Discussion Of Dormitories Held In Press.Killian's Home

By Edwin Kiley '54

Friday evening at thirty dormitory residents met with members of President Killian's house to discuss dormitory government and regulations. It was the first meeting of this type in sixteen years.

This meeting was prompted by the recent recognition early in the year that dormitory regulations need more "flexibility" similar to the one being held and that there should be discussion with wider groups of students.

Al Geoghegan, Treasurer of Dormitory Committee, stated that the approach to the solution to the present problem among students of dormitory government would be in three steps: 1— a statement from the administration of the present policies of student government, 2— an open and frank discussion of possible new rules and regulations and the effect of these new proposals, and 3— an attempt to implement the new regulations.

In Killian's reply to this he outlined the main features of his policy on the basis of which this evening's meeting would be held.

"I have been startled by the realization of the tremendous power which is being given students in the dormitory. In recent days I have been made aware of situations in which students are making rules for themselves, and the question is whether we have gone too far in this direction.

"I have come to believe that the students are entitled to have a voice in the decision of regulations affecting them, but that such regulations must be made by the administration and carried out under the guidance of the administration.

"We are in the process of revising the regulations and we will attempt to implement them in a way that will not interfere with the rights of the students."

While Mr. Geoghegan pointed out the need for more "flexibility" in the new regulations, he also stated that the regulations must be made with the aim of preserving the social and intellectual life of the students.

APRIL 28 TO MAY 5, 1953

TUESDAY, APRIL 28

TEEJ-JEE-Student Branch. Talk and tour: "The M.T., Telephone Dial System," Professor Carlton E. Tucker. Room 10:30-11:00 a.m.

Christian Science Organization. Subject: "Spiritual Law." Theology, 1-11:00 a.m.

Mark Twain Lecture, Memorial Hall, 5:15 p.m.

WEDNESDAY, APRIL 29

Electrical Engineering Department. Colloquium: "The Field Effect Transistor." No. 1, Room 6-126, 12:45 p.m. Refreshments in Room 6-031 at 1:40 p.m.

Catholic Club. Lecture: "Misconceptions about Psychiatry." Dr. Thomas J. Riddle, St. Elizabeth's Hospital, Brightman. Room 6-139, 5:00 p.m.

THURSDAY, APRIL 30

American Society of Civil Engineers—Student Chapter. Lecture: "The Young Engineer and Professional Societies." Mr. George W. Pur被评为, Vice President, ASCE. Room 1-300, 4:30-5:00 p.m. Refreshments will be served.

Society of American Military Engineers—M.I.T. Student Chapter. Film presentation: "The U.S. in Vietnam." Lecture Hall, Building 20. The room is open 24 hours; a list of times will be posted at the entrance. The building is located between the Nearing Laboratory and the Wyman Laboratory. It is open 24 hours.

School of Architecture and Planning. Lecture: "Architectural, Painting and Sculpture." Professor Alfred Roth, Harvard University. Room 7-427, 4:00-5:00 p.m.

Civil and Sanitary Engineering Department. Meeting of student planning to attend Summer Surveying Camp. Room 1-300, 4:30-5:00 p.m.

TUESDAY, MAY 5

Committee on Machine Methods of Computation. Colloquium. Speaker, Mr. Sam Fine, Room 4-221, 4:00 p.m.

CONFERENCE

"Economic Development and Housing Ahead!" will be the subject of a conference to be sponsored by the Kemli Foundation from April 5th through May 5th.

EXHIBITIONS

Photographic Salon prints by Doris Martha Weber, of Cleveland, Ohio, will be on display in Photo Service Gallery, basement of Building 15, May 1 through May 15.

FINISH Paintings and Sculpture on exhibit in the New Gallery of the Charles Hayden Memorial Library, from May 4 through June 15.

CALENDAR OF EVENTS

The Calendar of Events appears in The Tech on Tuesday with announcements for the following week. Notices, typewritten and signed, must be in the office of the editor, Room 7-284, not later than noon on Thursday, prior to the date of publication. Material for the Calendar of May 6-12 is due April 30.
The freshmen played a much better game than against Harvard, but a definite weakness on attack hampered their game. The Middies played very well, in general, excellent small将持续s, and kept the pressure on their foes throughout the game. Fine defensive work by the Tech midfielders and outfielders held Middlets in check in all but the second quarter, but this was enough to decide the game.

The fresh will play again on Tuesday afternoon, against the Tufts freshmen at Medford.

Crew Regatta
(Continued from page 1)
the harmless meeting Princeton and Harvard and the lights rowing novice Dartmouth. Beaver Key will sponsor a get-together on the banks of the Charles by the finish line. This, being the big home row of the season, loyal rowers will be very much appreciated to help cheer the Tech crew to victory.

appears to be infringed upon, from time to time, because we can not view the entire picture.

"The dormitory system has just undergone an expansive expansion," he said. "For the first time M.I.T. is a new residential college."

It has become necessary to write down the rules and instill the regulations governing the increased number of dormitory residents. These regulations should be thought of as "growth pains." He was suggested that President Killian distribute his statement to the dorm residents.

Dean Boardick said that he would like to throw out a few problems such as laundry, and explosives before taking them to the larger student groups for discussion. He suggested that a handbook explaining dormitory regulations and theory be given to new dorm residents.

A number of questions were directed to the administration. It was explained that room contracts were signed on a year-to-year basis because of monetary considerations of the Institute.

Another question asked by the students present was, why are freshmen required to live on campus? Dr. Killian explained that a number of years ago Dean Baker was impressed with this as a sound policy, and that policy was carried out as one of our dormitory facilities would allow.

When a student asked, "why have open house rules at all?" Dr. Farnsworth answered the question in what he admitted was a frank and blunt manner. "In our society said Dr. Farnsworth, "as our society evolves," that cohabitation unless certain social rites have been performed. No hotels do it, no homes do it, only houses of ill-fame do it. M.I.T. is not a house of ill-fame."

It was also pointed out that without open house rules, the Institute would be off-limits to Radcliffe, Wellesley, and other girls' schools.

"Don't you want to try a cigarette with a record like this?"

1. THE QUALITY CONTRAST between Chesterfield and other leading cigarettes is a revealing story. Recent chemical analyses give an index of good quality for the country's six leading cigarette brands.

The index of good quality table—a ratio of high sugar to low nicotine—shows Chesterfield quality highest

... 15% higher than its nearest competitor and Chesterfield quality 31% higher than the average of the five other leading brands.

2. First to Give You Premium Quality in Regular and King-size ... much milder with an extraordinarily good taste—and for your pocketbook, Chesterfield is today's best cigarette buy.

3. A Report Never Before Made About a Cigarette. For a full year a medical specialist has been giving a group of Chesterfield smokers regular examinations every two months. He reports...to adverse effects to nose, throat and sinuses from smoking Chesterfield.

Topps Night

(Continued from page 1)

"Glow Worms. This arrangement was analogous to how Spike Jones' Orchestra would play Glow Worms."

The large band from the popular motion picture "Attaboy, Joe!" was on the program while Arthur Fiedler conducted "Bayard"s "Cherokee Indian War Dance."

The Tech

Pops Night

(Continued from page 1)

The percussion section made so much tom-tom background that both balcony rails were vibrating.

After the Overture to Opaline in Blodde, Professor Liepmann conducted the M.I.T. musical clubs. Several people claimed that "M.I.T. sung very well" but were disappointed in that they couldn't hear the words. The whole hall rose as Professor Liepmann conducted "Attaboy, Joe!"
