Students Solicited

By DormCon On

OpenHouseRules

Dormitory Council, through the motion of the House Chair, is asking the freshmen to participate in the annual Open House. This event is open to all 1945 freshmen, will run from 10:00 a.m. to 2:00 p.m. Students from other dormitories will be able to view the facilities and meet the residents. The purpose of this event is to improve facilities and to make the dormitory as pleasant as possible. All freshmen are encouraged to attend.

N.S.A. Sponsors

Carnival In April; W.U.S. To Benefit

For the third year, M.T.C. National Student Association will sponsor another annual carnival to be held at the Institute on April 10. The carnival will be held from 4:00 p.m. to 8:00 p.m. in Rockwell Cage and Parking Lot. This carnival will be open to the general public and will feature games, refreshments, and entertainment.

Literary Contributions

Supplied For The Fourth Annual Literature Supplement

The Institute's fourth annual literature supplement is being prepared by the English Department. It will include articles, stories, and poems written by students and faculty members. The supplement will be published in the spring and will be mailed to all subscribers.

Norbert Weiner Returns

From 7-Week Indian Trip

Professor Norbert Wiener, of the Department of Mathematics, returned on his European trip in early April. He will be in India during the next two weeks as a consultant for the Indian Institute of Technology in Bombay. This will be his second visit to India, where he was a consultant for a similar trip in 1944. The purpose of his current visit is to help the Indian Institute improve its facilities and programs.

Jack Edwards

Supply Warehouse

The supply warehouse is located in the basement of the Main Building. It contains a wide variety of supplies, including paper, ink, and other office supplies. The warehouse is open from 8:00 a.m. to 5:00 p.m. Monday through Friday.

F.C.C. Requests

Volunteers To Aid Frosh New Year

The Federal Communications Commission is seeking assistance from freshmen to help set up the annual Frosh New Year event. Volunteers are needed to assist with setting up decorations, serving refreshments, and assisting with games and activities.

Building of Chapel Causes Relocation

Of Power Condenser

Now conduit for power lines is being built under Andover Street behind the Graduate House. The new conduit will be used for incoming power for West Campus. The new conduit will be placed in the ground and will run from the main power station to the Graduate House.

Phil N. Eisner '55, secretary-treasurer of Student Council, announced that all students are invited to attend the Student Council meeting, which will be held on April 17 at 8:00 p.m. in the basement of the Main Building.

Plans Under Way

For Libraries

In order to improve the library facilities for students, a number of improvements are being planned. These include the addition of new books, the expansion of reading rooms, and the improvement of the cataloging system.

With the aid of the Soviet Union, the library is being renovated. A new children's section has been added, and the cataloging system is being updated. The library is also being expanded to include more study spaces and reading areas.

Cindy Lord, popular vocalist, will perform at the annual Military Ball on April 17. The ball will be held in the Main Ballroom of the Sheraton Plaza Hotel.
STUDENT GOVERNMENT, THE INSTITUTE, AND 45 CENTS

Shotgun weddings are inherently unpleasant affairs, and when the parties involved are the Institute Committee and the Faculty Committee on Discipline the results are doubly unpleasant. The fact that some six hundred students have had to pay 45 cents at the Institute Committee office under threat of a five dollar fine by the Administration's Committee on Discipline is merely a further indication of just who is holding the shotgun in this little affair.

The whole thing began before Field Day 1952 when some $1200 worth of damage was done by a hundred of the main buildings by students whose identities have never been discovered. On December 4, 1962, Mr. Robert M. Kimball, Director of Business Administration, pointed out in a letter to Frederick F. Fasnett, Associate Dean of Students, that can be seen in the Institute Committee office, that the Institute has no provision in its budget to cover damage done by the students. He said, "My purpose in writing this is to find out which approach you would prefer to take in clearing this account." The approach taken by Dean Fasnett was to turn the matter over to Institute Committee, who then decided on the general 45 cent assessment.

All of this was very straightforward and certainly the right thing to do, since it is evident, even without reference to the fine print in the catalogue, that the students are responsible both morally and financially for their actions. Institute Committee obviously undertook the assessment to demonstrate to everyone that student government could effective discipline the students, or putting it in a nice way, that the students are capable, at least financially, of running themselves. At the point, one might properly ask the questions, "Why did the Committee authorize an assessment on twenty-five hundred people when it certainly must have been evident that a large number would not pay? Since the Institute Committee itself has no direct power to force the payment of the fee, was it to do about the delinquents—those that refused to pay? The answer to this last question is clear—absolutely nothing. The net result is all too plain.

Student government has merely fulfilled an obligation to the Institute at the expense of its greater obligation to the student body. It has collected money from those who were willing to pay, and then told the Dean's office to collect from the rest. It started on a job it knew it could never finish. In short, Institute Committee, ostensibly representing the I.T. undergraduate student body, has in this instance been reduced to a collection agency for the administration, and a pretty poor one at that. Furthermore, much damage has been done to the prestige of student government in the eyes of its fellow students. By running to the Committee on Discipline, whose actions "is considered by the Committee on Discipline to be your own act and decision and therefore binding upon you."

The essential point is this: Once having decided to assume financial responsibility for the damages, Institute Committee should have carried their decision, namely the 45 cent assessment, through to some definite conclusion, getting the cooperation of the Institute or other individuals if needed. The impression that one cannot help getting as a result of this fiasco is that student government is merely a front organization for popularizing the administration's policies, and decisions. Let us hope that the new Institute Committee has enough gumption and initiative to take back what should never have been given up.

Electronic ENGINEERING Majors

June 1954 graduates...

If you are seeking that "one" opportunity where your engineering knowledge and skill offer the greatest personal gain...if you are looking for challenging frontiers to conquer, along with a responsible position and rewarding future, join The W. L. Maxson Corporation.

Desirable positions now available for outstanding Electronic Majors who are interested in a career in the field of research and development.

For further details inquire at your school Public Relations Department.

Baseball Squad Drills For Team Against Harvard

After two weeks of pre-season baseball practice, the squad has been cut to twenty-eight, three more than Coach Roy Merrett plans to carry after spending most of the first two weeks hiking against the machine, the squad has been facing actual pitching.

So far, it looks like the team that will start for Tech in the opener against Harvard, April 13, will consist of infielders Paul Valerio '54 first baseman, Dick Morganstrom '54 at second base, Pete Peterson '55, a transfer from Denison, at short, Captain Bob Lait '54 at the hot corner, outfielders Gift and Thompson were lost from last year's squad but adequate replacements have been found.

Last year, the team had a mediocre six won and eight lost record which fails to describe the Tech diamond man adequately. They upset Boston University and just failed to upset highly rated Boston College and Brown in tight extra inning contests.

The minimum requirement for taking a boat out on the river; another for the more advanced sailors, and the third for graduate students.

Weber '53, Ted Eason '54 and Bob White '56, "Gus" Harnett '56 catching and either Dick Slavikov '53 or Al Fannin '53, who together with Marshall Regan '56, Lee Kenna '52, Dick Felhaber '52 and Joe Powell '52 make up what is probably the best second squad in the Greater Boston League, on the Hill.

Harrison Retires
As Head Of AIP; Replaced By Seitz

Dean of Research George R. Harrison
retired on March 13 as chairman of the American Institute of Physics, a position
he has held for seven years.

He was succeeded by Prof. Frederick
Seitz of the University of Chicago.

The American Institute of Physics, an
amalgamation of several physics societies, was founded in 1959, largely
through the efforts of Dr. Karl Cump-
ston, who was its first chairman. It
present membership consists of about
10,000 American physicists.

WHAT COLOR GOES WITH A BLUSH?

A modest little freshman named Casper
Doyle found himself getting quite nervous. It seemed that every time a
girl looked at Casper, he blushed. His yellow little cheeks turned
a violent crimson. Then he would blush more because he
was blushing.

He didn't get very far with the ladies and began brooding.
Fortunately, he was a wealthy modest little freshman, and
he finally bundled his problem off to a psychiatrist.

"I even hate my shirt. You know when I wear a white shirt it's
only going to make my blush look redder," he dolorously
informed the couch.

The head-shrinker's eyes lit up with dollar signs. He said:
"Ahem. I'm sure he's obviously disregarded and will take
a long time to unravel. But meanwhile, try wearing some
Vaughan's shirts. Van Heusen makes them in colors that
will never show your blush and you'll be saved to the
smart new collar styles. See for your practical side, they're fine
smooth broadcloth, color fast and Sanforized.

See for your smite, the fail, please!"

Casper bought Vanheusen in all the colors and smart new collar
styles for $5 each. It worked. So many of the girls look at him now, he
blushes constantly. Everybody thinks he just
looks rugged and virile.
