The problem of laundry for East Campus residents dominated the first part of the House Committee meeting Tuesday afternoon. Student owned laundry and housekeeping machines were installed. The committee agreed that the vote indicated that an investment of such action might be well worth the effort. The setup would be much less work that now present in House, as a result of the installation of such a system. This is evidenced by the very fine response made on the machines; for almost 100 per cent of the 1,000 dollars loan has been paid since last November. If such a plan were offered it would be necessary to have a means to keep the records of the project, a three hour per week task, and also someone to keep up maintenance on the machines.

East Campus will be pleased to hear that Talbot Lounge and Court Lecture Hall will be used in the fall for temporary occupancy for peacetime education. Such a project will enable the students to use the reading rooms and form a library. Also, in the floor is the idea of a fourthfloor lounge and a library. Such a lounge would be given by professionals to students to meet and discuss over current events. The opposite side, of course, would not be left out and this block as a whole, necessary to successful banding, would be supplied by the student groups.

In keeping with the title of the movie there are many scenes in which the directors once got their inspiration to the out dependence to a given tax. It is always present, and many persons believe that the untold amount of the picture is given by the art pictures for the government. It is a new chairman Mike Brenner '57, the IFC held its initial meeting the Smith House last night. After dinner the members voted to adopt the very serious matters of the budget. Of the agenda was the most important part was to discuss the budget. It was announced that a motion was to be made to pass a two-thirds majority vote of the members. Baker House has combined its Long Range Planning Committee and with this new setup it will be completely responsible for the more vital regulations of the group. New IFC holds its first meeting for the spring semester. One of the most important problems that hard to come at the organization meeting was to discuss the organization of the new group to the board. Committees And Confusion

Student government cannot function satisfactorily without the interest and respect of the undergraduate body. In its present form, it cannot command that respect or attract that interest.

An externally disconnected group of committees, theoretically connected by a labyrinthine organization chart, student government at the Institute is to the vast majority almost incomprehensible. Its recent elections for subcommittee chairmen were dependent on luck or favoritism. Most students probably had no idea that elections were even held. With a little effort and imagination, the problem could be solved by a committee of all the groups, with an appointed chairmanship rotated among the various activities.

Apparently the difference between liberal and technical education is bigger than we had thought.

The music box

So that you can plan your musical calendar ahead, The Tech is presenting a discussion of the outstanding concerts that will be held in Symphony Hall during the next month.

This evening, Mr. Gieseking will present a recital which should prove of interest to everyone. Messrs. Anderson, one of the leading and best known pianists of the present day, will also be present. The Metropolitan Opera Company in New York. She has received international acclaim and anyone hearing her will be immediately impressed by her technique. This evening at Symphony should be a memorable one to all those that attend. The open rehearsals for the Boston Symphony Orchestra, which are held on Thursday nights, provide an inexpensive way to hear this great orchestra.

In addition you get the experience of watching a famous conductor rehearse. You see that the scores are not all unreadable. If you plan to attend summer school you can spend those hot, humid, restless evenings listening to the rehearsals instead of on the beach. The walls are of excolalal. If you can't make the rehearsal, you can listen to the performance. The music box is a non-political, non-profit, non-sectarian, independent, government-approved relief agency, helping children, wherever the need, in Canada, Belgium, Italy, Holland, Greece, Western Germany and Korea is unavoidable. The bush leaguer

by John J. McNulty '59

The Grad House powderpuff took this season's intramural Hockey Championshhip with their victory over Theta Chi 4-1.

In the last game of the finals, Sigma Chi dumped Burton House 3-1. Bill MacArthur '56 scored all three goals for the victor. In a killer-duel, Theta Chi edged out Sigma Chi's league in 14:56 of sudden death overtime. Theta Chi's Lee Ginner '57 scored the decisive goal.

The last two finalists, Grad House and Theta Chi, met on March 15 in what was a hard fought match. The first period went scoreless. But Mac Lellon got the puck for the Grads in the second period. Theta Chi retaliated in the same period with another goal scored by Bill Bayer '58. The score stayed tied, 1-1, during the third and fourth periods. After twenty-seven minutes of overtime, Roland Realless scored, giving the Grads a 2-1 victory. Because the Rushauil weather pushed the finals into the very last days that the rink was open, the scheduled Intramural All-Star-Freshman Hockey game was unfortunately called off.

As the finals in intramural volleyball drew near, five of the eight league champions were tied. Four more league games are scheduled before the vacation.

Phi Delta Theta and Phi Gamma Delta A are on top of League 1, both having 2-2 records. In the second league, Graduate House's A squad, Phi Kappa Sigma, and Sigma Alpha Epsilon are tied for first place. The Grads have a good chance of taking the league title since they have two more games to play, having won both contests that they participated in. Beta Theta Pi A and TEP Club are sharper two teams in league 3. The fourth league honors are shared by Alpha Tau Omega and Sigma Chi A. Both have 2-0 records. Beta Kappa Upsilon has secured top spot in League 4 while the sixth is tied up. Burton House Student Staff and Phi Mu Delta both have taken three contests and have one more to play. League 7 honors were taken by the Graduate School of Architecture who have dominated league action thus far. Sigma Phi Epsilon were the victors in the eighth league with a 4-0 record; Graduate House's B team took second, with 3 wins, one loss. The Grad's one loss was to Big Up in a 15-15, 15-9 match.

Regular volleyball play should be terminated by the Tuesday after vacation. Play-offs will be held to decide top teams in each league. The second week after vacation, the volleyball finals will be conducted.
