Pouring Of Auditorium Roof Postponed Until December

Pouring of the concrete roof for Kresge Hall, the new auditorium now in the process of construction on West Campus has been postponed until the middle of December.

In the convocation last October, President James R. Killian, Jr. announced that the pouring would take place about November 15, but due to rescheduling of the work program, it is now expected that the date will be about December 15.

The total cost of Kresge Hall will be \$1,750,000. It will seat 1200 on the main floor and a smaller auditorium downstairs will accommodate 250 persons. Some question had been raised as to whether the auditorium upstairs could be used as a theater, since the construction of the roof did not allow room for "drops." Curtains on overhead railings will be used on the sides of the stage, since "flies" are prohibited by fire laws. ("Flies" are pieces of scenery which are palced on the side of the stage.)

Work on the auditorium is expected to be completed sometime during the summer of 1954, and the building will be available for use next fall.

Work on the chapel which is to be built next to the auditorium will be started in the spring of 1954. Since the architect has not yet completely drawn up the plans, bids for the building contract have not yet been called for. The chapel and auditorium are part of a larger plan for the development of the area across the street from building seven. The chapel will seat 125 persons, and will employ a novel lighting arrangement. A water-filled moat will surround the building, and light reflected from it will enter the chapel through slits in the side, thus furnishing an indirect natural lighting system.

'Suspended In Air' Rescheduled For March 4, 5, and 6

The presentation of this year's Tech Show, entitled "Suspended in Air," has been tentatively rescheduled for March 4, 5, and 6. Originally scheduled for November, the performance was postponed when Andrew Kazdin '56, music director, resigned after being informed that some of his songs would have to be re-written.

As a result of his walk-out, all songs have had to be completely re-written by John Hsia '53, new music director. The script, however, has remained intact.

According to Al Block '54, general manager, arrangements should be completed within a few days to obtain John Hancock Hall for the March dates with no financial loss due to the change of date.

Judicial Committee Places Three On "Pencil Probation" For Their Part In Off-Campus Hazing Case

TCA Blood Drive Closes Tomorrow; Fund Drive Opens

Technology Christian Association's annual Fall Blood Drive, originally scheduled to begin yesterday and extending through to Friday, will terminate tomorrow due to the poor response to requests for donations. In addition, instead of ten people, only eight donors will be processed every fifteen minutes.

The poor showing, typical of blood drives across the nation, is considered mainly to be due to the end of the Korean war, according to Leroy G. Malouf '54, drive director, although the need for blood as a source of gamma globulin to fight polio is more urgent than ever before. In spite of much advance publicity, many fewer appointments have been made, and the quantity of donors obtained through the Military and Air Science departments, always the largest single sources, fell to less than half last year's number.

According to Daniel H. Keck '54, treasurer, T.C.A.'s annual Fund Drive, (Continued on page 2)

Almost three weeks of investigations, hearings, and discussions of InsComm Judicial Committee came to an end last Friday, at least so far as three main principals of the case in question are concerned.

The Committee voted to place Howard Ballen '57, Sheldon Kavesh '54, and William Tuttle '56, on Dean's Office pencil probation for their part in the off-campus hazing case of James Dugelby '56. Kavesh and Tuttle, who were accused of participating and influencing others to participate in this act, will remain on probation for the remainder of their stay at the Institute, while Ballen is being placed on probation for the rest of the 1953-54 school year. Kavesh is also being expelled from the dormitories because it was felt that his admitted motives were of sufficient severity to warrant this further action.

Dormitory Group Given Recognition As "Club" By IFC

The M.I.T. Interfraternity Council met last Thursday in Smith House. Besides the usual business there was discussed a request by a group of campus students to form a new fraternity.

A group of ten or twelve students, mostly sophomores living in Burton House, applied to Tau Epsilon Phi, a national fraternity, to become a local chapter. They were told that it would be necessary to get official recognition from the M.I.T. Interfraternity Council. At Thursday's meeting the I.F.C. decided that the group could become (Continued on page 4)

The decision of the Committee was officially issued at a meeting to which members of the W.M.I.T. News Department and *The Tech* were invited. This type of announcement was preferred by the defendants in the case rather than having personal letters sent to them.

Announced at Inscomm

The case was first publicly brought out when it was announced at the Institute Committee meeting of Oct. 28, that there existed an act of off-campus hazing which might involve intimidation of student government members. Dugelby and Herbert Amster '56, both members of Baker House Committee were, on separate occasions, taken for rides, ostensibly because of certain actions they took as members of student government. JudComm has, however, concluded that "insofar as the named individuals are concerned, no charge was made or considered that their action involved any threat to a member of student government as such" or that Kavesh, Tuttle or Ballen "had any part in the pending case of (the hazing of Amster)."

Students Can Appeal

When asked if a defeat of the Institute Committee ban on off-campus hazing in today's referendum would affect the decision, Thomas Henderson '54, Chairman of Judicial Committee, replied that he didn't know. He said that if the students wanted to appeal the decision of JudComm now, they could do so. The appeal would be considered by a joint student-faculty committee. When further questioned whether or not the Faculty Committee on Discipline would consider this case without an appeal, he said that actually they could, but, "I don't think that that is their intention."

JudComm also stated that the decision announced Friday does not close this case since "a number of the participants are, as yet, unidentified."

Dormitory Social Committee Dance Friday In Baker

Thanksgiving decor will form a part of the evening's entertainment at a dance to be held at Baker House this Friday, November 20.

The dance, which will last from 8:00 p.m. to 1:00 a.m. is sponsored by the Dormitory Social Committee. Tickets went on sale today in the lobby of building 10.

The price of admission per couple has been set at \$.75, and although couples will be required to bring their own liquor, all of the necessary accessories will be provided by the D.S.C.

Institute Publication Scooped As *The Tech* Rides Again

Friday's Issue; Read It Today

In a surprising action this week, the disclosure of which appears in this issue, *The Tech* proved its superiority over another Institute publication. In an action unprecedented in recent years, it has conclusively scooped the aforementioned periodical.

A Take-off On The Tech

In an effort to undermine the high standing of this newspaper, said magazine has prepared a fictitious and derogatory facsimile of *The Tech* in the central portion of its November issue. Members of *The Tech*, however, have successfully uncovered the plot which many persons have labeled "a dastardly deed!" The results of this expose have revealed that articles of such inaccurate nature appear as to throw great dispersion upon the journalistic field.

Magazine Dies

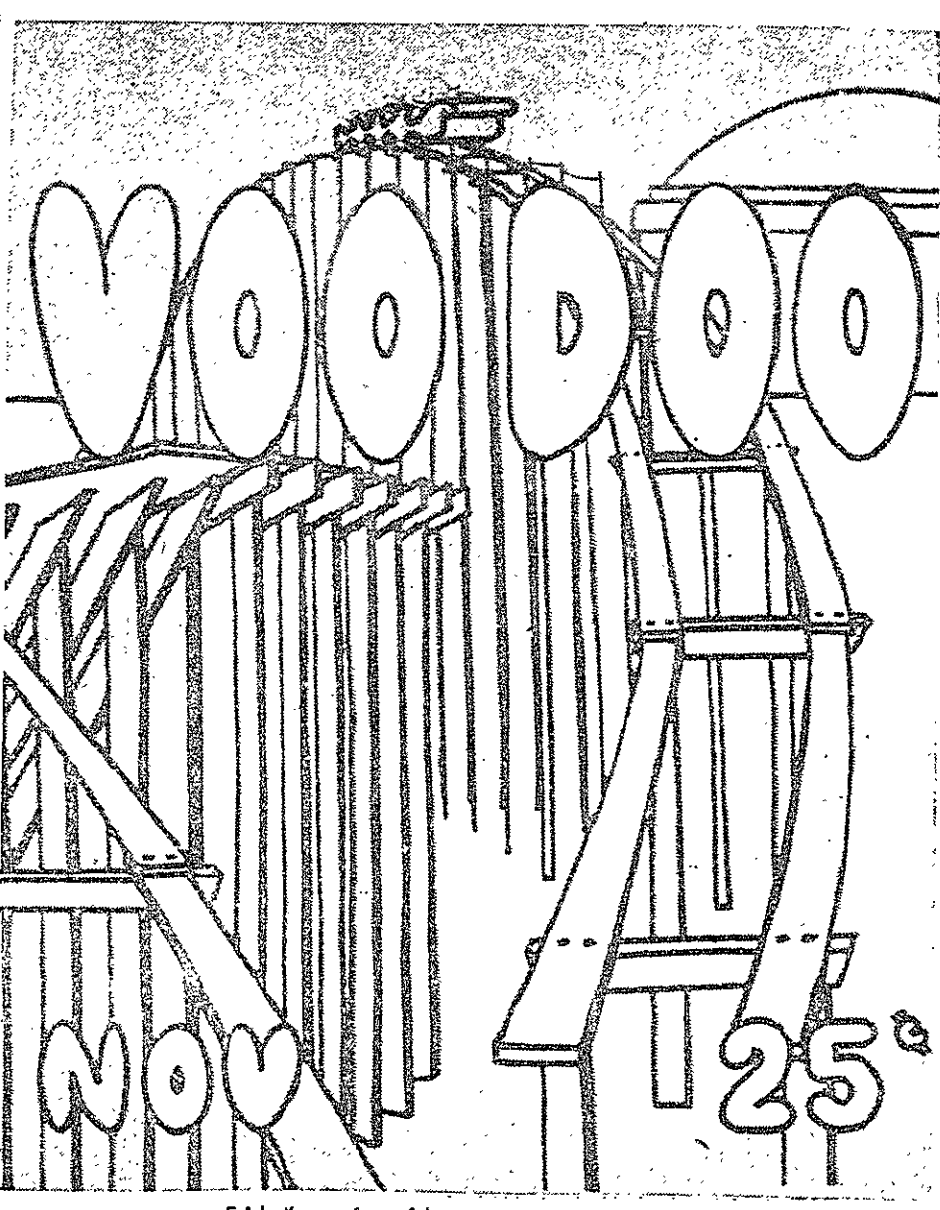

Word of the action taken by that publication is expected to be met with great sorrow by the general public. The passing of this magazine has long been expected but few realized that its editors would attempt to dishonor a newspaper such as *The Tech* in order to make up for its lack of originality in other fields. They took the easiest way out (though also the least honorable). When pressed for comment the Managing Board of *The Tech* replied, "Tsk Tsk, such childish prattle."

Article Will Appear This Friday

The article in question will appear in this Friday's issue of the now infamous magazine. An exclusive preview of portions of that article appear below.

"Voo Doo Vice Den Exposed" is the glaring headline of one of the stories.

"A hand picked squad of veteran crime busters working out of Central Square Headquarters raided the Voo Doo office early this morning on an anonymous tip, and arrested three

Friday's version of latest campus construction

men on various counts ranging from disorderly conduct to operating a candy machine without a license. Masquerading as editor of an alleged magazine the prisoners were found in wild debauchery with three women, who, it was learned afterward, were recently released from the State Correctional Institution for Women at Wellesley, Massachusetts.

"The three men are being held without bail in Cambridge City Jail. The

women are being held in special custody by Chief-of-Police and two of his lieutenants."

Theft Described in Article

The following story was also included in the fictitious issue, under the headline, "Burglar Nabbed at Institute."

"D. B. Hind, trusted employee of the Bursar's office, was apprehended last night in Building 6 as he attempted to steal several rolls of toilet

paper from a men's lavatory. His capture brought to an end the recent series of sensational robberies which have touched lavatories all over the Institute. The thief was caught by janitor Elwin Bigditch, working the night watch out of Buildings and Power.

Bigditch Sent Home After Fracas

"In an exclusive interview granted *The Wreck*, Mr. Bigditch told how he found Hind crouching in the doorway of the lavatory loaded down with paper towels and soap. The toilet paper was behind Hind. Having thus taken cognizance of this unusual procedure, Bigditch confronted the culprit and demanded an explanation, whereupon the two began to grapple. Mr. Bigditch's shout for help soon brought Patrolman Thomas J. O'Grafter on the scene and the officer took charge. He thanked Mr. Bigditch for his good work and told him to go home.

C.O.O.P. is Involved

"Subsequent investigation into the case has revealed that Hind has disposed of his previous loot to the firm of Cohen, Oswald, Ogden and Putz, for resale to M.I.T. students at a small discount. When questioned about the presence of stolen merchandise in C.O.O.&P.'s store, Mr. E. Chester Himp, manager of the Cambridge branch, stated that the material, to the best of his knowledge, came from a regular jobber. Mr. Himp pointed out that a great many rolls of the merchandise were sold regularly to Tech students for use in several courses at the Institute."

"No Auditorium," Claimed in Story

Other articles appearing in the bogus issue deal with the construction of a huge stadium, under the head, "Auditorium Scuttled; Mammoth Stadium To Be Built Instead"; and a plagiarized features article titled, "Student Continues Travels in Massachusetts, Etc."

Students are warned not to pay much attention to these stories as their accuracy is seriously to be questioned.

Calendar of Events

from November 18 through November 25, 1953

WEDNESDAY, NOVEMBER 18

Departments of Mathematics and Physics. Operations Research Seminar:
 "Search Theory in the Analysis of Consumer Shopping." Mr. Wroe
 Alderson. Room 6-219, 3:00 p.m.
 Mathematics Department. Lecture Series—III: "Semi-groups of Linear Oper-
 ators." Professor Ralph Phillips, University of Southern California.
 Room 2-232, 4:00 p.m.
 Catholic Club. Meeting. Room 2-190, 5:00 p.m.
 M.I.T. Management Association. Lecture by Dr. Edward Land, President of
 Polaroid Corporation. Schell Room, 4th floor, Sloan Building,
 5:00 p.m.
 Graduate House. Dinner and address: "Continental Defense." President James
 R. Killian, Jr. Campus Room, Graduate House, 6:00 p.m. Reception
 at 5:45 p.m. Reservations: Graduate House Desk.
 Chemistry Department. Harvard-M.I.T. Physical Chemistry Colloquium: "Low-
 Level Radioactivity Measurements." Dr. John S. Waugh. Harvard
 University, Mallinckrodt MB-23, 8:00 p.m.

THURSDAY, NOVEMBER 19

Physics Department. Colloquium: "A New Experimental Investigation of
 Thermionic Emission and its Relation to Richardson's Equation." Mr.
 A. R. Hutson. Room 6-120, 4:15 p.m.
 Lecture Series Committee. Films: "Voyage Surprise" (French) and "Toulouse
 Lautrec." Room 1-190, 5:00, 7:30 and 9:30 p.m. Admission: 30 cents.
 M.I.T. Club Latino. Mexican film: "Enamorada" (English sub-titles). Room
 10-250, 5:00, 7:00 and 9:00 p.m.
 Economics Department. Seminar: "Current Issues in Anti-Trust Policy." Pro-
 fessor Clair Wilcox, Professor of Economics, Swarthmore College.
 Hayden Library Lounge, 8:00 p.m.

FRIDAY, NOVEMBER 20

Mechanical Engineering Department. Seminar: "The Effects of End-Chamber
 Geometry and Temperature on Engine Detonation." Mr. E. P. Cock-
 shutt. Room 3-370, 4:00 p.m. Coffee in Room 3-174 from 3:30-
 4:00 p.m.

SATURDAY, NOVEMBER 21

Modern Languages Department. Graduate Language Examinations. French and
 Russian: 10:00 a.m.-12:00 noon; German: 2:00-4:00 p.m. Room
 3-440.

SUNDAY, NOVEMBER 22

Humanities Series. Concert: Melville Smith, harpsichordist, with chamber en-
 semble of seven players. Music of Louis Couperin, Francois Couperin,
 Francaix, and de Falla. Room 10-250, 8:00 p.m. Free tickets in Music
 Library.

MONDAY, NOVEMBER 23

School of Architecture and Planning. Lecture with slides: "The Japanese Art
 Exhibition." Dr. Jiro Harada, staff member, Tokyo National Museum.
 Room 7-427, 8:00 p.m.

TUESDAY, NOVEMBER 24

Electrical Engineering Department. Sophomore Smoker. Emma Rogers Room,
 Room 10-340, 4:00-5:30 p.m. Refreshments will be served.
 Metallurgy Department. Colloquium: "Deformation of Metals at Elevated
 Temperatures." Professor Nicholas J. Grant, Room 35-225, 4:00 p.m.
 Christian Science Organization. Subject: "Never Neglect God." Tyler Lounge,
 Walker Memorial, 5:15 p.m.

WEDNESDAY, NOVEMBER 25

Catholic Club. Meeting. Room 2-190, 5:00 p.m.

RED CROSS BLOOD DRIVE

A Red Cross Blood Mobile Unit will be at Tyler Lounge, Walker
 Memorial, from Monday, November 16, through Wednesday, November 18,
 from 9:45 a.m.-3:45 p.m. Appointments may be made either by telephone
 (Ext. 885) or in person at the TCA office in Walker Memorial.

EXHIBITIONS

An exhibition of "International Watercolors" by leading contemporary
 artists (Moore, Nicholson, Appel, Auborg, Wyeth, Feininger, etc.) will be
 on view in the New Gallery of the Charles Hayden Memorial Library through
 November 23. Hours: Monday through Friday, 9:00 a.m.-5:00 p.m.; Saturday,
 2:00-5:00 p.m.

Photographic Salon prints by Grant M. Haist of Rochester, New York,
 will be on display in the Photo Service Gallery, Basement of Building 11,
 through December 20.

CALENDAR OF EVENTS

The Calendar of Events appears in THE TECH on Tuesday with
 announcements for the following eight days (Wednesday through Wednesday).
 Notices, typewritten and signed, must be in the office of the editor, Room
 7-204, not later than noon on Thursday prior to the date of publication. Mate-
 rial for the Calendar of November 25—December 2 is due November 19.

through the mail

To the Editor of *The Tech*:

I wish to publicly protest the action which the East Campus House Com-
 mittee took on the night of November 11. A motion was made to alter the
 method of electing the representatives in the Hayden and Bemis units from
 election by halls to election by floors.

Now this matter is of such personal importance to the members of the
 committee that a vote might be used to gain personal strength rather than
 effect better communications within the dormitories.

And further, any matter which af-
 fects so profoundly the individual student in East Campus should have
 the most representative decision pos-
 sible.

I called for a referendum vote on
 this matter among all the residents
 of East Campus, to be held on Tues-
 day, November 24. The results of a
 roll call vote on my motion are to be
 found in the minutes of the meeting.
 It was defeated.

I ask those who opposed the motion
 to answer, and I ask the students
 they are supposed to represent, to
 make them answer, these questions:

1. Do you feel that your vote in
 this matter will truly represent all
 of your constituents?
2. If so, why do you deny the in-
 dividual the right to prove this by
 taking part in a referendum?
3. If you claim that the students
 don't care enough about student gov-
 ernment to warrant such effort, don't
 you agree that even five votes per
 hall is more representative of the resi-
 dents than one?

States have referenda on constitu-
 tional changes among millions of per-
 sons, is it too unweildly for East
 Campus to hold such a vote among
 six hundred residents?

If the residents want to be repre-
 sented they should force a referen-
 dum. If they don't care enough to
 do that, at least they should let their
 hall chairman know how they want
 him to vote. We are representatives;

Work Under Way On Landscaping

Work on the landscaping of East-
 man Court, formed by the Library,
 Building Six, and the Biology Build-

ing has begun. The bushes and trees
 are expected to greatly enhance the
 appearance of the court. Planting was
 delayed by a lack of rain at the nur-
 series supplying the plants, which
 prevented their being moved. The
 mysterious wooden stakes which
 sprouted in the court several months
 ago were surveyor's markers, large
 stakes representing trees and small
 stakes representing bushes.

Professor Herbert Beckwith, of the
 School of Architecture, is in charge
 of the Institute's landscaping pro-
 gram. Complete details will appear in
 a later issue of *The Tech*.

let us know opinions, make us vote
 accordingly!

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

"Your hair's no yoke" bellowed Sheedy's gal. "Those cowlicks look awful. Why not take the bull by the horns and get yourself some Wildroot Cream-Oil, America's favorite hair tonic? Keeps hair combed without greasiness. Makes you look cud-dly. Removes loose, ugly dandruff. Relieves annoying dryness. Contains Lanolin. Non-alcoholic. I won't cow-tow 'til you start using it heifery day." Paul was udderly stunned, so he bought some Wildroot Cream-Oil for just 29¢. He told his girl the good moos and now they're hitched for life. So just steer yourself down to any toilet goods counter for a bottle or handy tube. And remember to ox your barber for Wildroot Cream-Oil too. You'll be the cream of the campus—and that's no bull.

Marksman Win Trounce Harvard Breaking Record

In a shoulder-to-shoulder match with Harvard last Saturday, the Beaver Varsity rifle team sunk the Harvard riflemen by a score of 1408 to 1377. At the same time they set a new record for the Harvard range, breaking the old record of 1398, also set by M.I.T. Pushing the team to victory with five scores of 280 or better were: Phil Rane '54, 283; Dick Oman '55, 283; John Stem '55, 281; Dick Tooley '54, 281 and Arnold Breden '56, 280.

Before the match it was announced by Herb Voelker, adviser and former member of the team, that Coach Ken Yeager has been elected a member of the "Order of the Derby," an exclusive group of shooters who are outstanding in marksmanship and sportsmanship.

THE COLLEGE DANCE CLUB

Want a date? A good time? You will have both at the College Dance Club Dances held every Friday night at the Hotel Kenmore and every Saturday at the Somerset. Attendance is restricted to college students, graduates, and their guests. One must be a member to purchase a ticket. Membership cards may be obtained after proof of educational status is submitted, i.e. college ring, bursar's receipt, library card, etc. Membership is co-ed. Just ask a member. The dances are loads of fun. This will be the eighth wonderful year.

Phi Gams Beat SAE, ATO Bresee, Cole, Hoffman Star

by Paul Jay Goldin '54

With two-thirds of the playoffs completed, the defending champions, Phi Gamma Delta, emerged as the only undefeated team. One more victory next weekend will assure the Phi Gams of their second consecutive title.

Phi Gam Wins Thriller

In one of the most thrilling games ever played on Briggs field, Phi Gamma Delta eked out a double-overtime-win over a fighting Sigma Elpha Epsilon eight. With the score tied 12-12 at the end of regulation time, the two teams battled scorelessly for two overtime periods. In the overtime periods, however, Phi Gam registered three first downs to two for SAE and was declared the winner. The Phi Gams completely dominated the first half, as Coley Bresee threw a scoring pass to Prentress Cole and ran five yards for the other touchdown. Trailing 12-0 at the half, SAE rebounded behind the great passing of Ev Chambers to Pete Hohorst and Tom Comporato and the fine blocking of Dan Lickly to take the play away from Phi Gam. With about five minutes remaining in the game, Comporato made a diving catch of a Chamber's pass to tie up the game. The two teams battled on even terms for the two overtime periods until Tom Hoffman made a fine reaching catch of a Bresee pass for the game-deciding first down.

Sunday, Phi Gam registered its second win over an injury-riddled ATO contingent, 20-7. Held to a scoreless tie at half-time, the Phi Gams broke loose as Bresee hit Cole with two scoring thrusts. ATO fought back as George Perry ran 60 yards to the Phi Gam five yard line, and 2 plays later passed to Bruce Murray for the score. Bresee clinched the game in the waning moments as he raced 40 yards for the final Phi Gam touchdown. A tremendous line consisting of Rich Wilson, Mitch Savin, Merrill Ebner, and Quinn Solem, was the backbone of the Phi Gam's defensive unit and contributed heavily to both wins.

SAE, Kappa Sigma Win

SAE got back on the winning trail as they dumped Kappa Sigma from the ranks of the unbeaten by a 6-0

Beaver Harriers Run In IC4A's

Yesterday the varsity and freshman cross-country teams travelled to New York to compete in the I.C.A.A.A. cross country meet. Representing the Beavers were the following varsity runners: Captain John Farquhar '54, David Palamountain '56, Hugh Nutley '54, Lawrence Berman '55, Ray Smith '56, Sture Bengston '55, and Harry Schreiber '55. The freshman included David Vaughan '57 and Peter Carberry '57, plus two others who had not been named at time of publication.

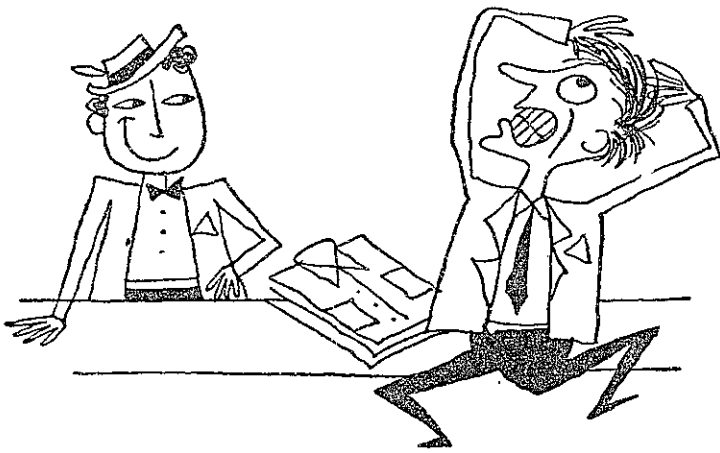

This meet was the last competition this year for the varsity harriers, who placed third in the New England, and was the final cross-country race for seniors Farquhar and Nutley.

margin. A buck-lateral sequence ending in a Chambers to Hohorst scoring pass provided the game's only score. The fine line play of Clark Colton and Dan Lickly combined with the defensive brilliance of Tom Comporato kept the potent Kapa Sigs scoreless.

In the weekend's only other game, Kappa Sigma edged a determined ATO eight, 12-6. Once again Kappa Sigma's big end, Carl Hess, proved the difference. With the score tied 6-6 in the last quarter, Hess made a leaping catch of a Jim Hazard pass

(Continued on page 4)

WHATDIDHESAY?

A very fastidious college senior decided to add a few colored shirts to his wardrobe. So one afternoon, he strolled down to the local shirt shop. "I'd like to see your smartest colored shirts," he said to the clerk.

The clerk laid several Van Heusen Vanahue Broadcloths on the counter. "These are our best sellers," he said. "They're tailored of fine, high-count broadcloth that's very smooth and luxurious. And you can take your pick of eight different collar styles—including Van Heusen's new short collars that are the rage of the college set."

"They sure look good to me," said the senior.

"Good? They're terrific!" replied the clerk. "Just look at that magic seamanship—Van Heusen's finest. Why, even the buttons are top quality, genuine ocean pearl. And Vanahue Broadcloths come in every color of the rainbow—from soft, subtle shades to rich robust tones. What's more, they're only \$3.95 apiece."

"Do you have henna color?" asked the young man.

"That's just what I got finished telling you," answered the clerk. "You can have henna color you want!"

TO ENGINEERING STUDENTS:

Graduating Engineers are offered a great future,
in a great place to live
by Lockheed Aircraft Corporation
in Southern California

Your
Lockheed Counsellors
will be on the campus
to talk with you on...
Tuesday
November 17

They will discuss:

- Your salary at Lockheed.
- Your field of engineering at Lockheed.
- Your training opportunities at Lockheed—and at major universities in the Los Angeles area.
- Your chance for quick advancement at Lockheed.
- The better living conditions for you in Southern California.
- The vast range of recreational opportunities in Southern California.

Contact your Placement Officer today for an appointment with your Lockheed Counsellors

P.S. Be sure and ask your Lockheed Counsellor how Lockheed can help you get an advanced degree in engineering.

M.I.T. Debaters Defeat 6 Others In First Tourney

Its first scheduled tourney of the season was won by the M.I.T. Debating team at Emerson College last Saturday. The entire team was undefeated in the debate on the topic "Resolved that the United States Adopt a Policy of Free Trade."

Arguing victoriously in the affirmative were Vergil Browne '57 and DeWayne Fanow '57. The winning debaters on the negative side of the question were Edward Roberts '57 and Lowell Wilson '57.

The other teams in the tourney finished in the following order: Emerson, Dartmouth, Boston University, Northeastern, Eastern Nazarene College, and Tufts.

The season's next tourney will be held at the University of Vermont next weekend.

Football Playoffs Continue Through Another Weekend

on the ATO five yard line. On the next play, Hazard hit Hess in the end zone with the game deciding score. Bernie Benson kept the ATO's in the game as he outran the Kappa Sig secondary to paydirt after taking a 35 yard pass from Bruce Murray.

The last two games of the round-robin will see Phi Gamma Delta clashing with once-beaten Kappa Sigma and SAE meeting twice-beaten ATO.

Basketball, Bowling Start Soon

The intramural basketball season starts with a bang next week as five of last year's six finalists see action. Theta Chi, Deke, Graduate House "A", SAE, and ATO, all have pre-Thanksgiving vacation games, as they seek to defend their league titles. Only Graduate House "B" of all the finalists remains idle until early in December.

The intramural bowling season opens this week as the Walker Memorial Staff strives to defend its title. Only SAE and East Campus seem capable of preventing the Walkerites from winning their fourth successive crown.

M.I.T., Chandler Former Scouts Singing Groups Asked To Help In BSA Survey

On Friday evening the M.I.T. Glee Club combined with the Glee Club of the Chandler School for Women in an informal concert held in the music Room of the Hayden Library. Each club performed a group of songs and then combined to present two works by Bach, "Jesu, Joy of Man's Desire" and "Now Thank We All Our God." Extra chairs were brought in to help accommodate the two hundred and twenty people attending.

Following the concert a dance was held for the members of the clubs and their guests in the 5:15 club room, with music provided by the Technicians.

The concert was the second in this year's Glee Club concert program, which began with a joint concert at Simmons last month. The next event will be a joint Christmas concert with the M.I.T. Choral Society and Symphony Orchestra appearing at Jordan Hall on December 12. The spring concert schedule will include trips to Pembroke, Lasell Junior College, and Mount Holyoke. Arrangements are now being made for a five day tour in the East during Spring Vacation, and the season will close as usual with the "Tech Night at the Pops."

Professor Klaus Liepmann, director of the M.I.T. Glee Club expects to continue with a very successful season. A limited number of new members will be added to the hundred

An initial survey to locate all its former scouts and scouters is being made by the Pasadena-San Gabriel Valley, California Council, Boy Scouts of America.

The purpose of its survey is to measure, through a subsequent questionnaire, the benefits a boy receives in his earlier scouting years as measured by advantages gained in adult

Dorm Petition To I.F.C.

(Continued from page 1) a "club." After three years of club status and after having secured a fraternity house and having proved financial solvency the club may then be accredited by the I.F.C. This means that the group can apply to a national fraternity for membership.

Old Chapter Inactive

The students in Burton House decided to try to become affiliated with Tau Epsilon Phi when they discovered that there was a chapter at the Institute in 1918. This chapter was disbanded in 1924. Although the I.F.C. has offered recognition as a club, the students have not as yet accepted the offer. The next meeting of the I.F.C. will be some time next month.

voice group, immediately after Christmas. Persons interested should contact the Club President, William J. Neff '55, East Campus.

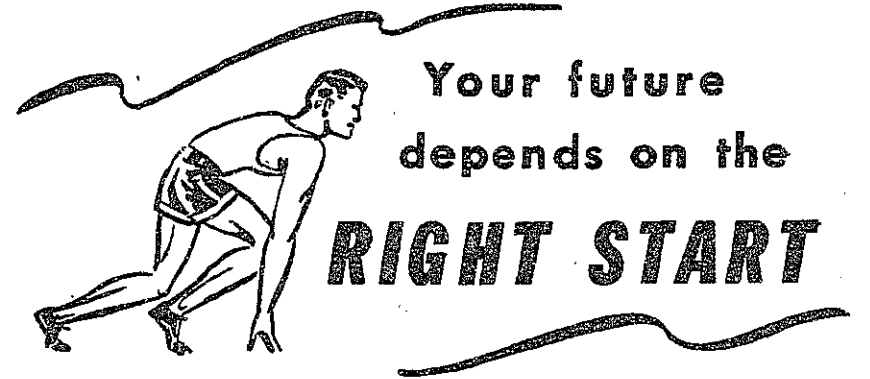

life—because of his scouting experiences.

This is a "follow-through" on what the Boy Scout program was intended to accomplish and the findings compiled will be turned over to the National Council of the B.S.A.

Over 75,000 boys have been processed through the scouting program

in this one Council during the past 30 years.

All former scouts and scouters effected by this initial survey have been requested to send their name, present address and former troop affiliation to: Matt Grandon, Survey Chairman, Boy Scouts of America, P. O. Box 3083A, Pasadena 3, California.

How the stars got started...

MARGE and GOWER CHAMPION met as shy schoolkids at dancing school. Their paths criss-crossed for years as each worked hard to make a career. Finally, Gower, back from Service, "teamed up" with Marge. After months of strenuous rehearsal, they were a sensation, creating original "dance stories" for TV, movies and stage. They are now Mister and Missus.
