Book Review.

This little book is indeed a most attractive volume in many ways. It is bound in an artistic cover with panel die, with a charming little etching as the frontispiece, and the printer's and publisher's work is done with evident care and a genuine taste for the fitness of things. But more than this, the selections, after a hasty reading, appear to us most happy. The cheerfulness, happiness, hopefulness of undergraduate life seem to permeate the entire volume, and give it that spirit of careless mirth found only on the campus or in the hall. "Cap and Gown" should be the friend of every college man. Graduates will find it a most pleasant reminder of the scenes and sentiments of student days.

The publishers announce that special editions have been published in many of the college colors, and that a Technology Edition will be forthcoming if "there is sufficient demand."

The dual track and field meeting between the Harvard 2d Team and the Tech. Track Team resulted in Harvard's winning by a score of 66 1/2 to Technology's 50 1/2 points.

The first event was the 120-yard hurdles. The first and second heats were won by Williams of Harvard and Wentworth of Tech. Ben Hurd failed of a place by an unfortunate slip. The final was won by Williams, of Harvard, in 16 1/2 seconds.

The two mile was a new distance for Harvard, but Foote took the lead and maintained it until the finish. His time was very fast, 10 minutes 11 1/2 seconds. Mayhew got second in 10 minutes 26 seconds, which beats the Tech. record by 50 seconds.

Jones won the shot with a put of 37 feet 4 inches, Schmidt taking second with 36 feet 9 1/2 inches. Jones also took second in the hammer, breaking the Tech. record, with a throw of 107 feet 10 1/2 inches. The high jump was hotly contested, Butcher of Tech. tying Loines of Harvard at 5 feet 6 1/2 inches. In the jump-off Loines won at 5 feet 7 1/2 inches.

Nolte outdid himself in the pole vault by doing 10 feet 2 inches.

Although Tech. lost the meet, the showing made was by no means discouraging as the records made were excellent in almost every case. Following is the summary: first counts 5, second 3, and third 1.

One-mile run.—Won by W. B. Truesdell, Harvard; second, H. L. Bodwell, Technology; third, S. A. Hooker, Technology. Time, 4 min. 42 sec.

220-yard hurdles.—Won by C. B. Stebbins, Technology; second, H. L. Williams, Harvard; third, B. Hurd, Technology. Time, 26 1/2 sec.

FIELD EVENTS.

Putting 16-pound shot.—Won by H. W. Jones, Technology, put 37 ft. 6 1/2 in.; second, T. Schmidt, Technology, put 36 ft. 9 1/2 in.; third, S. F. Mills, Harvard, put 35 ft. 10 in.

Pole vault.—Won by E. D. Brooks, Harvard, height 10 ft. 4 in.; second, J. Nolte, Technology, 10 ft. 2 in.; third, R. A. Garrison, Harvard, 9 ft. 9 in.
