Beaver Stickmen Boost Two Wins On Southern Trip

The Engineer lacrosse team completed its first overall trip in history with an imposing two wins in three games.

During the course of the match, the Techmen found the two goals in the first period that would allow them to win the game. The second half was fairly even, but the lack of opportunities to score left the game scoreless at the end.

For Fellowship...High Adventure...and a Proud Mission...

wear the wings of the U.S. Air Force!

In days gone by, young men in shining armor ruled the age. Today, a new kind of hero, the Airman, wears the wings of the U.S. Air Force...a gallant band that all veterans, past and present, salute with pride.

The Spirit and the talents of the American people, with a deep faith, with a strong belief, are needed today. They are needed to win the war that is now being waged in the skies.

The American Air Force is founded on the ideals of democracy, freedom, and equal opportunity. It is a force of men and women who are dedicated to the defense of their country. It is a force that has accomplished much in its short history.

In the air, the American Air Force is a force to be reckoned with. It is a force that can strike anywhere, at any time, and can win wars. It is a force that has the ability to bring victory to the United States. It is a force that is proud of its heritage and its accomplishments.

The American Air Force is proud of its heritage and its accomplishments. It is a force that is dedicated to the defense of its country. It is a force that is proud of its heritage and its accomplishments. It is a force that is proud of its heritage and its accomplishments.
**Three Students Attend Conference In New York City**

Three members of student government held last week at Columbia University represented the institution's bicentennial anniversary.

Robert W. Morgan, 23, Eiden H. Riddell, 19, and John H. Jr., 18, comprised the delegation to New York which was arranged by Columbia's student government.

night dance, to be held in Baker Room. Whether or not the weekend will be held, is contingent upon the number of students who will attend. This number must exceed 100 complex, the committee decided to poll dormitory residents in an effort to discover the number who will attend. The tickets will cost 30 cents per couple, and Dormcomm believes that special arrangements can be made to obtain flowers and tossed noisemakers at a discount.

In regard to the recent questionnaires asking students opinions on open house hours, it was announced that all the blanks had not yet been collected, but that this job will be completed in order that the results can be summarized at the committee's meeting on April 9. Following the compilation of the results, the Dormitory Committee, through its chairman, John D. Sisson '53, intends to make a policy statement regarding open house opinion on open house hours. From the early returns, it appears that many students requested the last question on the form implying that they had ever used open house for immoral purposes.

**Dormcomm**

(Continued from page 1)

The committee has refused to pay overtime, Dormcomm feels that this would be unfair to the workers and a supervisor. The committee has decided to poll dormitory residents to determine if they are in favor of building a better life.

**THE SEVEN LECTURES...**

Consul honored

The committee decided to proceed with the April 6 meeting with a dinner at the Smith House in honor of the group's past chairman, Charles J. Mansion '46. At the dinner, Mansion was presented with a gavel. The committee also voted to table a motion to amend the constitution so as to limit the visiting hours for freshmen. Presently, mothers, aunts, etc., are permitted to visit the rooms at any time, and residents have complained that such a situation detracts from their privacy.

**NARGHIDE DEMAND FOR LM DROPS PRICE!**

You Save Up to 4¢ a pack...40¢ a Carton...

Now every smoker can afford LM...America's highest quality and best filter tip cigarette.

In less than 4 months since L&M Filters were put on sale across the country they have gained a nation-wide demand among fore equals by any other cigarette in so short a time. So naturally...down goes the price to you of L&M's—America's highest quality and best filter tip cigarette.

Thousands of dealers in America's leading cities— in signed statements report L&M's their largest selling filter tip cigarette. Why have L&M Filters rolled up sales records like this? For the first time filter tip smokers are getting what they want...much more flavor and aroma...with much less nicotine. After the first few puffs from an L&M, most smokers sum it up this way, "THIS IS IT—JUST WHAT THE DOCTOR ORDERED."

**FROM LM TO YOU...JUST WHAT THE DOCTOR ORDERED.**

1. **THE MIRACLE TIP...** for most effective filtration, reduces and removes the heavy particles, leaving you a light and mild smoke.

2. **PURESTAND BEST Filter made.** Exclusive with L&M. Result of 3 years of scientific research...3 years rejecting other filters. This is it!

3. **MUCH MORE FLAVORS...MUCH LESS NICOTINE.** L&M Filters are the first filter cigarette to taste a cigarette gentle enough for young women or expectant mothers. The premium quality tobacco...and the miracle filter work together...to give you plenty of good taste.
