday, February 21, at 5 p.m., in the Student Center Assembly Room. Admission fee is thirty cents.

**Varsity Track Team Loses in Close Meet With Northeastern U.**

A surprise victory by Captain Jack Hines of Northeastern in the 300-yard run carried the Huskies to a 31-34 win over the Tech trackmen last Saturday afternoon.

After Hines’s win, with George Gruenier and Ed O’Hara taking second and third, Northeastern’s Jim Mannon won as expected in the broad jump with a leap of 22’ 5½” that might have cleared 23’ 1” to take fourth in the Indoor A.A.U. meet at New York.

Records Set

Two new Tech records were set during the meet. Beavers Captain Ed O’Hara edged teammate Chuck Vickers to take the 1,000-yard run in 2:28.5, cutting three tenths of a second off the old record of 2:28.8 set by Nester Sloan, ’31. Chris Grenier set a new freshman record of 53 seconds in winning the 40-yard dash.

Bill Nicholson was high scorer for Ohio University’s squad, winning the 8 mile in 2:56.
