Sloan Bldg. Nears Completion As Plans For Moving Begin

Construction work on the Sloan Bldg., which is expected to be completed in about two weeks. Meanwhile, the removal of books and materials from the Dewey Library is taking place, and will end in the near future. The move will be to the new location of the Sloan Bldg., which is being completed by the end of the month.

The basic plan of the building will provide a large lecture hall and several smaller rooms for teaching and research. The library will be located on the 1st, 2nd, and 4th floors. Each classroom will have a capacity of 300 seats and the building is expected to open in the near future.

The Faculty Club occupies the 5th floor, and is scheduled to be completed by the end of the month. The club will provide a comfortable and convenient facility for students and faculty.

Officially the name of the Economics Dept., which is currently housed in the Dewey Library, will be changed to the Sloan Bldg. when it is completed. The move will take place on the morning of the 1st of the month.

Dormitory Comm. Plans Two Evenings For Annual Weekend

Dormitory Weekend, an annual event sponsored by the Dormitory Committee, will be held on Friday and Saturday. The weekend will be a formal dance held at Baker House on Friday night, followed by Saturday night's "Bring Me Flowers." The event will be open to any member of the dormitory who wishes to participate.

The Dormitory Committee is planning several activities to enhance the weekend experience. On Friday night, a formal dinner will be held at Baker House. On Saturday, there will be a variety of events, including a formal dance and a "Bring Me Flowers" gathering.

Ball, Outing, Banquet, Will Highlight Annual Five Day Senior Week

Plans have been announced for the Senior Week of the Class of 1952 by Jerry Hathaway, Chairman of the Senior Week Committee. The event will feature a number of activities, including a ball, an outing, and a banquet.

The week will begin on Friday, May 5, with an outing to a nearby lake. The outing will be followed by a formal dance at Walker Hall on Saturday night. The event will feature a dance band and a "Bring Me Flowers" gathering.

Writings and illustrations are the second weekend of the week, with a reception on Sunday afternoon. The week will conclude with a banquet on Monday evening. The banquet will feature guest speakers and a performance by the college's own band.

Thar She Goes

The 18th annual Walker Student Athletic Association Ball will be held tonight in the smokehouse at the student union. The event will feature a formal dance, evening entertainment, and a variety of activities.

The Walker Assembly To Be Held Tonight

The 18th annual Walker Student Assembly Ball will be held to-night in the smokehouse at the student union. The event will feature a formal dance, evening entertainment, and a variety of activities.

The event will feature a formal dance, evening entertainment, and a variety of activities.
INFLATION AND THE STEEL DISPUTE

Far from constituting a final solution, the taking over of the steel industry by the Government only postponed the day of reckoning, since the CIO will press for a wage increase no matter who is in charge.

The recommendation of the Wage Stabilization Board for a subsistence-level wage is not enough for the steel worker — with or without a corresponding increase in prices — is in itself most unpalatable.

Leaving out for the moment the question of whether or not the steel industry can afford an increase, the wage increase will substantially reduce the industry's profits before taxes, and consequently forcing the Government to borrow money to meet its expenses.

This fact, together with the fact that close to three-quarters of a million workers who may lose their jobs will at present full employment, lead to a sharp increase in the money supply without any increase in the amount of goods on which to spend it.

In a recent address over radio and television, Clarence B. Randall, president of Inland Steel, declared that while the cost of living has gone up 11% since the outbreak of war in Korea, the earnings of labor in the steel industry have gone up by 131%. If under such circumstances the CIO achieves a wage increase for the steel worker, other unions who have fared less well will rightly exert strong pressure to obtain a similar increase.

In the end a round of wage increases will inevitably exert such pressure on prices that the Price Stabilization Board will have to recommend a general increase in prices if only to keep the companies with smaller profits in business.

Price Stabilizer Ellis Arnall stated on Wednesday that paying the steelworkers what they want and what they will, at present full employment, lead to a sharp increase in the money supply without any increase in the amount of goods on which to spend it.

MORE THAN A LIGHT-WELL

Hayden Library is nearing its third summer, and, sad to say, nothing has yet been done to put its inner court, that Cinderella of patios, to any good use.

Originally intended by the architects as a recreation area, as a light-well, and as a place of getting from Building 2 to the East Campus without passing through the English and History Library, only as a light-well has it served its purpose at all.

Its existence as a thoroughfare was very soon cut short when an additional listening cabin — cabin 6 — was added to the Music Library. Its use as a recreation area has been hampered by continual repairs (now completed) to stop water from seeping into the basement; and, chiefly, by a certain reluctance on the part of the Institute to take any positive steps.

A winter fire-risk is obviously out of the question; plate-glass windows are not substantial. But in the summer, the court could, with few alterations, be used as an outdoor reading area.

It affords an excellent setting for out-of-doors concerts — either by the Music Department or by small ensembles playing on the raised lawn along one side; also for amateur dramatics, lectures, movies, and temporary or permanent exhibitions, etc.

There are countless ways of putting the court to good use. Without any large-scale modifications for the moment, a trial opening can — and, we believe, should — be effected without delay.
**Story of Walker's Mural Retold After Long Secrecy**

Walker Memorial will soon be able to celebrate the thirtieth anniversary of the painting of its famous murals by Edwin Howland Blashfield, '99. The story connected with the painting had been kept secret for some eleven years after the beginning of the project in 1903 at the request of Everett Morris, '99, late Trustee of the Institute, who financed it.

Everett Morris, '99, a lover of beauty, often expressed his belief that books and laboratory and the job are not all. Beyond that is the hope of achievement, the giving of self for others, and faith in things unseen."

Blashfield Commissioned to Paint Mural

This devotion to art led him to commission Edwin Howland Blashfield, '99, to paint a mural decoration for his home. So much pleasure did he and Mrs. Morris receive from Mr. Blashfield's work that they conceived the idea of bringing similar pleasure to thousands of Technology students. Accordingly he wrote to Mr. Blashfield to find out under what terms he would design and paint a mural for the north wall of the Main Hall of Walker. Mr. Blashfield replied that he always wanted to do something for the Institute and that he would, therefore, gladly comply. Mr. Morris immediately agreed to assume the cost which ultimately totaled thousands of dollars. The one provision that he made was that his participation be kept secret. (It was not discovered until after his death in 1932.)

**Mural Entitled "Alma Mater"**

The title of the mural on the north wall is "Alma Mater." The central seated figure is Alma Mater, holding Victory in her right hand. While her left hand rests on the seal of the Institute. On her lap lies a great seal of the State of (Continued on Page 5)

**Frederick and Maximilian would be proud of today's Schaefer beer**

One hundred and ten years ago Frederick and Maximilian Schaefer started the Schaefer tradition of making America's finest beer. Since that generation after generation of Schaefer brewers have carried on this tradition. We're the oldest brewers of lager beer in the country and we only wish the founders of our company could be with us to enjoy today's great Schaefer beer.

"Pops'" Type Concert Scheduled For Sun.

On Sunday evening, April 20, the Music Hall will feature the music of the Glee clubs of M.I.T. and Radcliffe College, and the M.I.T. Concert Band. The concert will be at a "pops" variety including selections by Gershwin, von Suppe, Pizzicato Berlin, Dandol and others. The concert will be concluded by both glee clubs and the band with the chorale by J. S. Bach, "How lovely people adore Thee." Prof. L. T. A. Lippman, director of the Institute glee club, Mr. MacMorran from Radcliffe, and Mr. Coney of the Concert Band will conduct the program. The program will start at 8 p.m. and admission is free.

**Open House Committee**

Course VI Open House Committee urgently needs men to help with the preparation and demonstration of booths for Institute Open House on May 3. If you are interested in doing a part, please phone Phil Fleck at Baker 392 or drop a note to Institute Box 555.
Science Fiction Editor Address
On Function of SF in Society
John W. Campbell, Jr., editor of the magazine, will make a statement on the nature of science fiction in our present society, and also account for the phenomenal growth of science fiction during the past few years. There will be a questions and answers period open to the public after Mr. Campbell's address.
Mr. Campbell is a member of the Class of 1933. He started editing the Amazing Science Fiction magazine in 1937, and under his guidance, the magazine began to establish itself as one of the premier magazines in the field of the fantastic. He has written or edited some of the most famous stories under his pen, including "The High Sea," "The Time Barrier," and "The Great Race." He was promoted to the rank of assistant professor in 1947, and has held his present rank since 1947.

I.M.T. Announces Program To Aid Rangoon University
President Killian has announced that the Institute is considering a program of assistance to the University of Rangoon, Burma, at the request of the U.S. Mutual Security Agency.

"He is up to his ears in scandal... he hasn't a chance... he's up to his ears in scandal..."

TightDue, Westgate Now High Scorer

BECK ENCOE

Grady Agganis of B.U. leads Sigmas, Westgate, Theta Delta Chi, Phi Delta Theta, and Kappa Sigma lead teams, with Sigmas Kappa scoring 8-5, 6-3, 6-1, 9-4, and 8-3 in their matches. Sigma Nu has scored 24 and 12 for a total of 36 in its two matches. While the Huskies, competing in the same league, opened their season, their 2-1 in 5 matches, is a Man of Theta Chi.

Defending league champions who scored heavily for defending this year are Pi Lambda Phi, losers to Alpha Xi Delta, 10-0, Bera Theta Pi, led by the Latin American League. 12-3, and Sigma Chi, which has lost to Theta Delta Chi, 16-9.

Leagues 4 and 3 will feature key games this weekend as the Haskell-Temple Theta Delta and Delta Nu House A plays Phi Mu Delta at 10:30 A.M. Monday, while Sigma Nu encounters Student House and Sigma Alpha Chapter plays Phi Kappa the same day at 1:00. In between, Bob Ross, after having been set back by the obstacles set forth to score their game, which was halted by darkness with the score 12-7, in the fifth inning.

INTRAMURAL SOFTBALL SCORES

| League | Scorer | Points
|--------|--------|--------
| I      | B.U.   | 21     |
| II     | Temple | 19     |
| III    | Delta  | 17     |
| IV     | Temple | 16     |
| V      | Sigma  | 13     |

South wall Poles Added

As Mr. Ishimoto of Temple proceeded on the first mural his enthusiasm for the possibilities of the medium, however, was contained. In the second mural, however, he was given greater license. The mural facing this wall is set up to show trees growing in the distance, while at the same time, young men are swimming in the water. The panels facing this mural show trees growing in the distance, while at the same time, young men are swimming in the water.

Briber Announces New Class Policy
Robert M. Briber, Permanent President of the Class of 1952, has announced a policy, contrary to the previous custom of electing a permanent class president for a lifetime. Elections for the office of Permanent Class President of the Class of 1952 will be held in 1957 and again in 1962 as agreed upon by the senior class officers and the Alumni Association.

Briber expressed the hope that a precedent might be set that class presidents might do likewise. He stated that while a majority of permanent presidents elected serving long and faithfully, others have assumed the last interest in the office and the Alumni Association.

Briber added that as Permanent Class President, he would in all likelihood be reelected unless an unsatisfactory job had been performed.

Sloan Building

(Continued from Page 1)

is a main dining room, lounge, bar, library, four dining rooms, and two guest rooms for overnight use by members or their guests, and quarters for the resident manager. In addition, a game room and a penthouse for the Club are located on the seventh floor, which has an assembly hall.

Walker Murals

(Continued from Page 2)

In the right panel of the south wall, Humanly, represented by mother and her children, is being led forward by Knowledge and Imagination from Chaos to Light. In the foreground children are shown carrying the Scales of Justice, without which no real progress is possible. Above, the Dove of Peace hovers and in the background the stars and planets whirl in cettural space.
