Discussed At Special Meeting
OfComm Law Friday

by David C. Kissinans '56

At an open meeting held last Friday afternoon in the Faculty Lounge of Weir 35, a student petition concerning communications between Institute Committees, Judicial Committee and the student body. Thomas J. Henderson, Inscomm, was present at the meeting at which Sheldon L. Dick '54, Editor, represented The Tech and, Edward 0. Keen '57, Vice-President of Inscomm, was present to discuss the matter further.

Henderson stated at the outset that he was not a member of the Inscomm staff and had been asked to attend the meeting to obtain the opinions of the student body concerning the matter. He pointed out that it was the purpose of the petition to request Inscomm to consider the matter further and to advise the student body of any decision made.

F.L.C. Petitioned By Student House For Recognition

Bycholowm Perna '54, President of the Interfraternity Conference, discussed the I.F.C.'s desirability and the need for representation for Student House in some form of student government. He expressed the belief that the I.F.C. would be willing to work with Student House to establish a formal relationship.

The group desires representation in the I.F.C. in order to establish a fraternity and avoid the problems associated with being a social group. The petition was presented by a group of students who are interested in establishing a fraternity at Harvard.

If the group does enter the I.F.C., it will have a formal hearing to establish facts publicly by having witnesses appear and testify. Finally, in all cases, a closed meeting would be held to decide the matter, after which the decision will be publicly announced.

Students Offered European Tours By NSA Bureau

Educational Travel, Inc., an organization run by the National Student Association to make summer study trips both in the United States and in foreign countries, is now offering trips to Europe for a limited number of students. The trips are open to students of all nationalities, and the only requirement is that they must be enrolled in an accredited university.

The trips are scheduled for the summer of 1956 and will cover various aspects of European culture, including art, history, and politics. The programs are designed to provide a broad range of experiences for students who are interested in learning more about this fascinating continent.

Beaver Touch Footballers Bow
To Strong Tufts Stars, 12-6
In Exciting Overtime Struggle

A five yard pass from Dick Murphy to Tony Kaczenski set up a touchdown for the Techmen and made the final score 34-27 in favor of the Tufts Gaggus. The game was a hard-fought 1-4 overtime over win for the Beaver, who were led by Captain Bob Bresee. The Tufts players witnessed the thrilling battle of the Faculty Athletic Association as the final whistle made its debut in intercollegiate sports.

Geiger Relected Sec-Treasurer Of N.E. Athletic Board

Professor Ivan J. Geiger, Director of Athletics, has been re-elected to a four-year term as Secretary-Treasurer of the Association of New England Colleges for Conference in Extramural Sports. He is the first to be re-elected to the post and is an experienced leader of extramural athletics.

The Association performs many vital functions to promote extramural sports. It provides a forum for the exchange of ideas and information among educators and administrators of extramural sports programs. The Association also works to improve and develop extramural sports programs at New England colleges and universities.

New Organization Plans Rehearsals Of Chamber Music

Pallies following a meeting held Sunday afternoon, a group of students have organized the Institute Chamber Music Society. Among the students who attended the meeting were Richard T. F. Sturges, a member of the B.B.C. orchestra. Anyone at the Institute who is interested in participating in the chamber music group is invited to meet with the Officers of the group.

The group plans to rehearse regularly on Sunday afternoons and to perform various musical numbers during the academic year. Tufts Lovers of Waller Memorial is at 2:00 p.m. on January 10.

Los Angeles Firm
Grants $2500
For Scholarship

Holmes & Narver, Inc., Engineers and Constructors, of Los Angeles, has established at the Institute a $2,500 annual scholarship, open to young men of the University who have made a clear statement on the policy of the U.S. Government as McCarthy against Communism so that he will be admitting to the nation that he has consciously slandered a so-called "anti-Communist." For this, Clausen said that McCarthy is "untruthfully, unethically, and finally openly against Communism." He told the Senator that Harvard would not tolerate Communism on its campus because they could not be

be a Harvard President. He has been known to have a bent toward McCarthy in Wisconsin and this has led to the Senator favoring the President of Harvard in the American University. This action is attributing to the Senator's favoring of McCarthy in Wisconsin. Last year, the Senator has been favoring McCarthy in Wisconsin.

A short time later McCarthy said that he has been favoring McCarthy in Wisconsin for years. He has been favoring McCarthy in Wisconsin for years.

The Observations of C.C.N.Y. report that the college president, Dr. Paul G. Gallagher, has said he favors the "infection of obscenity" and that the "infection of obscenity" is a process of free inquiry. The college president said he favors the "infection of obscenity" and that the "infection of obscenity" is a process of free inquiry.

A new development in the situation last week was a demand by a Massachusetts Representative that a Harvard Professor of Law resign his position. The professor is alleged to have the professional and consulting services of members of the Communist Party, which he also went on to say that for the same reason, the "infection of obscenity" is a process of free inquiry.

A recently discovered fact that it is important to note is that the "infection of obscenity" is a process of free inquiry. The college president said he favors the "infection of obscenity" and that the "infection of obscenity" is a process of free inquiry.

Squashmen Rout Dartmouth 8-2, Wesleyan Next

The Tech Squashmen started the season off on the right foot as they crushed a strong Dartmouth college team 8-2. This victory avenged last year's loss to the Indians by an identical score. The men showed excellent depth as the first and the best four seeded players matched victories. Only first and sixth seeded John Mulvany '64 and Richard Morlock '63 failed to win, as they both dropped close 3-2 decisions. With co-captains Paul Rotbecki '64 and Howard Naur '64 settling the pace with 3-1 victories, the outcome was never in doubt. Paul Gallon '64 and Brick Lane '64 came through with impressive 9-0 wins, while Hugh Raintree '64, Walt Stahl '64, and Don Szpig '65, only suffered the loss of one game apiece. Bob Winkevich '64 registered the only Tech 3-2 win as he rallied from a two point deficit in the fifth game.

Coach Jack Summers was pleased with the team's performances as they registered the first squad win over Dartmouth in more than a decade. The men then turned their attention to the Saturday afternoon match against Wesleyan. The squad enjoyed a 40-33 advantage. As the Tech moved forward, the outcome was never in doubt. Paul Goldin '54 and Darche (D) defeated Morales 8-6, 15-7; Goldin (MIT) defeated Bufflington 15-9. The Tech then rallied from a two point deficit in the third set to win 3-0 wins, while Hugh Harri- dness, Grillo, and Key Chains by Swank Pearls by Elgin American

Tech Defeat Lowell Tech In Basketball Opener, 75-64

Gifford Weber, '55, contributed 26 points to the team. Tech defeated Lowell Tech in the first game of the season. The Beavers defeated the Indians 82-73. The Tech offense was led by Weber, who scored 26 points. The Tech defense was led by Weber, who held the Indians to 73 points. The Tech bench was led by Weber, who contributed 26 points to the final score. The Tech victory was highlighted by Weber, who scored 26 points. The Tech loss was highlighted by Weber, who scored 26 points. The Tech bench was led by Weber, who contributed 26 points to the final score. The Tech victory was highlighted by Weber, who scored 26 points. The Tech loss was highlighted by Weber, who scored 26 points.
Mermen Downed by Amherst Team
In Initial Contest

The Tech varsity swimmers dropped their first meet of the season 56-28 to a perennially strong Amherst College team at the West End pool in Boston. The meet was closer than the score indicates since the last three events turned the tide handsomely in the Babsons’ favor.

The Tech men could only collect two first places in ten events as Quinn, Chelsea and Hamon ’56 won the 200 yd. free, and the 200 yd. medley relay. Brooks took the 150 yd. backstroke among four Tech defenders.

The Babsons' latest victory was their first of the season against three-touch Tech, and may signal a new era of competition with the Headmen. The Babsons’ eighth win of the season made them the all-star five for the first time in 15 years.

Two plays later, Brooks ran the ball back to the 30 yd. line. The Tech men scored goals, made twenty-five scores. The puck was in front of the Tech goal, but continued harassment the Tech’s defense.

FOOTBALL GAME

(Continued from page 2)

The all-stars achieved the overtime kick-off and brought the ball back to the twenty. Two plays later, Brooks picked off a Babson pass on the Tech thirty yard line. On the first play, Murphy fumbled the ball to Brooks who was across the line from left to right. Brooks took the pass and scored for the Tech defenders and ended the all-stars’ hopes of victory.

The statistics of the Tech-Babson battle are given below.

Curses, Foiled Again!

"Charlie Champ was a swarthy Junior who never had any claims to fame on campus. Then, one day, it became known that he had become manager of the Fencing Team. Immediately he was surrounded by a group of incredulous students.

"He said, ‘You manage the Fencing Team,’ said one of them.

"‘Well, it’s true,’ replied Charlie. ‘Last week I went down town and got a couple of those VANDY Sport Shirts... for only $5.95 apiece. When I put on one of my rugged corduroy jackets, I looked so handsome that I was immediately surrounded by the most beautiful girls!"

"In that fact,’ announced one of his classmates.

"But then, all their boyfriends gathered round and said, ‘Charlie, what would you do if we beat you up?’ So I looked ’em right in the eye and said, ‘I’ll manage a defense!’"

"Gee, what happened?" asked a wide-eyed Freshman.

"Just then Angelo, coach of the Fencing team, walked by. He said, ‘You manage de fence. Am good, de teama need a manager!’"

**LATEST COLLEGE SURVEY SHOWS LUCKIES LEAD AGAIN**

Last year a survey of leading colleges throughout the country showed that smokers in those colleges preferred Luckies to any other cigarette.

This year another far more extensive and comprehensive survey—supervised by college professors and based on more than 31,000 actual student interviews—shows that Luckies have led again over all other brands, regular or long size...and by a wide margin! The No. 1 reason: Luckies taste better.

Smoking enjoyment is all a matter of taste, and the fact of the matter is Luckies taste better—first, because L.S./M.F.T. = Lucky Strike means fine tobacco. And second, Luckies are made better to taste better. So, Be Happy—Go Lucky!
