Sixteen new clocks have been provided for the Institute, four in each building.

Application blanks for seats at the Walker Club play may be obtained at the "Cage."

The next dinner of the Mandaman Club will be held at Young's Hotel, Saturday, April 15th.

"Technique" tickets may now be obtained from members of the "Technique" Board. Price, $1.00.

Edward H. Davis, IX., '01, has been made an assistant manager of The Walker Club Theatricals for Junior Week.

George F. Fisk, VI., '01, has left the Institute, and intends to start soon for Cuba, where he will take a position as Assistant Engineer.

F. W. Caldwell, '99, put his hand into the Olsen machine in the Engineering Lab. last week. He is doing all of his work with the other hand now.

All Sophomores wishing class canes and class pipes should order them at once of the Committee,—C. W. Adams, R. L. Shepard, and R. Murray.

Last Friday Professor Sedgwick spoke to the Class Day Committee of its duties and requirements. Mr. Blake, the First Marshal, was empowered to appoint the committees.

As yet no decided action as to the successor of the late Prof. Van Daell has been taken. The probabilities are, however, that either Associate Professor Dippold or Assistant Professor Vogel will fill the vacancy.

At the meeting of the Freshman Class on Tuesday the Military Committee reported on the Interscholastic Drill, and were reappointed to form plans for an exhibition and prize drill, to be submitted to the Class at its next meeting.

By an oversight Mr. W. H. Farmer’s name was omitted in the account of the Freshman Dinner. As Chairman of the Dinner Committee, Mr. Farmer is entitled to a generous portion of the credit for the success of the affair.

The Gun Club has procured two suitable cups as prizes in the series of Handicap Shoots. All the members are urged to come out to these shoots and to try for the team. At the shoot on April 1st Messrs. Miller and Delano were high guns.

Mr. W. Lyman Underwood gave a most interesting and delightful talk at the Technology Club on Friday evening. His stereopticon views showed the excellent success he has had in "Hunting with a Camera." Mr. Underwood makes a specialty of photographing wild animals and woodland scenes.

At the last meeting of the Society of Arts, Mr. Francis R. Hart, F. R. G. S., gave a very interesting description, illustrated by stereopticon views, of the system of transportation connecting the sea-coast town of Cartegena, Colombia, with the large interior basin drained by the Magdalena River, rich in rubber, coffee, and gold.

The annual smoke talk of the Electrical Engineering Society was held at Technology Club on Wednesday evening, March 22d. The affair cannot be chronicled as a success, as there was very little smoke and less talk, not a single invited guest being present. And what has always been a most enjoyable occasion resulted, through the lack of efficiency of the committee in charge, in a flat failure.
