judge from the first number, will be well worth a perusal.

The editors of the *Crimson* have challenged those of the *Advocate* to row a race in eights over the scratch course. The prizes are to be eight copper cents of a date not later than 1853. The *Crimson* hopes by its example to encourage similar informal contests, and to make boating more general in the university.

There is great dejection in the editorial sanctum — the *Tuftonian* has unceremoniously renounced *The Tech*. Tuffy has grown aristocratic and can only exchange with those college papers which make pretensions to literary merit. This is the unkindest cut of all; it shows only too plainly the dulness of our imaginative faculties, for we never dreamed that Tuffy was literary before.

The *Michigan Argonaut* has at length appeared in the sanctum. The cover bears the mark of Tiffany & Co., so we won't say a word. The *Argonaut* is a worthy rival of The *Chronicle*.

The Intercollegiate Press Association is again attracting attention. The idea is an admirable one and will receive *The Tech*'s hearty support.

*The Beacon* thus hides a tragedy in one short line. **Erratum.** For *infernal*, on page 8, line 27, read *informal*.

**The Rogers Memorial.**

A MASS meeting of the students was held on Friday, Oct. 27, at 4.30, p. m., to consider the subject of a suitable memorial of the late President Rogers.

The meeting was well attended and a very gratifying interest shown in the project. Mr. Leonard, '83, was chosen chairman, and Mr. Chase, '85, secretary. After some discussion it was decided to elect a committee of five, one member from each class, and one from the school at large, to make investigation and submit plans to a general meeting of the students at a future time. The balloting for this committee resulted in the election of Messrs. Leonard, at large; Chase, '83; Bunce, '84; Pratt, '85; Percy, '86. The committee were instructed to report one week from date to a similar meeting. On account of the inconvenience of the hour, the meeting was postponed from Friday, Nov. 3, till the following week.

It is hoped that there will be a thorough interest taken in this matter by all the students, and a memorial erected which shall be satisfactory and suitable.

A questionable enterprise — interviewing celebrities. It's a cold day when a man has to warm himself at the hotel register.
