It is to be regretted that the Institute fair closes so early in the term, leaving the mechanicals and electricals little time to take advantage of the excellent opportunity for comparative study of machinery which the management have so generously offered. These yearly exhibitions are progressive; the one which is soon to close having as a special feature extensive displays of several of the Southern States and transcontinental railroads. The State of North Carolina occupies a prominent position in the centre of the building, and is represented by Mr. Kerr, ’83. Mr. Richards, ’85, does the honors for the State of Tennessee, and Winsor, ’86, has had charge of the Westinghouse Air Brake exhibit. Among our advertisers who are represented are: Stall & Burt, Ritz & Hastings, A. J. Wilkinson, Thomas Hall, and Henry H. Tuttle.

PREPARATION FOR THE
Mass. Institute of Technology

Is a specialty at Chauncy-Hall School, Boston, Mass., and its remarkable success can be ascertained from the Chairman and Secretary of the Faculty of the Institute.

It aims to fit its candidates so thoroughly that they will not be weighted by “conditions” to be made up after entering, when all their powers are needed for their regular work.

The School is within two minutes’ walk of the Institute, affording to the teachers, who are preparing the candidates, unequalled opportunities for consulting the professors.

Successful preparation is made also for College and for Business. Chauncy Hall is the oldest and largest private school in Boston.
