Innsbrook Student Union Report; Discusses Discrimination Conference

Dr. C.A. Thomas Of Monsanto Will Give A.D. Little Lecture "Creativity Will Give Science"

At Charles Allen Thomas, President of the Monsanto Chemical Company, will deliver the 195 Arthur D. Little Memorial Lecture at the Massachusetts Institute of Technology on Tuesday, April 12.

There will be a dinner at the Massachusetts Institute of Technology on Monday, April 11, at 5:10 p.m. Photographs of the Class of 1956 "will be taken at the dinner, and a banquet will follow. The photographs will be available to any member of the Class of 1956 for a charge of $1.00. Students are asked to supply their own identification for the banquet."

The dinner will be held in the Baker House dining room, and the banquet will be held in the Kresge Auditorium. The banquet will begin at 6:30 p.m.

The Arthur D. Little Memorial Lecture was established by the Institute in 1934 in memory of the founder of Arthur D. Little, Inc., a consulting firm. The lecture is given annually by a distinguished scientist or engineer, and has been a highlight of the academic year at MIT.

Dr. Thomas is a pioneer in the development of plastics, and has been a consultant to many companies in the plastics industry. He is a member of the National Academy of Sciences and the American Chemical Society, and has received many awards for his contributions to the field of plastics.

The lecture will be open to the public, and the dinner will be open to students and faculty of MIT.

Dr. A.A. Thomas Of Monsanto will give a D.L. Little Lecture "Creativity Will Give Science".

Innsbrook Student Union Report: Discusses Discrimination Conference

Student Union Committee Report Estimate On Projected Construction, Maintenance

The progress report of the Student Union Committee concerning the major topic of discussion at the first Innsbrook meeting following vacation. The committee estimated that the cost of a student union would be $400,000. It is general practice to quote

ICA Conference Planned Monday

Dr. David Potter and Professor Eliot Morris will be the featured speakers at the ICA Conference, "The Search for an American Future," to be held in the Lithum Lounge. The conference will feature topics on education that are supported by students and faculty members, and is open to all members of the Institute.

In order to discover what ethical and moral values are of greatest concern, a questionnaire is being distributed among students. Students are asked to estimate the areas in which they feel ethics are most important. The questionnaire is also intended to identify student interest in the conference.

Dr. Potto, a professor at Yale University, will present the opening remarks and conference "Ethics in Human Relations." Author of several books on American history, Dr. Potter has been on the Yale faculty since 1942. Professor Morris, who will address the conference on "Ethics in Government and Business," is with the School of Industrial Management at the Institute. He is a head of a research project on the technical and social changes in the United States over the last half century.

The committee next discussed the time to hold its dedication dedication to freshmen entering college on May 18. The dance will be semi-formal with tickets priced at $3.75, unless tickets are purchased in advance.

A notice was proposed at the meeting concerning attendance and procedures. Since there were no objections, the motion was written and was there was some disagreement on the motion should be permitted. No action was taken.

The Innsbrook conference will be a discussion meeting on the discrimination that affects the student body at the Institute.

Lillian Helmman Featured Here

Monday evening, April 11, will mark the appearance of the American playboy, Lillian Helmman, as the keynote speaker in the MIT Dramsoc's spring conference on "Theatre and Democracy.

Miss Helmman, a native of New York, was educated at N.Y.U., Columbia, and Tefos College. After her graduation she worked first as a theatrical play and then as a book reviewer for the New York Daily News. She has written and produced the plays and radio programs "The Experiment In International Living." Miss Helmman is also the author of many movie scripts including the biographical stories of Hitler, the Royal Family, The Blazing Wind, The Seaweed Wind, and The First Love. She has written and directed many movie scripts including "The Graduate," "The Graduate," and "The Graduate." The show will be in the Kresge Auditorium on Thursday, April 14, at 5:00 p.m.

The Student Union Committee report estimated on projected construction, maintenance.

IPC Panel On China Will Be Held April 11

On Monday, April 11, at 5:30 p.m. four students from Boston, China, Great Britain, and India will join together to hold a panel discussion on "Alliances Towards China." At this session, it is expected that students will give their opinions on the new Chinese. Together with Professor Thomas R. Mehoney they will give a chance to hear what foreign officials think about China and the problems it has raised.

Coffee and doughnuts will be served in the junior lounge after the third floor lecture of Barden (148) before 5:00 p.m. After the discussion will begin. When the formal part of the program is over, there will be an opportunity for questions and comments. The panel will be held in the Student Union Center.

The Beaver varsity baseball team headed north for its annual spring trip last week, playing five games in six days, and returning with a disappointing record of 3-2. According to Coach Bay Millerr the prospects for the season are brighter than the recent record due to the money obtainable through the sale of tickets.

To the Editor of The Tech: Your letter

Discrimination Conference issues is ever-

New York, as the idea of The Tech's

history. On the whole, it is a very

through journalistic job. There is no

question in my mind that the past

couple of years have seen the paper

rise from an admittedly low position as

college newspapers go, to the point

where we now have staff members who are

able to use a camera intelligently to

highlight the paper. Let's see more of

The Tech

Why do more college men and women smoke VICEROYS than any other filter cigarette?

Because only VICEROYS gives you a pure, non-mineral, non-toxic filter with 20,000 filter traps in every filter tip!

Yes, only VICEROY has this filter composed of 20,000 tiny filter tips. You cannot obtain the same filtering action in any other cigarette.

1. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.

2. The VICEROY filter wasn't just whipped up and rushed to market to meet the new and growing demand for filtered cigarettes. VICEROY pioneered. Started research more than 10 years ago to create the pure and soft filter tip.

3. Smokers en masse report that filtered VICEROYS have a finer flavor even than cigarettes without filters. Rich, satisfying... yet pleasantly mild.

4. VICEROY draws so easily that you wouldn't know, without looking, that it even had a filter tip... and VICEROYS cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette... that's why VICEROY is the largest-selling filter cigarette in the world!
**AICHe Meeting**

On Tuesday afternoon, April 12, at 3 p.m., the MIT Chapter of the American Institute of Chemical Engineers will hold a meeting in the Walker Lounge in the basement of Birgitt Tower.

Speaker for the meeting will be Dr. Howard Reynolds of the Research and Development Division of Dewey and Almy. Dr. Reynolds will speak on the development of Cryogenics, a transparent plastic used in packaging foods.

**Experience, Hustle Factors In Lacrosse Opener**

Co-Captains Pete Tobby '56 and Dave Brown '56, the high scoring line of Walt Pfy '62, Lacye Dyke '56 and Jerry Garenfants '56, and twelve other returning players will spearhead this year's Engineers' varsity lacrosse team which opened its season tomorrow at Briggs Field.

With one of the largest turnouts ever and a winning squad, the team will attempt to better last season's four wins and six losses. Game score was 4-1.

**For real enjoyment—real beer!**

With Schaefer, you get the one difference in beers today that really matters: Flavor. Schaefer has an exciting, satisfying flavor that's all its own. And remember, flavor has no calories.
Morefield, Burrowes Make Record Efforts

Two MIT field men, competing at the Connecticut relays, turned in record performances. John Morefield '56 broke the UConn field house record with a throw of 58 feet 9 inches in the thirty-five pound weight event. Morefield, despite his outstanding performance, was forced to settle for the thirty-five pound weight event. His feat is made even more remark-

able by the fact that this is his first year of competition in this event.

Bobby Jones registered woods and irons, and Jim Thomson registered woods are SYNCHRO-DYN. These clubs... the only clubs made that offer you power, control... and an identical contact feel. Because every one of these club swing is and feels... your golf becomes more uniform, your scores... similarly better. With golfer reporting handspun clay as much as 1/3... these are the clubs to play.

Make your next round a better one... with Spalding.
