Three Hundred Girls Will Grace Dormitory Dance

The Dormitory Committee will hold its Annual Spring Acquaintance Dance on Friday evening, Feb. 16, at 8:00 p.m. The dance will bring together three hundred girls—on hundred from Simmons, one hundred from Radcliffe, Boston University, and Emerson—to the dance floor of Morris Hall in Waller.<n>

Beranek Discusses "Sounds and You"

The third in a winter series of public lectures is being held at the Institute under the auspices of the Student Cooperative League. A lecture on "Sounds and You" will be given at 4:00 p.m. this Monday by Dr. Leo L. Beranek, professor of electrical engineering and technical director of the acoustics laboratory at the Institute.

Dr. Beranek's lecture on "Sounds and You" will review some aspects of acoustical science and its place in life. It will include discussion of the characteristics of sound, the speech, the effects of noise on speech and on hearing, the design of high fidelity systems for both home entertainment and professional work, the effects of noise on the health of the community, and some aspects of the relationship between the science of acoustics, the high fidelity of speech and comfort, the criteria for the selection of sounds encountered in everyday life.

Freshmen Hold Schwo-Scho at Baker House

Surrealistic decorations and radio-refractory refreshments were presented this week by the Class of '38 as a part of their "Schwo-Scho" in the Baker House. The dance will be presented Saturday evening, Feb. 23, in the Frear House. There will be food and drink and an attempt to produce a "super pazzy, super zanwheezit atmosphere that only Tech minds can appreciate and enjoy" in their first class function. Janky Moyer's orchestra has been engaged for the occasion. Mr. Moyer was the featured trumpeter, with Horace Soddy for many years. He recently played at the Salzburg Festival, and has made numerous appearances on radio and TV. Two volunteers will appear with the band.

Information entertainment will feature the singing of the "Logrus," Tech's famous double quartet. A limited number of tickets priced at $1.75 per couple will be available at the door. Ages ten and up. More than fifty freshmen are working on the various phases of the dance. The theme of "Schwo-Scho" is "Follow the Leader of Light." (Continued on Page 2)

LSC To Present Five Speakers on "What Is Progress?"

Wednesday evening, February 13, the MIT Lecture Committee will present a forum on "What Is Progress?" The speakers will be John Ciardi, Father Smyth, Joseph Keenan, and George de Sarria with Julius Robinson acting as moderator. The forum will be held in Room 10-250 at 7:30 p.m.

The forum will attempt to adequately define progress, decide if it can be measured at all, and if so, what criteria must be used for this measurement. The speakers have been chosen with special care to secure a wide range of views.

John Ciardi is a professor of English at Harvard and one of America's most distinguished modern poets. Mr. Ciardi considers himself deeply in sympathy with the problem and is ready to adjust his civilization. "I do have just his third volume of verse, Live Another Day, published and is a winner of the Nobel Peace Award in poetry."

NOTICE

14.51 Classes

In view of the fact that a number of students have expressed an interest in taking 14.51 (International Relations) this semester, the MIT Lecture Committee is considering the possibility of running a 14.51 seminar at 3:00 p.m., Monday, Wednesday, and Friday. Students wishing to take the course should register in the office of Professor J. F. P. Shepard '53, in the earliest possible opportunity.

Moore Fund Established To Aid Racial Harmony, Seminar's Will Be Held

A fund dedicated to the improvement of intergroup and interracial relationships was established in the name of Harry T. Moore, NAACP leader, killed on Christmas Day during a race riot that broke out under his house at Mims, Florida. The fund was announced recently. It is sponsored by 13 national youth organizations and administered by the National Social Welfare Assembly.

Designed to improve human relations the Moore Fund will conduct a series of seminars in the spring and summer of this year. Leaders will study methods and techniques for improving intergroup relations. The Fund will also make scholarship grants for study and research in race relations.

World Assembly of Youth Member

YAC is a coordinating council of youth organizations recognized to the spokesmen of American youth. The purpose of the organization is to promote World Assembly of Youth.

The University of Virginia has an international summer session this year at Shenice Trans- man, in Bakkenamer, Austria. The summer school, held in a lake region, near the festival town of Salzburg. The purpose of the school is to promote European-American understanding. Courses, conducted in English, will be offered in law and political science, modern literature and language, tourism and excursions to the Bavarian Plain, to Vienna, and to other places of interest for a week, a month, or a semester. Registration is made by the program of study.

The inclusive cost for three weeks at Shenice Transman will be $138, and for six weeks $180. The school is on the list of European institu-tions approved by the Veterans Administration.

University of Virginia Offers New Program

University of Virginia has announced a new program of study, the "Multinational" program. The program is open to students who are interested in international relations, and it will be offered in the fall semester.

The Multinational program will consist of 12 credits, and it is designed to provide students with a broad background in international relations. The program includes courses in international law, international economics, and international politics.

Letter to the Editor

Editor, THE TECH,

Dear Sir:

At least eight of the twenty-seven fraternities at MIT have either rewritten or eliminated discriminatory clauses in their national or local constitutions. These clauses constitute a danger to America in two ways: They not only perpetuate and maintain distinctive concepts which are basically undemocratic and unacceptable with our democratic beliefs and institutions. Also, they are acting as ammunition for the guns of our enemies who seek to benefit from and irritate intolerance in America.

Because these causes are dangerous, they should be abolished. The administration of the school has never formed any policy on this question. I believe that by recognizing these fraternities, the administration is condoning their discriminatory practices. The members of these fraternities are, for the most part, sympathetic to the problem. They do not, in general, seek to change their national constitutions.

Since neither the administration nor the fraternity brothers themselves seem to intend to abolish these clauses, it is the job of the Institute Committee to do so. I am certain that if each fraternity whose constitution contains discriminatory membership qualifications be proposed and for vote for the removal of the clause, at each national convention for a certain period in advance of the convention the clauses have not been removed, the fraternity should lose the national or local reorganization by the Institute Committee, the Inter-fraternity Conference, and the administration of the Inter-fraternity Committee. I am writing this letter to bring this matter to the attention of the administration.

Very truly yours,

(Signed)

THURSDAY, FEBRUARY 14

Physics Department. Colloquium: "Some Properties of Methane Laminates." Dr. Julius Stratton, 4:00-5:00 p.m., Room 6-321.

NOTICES

Catholic College

All Catholics in the Archdiocese are invited to the Catholic College Social to be held tomorrow, Feb. 13, in the Student-Faculty Lounge, at 8:30 p.m. Refreshments will be served.

FSPP

The work of February 26 has been designated "FSPP Week" by the Franklin Institute Committee. Its purpose is to acquaint the student body with the various activities of FSPP. The program will include radio broadcasts over station W3IIT, a meeting on Wednesday, February 16, in the Student-Faculty Lounge, Room 2290.

Model Aircraft

The Tech Model Aircrafters will sponsor a glider contest at Briggs Field on Sunday, Feb. 17. The contest will run from 11:00 a.m. to 4:00 p.m. On Saturday, Feb. 16, the Model Aircrafters Building Session will be held at Room 18-085 at 1:00 p.m. Refreshments will be served. All who wish to attend are welcome.

Radio Control Club

The Radio Control Club will hold a meeting on Wednesday, February 26, in the Depent Room, Building 16. The meeting will begin at 5:00 p.m.

Humanities Series

M.I.T. Humanities Series will present the Media String Quartet tonight in the second concert of the current series. The quartet will play R. Schumann's "Cowles" in D major, Op. 100, No. 5, by Beethoven, and Debussy's "Le Prélude"

Be Happy-Lucky!

Lucky Strike taste better! It takes fine tobacco to give you a better-tasting cigarette. And Lucky Strike means fine tobacco. But it takes something else, too—superior workmanship. You get fine, light, mild, good-tasting tobacco in the better-made cigarette. That’s why Lucky Strike tastes better. So, Be Happy—Go Lucky! Get a carton today!

They'll have a easy table home Where they can tell and see The hold smokes Lucky Strike, too

Peter F. Linder Washington State College

Lucky Strike tastes better because its made with superior tobaccos and the finest smoke, hand picked in choice grades and mixed by the best trained men. The result is a better, more satisfying smoke.

Lucky Strike tastes better because of the way its made. Lucky Strike is made with the finest tobaccos and the finest smoke. This is why Lucky Strike tastes better. So, Be Happy—Go Lucky! Get a carton today!

Never won a wager till That day I went to the "Lucky Strike" room and saw that was the winning cigarette. ey

comes to Boston directly from the Metropolitan Museum of Art in New York. At previous showings in Denver and Dallas it attracted record audiences. In Los Angeles, more than 140,000 persons flocked to the exhibit in a three-week period. For information about the exhibit, contact the Metropolitan Museum of Art in New York.

No Change in Admission

Director Washburn announced that there will be no additional charge for the da Vinci exhibit, visitors entering the Museum at regular admission rates. Because of the widespread interest in the show, Washburn further added that the Museum plans to extend its regular hours during the Leonardo exhibition. The Museum is located in Science Park, Boston.

Weekly meetings Tuesday through Friday, are being reserved for school and college visits. The Museum is already making advance reservations for students during these hours, as well as for other groups who wish to reserve admission during public opening hours.

Hansen

(Continued from Page 1)

Hansen’s 1948, Procter Hansen captured economics and did original research for 18 years at the University of Minnesota. From 1937 until the present he has been Professor of Economics at Harvard University. Despite his academic career, he has worked on a large number of national and international advisory boards, and is on the board of editors of several famous economic journals. Among his many books and papers are Economic Stabilization in an Unbalanced World and Principles of Economics.

N.E.I.S.A. Meeting Held At Tech; Intercollegiate Schedule Given Out

The New England Intercollegiate Sailing Association held its fourth annual meeting at the Institute on February 3. Lawrence Conover, Dartmouth sailing ace, was elected president. Conover, who is co-captain of the International 110 Class, is to head NEISA.

The election was held on the appointed day and saw George Conover, Dartmouth, re-elected to head theNEISA. He succeeds Paul Cream-Oil. It's your hair's best friend. And ask for it at your toilet goods counter to get a bottle or tube of Wildroot Cream-Oil. It gives you that extra boost of vitality to make you feel extra dashing; it seems to be cut out for straight, forward parts of the mast. Topglove, one of the finest, fifteen-year-old, did well in the role of a mischievous but well-meaning schoolboy; at one point he made a brilliant task of mimicking the pompous and involved style of speech of his master.

The camera moves from classroom to master's house to chapel to cricket field where it took place. It was the first quarter performance left to the cast members. However, like had six devices during the same period and could only watch as Butch Conover's team pulled away in the second period. Talk about a Mouse-Trap! Now back to his room and shaved expectantly. Then he went to a carefully selected list of fifty females. Very touching messages, on the "Be mine" theme. Then he went to the Western Union office and sent Telegrams. Then there was a freshminan who had a Problem. He couldn't get a load out with him. Even his best gal didn't give a hoot for him. "Wise she hate me so?" he asked his barber shop. Then there's no talon how the chicks'll go for you. Ifs an hour later. The procession kept up all day. Talk about a Mouse-Trap! Now back to his room and shaved expectantly. Then he went to a carefully selected list of fifty females. Very touching messages, on the "Be mine" theme. Then he went to the Western Union office and sent Telegrams. Then there was a freshminan who had a Problem. He couldn't get a load out with him. Even his best gal didn't give a hoot for him. "Wise she hate me so?" he asked his barber shop. Then there's no talon how the chicks'll go for you.

The Beaver Boatsmen were unable to better their record this weekend, as they fell before a powerful Brandeis five on Friday, Feb. 8, and equally strong Colby College the following evening. Coach Ed Leede's men carried the heavy load of a 9-3 record back with them from the little Maine school.

Beaver Boatsmen Outclassed
By Brandeis and Colby College

The Beaver Boatsmen were unable to better their record this weekend, as they fell before a powerful Brandeis five on Friday, Feb. 8, and equally strong Colby College the following evening. Coach Ed Leede's men carried the heavy load of a 9-3 record back with them from the little Maine school.

Brandeis Scores 5
The Castlemen from Waltham ran up 85 tallies and the M.I.T. men could hardly keep pace with the fast breaking blue and white. Captain Mike Nacey found the mark with his one hander from outside the foul circle five times to the first quarter, in addition to collecting two charity tosses, and this sensational performance left the Beavers on the short end of a 16-15 count. However, like had six devices during the same period and could only watch as Butch Conover's team pulled away in the second period. Talk about a Mouse-Trap! Now back to his room and shaved expectantly. Then he went to a carefully selected list of fifty females. Very touching messages, on the "Be mine" theme. Then he went to the Western Union office and sent Telegrams. Then there was a freshminan who had a Problem. He couldn't get a load out with him. Even his best gal didn't give a hoot for him. "Wise she hate me so?" he asked his barber shop. Then there's no talon how the chicks'll go for you.

With the week-end of March 1-2 coming closer, plans and arrangements for the best Tech's-a-Poppin' program ever to be held at the Institute are well under way. New and improved events have been scheduled and for the first time in the history of Tech's-a-Poppin' a rifle team to face New Hampshire. This is to be the scene of a genuine Engineering laboratory February 5, 1952 it was said, "Over 62,000 liters of liquid nitrogen were supplied in 1951."}

Sailing

OTHER NEW ENGLAND EVENTS
Mar. 21: Boston College vs. Boston University at M.I.T.
Apr. 11: Pentagonal (Bowdoin-M.I.T.- Maine-Middlebury-Tufts) at M.I.T.
Apr. 27: Octagonal (B.C.-B.U.-Coast Guard-Harvard-Holy Cross-M.I.T.-Tufts- Worcester Tech) at Coast Guard
May 4: Boston College vs. Holy Cross at M.I.T.

ADVERTISING CORRECTION

In an advertisement by the Cryogenic Engineering Laboratory February 5, 1952 it was said, "Over 62,000 liters of liquid nitrogen were supplied in 1959." The line should have read, "Over 62,000 liters of liquid nitrogen were supplied in 1951."
