Radium Poisoning Victims Sought

Evans Conducts Radiation Studies

Recently a small advertisement appeared in the front page of The Tech, the student newspaper of The Massachusetts Institute of Technology. The advertisement was for a study conducted by Dr. Harold C. Weber, a professor of chemical engineering, to determine the long-term effects of radiation on people who were exposed to radium. The advertisement mentioned the possibility of extra passes in favor of the Radiation Center for many years under the illusion that four cars can be parked on Cambridge streets, which do not have to be parked at the Institute. The advertisement was published as a result of a detailed analysis of the parking situation at the Institute, which is being presented with Giraudoux's "The Apollo of Bellac".

NEWS LETTER FOR STUDENTS

Cambridge, Massachusetts, Friday, October 10, 1958

5 CENTS

FUTURE HOLDS NEW SPACES, STRUCTURES

At the present time, the Security Force is, in effect, the one police force under the Planning Board, and the Institute is being presented with Giraudoux's "The Apollo of Bellac".

With the Cambridge Police becoming increasingly antagonsitic towards the MIT student parking on city streets, the Security Force, in conjunction with the JFC, have faced a difficult choice. As a result of their decisions, the Institute has decided to allocate space to the new fraternity cards.

The future looks bright for the Cambridge Police, who have been presented with Giraudoux's "The Apollo of Bellac".

Come Fly With Me...
after hours

The age of chivalry is gone and that of the calculator has succeeded. But however that may be, the season of the acquisition of the social and cultural side has arrived, and students are making the most of an opportunity to love and leave is the Fall Mixer sponsored by the student names of the Children's Hospital, Garden House, 283 Longwood Avenue, Bos-
ton. The price is fifty cents and the date Friday, October 10. (But keep in mind that nurses always get their man.)

The Outing Club is running a trip to Chocorra this weekend. For he whose banner bears that strange device "Escolta" — Climb a mountain.

The Mathematical Man

The Boston report of a study on the least freshmen class hopes to shed light on the nature of the MIT student body. The following is the first in a series of profiles of "typical"

John Robert Collins, a fourth year student from Three Rivers has been described as the "Methodical Man" on the top of his class. With a single exception, his marks have been A's.

His roommates in Burton House find him a likeable fellow. His daily routine begins when he wakes up at four a.m. and goes right to his desk then, and spends the hour and a half before dinner at the books. Returning about a half an hour late, he will relax for twenty minutes or so, experi-

Robert Collins

Robert Collins, a fourth year student from Three Rivers, is one of the top students in his class. He has a packed daily schedule, including (or excluding) classes, of course. Now most of his test work is going on around this Institute. Not necessarily in

My gun goes boom

I threw my hat on the office bed. My mouth felt like it was full of sand. It was. I had just come from a beach rumble. I burst into my secretary, Désirée. She

TROY WINTER, Editor-in-Chief

John did some swimming in high school, he was the top backstroker there; but has not participated in sports in college. Summers, he plays an occasionally game of tennis, but has little faith in his game and expects to give it up.

John's father, a high school math instructor in Three Rivers, will tell you that although he encouraged John to study and tried to get an exception for his only child, he didn't push his son toward any field of study. John, rather, got interested himself. A devoted reader of mathematics read-

Intramural Football
In Second Round;
Top Squads Idle

The second week of Intramural Football competition finds all four top A League teams idle. In Sunday's League I action, Phi Delta Theta will tangle with Tau Epsilon Phi. The other League I game will pit overnight warriors Sigma Nu against variant Sigma Alpha Mu.

Thrusa Chi hands the list of League II teams as they swing back into action against Phi Lambda Phi. Rounding off the league's schedule are well-known Alpha Epsilon Pi and Mu Delta.

In other games, Delta Epsilon takes on the Graduate House while Alpha Tau Omega tackles the Non-Resident Students. Completing the afternoon's varsity activity are Sigma Xi against Sigma Epsilon Phi and Phi Kappa Epsilon against Baker House.

Beaver Harriers Cop First Meet
White Paces Win Over Brandeis

MIT's varsity cross country opened its season successfully last Tuesday, downing Brandeis 39-84. The meet was run in Waltham over Brandeis' home course. The Beaver harriers swept four of the first five places and seven of the first eleven to clinch their victory.

Brian White '60 led the Techmen with a second-place finish over the 4.1 mile course in 22:16. Close behind were Herb Wagner '61, Bob Madden '60, and Dan Oliver '60 in 27.08, 27.10, and 27.16, respectively. Bob Kudlau '61, Ed McCartney '60, and Herb Garrow '61, in ninth through eleventh positions, completed the scoring for the Engineers.

The course consisted mainly of two loops on the side of a steep hill, proceeded and succeeded by two laps around a football field. Since it had only been marked out the day before, it was the first time either squad had run the course.

The win gives MIT a season state of 1-0, as Brandeis now stands at 0-2, having previously lost to Boston College.

The order of finish of the Beavers was encouraging in that the team can mainly group together—the Techman swept 2nd through 5th and 8th through 14 places. However, there was a 1:33 margin between the fourth and fifth man, and the squad is still looking for a strong runner to close the gap.

How to take the chill out of a fall night by Arrow...

This man has discovered the secret of being perfectly dressed even at a sport rally: he smokes on the Arrow label. He is wearing a strikingly handsome Arrow sweater vest of a wonderfully soft and warm 100% lambswool. $7.95. No perfectly fitting University Foulard shirt also bears the proud Arrow label. $5.00 up.
