Senior HouseHouse Master Named
Goodenough First to Hold Position

Brown Named New Dean of Engineering; Soderberg to Become Institute Professor

Move Signifies New Emphasis on Science

The stenographer's voice of Voo Doobaster fell to a muffled hum during Voo's first appearance in Building Ten. The Voo Doobaster, which performs every week-end on the main floor, will continue to move to the main lobby because they were disturbing WTHS. Shortly after noon pressure was brought to bear on the "Harknesses" from the president's office, the final arrangements were made by the Voo Doobaster and the Open House Committee.

Kresge Draws Open House Crows

Soderberg's appointment is another part of the Ryer Report: "In the coming decades, MIT will show a marked change from a rather dormant institution to one of strong vitality." Dr. Goodenough's appointment is another part of the Ryer Report: "In the coming decades, MIT will show a marked change from a rather dormant institution to one of strong vitality."

The MIT chapter of Tau Beta Pi, a national honorary engineering fraternity, is one of the few organizations on campus not to receive an extra ten points. Housemen were offered a range of activities including a buck-Pop race, a three-legged red race, in which two people race on quarter-ponies (bicycles), canoeing, and sailing, and dining at a laid table with a formality not often associated with either a classroom of students or a convention. The MIT chapter of Tau Beta Pi is a national honorary engineering fraternity, but the house rules are quite applicable in Elec-

The dormitories have gone all out in preparations to make Dorm Weekend a change from the "rather dormant affairs" of the past, according to Al Krigman, Senior. "One of the reasons the MIT Outing Club thinks it deserves class "A" activity status is because it has been promoting a true dormitory life for students who have the right to enjoy this life beyond the twelve-mile limit."

Soderberg's appointment is another part of the Ryer Report: "In the coming decades, MIT will show a marked change from a rather dormant institution to one of strong vitality."
Waiting in Vain

The bony of the MIT student has been called into question. The student body is set up in the lobby of building seven on the morning of Open House. "Open House at the Massachusetts Institute of Technology began today with hordes of little boy scouts in their green and white uniform awakening Cambridge with their truckload of Tartan inspired movies."

And so it did. By afternoon, however, the scene had changed considerably as masses of vigilante protesters began their seemingly endless marches through our halls. All of this is a result of the sweeping changes in the educational philosophy of a broader, more scientific, type of engineering which has been clear by the administration. We are waiting for some action to conduct on undergraduate education for the rapidly changing nature of engineering at MIT seems to be gaining momentum. We feel the students should be the first to be informed of this appointment will undoubtedly be felt throughout the college. What is done is done, though; we can be sure many of these changes will be appreciated in the long run. The only rule is:忍耐是一切。

COLLEGE PUZZLE CONTEST
FOR STUDENTS AND FACULTY MEMBERS

2 GRAND PRIZES

CANADA'S FAVORITE GOODLUCK\n1. Rambler "American"! - Big-car roominess, small-car economy...tops in performance!

LIGHT UP AND LIVE IT UP! 3 great cigarettes offer you 627 chances to win!
So pick your pack—save the six wrappers—and get going! It's crossword puzzle fun and real smoking pleasure all the way!

ENTER OFTEN—HAVE FUN—AND WIN! But think carefully! This puzzle is not as easy as it looks. At first the DOWN and ACROSS clues may appear simple. There may appear to be more than one "right" answer. For example, the clue might read: "Many a coed will be given her best date's PIN." Either "i" (PIN) or "E" (PEN) would seem to fit. But only one answer is apt and logical as decided by the judging staff, and therefore correct. Read the rules carefully. ENTER AS OFTEN AS YOU WISH. Good luck!

RULES—PLEASE READ CAREFULLY

1. The College Puzzle Contest is open to college students and college faculty members except employees and their immediate families of Liggett & Myers and its advertising agencies.

2. Fill in all missing letters—guess neatly. Use of obscene, abusive, variant or foreign words prohibited. After you have completed the puzzle, mail it along with six empty cigarette packages of the same brand from L&M, Chesterfield or Oasis cigarettes to: Liggett & Myers, P.O. Box 271, New York, N.Y. 10004; or 11004 Cambridge St., Cambridge, Mass. Per entry, please return six complete, unused cigarette package wrappers (or a facsimile) with each entry. Illegible entries will not be considered.

3. Entries must be postmarked by midnight, Friday, May 29, 1959 and received by midnight, Friday, June 9, 1959.

4. Entries will be judged by the Bruce-Richards Corporation, an independent judging organization, on the basis of logic and originality of thought as determined by the Bruce-Richards Corporation. Duplicate prizes will be awarded in cases of doubt. Illegible entries will not be considered. By entering all entries agree that the complete results of the judges shall be final and binding.

5. Prizes must be the original work of the contest winner submitting them. All entries become the property of Liggett & Myers and none will be returned.

6. Winners will be notified by mail as soon as possible after completion of the contest.

7. This contest is subject to all Federal, State and local laws and regulations.

CLUES ACROSS
1. These may indicate that a nation is prepared to wage war in the air.
2. Cow in a hay loom.
3. A help to the mushrooms.
4. When one is packed, it could be exasperating to remember.
5. It would be required to complete in 25 words or less the answer. For example, the clue might read: "Many a coed will be given her best date's P- -N." Either "i" (PIN) or "E" (PEN) would seem to fit. But only one answer is apt and logical as decided by the judging staff, and therefore correct. Read the rules carefully. ENTER AS OFTEN AS YOU WISH. Good luck!

6. A rural motel can be inviting to a vacationer.
7. A student's cousin.
8. Scene of Ulysses and Demodex.
10. A room in the house.
11. A room in the house.
12. An inveterate traveler will be found about distant lands.
13. An instructor.
14. Articles that should be included.
15. Initials of Uruguay and Denmark.
16. It would be hard to study.
17. Stone, bronze and iron are hard to study.
18. It might be as a faded-out city.
19. Nova Scotia (Abbr.)
20. The muscle-builder's may fascinate a poorly developed man.
21. "One of the top names in fashion"...may fascinate a poorly developed man.
22. Sometimes a girl on a date must kiss into her pocketbook to help pay the tab. YI i
23. All L&M cigarettes are "high" in smoking pleasure.
24. Chemical Engineer (Abbr.)...may fascinate a poorly developed man.
25. Poet Laureate (Abbr.)
26. A crowd of the same brand.
27. At home. 15... S
28. United Nations Organization (Abbr.)

HURRY! ENTER NOW! CONTEST CLOSES MAY 29, 1959 —
Lacrossemen Topple Amherst 9-5
Score Five Goals in Final Period

With the aid of a strong fourth quarter offensive, the lacrosse team sent an Open House Day opening of spectacles ever happier by displaying previously unidentified Amherst 9. The final assault took place after a determined squad of Jefts had taken advantage of the Bears' un-inspired play to more within one point of MIT at the end of three periods. Only 1:44 after the opening face-off, Pete Block put the visitors about 1-0 but this lead lasted less than sixty seconds as Beaver midfielder Chuck Fitzgerald '59 drove against two defenders to knot the score. Fritz tallied two more goals on similar rushes in the next four minutes, giving a great display of his power. At 15:45 of this session, he passed to Jim Russel '59 who flipped the ball home to give the Engineers a 4-0 margin.

The final meeting of the year of the MIT Athletic Association was held Thursday evening in Field House. After various reports on coming awards, discussion was held on restrictions on varsity athletes. The AA Executive Committee presented a resolution placing these controls in the hands of the coaches and captains. However, since there wasn't a quorum present, it was not possible to take any definite action. Then results of the intramural program were discussed, but this was tabled until next year.

Varsity/Diamondiana
Beat Clark 8-4; Let By Beard, Goodman

The varsity tennis team was a victim of a 12-1 loss to Middlebury last week-end. The Beavers in their annual exhibition will meet the Purple Rits on Monday afternoon. The Encane will have a chance to show their form as they were defeated by the Purple Rits 6-2, 6-0, 6-0 in the third round of the Eastern States. The doubles matches easily went to the Purple Rits.

Mrs. Honey: Hilltop Hash House

THINKISH translation: This diner is perched on a mountain peak, which makes it a creasutous! The view is tops—but from there on, things go downhill.

A typical meal includes a puny melon (slices and a choice of sandwiches (hamburgers or rankfurters). It's all served up, naturally, on 50-year-old dishes (crackerly). Best course to take: light up a Lucky. Enjoy the best taste of fine tobacco. There's no tip light up a match in a box of unlighted Lucky Strike.

Keep a supply handy.

Varsity Racquetmen Shut Out RPI 9-0

The varsity baseball team celebrated Open House Day with a resounding 8-4 triumph over Clark on Briggs Field. The Engineers won this one in spite of a booming 12 hit attack by the Worcester boys. Twelve bases on balls by their pitcher and four errors did considerable damage to the Clark cause.

Abe Ben '59 won his second game of the season pitching seven innings, striking out one, and walking three. Band also drove in two runs with a pair of singles. He was relieved by star catcher Warren Goodnow '59 who whiffed six while passing two. The contest was discontinued at one all going into the sixth frame, but then the Cardinal and Gray pushed eight tallies across the plate in the next three innings with Clark only scoring twice. MIT held their opponents to a single marker in the top of the ninth to gain the victory.

Friday afternoon at 4:00, the Reeser nano tangle with Northeastern here.

WHO SAID IT FIRST?

A column of incidental intelligence

by Jockey brand

"GENTLEMAN AND SCHOLAR" High praise, indeed, for any individual or player. We're not likely to find too many gentlemen and scholars as ball players. At least in the big gents and gentlemen are cordially invited to attend. Refreshments will be served.

"THE MORNING AFTER" This horrible time was first immortalized by George Ade in "The Saloon of Sol," or "SWEET SWEET." Here's the way he put it:

"Yes, REMO-BS-E."

The engineer is the station agent. He is the site for eith and hands. The cold, gray dawn of the morning after..."

"MAN BITE DOG" There's everybody's definition of first, and we're all in debt to John J. Roper, editor of the old New York Sun. (1873-1932) who first said: "When a dog bites a man, that is not news, because it happens so often. But if a man bites a dog, that is news!"

THE TAREYTON RING MARKS THE REAL THING!

Here's how Tareyton's Dual Filter Works:

1. It combines an efficient pure white outer filter...

2. With a unique inner filter of activated charcoal... which has been definitely proved to make the smoke of a cigarette milder and smoother.

THE TAREYTON RING MARKS THE REAL THING!
An extensive government consulting and the President's Certificate of Merit, the field of electrical and hydraulic servomechanisms and efforts to increase the basic services. Laboratory activities were research and education for the armed engineering. Dr. Brown's laboratory unworld War II when he was director of constructive leadership which has made the Department of Electrical Engineering outstanding. He was particularly active ining the entire time in the Department of Electrical Engineering. Dr. Brown's laboratory under his direction. Dr. Brown received the President's Certificate of Merit, the nation's highest civilian award, in 1948.

The newly appointed Dean has done extensive government consulting and is the author of numerous technical papers and articles on engineering education. He is a member of the American Society for Engineering Education.

Darwinism Subject Of First Course 21 Colloquium, May 5-6

Today, May 5, Professor of Humanities Walter F. Cannon will deliver the first in a series of lectures on the topic "Darwinism 1859-1959." Professor Cannon's talk in the Hayden Library Lounge at 7:30 p.m. will mark the beginning of Course XXI's final colloquium designed for students in Science and Humanities. Professor Cannon's lecture on "Darwin and Darwinism" will be fol-

Walter F. Cannon is a well-known authority on psychology and has written extensively on the subject of human behavior. His lecture will focus on the evolution of thought and the impact of Darwin's work on contemporary thought. The event is open to the general public, and registration is recommended.

Modernization of the first five courses will be presented by Professor of Paleontology, Dr. Herbert A. Smith. The lecture will cover the evolution of life on Earth and will be followed by a Q&A session.

A. Dickson Hause And Donald Tufts Win Bell Fellowships

Graduate students Donald W. Tufts and A. Dickson Hause have both been awarded Bell Telephone Laboratories Fellowships, which carry a minimum grant of $2,000 to cover tuition, fees, and other costs, in order that they may continue their study and research in engineering and science related to telecommunications technology.

Tufts received his A.B. from Williams in mathematics in 1935, and since has obtained S.B. and S.M. in electrical engineering at MIT. Tufts was able to win a Bell Telephone Laboratories Fellowship last year, also for his work on the mathematici-
