Directory Council Elects Breidenhoft, Cohen, Wisniewski, and Katz as New Officers

Directory Council elected its officers for this year at the meeting held Monday. Roy Salzman, first on the agenda, however, was the approval of the new representatives to the council from Baker and Burton houses. After this action the president approved the election of Ruth Archer '56 as its president. A formal call was then taken thanking John Selker for the work he devoted to the presidency last year. The first business was for the election of treasurer. Herb Katz '56 was elected.

The second action was for the election of the chairman of the Dormitory Judicial Committee. John H. Breidenhoft '56 was elected secretary of this committee.

The final election was for the position of social chairman. Jeff Breidenhoft '56 was elected social chairman.

Tuesday, January 24

Several additional new positions were appointed. John H. Breidenhoft proposed a bill to the council that a list of members of the council would be available to them during their term of office.

The council, however, was unable to determine the final selection. The bill was passed by a vote of 5 to 1. The last lines of the draft were the appointment by the council of Bob B. Engels as chairman of a new committee representative to Inscomm Judicial Committee.

Baker Names Three To Chairmanships

The first meeting under the chairmanship of Irwin Green '56, the Baker House Committee, was held Tuesday. The meeting was called to order by the chairman. The first business on the agenda was the approval of the adjournment of the last house committee meeting.

In addition, Arthur L. Reiss '56 was named Assistant Chairman, and Martin S. Hall '56 was elected Assistant Chairman.

By way of explanation, the chairman stated that the house meeting will be held every Wednesday night at 10:30 p.m. The meeting is open to all members of the senior house and the officers of the house committee.

On motion, seconded by Rob F. Breidenhoft, the meeting adjourned.

All-Tech Sing

Tickets Sale Mon.

For the annual All-Tech Sing, which will be held on Monday, March 14, in the lobby of building 16, tickets will be sold during the week of March 14. The first ticket will go on sale at 8:00 p.m.

Fourteen living groups are represented in the sing of one of which will carry away the All-Tech Sing Trophy awarded to the group with the highest number of points. Fourteen other groups are also represented.

I'm going to try everything I can to make the All-Tech Sing the most enjoyable affair it has ever been, and I think we have the best of everything from a number of different viewpoints.

The last ten seniors in the All-Tech Sing will be determined by the number of points each group has scored and how many days they have in the sing. The All-Tech Sing will be held in Kresge Auditorium on Saturday, March 19, at 8:00 p.m.

President Proctor said that one vacancy in that group. The other aspect of student-faculty relations discussed during the meeting was the relationship of the recently suggested student-faculty organization to the present Student-Faculty Committee. The meeting was adjourned at 9:00 p.m.

A committee of 11 was appointed to study the proposed student-faculty relations committee and to make recommendations.

The committee, consisting of 11 members, was appointed by the Student-Faculty Committee, and four other students will be invited to attend the meetings.

The committee will meet at Kresge Auditorium on March 20, at 8:00 p.m.

The committee's purpose is "... (to meet) the need of the student body to have a larger voice in the administration of the University, and to provide a forum for the discussion of faculty-student relations." The committee will meet every Wednesday night at 8:00 p.m.

fraternity findings

by Larry Broedeker '56

One of the biggest complaints continually heard on the other side of the Charles is that fraternity representation in The Tech is extremely inadequate. Because The Tech realizes this and is constantly trying to improve, a regular column will be published.

The coming bid parties and IFC week-end should provide a wealth of information, the column will also include items about other aspects of fraternity life and their viewpoint on Institute affairs.

Writing the column will be almost impossible however without the help of the fraternities. Any information about parties, projects, or any other interesting activity will be helpful and greatly appreciated. Just get in touch with Larry Broedeker at Phi Mu Delta by calling CI 7-6148.

AICHe will hold Meeting Tuesday To Discuss Jobs

The MIT Student Chapter of American Institute of Chemical Engineers will have its first speaker Tuesday at 7:30 p.m. at Emerson, Jr. of Emerson and Cur-ning, Inc., Mr. Emerson hopes to be "Employment Decisions—Large Company or Small?"

Society President, Mr. Dear Dr. Walter Lounge is the basement of Building 12. All interested are invited to attend.

He figures for the future

It's James Kitchell's job to look ahead. As a Plant Engineer with Illinois Bell Telephone Company, he helps estimate telephone equipment needs in advance.

For example, when a new real estate development is in the planning stage, Jim figures how much telephone equipment it will need when the buildings are finished.

His estimate is based on his knowledge of the equipment's potential plus foot-casts provided him of the area's rate of development. He then makes a complete report that becomes the basis for the future.

Jim can take a look at his own future, too. In telephone engineering he can see a great many opportunities opening up in the next five years... he's already looking for new wants and start working toward it.

Baker Pucksters Champs; Cop First Geiger Award

by Jerry Marwell '57

The first intramural hockey champion in Tech history was chosen Tuesday night when Baker House toppled Phi Gam 5-1 and clinched the Ivan J. Geiger memorial award. With few contests remaining this new intramural venture has proven itself both safe and enjoyable, and is a welcome addition to the scene.

The Baker House sextet relied mainly on seven players in its successful title quest. In the nets was Steve Edelglass '56. Ted Harshman '55, Norm Jeffrey '56, Mill Lilly '57, and Bob Tanner '56 comprised the dependable line. Eddie Atkinson '57 and Jack Shlegel '56 played spectacular defense.

The rock-ridden defense, in particular, stood out in the finals. The dorm team toppled Theta Chi 5-0 and allowed only one shot to disturb the nets in the Phi Gam game. Against the Phi's Siegal and Harshman did the scoring for the Phi's Siegal and Harshman did the scoring for the Phi Gam game. Against the Phi's Siegal and Harshman did the scoring for the Phi Gam game. Against the Phi Gam game.

In the play-off for second place Theta Chi outlasted Phi Gam to take a nine period overtime match 5-1. The Phi Gam claims for the season were defensemen Jeffery '56, Milt Lilie '57, and Bob Turner '56 comprised the dependable line. Jeffrey '56, Milt Lilie '57, and Bob Turner '56 comprised the dependable line.

Jeffrey '56, Milt Lilie '57, and Bob Turner '56 comprised the dependable line.

Hockey rinks as a semi-major sport towards the coveted All-Sports trophy. This coupled with the fact that, through the new skating rink, more competitive intramural hockey and more Techmen are finding skating a tremendously enjoyable sport, should give an added impetus to the already successful intramural hockey program.

FRIDAY, MARCH 18

after hours
by Lee Holleyer '68

DANCES
Saturday, March 12
3:00 p.m. - The International Students Association will hold its regular bi-weekly record dance at 33 Stowell St., Cambridge. All students are invited to participate and to enjoy a country and western evening.

Friday, March 18
5:00 p.m. - The New Club is throwing a Steag Dance down at the Club Room in Walker Memorial from 8:30 to 12:30. Admission is $1 for the men and the women get in free. Added attractions include a 50 cent bar and a Joys Orchestra.
Shooters Second

Unofficial results from the northern group matches of the New England Collegiate Rifle League which were held last Saturday at Boston U. place Harvard first and other MIT or Norwich second. If the Engineers get the nod they will be eligible for the finals which will be held tomorrow.

EC Housecomm Elects Chairmen At Tuess. Meeting

Elections for officers of the East Campus House Committee were held at the weekly meeting of this organization on Tuesday evening, March 8, in the Craft's Library Lounge.

Following the elections, Ralph W. Root '55, Chairman of the Activities Committee, reported that the present bathroom room in Building 18 will be closed effective this evening in preparation for the demolition of the building. Three new washers and dryers will be installed some time next week in the basement of Monon. The cost is expected to be fifty cents for the use of the dryer.

During the elections proceedings, Robert Rosenbaum '57 was unopposed for secretary, Ralph W. Root '55 for treasurer as was John Coleman '57 for the use of the dryer. The cost is expected to be fifty cents for the use of the dryer.

It is a custom in many prep schools to invite the visiting teams to meet together with the home squad over coffee and doughnuts. This year, the Memorial get-togethers help to promote the good feeling which should be part of amateur sports and visiting teams have left with a lot of respect for the home school.

We are surprised that colleges have not adopted this custom.

At Hahn '55 has suggested that MIT take the lead and begin doing more for visiting teams. In addition to the informal sessions, he suggested that we make tours of the Institute a part of the reception we give to visiting squads. MIT is a fascinating place and we might do well to show it to visitors.

Hahn's idea was well received at a recent AA meeting. It has been suggested that they precede position of AA Social Chairman be revived. Beaver Key and Q-Club might be able to provide guides.

We feel that this is an area for problem for individuals. The AA could do well to organize the Beaver Key and Q-Club would be likely groups to supply manpower; but this problem grows deeper than the mechanics. MIT has a reputation for turning out fine engineers and scientists and not politicians.

We need men at manners and dress and justly so; but we should preserve the hospitality and considerations which here the basis of human relations. Student interest in the reception given to visitors, athletic and otherwise, could be increased.

We may scoff at manners and dress and justly so; but we should preserve the hospitality and considerate which here the basis of human relations. Student interest in the reception given to visitors, athletic and otherwise, could be increased.
