Course XX-B Lists Option Engineering

The course will be designed to provide basic knowledge of the pharmacologic, antibiotic, and food fermentation industries. Since the advent of these "new medicines," the pharmaceutical industry has been looking for chemical engineers with a solid base in biology, bacteriology and microbiology. Therefore, the project is aimed at providing men to fill these needs.

Service Official Clarifies Decree On Deferments

Clarifying recent orders which "students who have completed four years of college and university work for the baccalaureate degree, or at least because they would automatically receive deferment, are not considered as forming part of the Reserve or Selective Service Regulation." Student official explained that the project will interfere with regular Institute work as research work is not considered part of an operation which the soldiers must receive deferred status.

L.S.C. Shows Shaw's Pygmalion Tomorrow

George Bernard Shaw's "Pygmalion" will be presented by the L.S.C., third of its three-term movie series tomorrow, 8:30 p.m. in the Rec. Hall.

The film, produced in England in 1938, stars Leslie Howard and Wendy Hiller. The story is taken from the play as sung during the intermission by the Glee Club was the group's first use of a Negro spiritual and old favorites. Gordon, Holy Cross and Tufts all won 6 and lost 2 in the preliminary rounds, Tufts having the fourth position in the semi-finals on points. Tufts defeated Bates in the semi-finals only to lose in the final round.

Director was received, and the idea of a new option to Course XXB was approved. By October, 1947, a script had been written, and Loganath tied that name Logarhythms was decided.

Logarithms Add Spirituals To Repertoire of Novelties and Barbershop Favorites

Logarithms, an a cappella group, was formed in February of last year at Radcliffe. Left to right, the singers were Thomas A. Hord, Jr., Ronald Greenwald '51, Arthur A. Weisberger '52, and Gerald A. Benvenuti '52. The Logarhythms' funds will be used to carry on the merit of the "Prize."

Debate Tournament Won By U. of Penn.

Tufts Takes Second

University of Pennsylvania Technological's Fifth Annual Invitational Debate Tournament, held on Friday and Saturday, their theme "A Special Relationship Between Government and Industry," which won for them the semi-final and final elimination rounds by unanimous decision of the judges was also underlined in the posterior results.

Most of us have heard of DIC, though not so many know that the letters stand for "Division of Industry, Microbiology, and Chemistry." DIC is a department of the Institute; (2) a senior member of the faculty, Dr. Donald C. F. Bush, has been appointed as the head of the Department of Food Technology. There are three main administrative control over any book and graduate students, offering degrees through to the doctorate.

Other Departments Cooperative A new cooperative course as the course as it will be offered in the catalog. The members were Dean Harrington, Professor Robert of the Chemistry Department, Professor William Bowers of the Biology Department, the late J. L. Loeb, Professor of Zoology, Professor Cassell, Professor Cassell, and Professor Cassell, and Professor Cassell, who has since left the Institute, and Professor Bower of the Department of Food Technology.

CALENDAR OF EVENTS

FEBRUARY 26 TO MARCH 6, 1951

WEDNESDAY, FEBRUARY 28

Freshman Swimming Team. Meet with Gardner High School. Al semen Pool, 4:00 p.m.

Electrical Engineering Department. Colloquium: "Formagangite Core for Three-Dimensional Digital Information Storage Arrays." Mr. William N. Papas, Electronic Computer Division, M.I.T. Room 6-138, 4:00 p.m. Refreshments served in Room 6-131 at 4:00 p.m.

Gamma Alpha Rho. Formulation of Definite Spring Projects. Da Pont Room, Building 33, 5:00 p.m.

Electrical Engineering Department. Colloquium: "Ferromagnetic Cores in High Frequency Power Transformers." Professor Egon Orswan. Room 3-270, 4:00 p.m.

FRIDAY, MARCH 2

Music Department. "Music of the Renaissance." Mr. Paul Mattheiss. Crafts Senior House Library, 4:00 p.m.

Physics Department. Colloquium: "On the Photon in Three Dimensional Space." Dr. Paul Ehrenfest. Room 3-270, 5:00 p.m.

Mathematics Society. Lecture: "Remarks on the Equations of Ballistics." Mr. Donald G. Arnaud. Room 4-310, 1:00 p.m.

Pembroke Hillel. Meeting. All Members Must Attend. Room 10-250, 5:00 p.m.

Varisty Squash Team. Game with Harvard at Harvard University, 5:00 p.m.

Engine Model Railroad Club. Motion Pictures of Chicago and Northwestern Railroad, "Rolling the Freight." Room 3-270, 6:15 p.m.

Varsity Fencing Team. Match with Harvard University. Rockwell Cage, 7:00 p.m.

Varsity Swimming Team. Meet with Boston University at Boston University, 8:00 p.m.

THURSDAY, MARCH 1

Catholic Club. Apologetics Series: "Philosophy of Catholic Education." Father Paul Murphy, S.J. Room 5-135, 12:00 Noon and 1:00 p.m.

Civil and Sanitary Engineering Department. Graduate Seminar: "The Jerusalem Damascus." Mr. George C. Judd. Room 1-246, 4:00 p.m.

Mechanical Engineering Department. Lectures: "Representation of Data by Graphs and Equations." Professor J. L. Kapany and F. Birch. Room 2-230, 4:00 p.m.

Mechanical Engineering Department. Seminar: "New Developments in the Creep of Metals." Professor Eugene Grozeman. Room 6-138, 1:00 p.m.

General Engineering, General Science, and Business and Engineering Administration Departments. Guidance Talks for Class of 1954. Room 2-230, 1:00 p.m.

Hobby Shop. Thursday Night Club. Room 2-651, 5:00 p.m.

FRIDAY, MARCH 2

Music Department. "Gloss of the Renaissance." Mr. Paul Mattheissen. Room 2-100, 1:00 p.m.

Mechanical Engineering Department. Seminar: "New Developments in the Creep of Metals." Professor Eugene Grozeman. Room 2-230, 10:00 a.m.

Nautical Association. Annual Dinner, Awards and Pictures. West Dining Room, Graduate House, 6:30 p.m. Reservations made at Sailing Club, 3-174, Room, 3:30 to 4:00 p.m.

Hillel Foundation. Sabbath Dinner, 6:00 p.m.; Services, 8:00 p.m. The Hillel House, 5 Bryant Street, Cambridge.

Coffee served in Room 3-174 from 3:30 to 4:00 p.m.

SATURDAY, MARCH 3

Indoor Track Team. Interclass Meet. Rockwell Cage, 2:00 p.m.

Varsity and Freshmen Wrestling Teams. Match with L. S. Const Guard. New London, 10:00 a.m.

Varsity Hockey Team. Game with Boston College. Boston Arena, 3:00 p.m.

Freshman Swimming Team. Meet with Boston University and Tufts College, at Tufts, 4:00 p.m.

SUNDAY, MARCH 4

INDOORS AND OUTDOORS, 6:00-6:30 p.m.

MONDAY, MARCH 5

Mechanography and Chemical Engineering Departments. Guidance Talks for Class of 1954. Room 5-138, 10:00 a.m.

School of Humanities and Social Studies and Lecture Series Committee. "What Happens to Institutions and People in a Society Living under Continuous Tension?" Speaker: Professor John Kenneth Galbraith, Harvard University. Moderator: Professor Paul A. Samuelson, M.I.T. Huntington Hall, Room 10-250, 1:00 p.m.

TUESDAY, MARCH 6

American Institute of Electrical Engineers—Institute of Radio Engineers. Student Branch. "From Jet Flights to Brain Tumors." Professor Leo (Continued on Page 3)
Beaver Hoosters Drop 4th Straight To American Int'l.

Dropping their fourth straight encounter the Technology basketball team went down to defeat at the hands of an American International College quintet before a sizeable crowd on Monday evening on Walter Memorial boards.

The loss was the tenth suffered by the Beaver hoosters; they have gained five victories.

Poor shooting by Tech and a tight defense by the visitors were the latter part of the game by the visitors was the margin of victory for AIC in the last back-and-forth contest between the two institutions.

The game started off fast as the visitors led off with a 1-point lead against the Beaver attack. However, with Tech ahead by eight points with five minutes left in the half the story of the game changed quickly, as the Springfield entry switched to a close man-to-man defense.

This move stopped the Engineers cold and AIC led at half time by a 17-0 count.

The second half was an evenly played affair with the visitors cold ahead by 15 points most of the way.

The Beevers didn't have an answer for Tech's scoring in the second half and succumbed to defeat at the hands of the Engineers.

Engineer Riffe Team Whips Maryland And Fifty Others In D. of C. Championships

Tech's crack rifle team avenged their only defeat of the season when they triumphed over every collegiate team entered in the District of Columbia Open Championship last Saturday. The two-day match was one of the largest shoulder-to-shoulder contests in the country, with over fifty teams representing various organizations entered.

The match was fired on a "sudden death" basis, with competing teams composed of five men with all five scores counting.

The Beaver five of Yockdes, Beavers, McCoy, Trimmer and Asse turned in a fine team total of 1417 to easily overcome the Naval Academy's 1469 and the University of Maryland's 1407.

Yockdes Tops Score

Trailing behind these top contenders were the University of Pittsburgh, George Washington, George town, Johns Hopkins, etc. Beetle Yockdes' individual score of 290 was high for the team and for the whole match.

This victory over the Maryland team was particularly heartening for the Techmen for the Terps were the only squad that had defeated the Beaver marksmen. The defeat occurred in a triangular match held last January between Tech, Maryland, and West Point as the Maryland range.

Intercollegiates In April

In the contest, the Marylanders plan a new ten-man team record of 1440, while the Techmen topped closely behind with a 1432. The performance of the Techmen in firing the 1440 record in a later match with St. John's College, and in avenging their recent defeat of the Maryland team places the Tech team in the first place as overwhelming collegiate championship. The match to determine the championship team, which was won last year by West Point, will be held in April.
Logarithms

Arrive in time to perform, with the result that a bass sang first tenor, and, they claim, did very well at that. There is no immediate shortage of men to fill parts now as there was at Wheeling, but graduations will leave holes in the ranks, and good voices are always welcome. The Logarithms will hold a meet in the spring of this year—details have not yet been announced—to give those interested a chance to meet the group. It is not necessary, however, for anyone to wait until then, since the doors of the practice room are wide open for anyone who wants to go in to listen.

Present Membership

Present membership of the Logarithms includes twelve men, nine of whom are undergraduates, two graduate students, and one a research technician. First tenors are Dan Sullivan '53, Dick Greenwall '53, and Norm Weston '53. Second tenors are Claude Brenner, Paul Rothory '53, and Obo Teemann '53. The basses are Jim Bresen, Ed Kerwin, and Frank Wilson '52, while Jere Sanborn, Bob Morris '53, and Frank Stinner '52 handle 2nd bass parts.
