**Forces New at West Point**

Lauren E. Wolf

The U.S. Military Academy has announced the appointment of eight new faculty members.

- **Dr. Geoffrey L. Smith** has been appointed as an associate professor in the Department of Geology.
- **Dr. John A. Hymes** has been appointed as an assistant professor in the Department of Chemistry.
- **Dr. Susan M. O'Brien** has been appointed as an assistant professor in the Department of Economics.
- **Dr. Michael J. Ryan** has been appointed as an assistant professor in the Department of English.
- **Dr. Sarah L. Thompson** has been appointed as an assistant professor in the Department of History.
- **Dr. Elizabeth A. Williams** has been appointed as an assistant professor in the Department of Psychology.
- **Dr. James L. Zajac** has been appointed as an assistant professor in the Department of Physics.
- **Dr. Mary E. Zeigler** has been appointed as an assistant professor in the Department of Sociology.

These appointments are part of ongoing efforts to strengthen the academic programs at West Point and to attract new talent to the Academy.

**M.T.I. Sailors Win Regattas, Take 2 Events Last Sunday**

M.I.T. sailors took a major interest in two regattas this past weekend, the Midshipmen's Trophy Regatta and the New England Championship Regatta. The Midshipmen's Trophy Regatta was held on the Charles River, and the New England Championship Regatta was held on Lake Winnipesaukee.

---

**Dietz Will Head Reorganized Building Construction Course**

Appointment of Dr. Albert G. Dietz as Acting Head of the Building Construction Course was announced by President James R. Killian, Jr. Dr. Dietz will succeed Professor Walter C. Voge, who retires next June, and will remain at the Institute as Professor of Architecture.

---

**Hindu Psychology: The Meaning for the West**

By Margaret Eastham

Professor Ralph Harper of Harvard University will give the Existentialist's View of the Meaning of Life on Friday, April 16, at 4:00 p.m. in the Faculty Lounge, Room 2-270. The lecture will be followed by a question-and-answer session.

---

**Sailing for M.I.T. in A Division**

The M.I.T. Sailing team, led by Captain John Brown, won the New England Championship Regatta held on Lake Winnipesaukee last Thursday. The group gained a nine point lead at the end of the regatta.

---

**Junior College Students to Study at M.I.T.**

Beginning July 1, it was announced by President James R. Killian, Jr., that the Institute of Technology will begin offering courses to junior college students. The courses will be offered on a part-time basis and will be open to students who have completed at least one year of college.

---

**The M.I.T. Sailors team, led by Captain John Brown, won the Midshipmen's Trophy Regatta held on the Charles River on April 15. The morning's moderate breeze Tech advanced into second place over its nearest competitor, Harvard. In the early afternoon the race took a turn for the worse, and Harvard's lead ten miles points to the west. The two races showed Tech's talent for sailing in adverse conditions.

---

**M.I.T. Tech Women's Weekend**

The M.I.T. Tech Women's Weekend was held on Saturday, April 14. The weekend included a variety of activities, including a dance, a picnic, and a tour of the campus. The weekend concluded with a formal in the Sheraton Plaza Hotel.

---

**Institute Staff Players Plan Spring Presentation of Shaw's "Heartbreak House"**

The Institute Staff Players are preparing for their spring presentation of Shaw's "Heartbreak House." The production is scheduled for April 23 and 24, and tickets are available at the box office.

---

**Senior Week Set for June 5 To 9 Year's Last Event**

This year's Senior Week has been scheduled to run from Friday, June 3, to Sunday, June 5. The week will include events such as a dance, a picnic, and a tour of the campus.

---

**"Meaning of Life For Three Faiths" Conference Topic**

"The Meaning of Life" will be the theme of the Conference on Religion to be held this week. Panels of Boston's outstanding public figures will speak on their own views and beliefs. Several students will discuss "Hindu and Hindu Philosophy" and "Philosophy: The Meaning for the West."

CALENDAR OF EVENTS

APRIL 15 TO APRIL 21, 1953

WEDNESDAY, APRIL 15

Seabury Society. Episcopal Holy Communion Service. Tyler Leung, Wailer Memorial, 7:14 a.m.

School of Architecture and Planning. Films from India. Room 7-403, 3:30 p.m.

Architectural Engineering. Department Orientation meeting for freshmen. Room 7-147, 4:00-6:00 p.m.

Electrical Engineering Department. Social meeting for course VI-A students, staff, and company representatives. Hayden Library Lounge, 4:00 p.m.

Mathematics Department. Lecture: "An Analogue in the Plane of Hilbert's Transform." Professor Arme Beurin, Institute for Advanced Study, Room 2-229, 4:00 p.m.

Catholic Club. Annual Spring Social Meeting. Room 2-229, 4:20-6:00 p.m.

Motor Sports Enthusiasts Club. Film: "1952 Le Mans 24-Hour Road Race." Room 3-174, 5:15 p.m.

Optical Society of America—New England Section. Lecture: "Some Optical Problems on Electron Optical Materials." Professor Robley C. Williams, University of California, Room 7-147, 4:00 p.m.

THURSDAY, APRIL 16

School of Architecture and Planning. Lecture: "Innovation in the Modern Movement in Architecture—IV." Professor Armand Borel, The Institute for Advanced Study, Lincoln, Room 4-231, 4:00 p.m.

Physics Department. Colloquium: "Photoc conductivity and the Trapping of Minority Carriers." Dr. J. A. Herrick, Bell Telephone Laboratories, Murray Hill, N. J. Room 6-120, 4:15 p.m.

AREE-IRE—Student Branch. Lecture: "Communications Techniques." Dr. H. L. Osborne, (ret.), American Telephone & Telegraph Company, Room 2-141, 4:30 p.m.

Lecture Series Committee. Film: "Anna Christie." Room 1-100, 5:00, 7:00, 8:30, p.m.

Technology Christian Association. Conference on Religion. Lecture: "The Meaning of Maturity," Professor Homer Miller, Professor of Theology, Andover-Newton Theological School, Library, 5:00 p.m.

FRIDAY, APRIL 17

Mechanical Engineering Department. Conference: "Economic Problems in Nuclear Power." Mr. Philip S. Stimson, President, American Gas & Electric Service Corporation, Room 2-279, 11:00 a.m.

Mechanical Engineering Department. Lecture: "Measurements of Recovery of Superheated Steam from the Superelevation of Flow Over Flat Plates." Mr. R. H. Shonberg, Room 2-279, 4:00 p.m.

Coffee in Room 3-147, from 3:30-4:00 p.m.

School of Architecture and Planning. Lecture: "The Development of the Modern Movement in Architecture—V." Professor Armand Borel, The Institute for Advanced Study, Tyler Lounge, Royal Academy, Copenhagen, Denmark, Room 7-147, 4:15 p.m.

TUESDAY, APRIL 21

Mathematics Department. Lecture: "The Topology of Lie Groups." Professor Armand Borel, The Institute for Advanced Study, Room 2-225, 4:00 p.m.

AREE-IRE—Student Branch. Lecture: "Loadspeakers, Amplifiers, and Buffers." Dr. L. D. Beranek, Room 4-120, 5:00 p.m.

EXHIBITIONS

Photographic Salon at the New Photography Magazine will be on display in the Photo Service Gallery, Basement of Building 11, through April 15.

The Annual Members Exhibition of Boston Printmakers will be on display in the New Gallery of the Charles Hayden Memorial Library through April 28.

CALENDAR OF EVENTS

The Calendar of Events will be omitted next week, April 22-28. Material for the Calendar of April 29 to May 5 is due in the Office of the Editor, Room 7-504, not later than noon on Thursday, April 23.
**Track Season Opener Soon; Interclass Meet Saturday**

Another sizzling Outdoor Track Season will open Saturday. The men of this annual meet will be joining the women of the meet. The meet will be held on Randalls Island, and the field consist of the members of the squad to compete in.

Later on in the season, the varsity will compete against four schools, among them are Colgate, Bowdoin, and the well-known Harvard. Coach Oscar Hedlund believes that the Harvard team can compete with the other schools in this area, sponsored by the New England All-College Conference.

The track meet this Saturday is to be held on the front lawn of Jordan Hall at 8:30 p.m. Tickets may be purchased for this at the box office. Last year the group presented several meets in every event. Under the over-all registration fee for the conference, to the Class of '54, 99c (tax free), will be on sale the Class of '54 track meet.

**Junior Mughfet Set for May 8 In Cage**

Boarding Cage will be the scene of the Cage of '54 Mughfet on Friday, May 8. Tickets, which will be sold on the front desk before the event, will be available with the tickets at the booth in Building 19; and will be sold at 50.50. The committee in charge advises everyone, but those who do not buy range will be forced to drink from paper cups, a much slower process. There will be pretzels, potato chips, cola, and all that beer the consumer can carry away.

**Tickets for Hebrew House May Be Purchased for This at the Box Office**

The New England All-College Conference is to open the 1953 season. The New England All-College Conference is to open the 1953 season. The Hebrew House plans to open the 1953 season. The Hebrew House plans to open the 1953 season.

**Are you Engaged?**

Graduates from 321 American colleges and universities have found that the temptation of America’s many遏 desire for professional acting company,which put on performances of music. Dylan Thomas, now on a one-year tour of the United States presenting his book “Under Milk Wood,” will open the 1953 conference, and will be followed by three other sessions. April 30, meetings include 12 panel discussions by leading artists. At Du Pont, instrumentation is becoming more and more important in the chemical industry. In fact, many of today’s processes and products would not be possible without modern measurement and control systems. The trend towards continuous processes means challenging and constantly increasing opportunities for instrumentation men.

Du Pont’s instrument program includes research, development, design, and supervising installation of process and control equipment. Some of the work is done in the central Engineering and Development Department at Wilmington. However, most of the major plants and research laboratories depend on the experts’ own built-in instrument groups.

Instrumentation is becoming more and more important in the chemical industry. In fact, many of today’s processes and products would not be possible without modern measurement and control systems. The trend toward continuous processes means challenging and constantly increasing opportunities for instrumentation men.

The new Du Pont laboratory is applying to widely diverse areas of manufacturing operations. It is able to do many different technical jobs, from installation to mechanical, electrical, chemical, or electronic.

Do you think of instrumentation as applying only to what is done in chemical and electronic? Or would you also include problems in chemical processing, material handling, construction and materials handling, as well as applications of equipment—both mechanical and hydraulic—for measurement and control systems?

At Du Pont, instrumentation is applied to widely diverse areas of manufacturing operations. It is able to do many different technical jobs, from installation to mechanical, electrical, chemical, or electronic.

U. N. Charter Revision Conf. Begins Friday

The first conference on United Na-
tions Charter revision in the United
States, will be held at Harvard Uni-
versity April 17-19, and is open to the
general public. Registration will begin
at Phillips Brooks House, Harvard,
from 4 to 8 p.m., Friday, April 17th.
Conference sessions are sponsored by
the National Student Association, United
World Federalists, and Students for Demo-
cratic Action.

Dean Agar of the U.N. Depart-
ment of Public Information will open
the conference. Other speakers will
include Vernon Nash, author of "It
Must Be Done Again." Gordon Hall
famed researcher of fascist and iso-
lationist activities; William Agar of
the Quaker Team to the U.N.; and H.
Donald Wilson of N. E. United World
Federalists, and Students for Demo-
cratic Action.
