Ira E. Bruce, renowned astronomer, presented the first of a series of lectures on the universe Tuesday night at Kresge Auditorium. More than a thousand MIT students and alumni filled the auditorium to hear Dr. Bruce explain "The Solar System: Its Origin and Evolution." Also in the audience were Aerotech Flying Club President Joseph Eger, is considered unusual as head of the department of viola quartets. She has been a frequent member of the Little Orchestra and the Saidenberg Chamber Orchestras in New York, and has performed with the Munich Academy of Music, and in 1946 joined the Munich Academy of Music, and in 1946 joined the Munich Academy of Music. She has given numerous performances with the Munich Chamber Orchestra, and was first violinist and violist with the Little Orchestra and the Bluebird Chamber Orchestra in New York, and was the leader of the section of the NRC Symphony Orchestra. And for two years has served as head of the department of viola and cello at the Curtis Institute of Music in Philadelphia.

Narrator: The program will be as follows: Piano Concerto No. 2 in F Major, Mendelsohn. Piano Concerto No. 3 in G Major, Mozart. Allegro and Andante. Cello in C Major for Violin, Bach and Oboe.

MTS Fall party weekend under way at 9 P.M. tonight, when doors open at the Student Hotel for the Epsilon Formal. The four divisions of the MIT library will have made some innovations for this event; each division will receive a 3 x 5 color poster.

The Saturday night meeting by the Kingston Trio, at the Armory, will be open to ticket holders at 8 P.M. Seating will be on a first-come, first-served basis, however, seated tables or arrangements and a baby-sitter system should please everyone a good view and no trouble in hearing.

For those not going to the parties, Field Day events will occupy the afternoon. The Freshmen and Sophomores classes will launch their boats on the Charles River at 1 P.M., and the race is expected to last until 3:30. The Tide of War, which will include a cost contest, will take to the field at 2 P.M., followed by the X Event at 2:30. The Glove Football should start by about 5 P.M.

There has been one complaint registered with the Junior Prom Committee concerning distribution of options last Monday. Sigma Alpha Epsilon, consultant to the committee and to Upsilon Phi, alleged that they "were not notified properly by the Committee of the necessity of their presence in Building 10 at 8 P.M. Monday. No SAE representative was at the table, and they were accordingly placed at the German Room.

Lehrer Holds Forth in Kesgee Nov. 24

Tom Lehrer, hyperborean master of musical sarcasm, will give a perform-ance in Kresge Auditorium on Thursday, Nov. 24. The program, which is sponsored by the Batson Society, will feature songs from his new album of recordings, which is to be released next month. He will report his excellent perform-ance at the Sundeen Theatre last spring. Mr. Lehrer also recently re-ceived a notable crevace from the time this issue went to press, almost all the tickets for the performance had been sold.

Four MIT students are appearing before the Institute Committee as a result of actions early Sunday morning which involved the taking of a student from his dormitory room and transporting him, bound and with a gag over his head, to Logan Airport, all who will play Telenmann's Concerto in New York after his MIT engagement. The most of the program will be performed by the Boston Symphony Orchestra. The Saturday night concert by the Kingston Trio, at the Armory, will be going on at the same time, and will be broadcast on the MIT radio station. The program will be as follows:

Indian concert will be held Sunday, November 8, in the chapel at the College of Physicians and Surgeons. The program, which is sponsored by the Boston Symphony Orchestra, will give a special performance in Kresge Auditorium on November 24th, at 8:30 p.m.

Freshmen and Sophomores Inspect Boots for Field Day Race

Impeasting the partly completed freshman boot are Sophomore class officers Joe Wilkie and George Darron.
Starrr Attraction

For the next two weeks, MIT is host to Doctor Otto Struve, second in the series of Karl Taylor Compton Lectures at the Institute. Doctor Struve is well-qualified to lecture in astronomy, as he is currently director of the National Radio Astronomy Observatory, and has previously headed Leuschner Observatory at the University of California and Yerkes Observatory. Doctor Struve's father, grandfather and uncle were astronomers; his great-grandfather, Friedrich Georg Wilhelm von Struve, built the Pulkowo Observatory in Russia. Carl Nicholas I in 1855. Doctor Struve himself was an artillery officer in the Imperial Russian Army during World War I and served in the White Russian Army in 1919-1920, before coming to the United States in 1921.

The Karl Taylor Compton Lectures were established in honor of the Doctor Compton, former President and Chairman of the Institute. The first series of lectures was given in the fall of 1957 by Doctor Niels Bohr.

It is not uncommon for the majority of the audience attending an Institute sponsored lecture to be made up of people unconnected with the Institute. Considering the timeliness and interest of these lectures by Doctor Struve, it is gratifying to note that most of the overflow crowd attending the lecture last Tuesday night were students. The Compton Lectures are continuing for the next two weeks, and we hope that the student body will continue to show interest in these lectures, one of the most informative and important of Institute programs.

Battle Cry

Field Day is upon us. Freshmen and Sophomores will do battle tomorrow, hence life will be calm and '63ers and '62ers will exist in rapport.

The Compton Lectures are continuing for the next two weeks, and we hope that the student body will continue to show interest in these lectures, one of the most informative and important of Institute programs.

The only thing that has been the subject of interest in the past month is the conflict in Korea.

The new "field day" is really much better than the "old"

The old existed in now long past days when so much energy was expended in pre-Field Day activities, brilliantly organized by the Quadrangle Club (then a secret membership society until the day of encroachment) in the sophomore's quorum, and usually shut off by the green flag council for the sophomore's side.

Now, however, all action is concentrated on one day. The results are improved events and, in general, better participation. There have, of course, been included instances of the mysteriously created rivalry in fraternity houses and dormitory halls, but describe these to an old timer and he will only scoff before telling tales of the "purple shaft", or the Jaekel House, and God knows what else. Nothing could be lost, as East would surely trump (if only to be overturned by South), and West would still have a high spade.

East, however, was on his toes and trumped with the Ten of Hearts, realizing that South might also be out of spades and hoping to force South to trump high. This play had the desired effect and a heart trick was established in West's hand in addition to the diamond. The contract was thus defeated one trick by good defense. This is an example of the upercut, a defensive play that seldom costs anything and often gains a trick for the defender.

James R. Chafin, '60

Bidding

Pass

{ 1 ♠ 1 ♠ 2 ♠ 2 ♠

Opening lead — King of Spades

The above hand is from the 1959 Interludic Bridge Tournament. North's 1 No Trump response over an overcall showed 9, 10 or 11 points and a stopper in opponent's suit. South showed a five card suit with maximum extent by his 2 Heart rebid, but North still considered game a distinct possibility with the maximum for his bid and a nice fit for hearts.

West opened the King of Spades and continued with the Ace. He knew he had a third trick with the Ace of Diamonds, but his problem was to set the hand. The contract would go down automatically if his partner had the Queen of Diamonds, and the King of Clubs was too much for hope, since South must have it for his bid. But he gave the defense an extra chance by leading a small spade.

Nothing could be lost, as East would surely trump (if only to be overturned by South), and West would still have a high spade.

The November issue of "Tech Engineering News" will be sold Thursday, November 12, and Monday, November 16.

One of the featured articles this month describes the Generalized Machine developed and used by the Department of Electrical Engineering in its "core curriculum" subjects. This topic is of particular interest this month in the wake of the recent gift of over $1 million dollars to the School of Engineering to be used in the development of similar programs in all the engineering courses. To won't want to miss this article, so be sure to buy your copy TEN early.
DIARY OF A COED

MONDAY: Prof. Pruntz's spunk quiz in English lit this morning. If Shakespeare didn't write Cantebury Tales I'm a dog. Lucky I was at the house—turkey head. How can we have turkey head when we never had turkey? ... Smoked a Marlboro after lunch. I dig better beer today's the day. I'm going to meet all of my acquaintances in the city. My name was over, my partner stayed with me several times with Henry S. Pritchett organized a new class. One tradition was to "flush" Field Day, claiming that the Freshmen boat was unseaworthy. But this event was discontinued in 1900, when one frosh boat was unseated. But now to the greater question. If 962 be victors-in the Field Day, it is going to be able to...
Harriers Get Ready To Fly to Illinois For N.C.A.A. Meet

Varsity cross-country coach Art Fairchild has selected his thirteen-man squad to fly in Friday, November 13th, to Westmont, Illinois, for the second annual N.C.A.A. Division Cross-Country championships. Paving no wuay, MIT's "Thirteen Trotters" will be the first New England entry to compete in this international competition hosted by Westmont College.

The race will be run one week from tomorrow over a four-mile course of the Chicago Golf Club.

Yesterday the harriers faced Tuffy and Northeasters at Founders Park in their last regularly scheduled meet. Monday, the top ten from both the varsity and freshman squads will compete in the New England Championships, also slated for Franklin Park.

All-MIT Swim Meet Here on 21st Exhibits, Competition Featured

The MIT Swim Club will present the Fourth Annual All-Institute Swimming Championships at the Alumni Pool on Saturday, November 21st, beginning at eight o'clock. The competition is open to all members of the MIT community, with five teams: the Cluster of '61, '62, '63 and the Graduate, vying for the Intercollegiate Trophy. The Graduate team is composed of MIT Alumni, graduate students, faculty, and staff.

In past years, the All-Institute Swimming Championships have been one of the top non-professional swimming shows in New England. This year's event will have its special attractions, water ballet, diving, and water polo exhibitions as well as the regular intercollegiate competition.

For those who are interested in attending, there will be eleven companion events, including eight individual swimming races, two relay races, and diving. The swimming events are 100, 150, and 220 yard freestyle; 100 yard and 200 yard breaststroke, and 200 yard butterfly. The relay medley, 200 yard backstroke; and 200 yard breaststroke. Watch for posters from which application blanks may be obtained. Trials will be held at 1:00 on Saturday afternoon, November 21.

For one of the MIT sports highlights of the year, come at eight o'clock to the All-MIT Swim Meet. 

MIT Sailors Place 3rd in Hoyt Regatta Judges Break Tie

In the season's closest sailing competition, Coast Guard nipped MIT all Brown to win the Hoyt Trophy held Saturday at Providence. The tot lost the afternoon with a four-point, two ahead of the Bears as a home squad. However, Brown had never lost first place then MIT, and we awarded second place even though each team had beaten the other an equal number of times.

Throughout the afternoon, the lead shifted among the top three. In the seventh and final race, a big man with rate and wins to 38 mph caused interference between the two boats of boats that were on the way at the same time. After two hours of deliberation following the end of the final race, the rule committee decided to throw out the results of the race in each division. If this race had not been disallowed, MIT would have tied for first with Coast Guard.

Sailing for MIT were Pete Gunn, '61, skipper, and Dan Olson; co-captain, in the "B" Division, with Sandy Weimier, '63, skipper, and Chuck Geers, '62, crew, in the "B" Division.

Freshmen Individuals

In the Finals of the Freshman New England Individual Championships, held Sunday on the Charles, a kit was edged out by Henry L. Meaney, Jr., of Amherst, '66 points, 74.5, Carter Ford of Harvard was third with 74.

VOO DOO

We know that if you are reading this newspaper, you probably don't appreciate wonderful humor offered in VooDoo; but we've the exception to the rule, or the exception to the rule, to be specific. VooDoo, Friday, November 6, 25c, blank space.

You'll find a few facts about some with a creed model — Balbo, 40,000 miles on Friday the 13th.

CAMBRIDGEPORT SAVINGS BANK
The semi-final round of the Intramural Football Tournament goes under this Sunday on Bridge Field as the top four teams in both Divisions "A" and "B" meet to determine the contestants for the championship finals to be held the following Sunday.

In Division "A", defending champion Delta Tau Delta meets Beta Theta Pi. The Delta's have played three tough games in a row while the Betas romped through their three game schedule and have yet to meet any strong opposition.

In the other game in Phi Gamma Delta against Sigma Epsilon. Both teams have strong defense units, and as a result this could be a low scoring contest, one that could go either way.

In Division "B", Lambda Chi Alpha meets Student House while East Campus vs. Senior House Ii

The indoor track season will officially open with a rally at 5:00 P.M., next Tuesday, November 10, at the Dupont Athletic Center. All those interested in weather, one that could go either way. The Delts have played three tough games in a row while the Betas romped through their three game schedule and have yet to meet any strong opposition.

Future, outstanding... and they are Mild!

Get satisfying flavor...so friendly to your taste!

See how Pall Mall's famous length of fine, rich-tasting tobacco travels and gentles the smoke—makes it mild—but does not filter out that satisfying flavor!
Lambda Chi Alpha Marks 50th

On November 2, 1959, the MIT chapter of Lambda Chi Alpha celebrated its 50th Anniversary together with the BU chapter, here in Boston, birthplace of the fraternity. Dr. Alfred G. Nelson, Dean of Community College of Denver, non-president of the National Fraternity, was the main speaker in the opening meeting on Friday evening in the Hotel Kenmore. Dr. Nelson stressed the ideals by which the men of Lambda Chi Alpha have lived and must continue to live.

Amath Club Contest

Members of the MIT Team to the William L. Putnam Mathematical Competition have been announced as the following: Steven Orange, '63, T. D. Faber '61, and Stephen Shiraih, '59, who was highly placed last year. Any interested person should contact Prof. G. C. Bits of the Mathematics Department.

WHAT IS CASTRO?

"Castro — leader, liberator, or dictator" will be discussed this Monday at a Club Latino panel discussion. It will be conducted in English by Frank Tappan, '60, George Henry, '59, and Irving Shalidor of the NSA. The panel will take place at 5 P.M. in the Miller Room, 3-070.
