Champions!

It was an enthusiastic delegation that accompanied the Track Team to Worcester on May 23d, and it returned even more enthusiastic. In spite of the rain and heavy track, fair time was made in all the runs. Technology proved a very dark horse, and scored in nearly every event. She made a total of thirty-eight points, counting five for first, three for second, and one for third place in the finals. Brown came second with a total of twenty-five and one-third points.

Below is given a summary of events and winners:

100-YARD RUN.
