The Class of 1963, disheartened by their loss last year to the class of '62, again lost the Field Day Competition, this time to the Class of 1964. This year's freshmen defeated the Sophomores by a score of 125 to 75. The minor events were about evenly divided between the classes, with the freshmen gaining their advantage by winning the Glove Fight.

The scoring:
- Platform Race: '64 - 35 points  
  '63 - 20 points
- Platform Decoration: '64 - 20 points  
  '63 - 10 points
- Unlimited Tug-o'-War: '64 - 15 points  
  '63 - 10 points
- Limited Tug-o'-War: '64 - 10 points  
  '63 - 15 points
- Coed Tug-o'-War: '64 - 10 points  
  '63 - 15 points
- Total: '64 - 125 points  
  '63 - 75 points

J.P., Sr. Week Results

Juniors Ring Referendum Passes

The Class of 1962 succeeded in passing a referendum last Tuesday which will enable it to obtain class rings before the Christmas holidays. 1375 students voted on the referendum, representing 38% of the undergraduate body. (Thirty percent of the student body had to vote in order to reverse the Incosom ruling against the early distribution of the rings, with at least 3/4 of the voters in favor of the referendum.) It was passed by a 77% majority.

This victory is expected to set a precedent for several years to come, with future classes getting their rings six to eight weeks earlier than previously.

Other results of the elections on November 8 were: Junior Prom Committee: Lauren Sempayrac, Roland Walter, Bob Johnson, Paul Shapiro and Steve Kaufman. About 500 members of the Class of 1963 participated in this election.

Senior Week Committee members for this year are: John Eric Arens, Robert J. Dulskey, Thomas Hastings, Art Katz, Bill Siegman, Sandy Wagner, Grady Harris, Charles (Frank) Wayne, Ronald Yee and Ken Singer. Approximately 200 seniors voted.

Freshmen Win Tugs-o'-War; '64 Coeds Yield To '63

In the traditional Tugs-o'-war, the men of the Class of 1964 proved their superior strength by defeating the Sophomores in both the limited and unlimited competitions. In the unlimited contest especially, the freshmen were helped by their almost 3-2 majority. Freshmen co-eds, however, fell beneath the superior brawn of the co-eds of '63.
These are the silver wings of the U. S. Air Force Navigator. As a flying officer on the Aerospace Team, he has chosen a career of leadership, a career that has meaning, rewards and executive opportunity. 

The Aviation Cadet Program is the gateway to this career. To qualify for this rigorous and professional training, a high school diploma is required; however, two or more years of college are highly desirable. Upon completion of this program the Air Force encourages the new officer to earn his degree so he can better handle the responsibilities of his position. This includes full pay and allowances while taking off-duty courses under the Bootstrap education program. The Air Force will pay a substantial part of all tuition costs. After having attained enough credits so that he can complete coursework andoulouse requirements for a college degree in 4 months or less, he is eligible to apply for temporary duty at the school of his choice.

If you think you have what it takes to earn the silver wings of an Air Force Navigator, see your local Air Force Recruiter, Ask him about Aviation Cadet Navigator training and the benefits which are available to a flying officer in the Air Force. Or fill in and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

700 Attend Junior Prom At Statler; Ahmad Jamal Packs Armory

The Junior Promenade, however, was the crowning of the JP Queen, Jacqueline Fields who was the date of Pete Levine, Pi Lambda Phi. The crown was presented by Max Snodderly, chairman of the J.P. Committee of the Class of '62. Viewers to the bestowal were the 540 couples who filled the State-Hilton and danced to the music of Les Brown. 

Guests of honor at the dance included Dean and Mrs. Rufe and Dean and Mrs. Fasset. Silver and red charms were given out as favors. On one side of the shield of MIT is engraved and on the other, Junior Prom, 1960.

Saturday night over 700 couples packed the MIT Armory to hear the jazz piano stylings of Ahmad Jamal and his trio.

We invite you to consult with us regarding new positions in Hughes Advanced Research and Development activities.

Hughes offers you an atmosphere most productive of creative work in your specialty. Your assignment will be to help forward basic theoretical progress in areas such as these:

- Meteor Communications
- Solid State Physics Research
- Satellite Interceptor Systems
- Air Launched Intermediate Range Ballistic Missiles
- Communications Satellites
- Space Ferry Systems
- Futuristic Instrumentation Systems
- Global Surveillance Satellite Systems
- Three-Dimensional Radar Systems
- Electronics in Oceanography
- Infrared Detection Systems
- Industrial Controls
- Data Processing Systems
- Electroluminescence
- Plasma Physics
- Ion Propulsion

Hughes is an engineering-oriented company, and as such has become one of America's leading producers of advanced electronics. This leadership is based upon the efforts of over 5,000 engineers and scientists. One in 15 is a Ph.D. One in 4 has a master's degree.

We are now building our future with electronics.

Hughes Aircraft Company

Culver City, El Segundo, Fullerton, Malibu, Newport Beach, Oceanside, Los Angeles, Calif., Tucson, Arizona

We will be conducted November 29 and 30, by a senior member of the Hughes Research & Development Staff. Consult your College Placement Officer for an appointment. Or write to Hughes College Placement Office, P.O. Box 90515, Los Angeles 45, Calif.
**Horses** Fell ‘64

**Race Trips Up ‘63**

X Event Gives Sophs 2 Out Of 3

Pairs of Frosh and Sophomore grapplers “lock horns” during the “Chicken-fight” of Event X.

A lack of union proved to be disastrous to the sophomores as they fell into a conglomeration of bodies at the far turn. The Mystery Event, Event X, of 1960, consisted of three competitions. The first part consisted a Leg-Tie race in which 12 men were tied together left-shoulder to right-shoulder and then attempted to race across Briggs Field. This event was won by ’64, while the Balloon Toss, which consisted of throwing water-balloons through the air and then attempting to catch them without having them break, was won by the Freshman platform mounted on telephone poles across Briggs Field, while 12 Techno men and a co-ed sat atop it. The prize given for the most decorated platform was won by the Freshman platform after it was rescued from the free tour of the Cambridge streets given to it by the Sophomore class in the wee hours of Saturday morning.

The Class of ’63, however, proved superior in strength and speed and won the actual race. This event proved to be one of the most successful in Field Day and is expected to be used again in future years.

Sophys’ Superior In Platform Race

The Platform race, an addition to Field Day, introduced a new sport to the MIT campus. The race consisted of pushing a platform mounted on telephone poles across Briggs Field, while 12 Techno men and a co-ed sat atop it. The prize given for the best decorated platform was won by the Freshman platform after it was rescued from the free tour of the Cambridge streets given to it by the Sophomore class in the wee hours of Saturday morning.

The Class of ’63, however, proved superior in strength and speed and won the actual race. This event proved to be one of the most successful in Field Day and is expected to be used again in future years.

President Gallagher charged that the charges were "untrue. President Gallagher with slander, demanding the board of one of the campus newspapers, Observation Post, was controlled by "Communist sympathizers". He said that the publication's editorial policy had followed a "Marxist line."

The newspaper staff immediately charged President Gallagher with slandering and demanding that he prove his allegations. The editor-in-chief announced that the charges were "untrue and unsubstantiated. He stated that the President was making an attempt to smear his newspaper. He asked for an immediate and open meeting of the General Faculty of CCNY, to condemn the president.

President Gallagher said only that he would "welcome a legal test". He passed on the demand for a General Faculty meeting to that body.

This, then, is the background. Who is right? Who are we to believe?

That question would be hard to answer. Luckily it is not the important one at hand. The question at hand is, should the president have made his allegations, and having made them, should he keep silence as to the basis for his charges?

The question of freedom of the press student is a touchy one. Ought Observation Post, or any other college newspaper, be allowed to promulgate communist ideas without censure? What effect did President Gallagher's statements have beside drawing to CCNY's attention the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-aside from bringing to the campus the fact that he thinks the newspaper is communist-asis

You can shave close-cut, all-day clean, without "tenderizing" your face, when you use Pro-Electric Before Shave Lotion. It contains ISOPHYL to give your shaver extra glide-power — refreshes you with that brisk, bracing Old Spice scent. 1.00 no federal tax.

Rivals Rachma Ninoff
Richter A Sensation

A more highly heralded and enthusiastically awaited performer than Sviatoslav Richter has not been heard in this country within the memory of most of us. Almost unbelievable reports of this "living legend" have been filtering out of the Soviet Union for years, giving us a picture of a shy, unassuming, but unprecedentedly talented young man. And the small procession of Richter's records issuing from behind the iron Curtain seemed to confirm the fact that a genuinely great artist had arisen in the Soviet Union. One can then easily imagine the tenseness and excitement with which the capacity audience at Symphony Hall Tuesday, November 1, greeted Richter, appearing with the Boston Symphony on his first tour of this country.

Richter did not disappoint anyone. Entering almost nonchalantly after the long introduction to the Beethoven First Piano Concerto, he was soon producing the long, singing line and subtle coloristic effects that are the hallmarks of his playing. Since Richter's playing is completely effortless and free from unseemly mannerisms, it is impossible to analyze exactly the secret of his greatness, but it is equally impossible to deny that greatness. In his hands, the early Beethoven work stood as a worthy companion to the exalted Fourth and powerful "Emperor" Concertos.

The Brahms Second Piano Concerto may well be the most difficult in the repertoire of this instrument. There could be no greater proof, then, of Richter's greatness than the almost miraculous account of this huge work that emerged from his hands. Richter plays octaves with more facility and finesse than other pianists play scales and, having abolished technical difficulties, he could concentrate entirely on revealing Brahms' vision unscathed. When one looks around for a comparison, only one figure of recent times comes to mind: Rachmaninoff, who, in the completeness of his technical mastery, eminently musical rubato, and integrity of his concepts was the equal of Richter. I lost count of the number of curtain calls demanded of Richter at the concert's end by the delirious audience, but I doubt that anyone has received more, and deserved them better, than Richter.

In closing, it would only be fair to add that Richter would surely not have made quite the impression he did had not the Boston Symphony under Charles Munch been at its absolute best, which is saying a lot. The concert opened, Beethoven's "Prome- theus" Overture, was very fast and so intense that it whetted the appetite for what was to come. Each member of the orchestra, especially the soloists in the Brahms, seemed intent on matching Richter's every mood, and Munch had obviously planned each detail carefully and sympathetically with him.
Delta Upsilon and Lambda Chi Alpha take the field to play for the "A" division championship and Alpha Tau Omega battles Phi Kappa Theta for the "B" title, Saturday on Briggs Field. The "B" contenders play at 12:30 P.M. while the "A" game goes at 2:30 P.M.

In the semifinals DU best Theta Chi, League III champ, 19-7 and Lambda Chi felled League II's champ, Sigma Phi Epsilon, 19-13. The "B" semifinals saw Phi Kappa Theta (VII) beat Pi Lambda Upsilon, 15-6 and ATO (VIII) whipped Phi Lambda Phi (VI), 15-2.

DU Undefeated

DU gained the League I title by dousing Sigma Chi, 19-7, Tau Epsilon Phi, 41-0, and defending champ Beta Theta Pi, 18-7. Lambda Chi downed Burton House 6-0, Sigma Nu 7-0, Alpha Epsilon Phi 59-0, and Delta Tau Delta 24-2 in gaining the League IV title.

Phi Kappa Theta felled Walker Dining Staff 51-0, Phi Mu Delta 14-6, Delta Kappa Epsilon 31-0 and Delta Tau Delta II 19-0 on the road to the League VII crown.

ATO beat Phi Beta Epsilon 27-0, Senior House II 6-0, Baker House 38-0 and Theta Delta Chi 18-0 in capturing the League VIII crown.

SIGMA EPSILON HANDLIES Work in the intramural wrestling tournament held Saturday at the du Pont Athletic Center. Sigma Chi's "A" entry was second, followed by Theta Delta Chi, Sigma Chi and Delta Phi. Nineteen teams scored in the meet.

The unlimited crown went to Alan Roan, '63, of Baker House. Sigma Chi's Wilson Kendall, '61, captured the 177 lb. class. From the winning team, Alan Rogal, '63, won the 129 lb. division and Del Miller, '61, led the 157-pounders.

Other individual victors were Burton House's Don Topkis, '64 (157), SAE's Ken Anderson, '63 (167) and Beta Gary Bickel, '61 (177). SAE Tops Sailors

Sigma Alpha Epsilon captured the intramural full sailing championship Tuesday, pacing the field of nine which competed in the elimination races last week. Sigma Phi Epsilon and Beta Theta Pi tied for second, with fourth place going to Theta Delta Chi.

Competing for SAE were "A" skipper Walter Dence, '62, and crew Dan Snyder, '62, and "B" skipper Bob Gray, '64 and crew Bill Bails, '62.

Burton House defeated Alpha Epsilon Pi for the intramural tennis championship Sunday. Burton was the defending champion in the sport.

Sigma Epsilon Wins Tennis

Girls from six colleges will do their sailing togs at 11:30 A.M. tomorrow in the holiday regatta on the Charles. Represented at the Sailing Pavilion will be MIT, Radcliffe, Pembroke, Boston University, Tufts and Garfield.

In addition to the girls' events, the MIT Nautical Association championship races for the Vose, Nickerson and Smith trophies are on the program. Sailing will be single-handed with any Nautical Association member eligible to enter.

The Nautical Association races will commence at 9:30 A.M. An entry fee of $1 will be charged to cover the cost of prizes and food to be distributed at a post-race party.

Sailors Annex Schell Trophy
In Nine-School Regatta Here

A weekend of heavy winds and hard sailing saw the varsity sailors come from behind to capture the Erwin H. Schell Trophy in races held on the Charles last weekend. Competition was keen as the best teams of the East, Coast Guard, Boston University, Harvard, Navy, and Cornell, and Purdue representing the Midwest were present.

The Navy took an early lead in Harvard close behind. Although B Division was forced to withdraw from one race because of foul, he finished the first day's other four races with two firsts and two seconds. At the close of Saturday's action Navy held a sizeable lead of 12 points over Harvard and 15 over third place MIT.

In the first of Sunday's races, James Milgram, '63, took the Division A, and Klare each got a first to pull Tech ahead of Harvard into second place. Then with good consistent sailing in the remaining races the hosts tied Navy and in the last two races, pulled ahead to beat them by seven points. The final scores: MIT 141, Navy 134, Harvard 128, BU 117, BC 115, CG 106, Cornell 86, Merrimack 75, and Purdue 72.

In spite of his retirement from one of the races Klare still won high point honors for the regatta. Crewing for Klare on Saturday was Warren McCandless, '62, and on Sunday, coed Karen Afeleff, '65. Milgram's crew was Robert Hopkins.

Next weekend the varsity sailors will defend the New England Team Racing Championships at the Coast Guard Academy. Sailing will probably be Klare, McCandless, Don Nielsen, 61 and Pete Gray, '61.

Crews Will Race
For Richards Cup

The MIT crews will wind up the fall outdoor rowing season tomorrow with a big day of racing on the Charles. The events will be, in the order of their running, a living group race, a freshman race, a race between the coxswains and the managers of the MIT crews, and finally, the traditional class race for the Richards' Cup. Racing will begin at 2:30 P.M.

The grand finale and highlight of the day, the class race, has a history dating back to earliest days of rowing at MIT. The symbol of this competition, the Richards' Cup, was presented to the MIT AA on May 9, 1925, and THE TECH of June 1, 1925 reported the purpose of the cup as follows: "Professor Richards gave the cup to perpetuate his brother's name (George Henry Richards) and also to try and keep up an active interest in crew here at Technology".

This race, which was once the highlight of fall rowing and indeed, one of the highlights of the entire year, is subject to relative obscurity in recent years. This year, due to the efforts of head coach Gay C. movable Friday, the race between the classes will again assume its traditional importance, with the Richards' Cup and individual medals at stake for the winning class.

Banks Is Elected
X-Country Captain

Steve Banks, '62, was elected captain of the 1961 cross country team immediately following the New England Championships Monday. Banks, a Course VIII junior, hails from Bainbridge Island, Washington. One of the leading runners at Tech, captain of the 1958 frosh, he is also a 1000-yard and mile runner on the track team.

Banks, a resident of Lambda Chi Alpha, is expected to be one of a nucleus of veterans who will pace next year's squad.

Pete Staecker, '64, was honored with the leadership of the 1960 freshman harriers recently. A resident of Düsseldorf, Germany, he paced the frosh runners in the last half of the season. The Theta Chi pledge is a product of Western Reserve Academy in Ohio, and plans to major in mechanical engineering.

16th In New Englands

2 Meets End Harriers' Season

Both varsity and freshman cross country squads concluded their season Monday by finishing 16th and 15th, respectively, in the New England Intercollegiate Cross Country Championships at Franklin Park. In triangular meet action, the varsity was second to Northeastern over Tufts last Thursday, while the frosh were third.

Varsity Record 4-8

The split Thursday gave the varsity a 4-8 season's slate, while the frosh were 2-7.

Monday's contest was the last collegiate race for a quartet of seniors, George Withbroe, Paul Robertson, captain Herb Wegener, and Herb Grieves, although Robertson is slated for post-season action along with sophomores Roger Hinrichs in the AAU Cross Country Championships on Sunday.
