ADVENTURES IN SOCIAL SCIENCE: NO. 1

"The proper study of mankind is man," said Geoffrey Chaucer in his immortal "Canterbury Tales." And so it was, and so it is again. As we have said before, new ideas and theories about man have been cropping up like mushrooms in the last few years. The study of man, as a subject, is not a new one. But the study of man in a scientific way is a relatively new development. This column will attempt to give you a glimpse of some of the latest ideas and theories about man.

The study of man is not a new subject. It has been studied by philosophers, priests, and scientists for centuries. The Greeks, for example, studied man in the light of religion. The Romans studied man in the light of politics. The Middle Ages studied man in the light of theology. But it was not until the Renaissance that man began to be studied in a scientific way. The study of man has been a subject of interest to many scientists, but it has not been a subject of interest to many philosophers.

I see your husband's after her Camels again!

More red-blooded skiers chase after Camels than any other cigarette today. The Camel blend of costly tobaccos has never been equalled for rich flavor and smoky mildness. The best tobacco makes the best smoke.

A real man wants, more red-bloodedness. The best tobacco makes the best smoke.

Combs roll skin down, comb whiskers up to get your shaving area as any other ladies' shaving area. Exclusive Guard Combs make it so easy. They also fail on many free throw attempts.

Three chic colors: Ivory, Pink, or Blue. AC only.

Cagers Bow to Harvard 72-56

After opening the season with two wins in three games, the Beaver cagers dropped a 72-56 decision to Harvard Saturday night on the Crimson court. A full court press for most of the game proved too much for the Engineers.

Captain Robert Polutchko '59 led the Tech scorers with 13 points. 11 of them in the first half. Phil Robinson '61 accounted for 12 points and Hugh Morrow '60 tallied 11 for MIT. Dennis McGinty '59, T. James Hallee '60 and Brian White '61 also scored for the Engineers.

Goalie Altman Stars But Pucksters Lose

Despite a fantastic performance in the net by goalie Sid Altman '60, the Engineers' varsity hockey team dropped two games last weekend, losing Friday to Cornell 7-1 at Ithaca, N.Y. and again Saturday afternoon 9-1 to Hamilton at Clinton, N.Y.

Altman made 41 saves in the Hamilton game to give him a weekend total of 100. In the Army game last weekend he accounted for about 40 saves.

George Kirk '60 scored the lone Beaver goal unassisted against Cornell. George Pedderingham '60 assisted on Dave McGreenery's first goal for MIT against Hamilton.

Lifters use Math, Win

Starting off the season in a successful manner, the MIT weightlifters convincingly beat Eastern Nazarene College 77-18, in a meet Saturday in the armory.

Because of the absence of men in many body weight classes, the lifting was evaluated by dividing an individual's total poundage by the 2/3 power of his body weight and assigning points to the ten top lifters in the meet.

The Man Who Thinks for Himself Knows —

**Do You Think for Yourself?**

1. If the salaries were equal, would you rather be a college professor than a movie star?  
2. Would you rather borrow money from a bank or institution than from a friend?  
3. Would you rather have tests sprung on you than be warned about them in advance?  
4. Do you think it's foolish to daydream?  
5. Do you believe it unwise to eat at irregular hours, even though you're hungry?  
6. If you actually saw a "flying saucer" land, would you run for your life?  
7. Would you be inclined to follow the latest style in clothes regardless of how it looked to you?  
8. Would you feel badly if you thought nobody at all knew where you were?  
9. Are you confused by the clamor of conflicting claims so many filter cigarettes are making these days?  

The fact is, thinking men and women don't let themselves get pushed and pulled by all those filter claims. They know what they want in a filter cigarette. And they know only VICEROY gives it to them. A thinking man's filter, a smoking man's taste. Makes sense.

**ONLY VICEROY HAS A THINKING MAN'S FILTER...A SMOKING MAN'S TASTE!**

Grapplers Beaten
By Wesleyan Squad;
Frost Drowned 17-15

Dropping their first match of the season, the varsity wrestlers ended on the short end of a 21-8 score in a meet with Wesleyan in the cage Friday night.

Tech’s points were scored on two wins, the first in the 123-pound class by Starr Park ’60 followed by Andrew Bulfer ’61 in the 130-class. John Sulivan ’61 added the last two points to the board by grappling to a draw in the 157-pound class.

Frost Drowned

The frost met with a similar fate as they lost 17-15 to the same school. Tech’s points came on one forfeit and two two-minute plus winnings by Pete Neil and Gordon Knight.

Undefeated Aquamen Smash RPI

Establishes New Record

By capturing six of the ten events and placing at least second in the other four, the varsity swimmers earned a 193-8 victory over R.P.I. Saturday afternoon at the Alumni Pool.

Tom Ing ’61 turned in the meet’s outstanding performance as he established a new MIT varsity record in the 100-yard butterfly with a time of 1:08.9. The old record, 1:09.8, was set by Ed Getchell ’59 last year.

In the diving event, Dave Subban ’62 showed excellent form in picking up an Engineer first with his best score of the year, 54.07 points.

Winners of other individual events for the Booster morons were Neil Divine ’59 in the 200-yard breaststroke and Burnell West ’60 in the 200-yard individual medley.

The Undefeated Aquamen smashed the RPI swimming team in many years, the varsity’s record now stands at 3-0. Evidence of the prowess of this year’s team can be seen by comparing the 55-33 win over R.P.I. with last year’s 58-28 loss.

Coach Charlie Batterman’s swimmers will be seeking their fourth victory against favored Harvard Thursday at Harvard.

Shooters Outshot

In their last match before the holidays, the Beaver pistol team lost to the Coast Guard Academy 1178 to 1158 Saturday afternoon in the MIT armory. High scorer for the Engineers was Bill Elbridge ’60 with 266.

The pistol team is planning a southern trip during midterms with matches against the U. S. Military Academy, U. S. Naval Academy, Villanova and the U. S. Merchant Marine Academy.

Squashmen Lose

The squash nine bowed to a strong Army team 3-0 in a tough match last Friday evening. Paul Sand ’61, number one, and Jim Pennypacker ’60, number seven, both showed superior skill in their first game, but the Cadets’ better conditioning paid off in the next three.

John Beckett ’60, number eight, went five games winning two and three, but was unable to take either of the next two games. Lastly Ed Shetbony ’61, number six, was the only other Tech man to go beyond three games. Raul Karman ’61 lost 3-0 in overtime games.

THEY SAID IT COULDN’T BE DONE - BUT TODAY’S L&M GIVES YOU-

Puff by puff

Less tars & More taste

DON’T SETTLE FOR ONE WITHOUT THE OTHER!
Change to L&M and get ‘em both. Such an improved filter and more taste! Better taste than in any other cigarette. Yes, today’s L&M combines these two essentials of modern smoking enjoyment — less tars and more taste — in one great cigarette.
He's been on his way up from the day he started work

James C. Bishop got his B.S. in Electrical Engineering from the University of Illinois on June 25, 1953. On July 1, he went to work as a lineman in the Illinois Bell Telephone Company management training program. On July 2, he was “shimming” up telephone poles, and he's been “climbing” ever since. A planned rotation training program, interrupted by a stint in the Army, took him through virtually every phase of plant operations.

He was promoted to Station Installation Foreman in July, 1957. Then came route training at company expense—human relations and other supervisory subjects—at Knox College.

Since early 1958, Jim has been Central Office Foreman in the Kedzie District of Chicago, which embraces about 51,000 telephone stations. He has 19 men reporting to him.

"I was hired as a candidate for management," he says. "I know I'll get the training and opportunity to keep moving ahead. How far I go is up to me. I can't ask for more than that."

---

About a month or so after I lost my marbles and moved to the bick hamlet of Drawstring to be boss of a pajama factory, (Shambrauma, the All-Around Pajama,) there was this Employee Picnic. Being a Big City Boy, I wouldn't have gone except they made me in charge of the beer, and also there was this redhead, Babs Wilson, going to be there. She really "shook me up," as they say.

I had the Schaefer floating around in four happy tubs of ice by the time folks arrived. Aside from Babs Wilson, it was the prettiest sight on the picnic grounds. Everybody surrounded the beer, and the air was filled with the sortie like "wants your whiskle" and "down the hatch" and "here's looking at you." One thing I'll say about these small towns, they sure are full of sparkling repartee. I winked at Babs when I heard her say Schaefer was her kind of beer. "Experts call it roused," I yellic, "because it has a smooth harmony of flavors." "Get him," she said. That was my Babs, all right.

Later on I was trying to carry another case of Schaefer over to the tubs and keep my eye on Babs. I'll tell you that one night I took Babs home after the picnic, and we shared this, and we got along fine after that.
