8 ft. 5 in.; 3. T. C. DuPont, 8 ft. 4 in.; G. L. Heins. Simpson and DuPont both failed at 8 ft. 5 in.; then on the pan's being lowered both did 8 ft. 4 in.; but on raising an inch, Simpson did 8 ft. 5 in., DuPont failing.

Heavy-Weight Tug of War. — Third Tug: 1. Jamaica, by 0; 2. Institute. This was a most exciting tug, the Jamaica gaining little if anything on the drop, and both teams pulling for all they were worth. The result was a tie; but Tarbell's protest against the Institute's being coached was sustained by the referees, and the heat was given the Jamaica, who took the first prize.

Pole Vault. — 1. J. K. Simpson, U. A. C., 9 ft. 4 in.; 2. E. T. Sturgis, 9 ft. 4 in.; 3. R. T. Gibbons, 8 ft. 8 in.; 4. E. D. Dorchester, 8 ft. 4 in.; 5. H. F. Mandell, H. A. A., 8 ft. 2 in.; 5. C. A. Deshon, 8 ft. 2 in. Simpson and Sturgis failed at 9 ft. 6 in., and on lowering the bar to 9 ft. 4 in. Simpson went over again, Sturgis failing. Both men vaulted finely; and had they been wise enough to have resisted the temptation to go over the bar at low heights, and saved their strength, they would undoubtedly have done 9 ft. 6 in. As it is, their records are, with one exception, by far the best ever made in Boston.

Middle-Weight Tug of War (Five minutes' time allowance). — 1st Tug: 1. M. I. T. A. C. (E. C. Hillyer, Anchor; F. M. Haines, Captain; J. Duff, Jr.; F. O. Harriman), by 8½ in. 2. H. A. A. Team (R. Delaney, Anchor; W. H. Manning; H. E. Smith; A. F. MacArthur, Captain). In this tug, Harvard got caught by about a foot on the drop, and this they reduced to 8½ in. when time was called; our men doing no pulling, but reserving their strength for the Jamaica.

Two-Handed Fence Vault. — 1. W. T. Ripley, 6 ft. 11½ in.; 2. C. A. Deshon, 6 ft. 11½ in. (10½ in. handicap); 3. J. L. Kimball. While Ripley's vault is in every respect first-class, his previous records have been so far ahead of this that it is but justice to say that he was completely tired out in making those preparations for the games which his office as president of the club called for.

Middle-Weight Tug of War. — 2d Tug: 1. Jamaica, by 3 inches; 2. Institutes. Our men got the drop by several inches, and caught the Jamaica at first on Tarbell's sawing; but then the ribbon began to crawl gradually over to the Jamaica, slip, slip, from our side, and heaving on the Jamaica, till finally all our advantage had gone; and then one more saw from Tarbell placed three inches to the Jamaica's credit, and this was held till time was called, one of the Harvard team having through a misunderstanding gone home. The first prize was awarded the Jamaica; and they well deserved it, having pulled three tugs before with heavier men, and also being handicapped by not having all of their regular team. We wish Tarbell would take a special course at the Institute.

Referee. — Dr. Sargent.

Clerk of Course. — H. Ward Leonard.

The Chauncy Hall School Battalion gave an exhibition drill last Thursday. The assembly was sounded at three o'clock, and the first in order was company drill. Of the four companies, Company A excelled both in appearance and in the manual. Next came battalion drill and dress parade. After dismissal a picked squad participated in the sword exercise. On the whole the young gentlemen acquitted themselves well, and reflected honor on their instructors and the school. After the exhibition the floor was cleared for dancing, and two hours spent in "tripping," etc., to the music of the Cadet Band.

Seen at night by the electric lights on the Brunswick, the Institute is quite a grand old building.
