Wellesley College has recently sustained a severe loss in the death of the president, Miss Helen A. Shafer. Her death, occasioned by pneumonia, was a shock to the college and her friends, as she had seemed, but a week before, in perfect health. Miss Shafer became president of Wellesley in 1888, and her administration was marked by great executive ability, the college having increased in the number of students, in the number of departments, and in financial resources.
