Two members of the M.I.T. Finance Committee, A. F. Announces Cadet Promotions

Cadet Promotions

At an Air Force ROTC. ceremony held Monday, November 24 in the Enmore Burton Rogers Room, the appointment of nine advanced course cadets as wing staff cadets were made. The new Cadet Commanding Officer, Larry Malley, who will be entirely responsible for Air Force drill performance in the future, other appointments were: Capt. C. O., Richard Lindstrom; Adjutant, Mark Danishefsky; Personnel Officer, Robert Murphy; Personnel Officer, Frank Tollefson; Air Personnel Marshall, Robert Palmer; Operations and Training Officer, George Duso; Supply Officer, Robert Gnaiz; Public Relations Officer, Merrill Elmer.

Interviewed Top Executives

The two committee members participated in personal interviews ranging from Park Avenue to West Street and lower Manhattan. In almost all cases it was possible to talk in top executives. With the policy of most corporations not encompassing nonexecutives in education or training, the project must be "sold" to at least 20 different companies.

Those meetings shall be arranged by the Finance Committee. This motion was passed after some discussion over what constituted "handling 100% per cent.

Insurance also considered another motion by J. Koons, that "All activities which wish to get a tax exemption shall be subject to us as soon as possible after the event, submit a full statement of operation, together with any profit, to the Finance Committee, and shall keep their books and records available for inspection by the chairman of the Finance Committee." This motion was then passed after considerable debate.

Social Calendar to Be Released

The Spring Social Calendar, which has been the subject of heated debate for some time, has finally been passed without a dissenting vote, and will be released shortly together with the Full Social Calendar.

That Stuff in the Bottle Box Ain't for You

One thing we know: the D.A. is mad. He has just filed a $100,000 lawsuit against the Harvard Coop (Ski Shop) on the grounds that they sold 'scoops' of the alcoholic article. The law also obligates them to cooperate with the authorities in the search for "the bottle" discovered in the Vice President's office. We have informed the Coop, with the new name and address:" We are with the H.L. Standard Lead. Which is the way we are going to vote for our President. The results were: "Lil' Dan" 14,000; "Dan" 12,000; "Shitty" 2,500; "Harry" 2,000; "Paul" 1,000. There have been no other nominations.

Army Fatigues, Fournageres Mark Promotions

Half Week for all Pending RIF candidates started Monday, December 19, at 7:00 a.m. Any early arrivals who bothered to look across Briggs Field at the Cadet Commanding Officer, Larry Malley, who will be entirely responsible for Air Force drill performance in the future, other appointments were: Capt. C. O., Richard Lindstrom; Adjutant, Mark Danishefsky; Personnel Officer, Robert Murphy; Personnel Officer, Frank Tollefson; Air Personnel Marshall, Robert Palmer; Operations and Training Officer, George Duso; Supply Officer, Robert Gnaiz; Public Relations Officer, Merrill Elmer.

Present at the smoker was Col. Glenn C. Coleman, the newly appointed FASSET. Col. Coleman's previous assignment was with the Air Force Research and Development Command of Wright-Patterson Field.

INFIRMARY GIVEN Television Set

An anonymous co-patient has donated a $215.00 Zenith television set to the Housewife Infirmary. The set, which was delivered a week and a half ago, will be mounted on an easel so that it can be moved from ward to ward.

The Medical Staff feels that televised entertainment will provide a real boost to patient's morale, and at least one nurse seems to have her doubts. Shaking her head, she said, "I'm afraid we're going to have some trouble convincing them away from their books and homework!"

to a very small number of students as is indicated by the dispatch with which they remove it from their boxes and deposit it in the wastebasket with not more than a glance at it. The situation has now come to the point where it is necessary to clear one's mailbox each day in order to leave room for mail when it comes.

What is responsible for this situation? Why does it exist? The cause can be traced to two sources. First, the blame may be placed partly on those in responsible positions whose permission determines what may or may not be placed in our mailboxes. I think these men should at least have the right to clear their mailboxes each day in order to keep them open for mail when it comes.

LUCY'S TASTE BETTER!

They're made better to taste cleaner, fresher, smoother!

Ask yourself this question: Why do I smoke?

You know yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Lucys taste better—cleaner, fresher, smoother! Why? Because Lucyses are made to taste better. And, what's more, Lucyes are made of fine tobacco.

So, for the thing you want most in a cigarete... for better taste—cleaner, fresher, smoother taste be Happy—Go Lucky!
