**Auditorium Plans Completed; Work To Begin Near May 1st**

The above picture is an artist's conception of the auditorium to be erected on West Campus.

With the ground-breaking ceremony for the new auditorium set for this Friday, plans for the institution's new auditorium have been completed, and contractors are now studying the cost proposals to make their bids.

The auditorium has been made possible through a grant from the Kresge Foundation, and will be located in the site of the old auditorium. Plans for the new auditorium are now under discussion, and it will be built on the same site.

**Book Composed On "Photon" Linotyper**

The first book published using a linotyper to be composed on the Photon Linotyper, a new machine developed and manufactured by the Graphic Arts Foundation, Inc., was published in August of 1952.

At the New York Public Library, the first book composed on the Photon Linotyper was the book "Liberation," by Dr. Samuel H. Caldwell, professor of Electrical Engineering at the Institute.

**Dean Pitts Heads Student Aid Center**

Establishments of a new Student Aid Center at the Institute was announced last night by Dr. James K. Killian, Jr., president of the Institute, at a luncheon held in his honor on September 17th.

Dr. Killian emphasized that the establishment of the Student Aid Center is a new organization having a different purpose from that of the existing student aid program.

**Deutsch Takes Year's Leave From Institute**

Dr. Karl W. Deutsch, Professor of Physics at the Institute, has been granted a leave of absence from the Institute, which began on January 1st. He will spend the year conducting research for the United Nations in Europe.

**Revision Of Guided Tours Is Planned For Institute**

If you want your friends or relatives to visit the Institute and have without being afraid that they would get lost, then you better keep them away from the guided tours in Building 2 and the personal office in Building 3. When the new building first becomes available, the Institute will furnish the postgraduate engineers a series of guides who will take them on a tour of the Institute.

The purpose of distributing the identification pictures with roll cards is to help the instructors become acquainted with their classes at a very early time.

**Two Students Dead In Highway Mishap**

This incident, which is the culmination of their conflicts, occurred when the car in which they were travelling collided head on with a truck. Their bodies were found on the highway.

**Innsbruck To Hold Referendum Possible Office Separation**

Innsbruck, in its meeting of January 21st, approved an all-school referendum to be held in March, and then voted on, to determine, for all, the existence of the university administrative council.

The result will be held concurrently with the general school election, and will decide the question raised recently by the Student Government of Innsbruck.

**Combined Choral Groups Sing Fri.**

Combined choir of M.I.T. and Pembroke College will open the concert program of the M.I.T. Choral Club and the Musical Club of Mass Hall this Friday evening at 8:30 p.m. The Logg, 121, recent winners of a contest against other arias from the New England and New York area, will perform along with other soloists.

FEBRUARY 11 TO FEBRUARY 17, 1953

THURSDAY, FEBRUARY 12
American Chemical Society, Northeastern Section. Symposium: "Recent Advances in the Chemical Technology of the Transcontinental Elements." Room 10-230, 4:00 p.m.

FRIDAY, FEBRUARY 13
Mechanical Engineering Department. Seminar: "The Design of Solar Houses." Faculty Lounge, Room 3-579, 4:00 p.m.

SATURDAY, FEBRUARY 14
Varsity Pistol Team. Match with U. S. Military Academy, M. U. Rife Range, 2:00 p.m.

Wrestling Team. Match with Williams College. Rockwell Cage, 2:00 p.m.

Freshman Swimming Meet. Meet with Moses Brown Academy. MLMT, Alumni Pool, 5:00 p.m.

Informal Dance Committee. Dance, Morses Hall, Memorial, 8:30 p.m.-12:00 o'clock

SUNDAY, FEBRUARY 15
Society of Arts. Popular Science Lecture: "Billion Volt Accelerator." Dr. M. Stanley Livingston. Room 10-230, 4:00 p.m.

MONDAY, FEBRUARY 16
Boston Society of Biologists. Symposium: "Is There a Scientific Approach to Human Behavior?" Dr. E. G. Matthews, Harvard University. Chairman. Lecture Hall B, Allan Bourne Hall, Harvard University, 5:00 p.m.

TUESDAY, FEBRUARY 17
Committee on Machine Methods of Computation. Seminar: "Operations Research." Professor Philip H. Kier. Room 4-211, 4:00 p.m.

Freshman Swimming Team. Meet with Gardner High School. MLMT, Alumni Pool, 1:00 p.m.

Club Latino, Mexican Film: "Dios se lo Pague." Room 1-901, 5:00-7:00 p.m.

EXHIBITIONS
"Art of Indonesia" will be shown in the New Gallery of the Charles Hayden Memorial Library, Mondays through Fridays, through February 16, from 9:00 a.m. to 5:00 p.m.

Photographic Sales prints by Ken R. Wagner of Seattle, Washington, will be on display in the Photographic Service Gallery, Basement of Building 11, through March 2.

CALENDAR OF EVENTS
The Calendar of Events appears in The Tech on Tuesday with announcements for the following week. Notices, typewritten and signed, must be in the office of the editor, Room 7-204, not later than Monday, prior to the date of publication. Material for the Calendar of February 18-24 is due February 12.

Amherst-Overcome Bus Service To Ski Areas In Vermont Set For Weekends

In a very evenly matched contest held here at Tech last Saturday, the Beaver squashmen defeated Amherst by a score of 5 to 2. The win was especially important because Amherst had swept the Tech in the last match of the day, with the score at that point of 4-4.

The win in the match that was played at the 1952 Winter Carnival resulted in the great influx of visitors which hampered the running the race course.

For your production development

In the High Hurdles in which Terry showed great promise for the coming season. Despite the cold weather which hampered the running the Techers showed sufficient interest in the competition be requested for the weekend. The Techers showed sufficient interest in the competition that they could have won the event.

The most startling news to hit the collegiate athletic world since the discovery of sugar was the announcement of the ending of the season for all collegiate athletic activities. Little does the average techer realize what wonderful opportunity this gives for the student-athletes at the Institute. For longer is it not the ideal time for colleges which have the capacity that have found their way into the beginning of the season. For greater opportunities for participation in integrative sports and in

Compton Describes New Biology Grant

A grant of $500,000 from the Rockefeller Foundation in support of the Institute's program in biology was announced on Feb. 5 by Dr. Karl T. Compton, Chairman of the Corporation.

Dr. Compton, who made the announcement before nearly a thousand alumni at the Mid-Winter meeting of the Alumni Association in Walker Memorial, also reported that the Institute had received gifts amounting to $3,427,000 during the first six months of the current fiscal year.

Faculty Also Is The Spotlight

Evelyn D. Byer, President of the Alumni Association, welcomed Great.

Boston alumni; and Dr. George E. Harrion, Dean of Science, presided. In addition to Dr. Compton's address, Dr. Harold E. Edgerton presented a lecture-demonstration of the latest advances in high-speed photography.

The Rockefeller grant brings to over a million dollars the contributions of the Rockefeller Foundation in support of biology at Technology.
British Universities Will Offer Courses

This summer, the Associated British Universities in the humanities and social sciences will offer a number of courses in the humanities and social sciences. Satisfactory work in one of these courses will merit one semester's credit at the Institute. The following subjects will be offered. The University of London will offer a course on the study of Shakespeare's plays and the University of Oxford will offer a course in the study of Shakespearean drama. Work in these courses will be done through lectures, discussion groups, and field trips.

Anyone interested should consult with Mr. A. Dally, in room 9-109.

Scholarships

(Continued from Page 5)

Lovely competition, "in to develop in its credits a sense of personal and economic responsibility and a broad executive ability, comprising the powers of working with people, of communicating ideas, of leading others, and of planning and controlling operations."

The educational philosophy of the School is based upon our conviction that education for management combined with training in the natural sciences and their applications is an excellent foundation for future leadership in an increasingly complex and technical society." Potential Leaders Will Be Selected. Fellowships will be awarded to students graduating in June 1953 from colleges accredited in science or engineering, or recent graduates from such schools with one or two years' professional experience.

The Shame of Our Colleges

Are we a nation of murderer people with college degrees? As the head of our students in college actually belong there? Why it today's campus? There's a natural and wrong-riding experience, "The Shame of Our Colleges" in March. Please be ready for it. No preadmission required. No charge. A reading list will be included with your ticket.

$500 Prize For Birth Control Essay

For essays submitted during the next month the Planned Parenthood League of Massachusetts if offering prizes up to $500. All papers must be in the title "Birth Control — A Democracy Responsibility." Essays with views unapproachable to those of the League will receive equal opportunity to win an award if their quality merits one, promises the organization.

The assigned title covers such a broad field that students may wish to limit their papers to some specific area related to their major interest, such as: civil rights, separation of church and state, special economic factors, juvenile delinquency, divorce and remarriage, etc.

Students should limit their papers to some specific field that students may wish to study, such as: civil rights, separation of church and state, specific economic factors, juvenile delinquency, divorce and remarriage, etc.

The essay must be typed, double spaced, and should not exceed 10 pages. The deadline for submission is March 15. Three prizes up to $500 will be awarded. All papers must be submitted by students who are currently enrolled in a college or university.

The essays will be judged on the basis of originality, clarity, and relevance to the assigned title. The essays will be evaluated by a panel of judges consisting of experts in the field of birth control.

The selected essays will be published in the League's newsletter, and the winners will be announced at a ceremony to be held in May. The essays will also be available for public viewing at the League's headquarters.

A surgical future, exceptional opportunities for advancement, and an excellent starting salary await you at Fairchild. If you are one of the men we are looking for, do not let this opportunity slip by.

We have openings right now for qualified engineers and designers in all phases of aircraft engineering; we need top-notch people in our design, engineering, and manufacturing departments.
