Institute, Wellesley, Schedule Free Concert In Morse Hall

Several musical events will take place on the campus of M.I.T. and Wellesley will give a free concert at Wellesley on Thursday night, May 14, from 7:30 p.m. until 9:30 p.m. The concert will feature a program of music by various composers. It is open to the public and admission is free.

Dutch Film Flood Will Be Shown Tonight In 6-120

Motion pictures of the Oranje River, Venezuela, join one mining developments and a runaway disaster in the Netherlands will be presented tonight in Room 6-120 in a special session of the Institute Conference on Economic Development and Housing Aid. Dr. David M. Higgins, an expert on the Dutch Navy, will introduce the film.

SelleOptions Again For Senior Week

Senior Week Options will be on sale beginning Monday, May 4, at the Institute's Student Service Center. The options include a variety of events, including a formal dance, a picnic, and a concert. The formal dance will be held on Friday, May 8, at 8 p.m., and the picnic will be held on Saturday, May 9, at 1 p.m. The concert will be held on Monday, May 11, at 7:30 p.m.

Rogers Collection Of Books Now In Humanities Library

The Rogers Collection of books in Humanities Library now contains over 1,000 volumes. The collection was donated by Professor Rogers, a renowned scholar in the field of humanities. The collection includes works on history, literature, and philosophy, and is open to all students and faculty.

Former Communists Will Stay On Faculty

Three Institute professors who hold House Un-American Activities Committee membership and former members of the Communist Party will retain their present positions in good standing, according to John P. Cram, Chairman of the Committee of the Corporation.

Rogers, a former Communist, is professor of physics, and is listed in the Red Book. President William E. Caswell, Jr., and Professor Norman Levinson (associate professor of mathematics), also members of the Committee, had said that they would have been members of the Communist Party from the late 1930's through the war years, but that they are not Communists now.

Brake With Party

The decision of the Executive Committee was based on a conviction that the three professors no longer have any affiliation with the Communist Party and have made a complete break with the party. The Committee added that they did not consider the past associations of the professors, and that they would not permit a known Communist to hold a position on the faculty.

T.C.A's Annual Drive For Blood Opens Next Week

"Ultra Blood" will be the order of the day as Technology Christian Association opens its annual spring Blood Drive with the Red Cross. It is hoped that for the period from May 4 to May 6 from 10 a.m. to 4:30 p.m. donations will be received at the rate of 10 pints every 15 minutes.

Tubby Rogers Collection Of Books Now In Humanities Library

The Tubby Rogers Collection of books in Humanities Library now contains over 1,000 volumes. The collection was donated by Professor Rogers, a renowned scholar in the field of humanities. The collection includes works on history, literature, and philosophy, and is open to all students and faculty.

Senior Wins Free Ticket For Dance

Ralph Black '53 won a free ticket for the house band in the May 3 Mochikan dance in the Comm. dancing with the band. He was awarded the free ticket by the bandmaster of the band, who drew the winner from a ballot box at the end of the dance.

Killian's Statement On Three Professors

Dr. James R. Killian, Jr., President of the Institute and Chairman of the Committee of the Corporation, announced yesterday that former members of the Communist Party will retain their present positions in good standing.

The Executive Committee of the M.I.T. Corporation decided today that Professors Martin, Amundar, and Levinson, who testified freely and cooperated with the House Un-American Activities Committee, will be continued in their present positions with charges of status and in good standing.

Opus To Communists

"The Executive Committee has examined the present position and present conduct of those three professors in the light of their long-standing policy of disaffiliation from the Communist Party and their present positions as teachers and members of the Institute faculty.

University of Massachusetts is planning a large outdoor celebration in Amherst on May 12 to honor the Institute's orchestra.

Simmons' "Pop Night" will feature "A Night in Tunisia," a Swiss walking song; and "Player" from that presented at "Tech Night on May 8. The evening run in the top of the ninth.

Field.

T.C.A. announced that it is planning an annual spring Blood Drive with the Red Cross. It is hoped that for the period from May 4 to May 6 from 10 a.m. to 4:30 p.m. donations will be received at the rate of 10 pints every 15 minutes.

The Executive Committee of the M.I.T. Corporation decided today that Professors Martin, Amundar, and Levinson, who testified freely and cooperated with the House Un-American Activities Committee, will be continued in their present positions with charges of status and in good standing.

Opus To Communists

"The Executive Committee has examined the present position and present conduct of those three professors in the light of their long-standing policy of disaffiliation from the Communist Party and their present positions as teachers and members of the Institute faculty.

The Institute is unequivocally opposed to Communist tendencies. It is appealed to reject co- option or control which dictates to the conscience of a person and the doctrine they must teach, and the methods of a person and the ideological beliefs which require them to distort their personal beliefs in order to conform with dictates from without.

The Executive Committee has examined the present position and present conduct of those three professors. We find that since the true nature of Communism is not to be confused with the purpose and, indeed, the indications of their past, and in the light of the teachings of integrity and loyalty.

Because of our confidence in them, as well as the needful manner in which they serve the needs of the Institute members.

The Executive Committee of the Institute of Technology, consisting of members of the faculty concerned with integrity, courage, and conduct.

which would possibly be linked with a

"pro-Communist" group here among

the students would be of greater concern

to the disciplinary action of Tech as a whole

and the student body as a group. The

traditional May Day riots may have been

arousing. One must consider the

potentially serious situation.

Perhaps even closer to home is the

draft situation for most of us. As the

draft boards have slugged lower and

lower into the nineteen year old pool,

the public has become more and

more for a revocation of the student

enlistment policy. Again, here a

demonstration which enunciates of

impartiality and irresponsibility certainly

will not help our cause. The tendency

of certain Boston newspapers to view

Tech news with less than complete

objectivity should give us all concern

as to how we keep our house in

order.

Finally, as students through the

years, those of us who had attended

college official papers press for continuation of the

leniency which we have expected,

and a recognition of student responsi-

bility, we may properly consider the

results of any demonstration. Partici-

Compton Cup Battle Looms Lt. Crews To Meet D'mouth

After a grueling week of tough training, in which a total of more than thirty-five miles of rowing were put in, the Eeaver crew appears to be in fine condition for the dual race with Dartmouth and the Harvard-Pennant Regatta with Princeton and Harvard tomorrow afternoon on the Charles.

The dual meet against Dartmouth is scheduled to go off first with the lightweight crews doing the honors. The first race of the afternoon will feature the light 8's, with the J.V.'s to follow at 3:30, with the J.V. boat to follow at 4:30. The varsity are to meet Princeton and Harvard later in the afternoon in the Varsity.

The freshmen race, Ring meeting-bus bringing in a run. Harvard lost at 4:30 but he is one of the most beloved men to ever teach here. In addition to his work at the Institute, he was editor of "Science healing." The Tubby Rogers Room will become an example of good clean rugby.

After this race the lightweight crews will be idle until May 5th, the date of the Eastern sprint championships to be held at Princeton University.

Next action for the heavyweights is slated against Boston U. and Connecticut on May 9th. It will be recalled that the varsity did not fall too far behind B.U. in last week's opener even with the lack of conditioning, but it should be a different story at the later date when the Beginners will be hitting their stride. Columbia lost its opener to Cornell.

Tech rallied in the sixth, with two hits bringing in a run. However, a missed signal on a squeeze play killed the game. Tech's light weight crews look like pretty safe bet to win handily. The first race of the afternoon will feature the light 8's, with the J.V. boat to follow at 4:30, with the varsity due to be down at 4:40.

Baseball

Tech rallied in the sixth, with two hits bringing in a run. However, a missed signal on a squeeze play killed the rally. In the ninth the Bears were down a man to third base via a hit, stolen base and sacrifice, but two pop-ups ended the game.

This is the second fine pitching stint that Began has turned in, but he hast lost both. In his first start he gave up only three hits, but poor support cost him the game.

Richard E. Gilmore

Emory University

Nothing-nothing-beats-a-taste

and LUCKIES

TASTE BETTER!

Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?

You know yourself, you smoke for enjoyment.

And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother!

Why? Luckies are made to taste better. And, what's more, Luckies are made of fine tobacco.

So, for the thing you want most in a cigarette...for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy—GO LUCKY!

Where's your jingle?

It's easier than you think to make a jingle that you like. There are millions of Christmas jingles, for instance, that are not really all that good. So, if you want to write a jingle, you could start by writing a Christmas song. Then you could try to make a jingle that is similar to the Christmas song, but much better.

The Tech

Canadians Rally Tech Rugby Club Loses 16-6 Game

In a game played at Harvard last Saturday afternoon, the MIT rugby team lost its first-place contest to the Westmount Rugby Club of Montreal by a score of 16-6. In the opener of the double bill Harvard lost to Dartmouth 8-4. Westmount scored first on a field goal early in the game, and then scored the game over once after a try by Chuck Johnson. Near the end of the first half Alex Munch scored another try and put MIT out ahead, and at the end of the half the score was 6-6 in Tech's favor. The Westmount club came back strong in the second half, and exhibited the skill that enabled them to beat all but one team in the recent Bermuda Rugby Week tournament. Westmount's players, all Canadians and Englishmen who have played the game for years, get their experience to good stead as the second three, converted five of them, and wound up on the long end of a 16-6 count. The game was a hard-fought one all the way, and was a fine example of good clean rugby.

In a game played in the rain on Sunday, Harvard defeated a new club, Westmount 8-4. The second game of the scheduled double-bill, between MIT and Dartmouth, was cancelled because of the condition of the field due to the heavy rain.

Masons

Blood is urgently needed for men in the armed services and for fighting kids. All Masons at M.I.T. are encouraged to donate their blood in this humane endeavor. Call T.C.A., Extension 885, for further information.

The thousands upon demands of people who received cards will tell you that there are more heroes than Lufkin. All Lufkin precision tools are the product of years of fine tool-making experience combined with the very latest design features. Experienced engineers know Lufkin tools are the apex among any you buy. Because they are the best in terms of design, usage, materials, workmanship, workmen, and price. The tool you choose is a reflection of you

Spring Reception Held By A.S.A.
The second annual spring reception in honor of the Army Security Agency ROTC seniors was held last Saturday afternoon, in the Campus Room of the Graduate House, This informal tea brought together not only ASA seniors and seniors but also graduates of the class of 1951 and 1952 who are either in active duty or in attendance at the Institute's school.

Two-Fold Purpose
The reception was held for a two-fold purpose; first, to permit the members of the commissioning class of 1953 who plan to enter active duty to become re-acquainted with those members of former Institute classes with whom they will serve, and second, to foster sister ties between the past, present and future ASA Commissioning Classes.

Morefield Awarded Freshman Trophy
John Morefield '64, field star of the freshmen track team, was awarded a two-fold purpose; first, to permit the members of the commissioning class of 1953 who plan to enter active duty to become re-acquainted with those members of former Institute classes with whom they will serve, and second, to foster sister ties between the past, present and future ASA Commissioning Classes.

WILL THIS SOFT YOU?
If you can make the grade, you can fly the latest, hottest, fanciest jobs in the air—and do it within one year.

New Aviation Cadet Training Classes Begin Every Few Weeks!

It takes a good, tough, serious guy to wear the gear of an Aviation Cadet. But if you can measure up, here's your chance to get the finest in aviation training—training that equips you to fly the most modern airplanes in the world and prepares you for responsible executive positions, both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you can make it powerless to prevent the turnover of a third World War. Speaking to 150 students from New England colleges and secondary schools he declared that "it is time to stop running an ambulance service at the bottom of the cliff. We must build a guardrail at the top—a safe structure of world law to make obsolete the annular war-system."

Kelso Speaks Before Kappa Kappa Sigma
On Saturday evening, April 25 Kappa Kappa Sigma, the honorary chemical fraternity held its annual meeting of the members to review the planning of future similar conventions. In charge of the fraternity was held throughout the United States in the next three years. According to Dr. Nash, the several advances that the United Nations has been able to make are far outweighed by its weaknesses, which make it powerless to prevent the terrors of a third World War. Speaking to 150 students from New England colleges and secondary schools he declared that "it is time to stop running an ambulance service at the bottom of the cliff. We must build a guardrail at the top—a safe structure of world law to make obsolete the annular war-system."

How to Wrap Up A Date
Once there was a woman who wanted to turn a social occasion into an experience she could later describe to her friends, so she went to the Big Spring Fair and was the first to say, "Even though I am a student, I do not have a car. The Big Spring Fair is the best place for a romantic evening with my sweetheart."

"Why?" he asked, "Is it because you are a student that you cannot afford to have a car?"

"No," she said, "I am a student because I do not have a car. I am a student because I did not have the money to rent a car."

"I guess you are right," he said, "I am a student just like you, and I do not have a car."
